PU’UHONUA O HÔNAUNAU NATIONAL HISTORICAL PARK
ADDITION ACT OF 2001

JULY 25, 2002.—Committed to the Committee of the Whole House on the State of
the Union and ordered to be printed

Mr. HANSEN, from the Committee on Resources,
submitted the following

R E P O R T

[To accompany S. 1057]
[Including cost estimate of the Congressional Budget Office]

The Committee on Resources, to whom was referred the bill (S. 1057) to authorize the addition of lands to Pu’uhonua o Hōnaunau National Historical Park in the State of Hawaii, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

The purpose of S. 1057 is to authorize the addition of lands to Pu‘uhonua o Hōnaunau National Historical Park in the State of Hawaii, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

The Pu‘uhonua o Hōnaunau National Historical Park was authorized by Congress in 1955 and formally established in 1961 (16 U.S.C. 397). The park was originally designated as the City of Refuge National Historical Park, but was given its current name in 1978. The park preserves the site where Hawaiians who broke “kapu” (one of the ancient laws used to balance and protect the laws of nature) could avoid certain death by fleeing to a place of refuge or “pu‘uhonua.”

Currently, the park encompasses approximately 180 acres on the western coast of the island of Hawaii. In 1957, however, it was found that some of the area’s most valuable resources were left outside park boundaries—part of the historic village of Kī‘ilae, several significant burial caves, and the upper end of a prehistoric royal sledging track. In 1965 the National Park Service declared, “Un-
doubtedly, the boundaries would have been described to include the rest of the village and the upper half of the track if this information had been available in 1955.”

S. 1057 would protect shoreline scenic values within site of the park by authorizing the Secretary to expand the park by up to 238 acres to include portions of the Kīlāeas village complex and protect the early Hawaiian landscape. This bill would bring an important ecological unit under one policy, ownership, and administration, and protect and preserve a significant portion of the early Kona Field System. Overall, it would help preserve a wide range of highly significant cultural resources closely associated with the current resources of the National Historical Park.

In addition, the FY2002 Interior Appropriations bill appropriated $500,000 toward acquisition of the lands subject to authorization.

COMMITTEE ACTION

S. 1057 was introduced on June 14, 2001, by Senator Daniel Akaka (D-HI). The bill was referred to the Committee on Resources on October 23, 2001. On November 5, 2001, S. 1057 was referred to the Subcommittee on National Parks, Recreation, and Public Lands. On July 10, 2002, the Full Resources Committee met to consider the bill. The Subcommittee on National Parks, Recreation, and Public Lands was discharged from further consideration of S. 1057 by unanimous consent. No amendments were offered, and the bill was then ordered favorably reported to the House of Representatives by unanimous consent.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Resources’ oversight findings and recommendations are reflected in the body of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8 of the Constitution of the United States grants Congress the authority to enact this bill.

COMPLIANCE WITH HOUSE RULE XIII

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that Rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.

3. General Performance Goals and Objectives. As required by clause 3(c)(4) of rule XIII, the general performance goal or objective
of this bill is to authorize the addition of lands to Pu‘uhonua o Honaunau National Historical Park in the State of Hawaii, and for other purposes.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,

Hon. JAMES V. HANSEN,
Chairman, Committee on Resources,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for S. 1057, the Pu‘uhonua o Honaunau National Historical Park Addition Act of 2001.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Deborah Reis.

Sincerely,

STEVEN M. LIEBERMAN
(For Dan L. Crippen, Director).

Enclosure.

S. 1057—Pu‘uhonua o Honaunau National Historical Park Addition Act of 2001

S. 1057 would authorize the expansion of the Pu‘uhonua o Honaunau National Historical Park. Specifically, the act would modify the park boundaries to add a 238-acre parcel of land contiguous to the park, which the National Park Service (NPS) could then acquire by purchase or donation. The legislation would provide for additional expansion by authorizing the NPS to acquire another 159 acres and to then redraw the park’s boundaries accordingly. Finally, H.R. 1906 would authorize the appropriation of whatever amounts are necessary for land acquisition and related activities.

Based on information provided by the NPS, CBO estimates that the one-time costs to purchase and study the 238 acres added by the legislation would be about $5 million, of which $0.5 million was appropriated in 2002. Assuming appropriation of the remaining amounts, we expect that the NPS would purchase this acreage in 2003. We estimate that provisions authorizing the acquisition of an additional 159 acres would have no significant cost because we expect that the agency would only acquire acreage donated by the owners. Additional costs to administer all land added to the park as a result of the act would be about $0.3 million annually, assuming the availability of appropriated funds. Enacting S. 1057 would not affect direct spending or receipts; therefore, pay-as-you-go procedures would not apply.

The legislation contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would have no significant impact on the budgets of state, local, or tribal governments.
On August 20, 2001, CBO transmitted a cost estimate for S. 1057, as ordered reported by the Senate Committee on Energy and Natural Resources on August 2, 2001. On April 24, 2002, we transmitted a cost estimate for H.R. 1906, the Pu‘uhonua o Hōnaunau National Historical Park Addition Act of 2002, as ordered reported by the House Committee on Resources on April 24, 2002. The three versions of the legislation are identical. The estimated costs are also identical, but no funds had been appropriated for the project at the time of our August 2001 estimate.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
