SEC. 2. FINDINGS.

Congress makes the following findings:

(1) 2,100,146 persons were incarcerated in the United States at the end of 2001: 1,324,465 in Federal and State Prisons and 631,240 in county and local jails. In 1999, there were more than 10,000,000 separate admissions to and discharges from prisons and jails.

(2) Insufficient research has been conducted and insufficient data reported on the extent of prison rape. However, experts have conservatively estimated that at least 13 percent of the inmates in the United States have been sexually assaulted in prison. Many inmates have suffered repeated assaults. Under this estimate, nearly 200,000 inmates now incarcerated have been or will be the victims of prison rape. The total number of inmates who have been sexually assaulted in the past 20 years likely exceeds 1,000,000.

(3) Inmates with mental illness are at increased risk of sexual victimization. America's jails and prisons house more mentally ill individuals than all of the Nation's psychiatric hospitals combined. As many as 16 percent of inmates in state prisons and jails, and 7 percent of Federal inmates, suffer from mental illness.

(4) Young first-time offenders are at increased risk of sexual victimization. Juveniles are 5 times more likely to be sexually assaulted in adult rather than juvenile facilities—often within the first 48 hours of incarceration.

(5) Most prison staff are not adequately trained or prepared to prevent, report, or treat inmate sexual assaults.

(6) Prison rape often goes unreported, and inmate victims often receive inadequate treatment for the severe physical and psychological effects of sexual assault—if they receive treatment at all.

(7) HIV and AIDS are major public health problems within America's correctional facilities. In 2000, 25,088 inmates in Federal and State prisons were known to be infected with HIV/AIDS. In 2000, HIV/AIDS accounted for more than 6 percent of all deaths in Federal and State prisons. Infection rates for other sexually transmitted diseases, tuberculosis, and hepatitis B and C are also far greater for prisoners than for the American population as a whole. Prison rape undermines the public health by contributing to the spread of these diseases, and often giving a potential death sentence to its victims.

(8) Prison rape endangers the public safety by making brutalized inmates more likely to commit crimes when they are released—as 600,000 inmates are each year.

(9) The frequently interracial character of prison sexual assaults significantly exacerbates interracial tensions, both within prison and, upon release of perpetrators and victims from prison, in the community at large.

(10) Prison rape increases the level of homicides and other violence against inmates and staff, and the risk of insurrections and riots.

(11) Victims of prison rape suffer severe physical and psychological effects that hinder their ability to integrate into the community and maintain stable employment upon their release from prison. They are thus more likely to become homeless and/or require government assistance.

(12) Members of the public and government officials are largely unaware of the epidemic character of prison rape and the day-to-day horror experienced by victimized inmates.

(13) The high incidence of sexual assault within prisons involves actual and potential violations of the United States Constitution. In *Farmer v. Brennan*, 511 U.S. 825 (1994), the Supreme Court ruled that deliberate indifference to the substantial risk of sexual assault violates prisoners' rights under the Cruel and Unusual Punishments Clause of the Eighth Amendment. The Eighth Amend-

ment rights of State and local prisoners are protected through the Due Process Clause of the Fourteenth Amendment. Pursuant to Congress's power under Section Five of the Fourteenth Amendment, Congress may take action to enforce those rights in States where officials have demonstrated such indifference. States that do not take basic steps to abate prison rape by adopting standards that do not generate significant additional expenditures demonstrate such indifference. Therefore, such States are not entitled to the same level of Federal benefits as other States.

(14) The high incidence of prison rape undermines the effectiveness and efficiency of United States Government expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment and homelessness. The effectiveness and efficiency of these Federally funded grant programs are compromised by officials' failure to adopt policies and procedure that reduce the incidence of prison rape in that the high incidence of prison rape—

(A) increases the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) increases the levels of violence, directed at inmates and at staff, within prisons;

(C) increases health care expenditures, both inside and outside of prison systems, and reduces the effectiveness of disease prevention programs by substantially increasing the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases;

(D) increases mental health care expenditures, both inside and outside of prison systems, by substantially increasing the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates;

(E) increases the risks of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape; and

(F) increases the level of interracial tensions and strife within prisons and, upon release of perpetrators and victims, in the community at large.

(15) The high incidence of prison rape has a significant effect on interstate commerce because it increases substantially—

(A) the costs incurred by Federal, State, and local jurisdictions to administer their prison systems;

(B) the incidence and spread of HIV, AIDS, tuberculosis, hepatitis B and C, and other diseases, contributing to increased health and medical expenditures throughout the Nation;

(C) the rate of post-traumatic stress disorder, depression, suicide, and the exacerbation of existing mental illnesses among current and former inmates, contributing to increased health and medical expenditures throughout the Nation; and

(D) the risk of recidivism, civil strife, and violent crime by individuals who have been brutalized by prison rape.

SEC. 3. PURPOSES.

The purposes of this Act are to—

(1) establish a zero-tolerance standard for the incidence of prison rape in prisons in the United States;

(2) make the prevention of prison rape a top priority in each prison system;

(3) develop and implement national standards for the detection, prevention, reduction, and punishment of prison rape;

(4) increase the available data and information on the incidence of prison rape, consequently improving the management and administration of correctional facilities;

(5) standardize the definitions used for collecting data on the incidence of prison rape;

(6) increase the accountability of prison officials who fail to detect, prevent, reduce, and punish prison rape;

(7) protect the Eighth Amendment rights of Federal, State, and local prisoners;

(8) increase the efficiency and effectiveness of Federal expenditures through grant programs such as those dealing with health care; mental health care; disease prevention; crime prevention, investigation, and prosecution; prison construction, maintenance, and operation; race relations; poverty; unemployment; and homelessness; and

(9) reduce the costs that prison rape imposes on interstate commerce.

SEC. 4. NATIONAL PRISON RAPE STATISTICS, DATA, AND RESEARCH.

(a) **ANNUAL COMPREHENSIVE STATISTICAL REVIEW.**—

(1) **IN GENERAL.**—The Bureau of Justice Statistics of the Department of Justice (in this section referred to as the “Bureau”) shall carry out, for each calendar year, a comprehensive statistical review and analysis of the incidence and effects of prison rape. The statistical review and analysis shall include, but not be limited to the identification of the common characteristics of—

- (A) both victims and perpetrators of prison rape; and
- (B) prisons and prison systems with a high incidence of prison rape.

(2) **CONSIDERATIONS.**—In carrying out paragraph (1), the Bureau shall consider the following:

(A) How rape should be defined for the purposes of the statistical review and analysis.

(B) How the Bureau should collect information about staff-on-inmate sexual assault.

(C) How the Bureau should collect information beyond inmate self-reports of prison rape.

(D) How the Bureau should adjust the data in order to account for differences among prisons as required by subsection (c)(3).

(E) The categorization of prisons as required by subsection (c)(4).

(F) Whether a preliminary study of prison rape should be conducted to inform the methodology of the comprehensive statistical review.

(3) **SOLICITATION OF VIEWS.**—The Bureau of Justice Statistics shall solicit views from representatives of the following: State departments of correction; county and municipal jails; juvenile correctional facilities; former inmates; victim advocates; researchers; and other experts in the area of sexual assault.

(4) **SAMPLING TECHNIQUES.**—The review and analysis under paragraph (1) shall be based on a random sample, or other scientifically appropriate sample, of not less than 10 percent of all Federal, State, and county prisons, and a representative sample of municipal prisons. The selection shall include at least one prison from each State. The selection of facilities for sampling shall be made at the latest practicable date prior to conducting the surveys and shall not be disclosed to any facility or prison system official prior to the time period studied in the survey. Selection of a facility for sampling during any year shall not preclude its selection for sampling in any subsequent year.

(5) **SURVEYS.**—In carrying out the review and analysis under paragraph (1), the Bureau shall, in addition to such other methods as the Bureau considers appropriate, use surveys and other statistical studies of current and former inmates from a sample of Federal, State, county, and municipal prisons. The Bureau shall ensure the confidentiality of each survey participant.

(6) **PARTICIPATION IN SURVEY.**—Federal, State, or local officials or facility administrators that receive a request from the Bureau under subsection (a)(4) or (5) will be required to participate in the national survey and provide access to any inmates under their legal custody.

(b) **REVIEW PANEL ON PRISON RAPE.**—

(1) **ESTABLISHMENT.**—To assist the Bureau in carrying out the review and analysis under subsection (a), there is established, within the Department of Justice, the Review Panel on Prison Rape (in this section referred to as the “Panel”).

The Panel shall hold a separate hearing regarding the three Federal or State prisons with the highest incidence of prison rape. The purpose of these hearings shall be to collect evidence to aid in the identification of common characteristics of both victims and perpetrators of prison rape, and the identification of common characteristics of prisons and prison systems with a high incidence of prison rape, and the identification of common characteristics of prisons and prison systems that appear to have been successful in deterring prison rape.

(B) TESTIMONY AT HEARINGS.—

(i) **PUBLIC OFFICIALS.**—In carrying out the hearings required under subparagraph (A), the Panel shall request the public testimony of Federal, State, and local officials (and organizations that represent such officials), including the warden or director of each prison, who bears responsibility for the prevention, detection, and punishment of prison rape at each entity, and the head of the prison system encompassing such prison.

(C) a listing of any prisons in the representative sample that did not cooperate with the survey conducted pursuant to section 4.

(3) **DATA ADJUSTMENTS.**—In preparing the information specified in paragraph (2), the Attorney General shall use established statistical methods to adjust the data as necessary to account for differences among institutions in the representative sample, which are not related to the detection, prevention, reduction and punishment of prison rape, or which are outside the control of the of the State, prison, or prison system, in order to provide an accurate comparison among prisons. Such differences may include the mission, security level, size, and jurisdiction under which the prison operates. For each such adjustment made, the Attorney General shall identify and explain such adjustment in the report.

(2) **INDEPENDENT JUDGMENT.**—The standards referred to in paragraph (1) shall be based upon the independent judgment of the Attorney General, after giving due consideration to the recommended national standards provided by the Commission under section 7(e), and being informed by such data, opinions, and proposals that the Attorney General determines to be appropriate to consider.

(3) **LIMITATION.**—The Attorney General shall not establish a national standard under this section that would impose substantial additional costs compared to the costs presently expended by Federal, State, and local prison authorities. The Attorney General may, however, provide a list of improvements for consideration by correctional facilities.

(4) **TRANSMISSION TO STATES.**—Within 90 days of publishing the final rule under paragraph (1), the Attorney General shall transmit the national standards adopted under such paragraph to the chief executive of each State, the head of the department of corrections of each State, and to the appropriate authorities in those units of local government who oversee operation in one or more prisons.

(b) APPLICABILITY TO FEDERAL BUREAU OF PRISONS.—The national standards referred to in subsection (a) shall apply to the Federal Bureau of Prisons immediately upon adoption of the final rule under subsection (a)(4).

(c) ELIGIBILITY FOR FEDERAL FUNDS.—**(1) COVERED PROGRAMS.—**

(A) IN GENERAL.—For purposes of this subsection, a grant program is covered by this subsection if, and only if—

(B) LIST.—For each fiscal year, the Attorney General shall prepare a list identifying each program that meets the criteria of subparagraph (A) and provide that list to each State.

(2) **ADOPTION OF NATIONAL STANDARDS.**—For each fiscal year, any amount that a State would otherwise receive for prison purposes for that fiscal year under a grant program covered by this subsection shall be reduced by 5 percent, unless the chief executive of the State submits to the Attorney General—

(A) a certification that the State has adopted, and is in full compliance with, the national standards described in section 8(a); or

(B) an assurance that not less than 5 percent of such amount shall be used only for the purpose of enabling the State to adopt, and achieve full compliance with, those national standards, so as to ensure that a certification under subparagraph (A) may be submitted in future years.

(3) **REPORT ON NONCOMPLIANCE.**—Not later than September 30 of each year, the Attorney General shall publish a report listing each grantee that is not in compliance with the national standards adopted pursuant to section 8(a).

(4) **COOPERATION WITH SURVEY.**—For each fiscal year, any amount that a State receives for that fiscal year under a grant program covered by this subsection shall not be used for prison purposes (and shall be returned to the grant program if no other authorized use is available), unless the chief executive of the State submits to the Attorney General a certification that neither the State, nor any political subdivision or unit of local government within the State, is listed in a report issued by the Attorney General pursuant to section 4(c)(2)(C).

(5) **REDISTRIBUTION OF AMOUNTS.**—Amounts under a grant program not granted by reason of a reduction under paragraph (2), or returned by reason of the prohibition in paragraph (4), shall be granted to one or more entities not subject to such reduction or such prohibition, subject to the other laws governing that program.

(6) **IMPLEMENTATION.**—The Attorney General shall establish procedures to implement this subsection, including procedures for effectively applying this subsection to discretionary grant programs.

(7) EFFECTIVE DATE.—

(A) REQUIREMENT OF ADOPTION OF STANDARDS.—The first grants to which paragraph (2) applies are grants for the second fiscal year beginning

after the date on which the national standards under section 8(a) are finalized.

(B) REQUIREMENT FOR COOPERATION.—The first grants to which paragraph (4) applies are grants for the fiscal year beginning after the date of the enactment of this Act.

SEC. 9. REQUIREMENT THAT ACCREDITATION ORGANIZATIONS ADOPT ACCREDITATION STANDARDS.

(a) ELIGIBILITY FOR FEDERAL GRANTS.—Notwithstanding any other provision of law, an organization responsible for the accreditation of Federal, State, local, or private prisons, jails, or other penal facilities may not receive any new Federal grants during any period in which such organization fails to meet any of the requirements of subsection (b).

(b) REQUIREMENTS.—To be eligible to receive Federal grants, an accreditation organization referred to in subsection (a) must meet the following requirements:

(1) At all times after 90 days after the date of enactment of this Act, the organization shall have in effect, for each facility that it is responsible for accrediting, accreditation standards for the detection, prevention, reduction, and punishment of prison rape.

(2) At all times after 1 year after the date of the adoption of the final rule under section 8(a)(4), the organization shall, in addition to any other such standards that it may promulgate relevant to the detection, prevention, reduction, and punishment of prison rape, adopt accreditation standards consistent with the national standards adopted pursuant to such final rule.

PURPOSE AND SUMMARY

H.R. 1707, the “Prison Rape Reduction Act of 2003” makes prevention of prison rape a priority for Federal, State, and local institutions and develops national standards for detection, prevention, reduction, and punishment of prison rape. The legislation requires State and local governments to work with the Federal Bureau of Justice Statistics (BJS) to study the number and effects of incidents of sexual assaults in correctional facilities and to adopt and maintain compliance with the national standards developed by the Attorney General.

All sections of the bill are intended to address the problem of inmates who are raped by fellow inmates as well as the equally serious problem of inmates who are raped by correctional staff and contractors.

BACKGROUND AND NEED FOR THE LEGISLATION

More than 2 million individuals were incarcerated in the United States at the end of 2001. Although most correctional facilities have procedures in place to protect inmates against violence from other inmates while they are incarcerated, often these procedures are not enough. There is very little data regarding the number of violent incidents that occur in correctional facilities, and even less data on the incidence of sexual assaults in prisons. Estimates put the incidence of sexual assaults as high as 13 percent of the inmates or as low as 3 percent. However, regardless of percentages, it is generally agreed that these incidents have real consequences for the physical, emotional, and psychological well-being of the prisoners, who may 1 day be released into society.

The original legislation mandated a study to determine the incidents and effects of sexual assault in correctional facilities and, provide accurate data for the first time on the number of incidents. The legislation as introduced was controversial due to its grant funding scheme. For institutions that complied with the Federal Government standards and requests for information, it would have increased the amount of all grant funding a State or local government receives by 10 percent, at the expense of those States who do not comply with such requests or adopt such standards. Additionally, because this legislation required that the grant funds designated must aggregate a minimum of \$1 billion (affecting approximately one-third of all grants at the Office of Justice Programs),

many different grants for many entities that have no relationship to prisons might have been affected.

Due to the controversial provisions in the original legislation, a compromise was reached after negotiation among all the affected parties. A bipartisan substitute amendment representing that compromise was then reported favorably by the Subcommittee on Crime, Terrorism, and Homeland Security.

The substitute amendment still requires a study on the incidence and effects of sexual assault in correctional facilities and provide accurate data for the first time on the number of incidents; however, the controversial provisions have been changed. The substitute no longer rewards States and institutions who are invited to testify at the expense of other States and institutions. Additionally, the grant program provisions were revised in the substitute to specifically target only those grant programs which award funds to State and local prisons. The substitute requires States to adopt national standards for the prevention and prosecution of prison rape. States that do not adopt these standards can lose 5 percent of prison funds unless they choose to redirect those funds to become compliant with the national standards.

The provisions of this legislation, including both the reporting requirements and the standards and protections developed by the Attorney General, are intended to apply to all individuals detained in the United States in both civil and criminal detentions.

HEARINGS

The Committee's Subcommittee on Crime, Terrorism, and Homeland Security held a hearing on H.R. 1707 on April 29, 2003. Testimony was received from four witnesses, Tracy Henke, Principal Deputy Assistant Attorney General, Office of Justice Programs, U.S. Department of Justice, Asbel T. Wall, II, Director, Department of Corrections, State of Rhode Island, Charles Kehoe, President, American Correctional Association, and Frank Hall, Director, Eagle Group, and with additional material submitted by fifteen individuals and organizations.

COMMITTEE CONSIDERATION

On June 11, 2003, the Subcommittee on Crime, Terrorism, and Homeland Security met in open session and ordered favorably reported the bill H.R. 1707, with an amendment, by a voice vote, a quorum being present. On July 9, 2003, the Committee met in open session and ordered favorably reported the bill H.R. 1707, with an amendment, by voice vote, a quorum being present.

VOTE OF THE COMMITTEE

In compliance with clause 3(b) of Rule XIII of the Rules of the House of Representatives, the Committee notes that there were no recorded votes during the Committee consideration of H.R. 1707.

COMMITTEE OVERSIGHT FINDINGS

In compliance with clause 3(c)(1) of Rule XIII of the Rules of the House of Representatives, the Committee reports that the findings and recommendations of the Committee, based on oversight activi-

ties under clause 2(b)(1) of Rule X of the Rules of the House of Representatives, are incorporated in the descriptive portions of this report.

NEW BUDGET AUTHORITY AND TAX EXPENDITURES

Clause 3(c)(2) of Rule XIII of the Rules of the House of Representatives is inapplicable because this legislation does not provide new budgetary authority or increased tax expenditures.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

In compliance with clause 3(c)(3) of Rule XIII of the Rules of the House of Representatives, the Committee sets forth, with respect to the bill, H.R. 1707, the following estimate and comparison prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974:

U.S. CONGRESS,

Ranking Member

H.R. 1707—Prison Rape Reduction Act of 2003.

SUMMARY

H.R. 1707 would authorize the appropriation of:

- \$15 million for each of the fiscal years 2004 through 2010 for the Department of Justice (DOJ) to carry out comprehensive statistical analyses of prison rape incidents nationwide;
- \$5 million annually over the 2004–2010 period for DOJ to provide training and other assistance to federal, State, and local prison authorities to deter prison rape;
- \$40 million annually over the 2004–2010 period for the DOJ to make grants to States to prevent and prosecute prison rape; and
- such sums as necessary to establish the National Prison Rape Reduction Commission, which would have two years to conduct a comprehensive study of the impacts of prison rape.

Assuming appropriation of the necessary amounts, CBO estimates that implementing

H.R. 1707 would cost \$236 million over the 2004–2008 period. Enacting this legislation would not affect direct spending or revenues.

H.R. 1707 contains intergovernmental and private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA), but CBO estimates that the costs of complying with those mandates would be significantly below the thresholds established under that act (\$59 million for intergovernmental mandates and \$117 million for private-sector mandates in 2003, adjusted for inflation). It also would provide benefits to State, local, and tribal governments in the form of new grant programs.

ESTIMATED COST TO THE FEDERAL GOVERNMENT

For this estimate, CBO assumes that H.R. 1707 will be enacted by the end of fiscal year 2003, that the necessary amounts will be appropriated by the beginning of each fiscal year, and that outlays will follow the historical spending rates for these or similar activities. The estimated budgetary impact of H.R. 1707 is shown in the following table. The costs of this legislation fall within budget function 750 (administration of justice).

INTERGOVERNMENTAL AND PRIVATE-SECTOR IMPACT

H.R. 1707 contains intergovernmental and private-sector mandates as defined in UMRA. It would require State, local, or tribal governments and entities in the private sector, if subpoenaed, to attend and produce written or other matter at hearings conducted by the Review Panel on Prison Rape and the National Prison Rape Reduction Commission. CBO expects that the panel and commission would likely exercise their subpoena power sparingly and that the costs to comply with a subpoena would not be significant. CBO estimates that the cost of those mandates to public and private entities would be small and well below the relevant annual thresholds established by UMRA.

In addition, this bill would provide benefits to State, local, and tribal governments. It would authorize appropriations of \$315 million over seven years for new training and grant programs and would create a new information clearinghouse to assist local offi-

cial. Eligibility requirements, such as the adoption of current national standards, would be conditions of federal aid and not mandates as defined in UMRA.

This bill would direct the Attorney General to adopt national standards for the prevention of prison rape. Though the language specifies that those standards may not place substantial additional costs on federal, State, or local prison authorities, CBO has no basis for estimating what those standards might be or what costs State and local governments would face in complying with them.

Finally, the bill would add new conditions for existing grant programs. States that refused, or had localities that refused, to participate in the federal survey on prison rape would be required to return federal funds they received for prisons. In addition, State grant awards would be reduced by 5 percent if they did not comply with national standards or agree to use at least 5 percent of any federal grant money for prisons to maintain their compliance with the national standards.

Federal Costs: Mark Grabowicz (226–2860)

Impact on State, Local, and Tribal Governments: Melissa Merrell (225–3220)

Impact on the Private Sector: Paige Piper/Bach (226–2940)

PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause 3(c)(4) of Rule XIII of the Rules of the House of Representatives, the Committee sets forth these performance goals and objectives. H.R. 1707 authorizes funding for a grant program to make 1 year grants to State and local governments to prevent, investigate, and punish prison rape or to help in addressing prisoner and community safety issues in States facing budget crises. Additional funding is authorized to study the number and effects of incidents of sexual assaults in correctional facilities and to adopt and maintain compliance with the national standards developed by the Attorney General. The Committee goal is that these programs will reduce or eliminate the incidence of prison rape in Federal, State, and local institutions.

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to clause 3(d)(1) of Rule XIII of the Rules of the House of Representatives, the Committee finds the authority for this legislation in article I of the Constitution.

SECTION-BY-SECTION ANALYSIS AND DISCUSSION

Section 1. Short Title. Table of Contents

This section sets forth the short title and the table of contents for the legislation.

Section 2. Findings

This section makes certain findings regarding the number of persons who are incarcerated in the United States and estimates the number of rapes that have occurred or will occur in the prisons. It also sets forth the social, economic, health, and psychological effects of rape on prisoners and the community. The section also cites constitutional considerations that may be raised with regard to deliberate indifference to prison rape.

Section 3. Purposes

This section establishes the purpose of this act to make collection of data on, and prevention of, sexual assault within correctional institutions a priority and to develop national standards that Federal, State, and local correctional institutions must follow for detection, prevention, reduction, and punishment of prison rape.

Section 4. National Prison Rape Statistics, Data, and Research

a) Annual Comprehensive Statistical Review

This section requires the Bureau of Justice Statistics (BJS), using random sampling, to collect statistics annually on inmates involved in sexual assaults in correctional facilities and prisons. Any State or local official or facility that declines to participate in the national survey or prohibits access to any inmate in custody will lose Federal prison grant funding for facilities under their jurisdiction.

b) Review Panel on Prison Rape

Bureau of Justice Statistics shall establish a Review Panel on Prison Rape consisting of three members with expertise in this area. The panel shall conduct public hearings concerning the operation of prisons to collect evidence to aid in the identification of common characteristics of prisons with both high and low incidences of rape.

The Panel shall request the public testimony of Federal, State, and local officials, including the warden or director of institutions, who bear the responsibility for prevention, detection, or punishment of rape. The Panel will have subpoena authority that may be enforced by the Attorney General.

The original text of the legislation provided for the Panel to request the public testimony of Federal, State and local officials, including the warden or director of an institution with the highest incidence of prison rape, who bear the responsibility for prevention, detection or punishment of rape at prison. If a State or local official appeared to testify, the entity would have received increases in grant funding of 10 percent at the expense of other States who failed to testify or refuse to testify. If a State or local official is not invited to testify, the entity would not be eligible for an increase in grant funding. This was eliminated in the substitute in favor of a more balanced approach. Institutions with both a high and low incidence of prison rape would be invited to testify or would receive subpoenas to testify but would not lose Federal funds. The Attorney General would have the authority to enforce the subpoenas.

c) Reports

BJS shall prepare an annual report to Congress, the Attorney General, and the Secretary of HHS regarding the effects of prison rape; statistics on incidence; identification of institutions where incidence exceeds the national median level; and identification of jail and police lockup systems where prison rape is largely avoidable.

d) Contracts for Research

This section authorizes appropriations of \$15 million per year for FY 04 to FY 10 for BJS to contract for research on this issue.

Section 5. Prison Rape Prevention and Prosecution

a) Information and Assistance

This section establishes a national clearinghouse within the Department of Justice for information and assistance for Federal, State, and local authorities, which will provide information on prevention of prison rape and how States can address prisoner safety while facing budget crises.

b) Reports

The Attorney General shall provide Congress and HHS with an annual report of the activities taken under this section with regard to prison rape abatement.

c) Authorization of Appropriations

This section authorizes \$5 million per year for FY 04 to FY 10 to carry out this section.

Section 6. Prison Rape Prevention and Prosecution Grants

a) Enhanced Response to Prison Rape Grants

This section requires the Attorney General to make 1 year grants to State and local governments to prevent, investigate, and punish prison rape or to help in addressing prisoner and community safety issues in States facing budget crises. The grants require a 50 percent match by the State or local government and may not exceed \$1 million. Any applicant for a grant under this section must show that it has adopted all national prison rape standards and specify the particular actions it has taken to prevent and respond to prison rape. Each grantee must submit a report on the activities and an evaluation of the impact of such activities on incidents of prison rape.

b) Authorization of Appropriations

This section authorizes appropriations in the amount of \$40 million per year for FY 04 to FY 10 to fund grants authorized under this section.

The original text of the legislation provided grants only for addressing issues of prison rape. Due to concerns of overcrowding and the budget crises facing the prisons, this section was expanded in the substitute to allow grants to be provided for either prison rape or community safety issues with regard to releasing prisoners.

Section 7. National Prison Rape Reduction Commission

This section establishes a National Prison Rape Reduction Commission composed of 9 members, three of whom are appointed by the President, with expertise in prison rape reduction matters. This section specifies the procedure for choosing members for the Commission and describes the procedures for the Commission meetings and operations. The Commission shall be charged with a comprehensive study on the effects of prison rape including the physical, psychological, social, and economic impact on government and society.

A report which includes the findings of the Commission, recommended national standards for reducing prison rape, protocols for preserving evidence, and a summary of materials collected shall be provided to the President, the House and Senate Judiciary Committees, the Attorney General, the Secretary of HHS, the Bureau of Prisons, and the governor of each State.

Recommendations shall include national standards on classification and assignment of prisoners; investigation and resolution of rape complaints; preservation of evidence; acute and long term care for both physical and psychological symptoms; HIV and other sexual disease testing; training of correctional staff; investigation of staff misconduct; confidentiality of prison rape complaints; data collection and reporting; and any other matters related to prevention and punishment of prison rape. The Commission shall not propose any recommended standard that would impose substantial increases in costs for Federal, State and local prisons.

The Commission has the authority to hold public hearings and subpoena witnesses for those hearings. The Attorney General may enforce the subpoenas. Such sums as may be necessary are authorized to be appropriated to carry out this section for FY2004 to FY 2010.

The Commission does not terminate until the report has been completed. The Commission is exempt from the Federal Advisory Committee Act (FACA).

Section 8. Adoption and Effect of National Standards

a) Publication of Proposed National Standards

The Attorney General is required to establish a rule adopting national standards based on recommendations of the Commission, but shall not establish national standards that would impose substantial increases in costs for Federal, State or local authorities. The Attorney General shall transmit the final rule to the governor of each State.

b) Applicability to Federal Bureau of Prisons

The final rule shall immediately apply to the Federal Bureau of Prisons.

c) Reduction in Federal Prison Grant Funding for Non-compliance with Standards

The Attorney General shall reduce by 5 percent any State's allocation of Federal grant funding for any grant program that provides funding to prisons unless the State certifies that it has adopt-

ed, and is in compliance with, the national standards or it will use that funding to become compliant with national standards.

Additionally, a State must cooperate with the survey performed by the Bureau of Justice Statistics or lose its Federal grant funding for prisons.

The original legislation provided that any State that adopted the national standards would receive a 10 percent increase in grant funding for all grant programs designated by the Attorney General affecting no less than \$1 billion in grant funding and no more than \$3 billion. This section was amended by the substitute due to concern that there was not a sufficient nexus between the all grant programs that would need to be included to meet this threshold and the issue of prison rape. The substitute narrowed the focus to only funds that were specifically directed to prisons and allowed a 5 percent reduction or redirection in these funds.

Section 9. Requirement that Accreditation Organization Adopt Accreditation Standards

Any organization responsible for accrediting prisons or jails shall not be eligible to receive any Federal grants during any period where it fails to adopt accreditation standards consistent with the national standards.

Section 10. Definitions

This section establishes definitions for terms pertaining to this legislation.

The original legislation contained an additional two sections. In the substitute amendment, section 9, having to do with model standards was consolidated in the section on adoption of national standards, and section 11, having to do with reductions in grants, was eliminated entirely to ensure the focus on prisons and the criminal justice system. The text was renumbered accordingly.

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of Rule XIII of the Rules of the House of Representatives, the Committee notes H.R. 1707 makes no changes to existing law.

1 **SEC. 2. FINDINGS.**

2 Congress makes the following findings:

3 (1) 2,100,146 persons were incarcerated in the
4 United States at the end of 2001: 1,324,465 in Fed-
5 eral and State Prisons and 631,240 in county and
6 local jails. In 1999, there were more than
7 10,000,000 separate admissions to and discharges
8 from prisons and jails.

9 (2) Insufficient research has been conducted
10 and insufficient data reported on the extent of pris-
11 on rape. However, experts have conservatively esti-
12 mated that at least 13 percent of the inmates in the
13 United States have been sexually assaulted in pris-
14 on. Many inmates have suffered repeated assaults.
15 Under this estimate, nearly 200,000 inmates now in-
16 carcerated have been or will be the victims of prison
17 rape. The total number of inmates who have been
18 sexually assaulted in the past 20 years likely exceeds
19 1,000,000.

1 (3) Inmates with mental illness are at increased
2 risk of sexual victimization. America’s jails and pris-
3 ons house more mentally ill individuals than all of
4 the Nation’s psychiatric hospitals combined. As
5 many as 16 percent of inmates in state prisons and
6 jails, and 7 percent of Federal inmates, suffer from
7 mental illness.

8 (4) Young first-time offenders are at increased
9 risk of sexual victimization. Juveniles are 5 times
10 more likely to be sexually assaulted in adult rather
11 than juvenile facilities—often within the first 48
12 hours of incarceration.

13 (5) Most prison staff are not adequately trained
14 or prepared to prevent, report, or treat inmate sex-
15 ual assaults.

16 (6) Prison rape often goes unreported, and in-
17 mate victims often receive inadequate treatment for
18 the severe physical and psychological effects of sex-
19 ual assault—if they receive treatment at all.

20 (7) HIV and AIDS are major public health
21 problems within America’s correctional facilities. In
22 2000, 25,088 inmates in Federal and State prisons
23 were known to be infected with HIV/AIDS. In 2000,
24 HIV/AIDS accounted for more than 6 percent of all
25 deaths in Federal and State prisons. Infection rates

1 for other sexually transmitted diseases, tuberculosis,
2 and hepatitis B and C are also far greater for pris-
3 oners than for the American population as a whole.
4 Prison rape undermines the public health by contrib-
5 uting to the spread of these diseases, and often giv-
6 ing a potential death sentence to its victims.

7 (8) Prison rape endangers the public safety by
8 making brutalized inmates more likely to commit
9 crimes when they are released—as 600,000 inmates
10 are each year.

11 (9) The frequently interracial character of pris-
12 on sexual assaults significantly exacerbates inter-
13 racial tensions, both within prison and, upon release
14 of perpetrators and victims from prison, in the com-
15 munity at large.

16 (10) Prison rape increases the level of homi-
17 cides and other violence against inmates and staff,
18 and the risk of insurrections and riots.

19 (11) Victims of prison rape suffer severe phys-
20 ical and psychological effects that hinder their ability
21 to integrate into the community and maintain stable
22 employment upon their release from prison. They
23 are thus more likely to become homeless and/or re-
24 quire government assistance.

1 (12) Members of the public and government of-
2 officials are largely unaware of the epidemic character
3 of prison rape and the day-to-day horror experienced
4 by victimized inmates.

5 (13) The high incidence of sexual assault within
6 prisons involves actual and potential violations of the
7 United States Constitution. In *Farmer v. Brennan*,
8 511 U.S. 825 (1994), the Supreme Court ruled that
9 deliberate indifference to the substantial risk of sex-
10 ual assault violates prisoners' rights under the Cruel
11 and Unusual Punishments Clause of the Eighth
12 Amendment. The Eighth Amendment rights of State
13 and local prisoners are protected through the Due
14 Process Clause of the Fourteenth Amendment. Pur-
15 suant to Congress's power under Section Five of the
16 Fourteenth Amendment, Congress may take action
17 to enforce those rights in States where officials have
18 demonstrated such indifference. States in which the
19 incidence of prison rape exceeds the median by 30
20 percent whose officials refuse to explain their poli-
21 cies and practices regarding sexual assault and
22 States that do not adopt carefully selected grant
23 performance standards that do not generate signifi-
24 cant additional expenditures demonstrate such indif-

1 ference. Therefore, such States are not entitled to
2 the same level of Federal benefits as other States.

3 (14) The high incidence of prison rape under-
4 mines the effectiveness and efficiency of United
5 States Government expenditures through grant pro-
6 grams such as those dealing with health care; men-
7 tal health care; disease prevention; crime prevention,
8 investigation, and prosecution; prison construction,
9 maintenance, and operation; race relations; poverty;
10 unemployment and homelessness. The effectiveness
11 and efficiency of these Federally funded grant pro-
12 grams are compromised by officials' failure to adopt
13 policies and procedure that reduce the incidence of
14 prison rape in that the high incidence of prison
15 rape—

16 (A) increases the costs incurred by Fed-
17 eral, State, and local jurisdictions to administer
18 their prison systems;

19 (B) increases the levels of violence, di-
20 rected at inmates and at staff, within prisons;

21 (C) increases health care expenditures,
22 both inside and outside of prison systems, and
23 reduces the effectiveness of disease prevention
24 programs by substantially increasing the inci-

1 dence and spread of HIV, AIDS, tuberculosis,
2 hepatitis B and C, and other diseases;

3 (D) increases mental health care expendi-
4 tures, both inside and outside of prison sys-
5 tems, by substantially increasing the rate of
6 post-traumatic stress disorder, depression, sui-
7 cide, and the exacerbation of existing mental ill-
8 nesses among current and former inmates;

9 (E) increases the risks of recidivism, civil
10 strife, and violent crime by individuals who have
11 been brutalized by prison rape; and

12 (F) increases the level of interracial ten-
13 sions and strife within prisons and, upon re-
14 lease of perpetrators and victims, in the com-
15 munity at large.

16 (15) The high incidence of prison rape has a
17 significant effect on interstate commerce because it
18 increases substantially—

19 (A) the costs incurred by Federal, State,
20 and local jurisdictions to administer their pris-
21 on systems;

22 (B) the incidence and spread of HIV,
23 AIDS, tuberculosis, hepatitis B and C, and
24 other diseases, contributing to increased health

1 and medical expenditures throughout the Na-
2 tion;

3 (C) the rate of post-traumatic stress dis-
4 order, depression, suicide, and the exacerbation
5 of existing mental illnesses among current and
6 former inmates, contributing to increased
7 health and medical expenditures throughout the
8 Nation; and

9 (D) the risk of recidivism, civil strife, and
10 violent crime by individuals who have been bru-
11 talized by prison rape.

12 **SEC. 3. PURPOSES.**

13 The purposes of this Act are to—

14 (1) establish a zero-tolerance standard for the
15 incidence of prison rape in prisons in the United
16 States;

17 (2) make the prevention of prison rape a top
18 priority in each prison system;

19 (3) develop and implement national standards
20 for the detection, prevention, reduction, and punish-
21 ment of prison rape;

22 (4) increase the available data and information
23 on the incidence of prison rape, consequently im-
24 proving the management and administration of cor-
25 rectional facilities;

1 (5) standardize the definitions used for col-
2 lecting data on the incidence of prison rape;

3 (6) increase the accountability of prison officials
4 who fail to detect, prevent, reduce, and punish pris-
5 on rape.

6 (7) protect the Eighth Amendment rights of
7 Federal, State, and local prisoners;

8 (8) increase the efficiency and effectiveness of
9 Federal expenditures through grant programs such
10 as those dealing with health care; mental health
11 care; disease prevention; crime prevention, investiga-
12 tion, and prosecution; prison construction, mainte-
13 nance, and operation; race relations; poverty; unem-
14 ployment; and homelessness; and

15 (9) reduce the costs that prison rape imposes
16 on interstate commerce.

17 **SEC. 4. NATIONAL PRISON RAPE STATISTICS, DATA, AND**
18 **RESEARCH.**

19 (a) ANNUAL COMPREHENSIVE STATISTICAL RE-
20 VIEW.—

21 (1) IN GENERAL.—The Bureau of Justice Sta-
22 tistics of the Department of Justice (in this section
23 referred to as the “Bureau”) shall carry out, for
24 each calendar year, a comprehensive statistical re-
25 view and analysis of the incidence and effects of

1 prison rape. The statistical review and analysis shall
2 include, but not be limited to the identification of
3 the common characteristics of—

4 (A) both victims and perpetrators of prison
5 rape; and

6 (B) prisons and prison systems with a high
7 incidence of prison rape.

8 (2) SAMPLING TECHNIQUES.—The analysis
9 under paragraph (1) shall be based on a random
10 sample, or other scientifically appropriate sample, of
11 not less than 10 percent of all Federal, State, and
12 county prisons, and a representative sample of mu-
13 nicipal prisons. The selection shall include at least
14 one prison from each State. The selection of facili-
15 ties for sampling shall be made at the latest prac-
16 ticable date prior to conducting the surveys and
17 shall not be disclosed to any facility or prison system
18 official prior to the time period studied in the sur-
19 vey. Selection of a facility for sampling during any
20 year shall not preclude its selection for sampling in
21 any subsequent year.

22 (3) SURVEYS.—In carrying out the review re-
23 quired by this subsection, the Bureau shall, in addi-
24 tion to such other methods as the Bureau considers
25 appropriate, use surveys and other statistical studies

1 of current and former inmates from a sample of
2 Federal, State, county, and municipal prisons. The
3 Bureau shall ensure the confidentiality of each sur-
4 vey participant.

5 (4) FAILURE TO PARTICIPATE.—If, after receiv-
6 ing a request from the Bureau under subparagraph
7 (a)(2), a State or local official or facility adminis-
8 trator declines to participate in the national survey
9 or prohibits access to any inmates under their legal
10 custody, the entity represented by that official, or
11 any jurisdiction to which the facility is subject, shall
12 not be entitled in any funding increases under sec-
13 tion 4, subsections (b)(3)(C) or (f).

14 (b) REVIEW PANEL ON PRISON RAPE.—

15 (1) ESTABLISHMENT.—To assist the Bureau in
16 carrying out the review and analysis under sub-
17 section (a), there is established, within the Bureau,
18 the Review Panel on Prison Rape (in this section re-
19 ferred to as the “Panel”).

20 (2) MEMBERSHIP.—

21 (A) COMPOSITION.—The Panel shall be
22 composed of 3 members, each of whom shall be
23 appointed by the Attorney General, in consulta-
24 tion with the Secretary of Health and Human
25 Services.

1 (B) QUALIFICATIONS.—Members of the
2 Panel shall be selected from among individuals
3 with knowledge or expertise in matters to be
4 studied by the Panel.

5 (3) PUBLIC HEARINGS.—

6 (A) IN GENERAL.—The duty of the Panel
7 shall be to carry out, for each calendar year,
8 public hearings concerning the operation of
9 each entity identified in a report under clause
10 (ii) or (iii) of subsection (c)(2)(B). The purpose
11 of these hearings shall be to collect evidence to
12 aid in the identification of common characteris-
13 tics of both victims and perpetrators of prison
14 rape, and the identification of common charac-
15 teristics of prisons and prison systems with a
16 high incidence of prison rape.

17 (B) TESTIMONY AT HEARINGS.—

18 (i) PUBLIC OFFICIALS.—In carrying
19 out the hearings required under subpara-
20 graph (A), the Panel shall request the pub-
21 lic testimony of Federal, State, and local
22 officials (and organizations that represent
23 such officials), including the warden or di-
24 rector of each prison and the head of the
25 prison system encompassing such prison,

1 who bear responsibility for the prevention,
2 detection, and punishment of prison rape
3 at each entity.

4 (ii) VICTIMS.—The Panel may request
5 the testimony of prison rape victims, orga-
6 nizations representing such victims, and
7 other appropriate individuals and organiza-
8 tions.

9 (C) FUNDING INCREASE AFTER TESTI-
10 MONY.—If, after receiving a request by the
11 Panel under subparagraph (B)(i), a State or
12 local official from an entity identified in a re-
13 port under clause (ii) or (iii) of subsection
14 (c)(2)(B) testifies at a reasonably designated
15 time, the proportional share of the total Federal
16 funds of the grant programs designated under
17 section 11 provided to the entity represented by
18 the official shall be increased by 10 percent in
19 the fiscal year following the fiscal year in which
20 the official testifies. No entity shall receive an
21 increase in its proportional share of more than
22 10 percent under this subsection. This increase
23 shall be in addition to any other increase pro-
24 vided under this Act.

25 (c) REPORTS.—

1 (1) IN GENERAL.—Not later than March 30 of
2 each year, the Bureau shall submit a report on the
3 activities of the Bureau (including the Review
4 Panel), with respect to prison rape, for the pre-
5 ceding calendar year to—

- 6 (A) Congress;
7 (B) the Attorney General; and
8 (C) the Secretary of Health and Human
9 Services.

10 (2) CONTENTS.—The report required under
11 paragraph (1) shall include—

12 (A) with respect to the effects of prison
13 rape, statistical, sociological, and psychological
14 data; and

15 (B) with respect to the incidence of prison
16 rape—

17 (i) statistical data aggregated at the
18 Federal, State, prison system, and prison
19 levels;

20 (ii) an identification of the Federal
21 Government, if applicable, and each State
22 and local government (and each prison sys-
23 tem and institution in the representative
24 sample) where the incidence of prison rape

1 exceeds the national median level by not
2 less than 30 percent; and

3 (iii) an identification of jail and police
4 lockup systems in the representative sam-
5 ple where the incidence of prison rape is
6 significantly avoidable.

7 (3) DATA ADJUSTMENTS.—In preparing the in-
8 formation specified in paragraph (2), the Bureau
9 shall, not later than the second year in which sur-
10 veys are conducted under this Act, use established
11 statistical methods to adjust the data as necessary
12 to account for exogenous factors, outside of the con-
13 trol of the State, prison system, or prison, which
14 have demonstrably contributed to the incidence of
15 prison rape. For each such adjustment made, the
16 Bureau shall identify and explain such adjustment
17 in the report.

18 (d) CONTRACTS AND GRANTS.—In carrying out its
19 duties under this section, the Bureau may—

20 (1) contract with the National Research Council
21 of the National Academy of Science;

22 (2) provide grants for research through the Na-
23 tional Science Foundation or the National Institute
24 of Justice; and

1 (3) contract with or provide grants to any other
2 entity the Bureau deems appropriate.

3 (e) AUTHORIZATION OF APPROPRIATIONS.—There
4 are authorized to be appropriated \$15,000,000 for each
5 fiscal year to carry out the purposes of this section, which
6 shall remain available until expended.

7 (f) FUNDING INCREASE.—The proportional share of
8 the total Federal funds of the grant programs designated
9 under section 11 provided to any Federal, State, or local
10 government or prison system and institution that is not
11 identified in a report under clause (ii) or (iii) of subsection
12 (e)(2)(B) shall be increased by 10 percent in the fiscal
13 year following the fiscal year in which the report is issued.
14 This increase shall be in addition to any other increase
15 provided under this Act.

16 **SEC. 5. PRISON RAPE PREVENTION AND PROSECUTION.**

17 (a) INFORMATION AND ASSISTANCE.—

18 (1) NATIONAL CLEARINGHOUSE.—There is es-
19 tablished within the National Institute of Correc-
20 tions a national clearinghouse for the provision of in-
21 formation and assistance to Federal, State, and local
22 authorities responsible for the prevention, investiga-
23 tion, and punishment of instances of prison rape.

24 (2) TRAINING AND EDUCATION.—The National
25 Institute of Corrections shall conduct periodic train-

1 ing and education programs for Federal, State, and
2 local authorities responsible for the prevention, in-
3 vestigation, and punishment of instances of prison
4 rape.

6 (1) IN GENERAL.—Not later than February 15
7 of each year, the National Institute of Corrections
8 shall submit a report to Congress and the Secretary
9 of Health and Human Services. This report shall be
10 available to the Director of the Bureau of Justice
11 Statistics.

12 (2) CONTENTS.—The report required under
13 paragraph (1) shall summarize the activities of the
14 Department of Justice regarding prison rape abate-
15 ment for the preceding calendar year.

16 (c) AUTHORIZATION OF APPROPRIATIONS.—There
17 are authorized to be appropriated \$5,000,000 for each fis-
18 cal year to carry out the purposes of this section, which
19 shall remain available until expended.

20 **SEC. 6. PRISON RAPE PREVENTION AND PROSECUTION**
21 **GRANTS.**

22 (a) ENHANCED RESPONSE TO PRISON RAPE
23 GRANTS.—

1 (1) GRANTS AUTHORIZED.—The Attorney Gen-
2 eral shall make 1-year grants to States, units of
3 local government, prisons, and prison systems.

4 (2) USE OF FUNDS.—Grants awarded under
5 paragraph (1) shall only be used to—

6 (A) undertake more effective efforts to pre-
7 vent prison rape;

8 (B) investigate such incidents; and

9 (C) punish the perpetrators.

11 nancial assistance provided under this subsection
12 may not exceed 50 percent of the total costs of the
13 program being funded.

23 information as the Attorney General may re-
24 quire.

1 (B) CONTENTS.—Each application re-
2 quired by subparagraph (A) shall—

3 (i) include the certification of the
4 chief executive that the State receiving
5 such grant (or the State encompassing the
6 unit of local government receiving such
7 grant) has adopted all national prison rape
8 standards that have been promulgated
9 under this Act; and

10 (ii) specify with particularity the addi-
11 tional preventative, prosecutorial, or ad-

17 (A) IN GENERAL.—The Attorney General

22 out with grant amounts during the pre-
23 ceeding Federal fiscal year; and

24 (ii) an evaluation of the impact of
25 such activities on the incidence of prison

1 rape and the grantee's response to such in-
2 cidents.

8 ment or programs to reduce such likelihood;

9 (G) an assessment of the impacts of prison
10 rape on individuals, families, social institutions

16 cost of conducting surveillance, undercover ac-
17 tivities, or both, to reduce the incidence of pris-
18 on rape;

20 rity of prison facilities and the relationship of

22 cidence of prison rape;

24 cost of any particular proposals for prison re-
25 form;

1 (K) an identification of the need for addi-
2 tional scientific and social science research on

6 ship between prison rape and prison violence;

7 (M) an assessment of the relationship be-
8 tween prison rape and levels of training, super-
9 vision, and discipline of prison staff; and

10 (N) an assessment of existing Federal and
11 State systems for reporting incidences of prison
12 rape, including an assessment of whether exist-
13 ing systems provide an adequate assurance of
14 confidentiality, impartiality and the absence of
15 reprisal.

16 (3) REPORT.—

17 (A) DISTRIBUTION.—Not later than 24
18 months after the date of the initial meeting of
19 the Commission, the Commission shall submit a
20 report on the study carried out under this sub-
21 section to—

22 (i) the President;

6 national standards for the detection, prevention, re-
7 duction, and punishment of prison rape.

8 (2) INDEPENDENT JUDGMENT.—The standards
9 referred to in paragraph (1) shall be based upon the
10 independent judgment of the Attorney General, after
11 giving due consideration to the recommended na-
12 tional standards provided by the Commission under
13 section 7(e), and being informed by such data, opin-
14 ions, and proposals that the Attorney General deter-
15 mines to be appropriate to consider.

16 (3) LIMITATION.—The Attorney General shall
17 not establish a national standard under this section
18 that would impose substantial additional costs com-
19 pared to the costs presently expended by Federal,
20 State, and local prison authorities. The Attorney
21 General may, however, provide a list of improve-
22 ments for consideration by correctional facilities.

23 (4) FINAL RULE.—Not later than 1 year after
24 receiving the report specified in paragraph (1), the
25 Attorney General shall publish a final rule adopting

1 national standards for the detection, prevention, re-

3 (5) TRANSMISSION TO STATES.—Upon pub-
4 lishing the final rule under paragraph (4), the Attor-

9 (b) APPLICABILITY TO FEDERAL BUREAU OF PRIS-

15 the total Federal funds of the grant programs designated
16 under section 11 provided to a State shall be increased
17 by 10 percent in the 2 fiscal years following the fiscal year
18 in which the State enacts a statute that expressly adopts
19 the national standards received by the State under sub-
20 section (a)(5), as applicable to that State. This increase
21 shall be in addition to any other increase provided under
22 this Act.

23 (d) CERTIFICATION.—(1) Each State which adopts
24 the national standards pursuant to section 8(c)(1) hereof
25 shall, every two years, obtain, from an accreditation orga-

1 nization that is in compliance with section 10 of this Act,
2 a certification that the State is in compliance with the na-
3 tional standards and in particular has adopted a system
4 that is adequate and effective to ensure compliance with
5 the section 7(e)(2)(K) standards regarding the confiden-
6 tiality of prison rape complaints, protection of complain-
7 ants from retaliation, and impartial resolution of prison
8 rape complaints.

9 (2) The proportional share of the total Federal funds
10 of the grant programs designated under section 11 pro-
11 vided to a State shall be increased by 10 percent for the
12 2 fiscal years following the fiscal year in which the State
13 achieves a certification under paragraph (1). This increase
14 shall be in addition to any other increase provided under
15 this Act, except it shall not be provided in addition to any
16 increase under subsection (c) of this section.

17 **SEC. 9. MODEL STANDARDS FOR ACUTE POST-TRAUMA**
18 **TREATMENT.**

23 a review of model programs and protocols for the response
24 to and treatment of acute trauma for male and female
25 rape victims within prisons and jails.

1 (b) MODEL STANDARDS.—

2 (1) IN GENERAL.—Upon completion of the re-
3 view required by subsection (a), the Secretary shall
4 establish model standards relating to—

5 (A) the preservation of physical and testi-
6 monial evidence for use in an investigation of
7 the circumstances relating to the rape;

8 (B) the manner and extent of physical ex-
9 amination and treatment to be provided to any
10 rape victim;

11 (C) the manner and extent of any psycho-
12 logical examination, psychiatric care (including,
13 if appropriate, medication), and mental health
14 counseling to be provided to any rape victim;

15 (D) the preservation of the confidentiality
16 of information relating to prison rape victims;
17 and

18 (E) the production and dissemination with-
19 in a prison system of model response protocols
20 and programs for the treatment of, investiga-
21 tion of, and response to prison rape.

22 (2) LIMITATION.—The Secretary shall not es-
23 tablish a model standard that would impose substan-
24 tial additional costs compared to the costs presently

1 expended by Federal, State, and local prison au-
2 thorities.

3 (c) SUMMARY.—

4 (1) IN GENERAL.—Upon completion of the re-
5 view required by subsection (a) and the establish-
6 ment of model standards required by subsection (b),
7 the Secretary shall submit a summary of the results
8 of the review and the model standards to the Na-
9 tional Prison Rape Reduction Commission.

10 (2) CONTENTS.—The summary shall include,
11 for each model standard, the estimated costs for im-
12 plementation of such standard and the basis for
13 such estimates.

14 **SEC. 10. REQUIREMENT THAT ACCREDITATION ORGANIZA-**
15 **TIONS ADOPT ACCREDITATION STANDARDS.**

16 (a) ELIGIBILITY FOR FEDERAL GRANTS.—Notwith-
17 standing any other provision of law, an organization re-
18 sponsible for the accreditation of Federal, State, local, or
19 private prisons, jails, or other penal facilities may not ben-
20 efit from any Federal grants during any period in which
21 such organization fails to meet any of the requirements
22 of subsection (b).

23 (b) REQUIREMENTS.—To be eligible to receive Fed-
24 eral grants, an accreditation organization referred to in
25 subsection (a) must meet the following requirements:

1 (1) At all times after 90 days after the date of
2 enactment of this Act, the organization shall have in
3 effect, for each facility that it is responsible for ac-
4 crediting, accreditation standards for the detection,
5 prevention, reduction, and punishment of prison
6 rape.

7 (2) At all times after 1 year after the date of
8 the adoption of the final rule under section 8(a)(4),
9 the organization shall, in addition to any other such
10 standards that it may promulgate relevant to the de-
11 tection, prevention, reduction, and punishment of
12 prison rape, adopt accreditation standards consistent
13 with the national standards adopted pursuant to
14 such final rule.

15 **SEC. 11. DESIGNATION OF GRANT PROGRAMS FOR FUND-**
16 **ING INCREASES; ADJUSTMENTS TO IN-**
17 **CREASES.**

18 (a) DESIGNATION OF GRANT PROGRAMS.—Not later
19 than 120 days after the date of enactment of this Act,
20 and on a fixed date each year thereafter, the Attorney
21 General shall designate and publish a list of formula grant
22 programs that, in combination, aggregate no less than
23 \$1,000,000,000 and no more than \$3,000,000,000 in an-
24 nual Federal appropriations, which programs are most re-
25 lated to the failure to abate prison rape.

1 (b) CAP ON INCREASES.—For any formula grant pro-
2 gram identified under subsection (a), the total dollar
3 amount of any increase in the grant provided to any State
4 or other entity under this Act shall not exceed 10 percent
5 of the total Federal funds available under such grant pro-
6 gram.

7 (c) SOURCE OF FUNDS FOR INCREASES.—For any
8 increased grants provided under this Act to any entity
9 under any grant program designated pursuant to sub-
10 section (a), the increased grant shall be provided first by
11 funds redistributed from all grants under the program to
12 entities that are not entitled to any increases under this
13 Act, except that no grant shall be reduced by more than
14 20 percent of the total grant funds that otherwise would
15 have been awarded, and second by funds redistributed
16 from all other grants under the program.

17 (d) EFFECTIVE DATE OF INCREASE.—The programs
18 designated under subsection (a) shall be subject to in-
19 creases under this Act in the first fiscal year that com-

Chairman SENSENBRENNER. And the Subcommittee amendment in the nature of a substitute, which the Members have before them, will be considered as read, considered as the original text for purpose of amendment, and open for amendment at any point.
[The amendment in the nature of a substitute follows:]

**SUBCOMMITTEE AMENDMENT IN THE NATURE OF A
SUBSTITUTE TO H.R. 1707**

Strike all after the enacting clause and insert the following:

1 SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

2 (a) SHORT TITLE.—This Act may be cited as the
3 “Prison Rape Reduction Act of 2003”.

4 (b) TABLE OF CONTENTS.—The table of contents of
5 this Act is as follows:

- Sec. 1. Short title; table of contents.
- Sec. 2. Findings.
- Sec. 3. Purposes.
- Sec. 4. National prison rape statistics, data, and research.
- Sec. 5. Prison rape prevention and prosecution.
- Sec. 6. Grants to protect inmates and safeguard communities.
- Sec. 7. National prison rape reduction commission.
- Sec. 8. Adoption and effect of national standards.
- Sec. 9. Requirement that accreditation organizations adopt accreditation standards.
- Sec. 10. Definitions.

6 SEC. 2. FINDINGS.

7 Congress makes the following findings:

8 (1) 2,100,146 persons were incarcerated in the
9 United States at the end of 2001: 1,324,465 in Fed-
10 eral and State Prisons and 631,240 in county and
11 local jails. In 1999, there were more than
12 10,000,000 separate admissions to and discharges
13 from prisons and jails.

1 (2) Insufficient research has been conducted
2 and insufficient data reported on the extent of pris-
3 on rape. However, experts have conservatively esti-
4 mated that at least 13 percent of the inmates in the
5 United States have been sexually assaulted in pris-
6 on. Many inmates have suffered repeated assaults.
7 Under this estimate, nearly 200,000 inmates now in-
8 carcerated have been or will be the victims of prison
9 rape. The total number of inmates who have been
10 sexually assaulted in the past 20 years likely exceeds
11 1,000,000.

12 (3) Inmates with mental illness are at increased
13 risk of sexual victimization. America's jails and pris-
14 ons house more mentally ill individuals than all of
15 the Nation's psychiatric hospitals combined. As
16 many as 16 percent of inmates in state prisons and
17 jails, and 7 percent of Federal inmates, suffer from
18 mental illness.

19 (4) Young first-time offenders are at increased
20 risk of sexual victimization. Juveniles are 5 times
21 more likely to be sexually assaulted in adult rather
22 than juvenile facilities—often within the first 48
23 hours of incarceration.

1 (5) Most prison staff are not adequately trained
2 or prepared to prevent, report, or treat inmate sex-
3 ual assaults.

4 (6) Prison rape often goes unreported, and in-
5 mate victims often receive inadequate treatment for
6 the severe physical and psychological effects of sex-
7 ual assault—if they receive treatment at all.

8 (7) HIV and AIDS are major public health
9 problems within America’s correctional facilities. In
10 2000, 25,088 inmates in Federal and State prisons
11 were known to be infected with HIV/AIDS. In 2000,
12 HIV/AIDS accounted for more than 6 percent of all
13 deaths in Federal and State prisons. Infection rates
14 for other sexually transmitted diseases, tuberculosis,
15 and hepatitis B and C are also far greater for pris-
16 oners than for the American population as a whole.
17 Prison rape undermines the public health by contrib-
18 uting to the spread of these diseases, and often giv-
19 ing a potential death sentence to its victims.

20 (8) Prison rape endangers the public safety by
21 making brutalized inmates more likely to commit
22 crimes when they are released—as 600,000 inmates
23 are each year.

24 (9) The frequently interracial character of pris-
25 on sexual assaults significantly exacerbates inter-

1 racial tensions, both within prison and, upon release
2 of perpetrators and victims from prison, in the com-
3 munity at large.

4 (10) Prison rape increases the level of homi-
5 cides and other violence against inmates and staff,
6 and the risk of insurrections and riots.

7 (11) Victims of prison rape suffer severe phys-
8 ical and psychological effects that hinder their ability
9 to integrate into the community and maintain stable
10 employment upon their release from prison. They
11 are thus more likely to become homeless and/or re-
12 quire government assistance.

13 (12) Members of the public and government of-
14 ficials are largely unaware of the epidemic character
15 of prison rape and the day-to-day horror experienced
16 by victimized inmates.

17 (13) The high incidence of sexual assault within
18 prisons involves actual and potential violations of the
19 United States Constitution. In *Farmer v. Brennan*,
20 511 U.S. 825 (1994), the Supreme Court ruled that
21 deliberate indifference to the substantial risk of sex-
22 ual assault violates prisoners' rights under the Cruel
23 and Unusual Punishments Clause of the Eighth
24 Amendment. The Eighth Amendment rights of State
25 and local prisoners are protected through the Due

1 Process Clause of the Fourteenth Amendment. Pursuant to Congress's power under Section Five of the
2 Fourteenth Amendment, Congress may take action
3 to enforce those rights in States where officials have
4 demonstrated such indifference. States that do not
5 take basic steps to abate prison rape by adopting
6 standards that do not generate significant additional
7 expenditures demonstrate such indifference. There-
8 fore, such States are not entitled to the same level
9 of Federal benefits as other States.
10

11 (14) The high incidence of prison rape under-
12 mines the effectiveness and efficiency of United
13 States Government expenditures through grant pro-
14 grams such as those dealing with health care; men-
15 tal health care; disease prevention; crime prevention,
16 investigation, and prosecution; prison construction,
17 maintenance, and operation; race relations; poverty;
18 unemployment and homelessness. The effectiveness
19 and efficiency of these Federally funded grant pro-
20 grams are compromised by officials' failure to adopt
21 policies and procedure that reduce the incidence of
22 prison rape in that the high incidence of prison
23 rape—

1 (A) increases the costs incurred by Fed-
2 eral, State, and local jurisdictions to administer
3 their prison systems;

4 (B) increases the levels of violence, di-
5 rected at inmates and at staff, within prisons;

6 (C) increases health care expenditures,
7 both inside and outside of prison systems, and
8 reduces the effectiveness of disease prevention
9 programs by substantially increasing the inci-
10 dence and spread of HIV, AIDS, tuberculosis,
11 hepatitis B and C, and other diseases;

12 (D) increases mental health care expendi-
13 tures, both inside and outside of prison sys-
14 tems, by substantially increasing the rate of
15 post-traumatic stress disorder, depression, sui-
16 cide, and the exacerbation of existing mental ill-
17 nesses among current and former inmates;

18 (E) increases the risks of recidivism, civil
19 strife, and violent crime by individuals who have
20 been brutalized by prison rape; and

21 (F) increases the level of interracial ten-
22 sions and strife within prisons and, upon re-
23 lease of perpetrators and victims, in the com-
24 munity at large.

1 (15) The high incidence of prison rape has a
2 significant effect on interstate commerce because it
3 increases substantially—

4 (A) the costs incurred by Federal, State,
5 and local jurisdictions to administer their pris-
6 on systems;

7 (B) the incidence and spread of HIV,
8 AIDS, tuberculosis, hepatitis B and C, and
9 other diseases, contributing to increased health

14 ions, and proposals that the Attorney General deter-
15 mines to be appropriate to consider.

16 (3) LIMITATION.—The Attorney General shall

22 ments for consideration by correctional facilities.

7 tional standards described in section 8(a); or

8 (B) an assurance that not less than 5 per-
9 cent of such amount shall be used only for the

19 prevention, reduction, and punishment of prison
20 rape.

21 (2) At all times after 1 year after the date of
22 the adoption of the final rule under section 8(a)(4),
23 the organization shall, in addition to any other such
24 standards that it may promulgate relevant to the de-

Chairman SENSENBRENNER. The Chair recognize the gentleman from North Carolina, Mr. Coble, to strike the last word.

Mr. COBLE. I thank the Chairman. I don't think it will take 5 minutes. Mr. Chairman and colleagues, more than 2 million individuals were incarcerated in the United States at the end of 2002. Although many and probably most correctional facilities have procedures in place to protect inmates against violence from other inmates while they are incarcerated, often these procedures are inadequate. Very little data exists regarding the number of violent incidents that occur in correctional facilities, and even less data on the incidents of sexual assaults in prisons. This is a very serious problem which merits our attention.

The physical and psychological problems caused by these incidents can have effects for the entire U.S. population. At the end of 2000 there were over 25,000 inmates who tested positive for HIV. The Subcommittee on Crime, Terrorism, and Homeland Security conducted hearings to examine the issue of sexual assault within Federal, State and local correctional institutions. The legislation we consider today, H.R. 1707, the "Prison Rape Reduction Act of 2003," is intended to make prevention of prison rape a priority for Federal, State and local institutions. This legislation encourages the development of nationwide standards for detection, prevention, reduction and punishment of prison rape. This legislation was marked up in the subcommittee, and a bipartisan substitute offered by Ranking Member Bobby Scott and me, was adopted by voice vote.

The legislation requires State and local governments to work with the Federal Bureau of Justice Statistics to study the number and effects of incidents of sexual assaults in correctional facilities. It also encourages States to adopt and maintain compliance with the national standard developed by the Attorney General.

I want to express my thanks to Mr. Bobby Scott, the distinguished gentleman from Virginia, and Mr. Frank Wolf, the other gentleman from Virginia, who worked endlessly on this very important piece of legislation. I believe this legislation, Mr. Chairman, will go a long way to address and bring attention to a very serious problem that exists in our correctional facilities, and I encourage my colleagues to support it, and yield back.

Chairman SENSENBRENNER. The gentleman from Virginia, Mr. Scott.

Mr. SCOTT. Thank you, Mr. Chairman. I move the unanimous consent to revise and extend my remarks and put my complete statement in the record.

Chairman SENSENBRENNER. Without objection.

Mr. SCOTT. And I would like to thank Chairman Coble for his remarks and his cooperation, and yours, Mr. Chairman.

Mr. Chairman, society pays dearly for ignoring prison rape. Inmates, often nonviolent first-time offenders come out of the prison rape experience severely traumatized and leave prison not only more likely to commit crimes, but far more likely to commit violent crimes than when they entered. The high incidents of prison rape within prisons also leads to an increased transmission of HIV/AIDS, hepatitis and other diseases outside the prison, which in turn impose threats and cost to society.

In 1994 the Supreme Court held in *Farmer v. Brennan*, that deliberate indifference to the risk of prison rape violates the eighth and fourteenth amendments to the United States Constitution, and so failure to take reasonable measures to guarantee safety of inmates exposes local, State and Federal facilities to lawsuits.

Mr. Chairman, prison rape is nothing short of prison torture. Long after bodies have healed, emotional trauma and stigma of brutal and repeated prison rape lasts and embitters. Whatever their crimes, there should be a moral imperative to reduce the incidents of prison rape.

Mr. Chairman, I would like to thank the chief patron of the legislation, my colleague from Virginia, Frank Wolf, Michael Horowitz and Vinny Seraldi, who are leading an amazing coalition of supporters of the legislation and many others for their support, and I yield back the balance of my time.

[The statement of Mr. Scott follows:]

PREPARED STATEMENT OF THE HONORABLE ROBERT C. SCOTT, A REPRESENTATIVE IN CONGRESS FROM THE STATE OF VIRGINIA

Thank you, Mr. Chairman, for holding this markup on the Prison Rape Elimination Act. And I want to express my appreciation to you, along with Chairman Coble, for assuring expeditious development and movement of this bill. Your staff has worked hard, and on a bi-partisan basis, with a bi-cameral group of members and a diverse coalition of organizations, to develop a bill we could all strongly support. I look forward to working with you to get the bill quickly through the House and to the Senate where I believe it will receive expeditious consideration and passage, as well.

Prison rape has been shown to have a devastating impact on its victims and ultimately on unsuspecting members of the public who become victimized by the rage, sexually transmitted diseases and other manifestations of prison rape. Prison rape is recognized as a contributing factor to prison homicide, violence against staff, and institutional riots. Not only does it cause severe physical and psychological trauma to victims; but it increases the transmission of HIV/AIDS, other sexually transmitted diseases, tuberculosis, and hepatitis B and C—all of which exist at a very high rate within U.S. prisons and jails.

And prison rape is a problem of sizable scope. Of the 2 million people incarcerated today, it is estimated that one in ten, or roughly 200,000, are victims of prison rape. And youths in adult prisons are 5 times more likely to be raped than adults. Yet this problem is, essentially, ignored as a societal problem. And society pays dearly for ignoring prison rape. Inmates, often non-violent first time offenders, come out of a prison rape experience severely traumatized and leave prison not only more likely to commit crimes, but far more likely to commit violent crimes than when they entered. And the high incidence of rape within prison also leads to the increased transmission of HIV, hepatitis and other diseases outside prison which, in turn, imposes threats and costs on all of society.

Prison rape is a crime with constitutional implications. The Supreme Court held in *Farmer v. Brennan* that deliberate indifference to the risk of prison rape violates the Eighth and Fourteenth Amendments to the United States Constitution. While prison conditions may be "restrictive and even harsh," prison and jail officials "must take reasonable measures to guarantee the safety of the inmates."

The bill establishes three programs in the Department of Justice: 1) A program to conduct an annual statistical study of a significant number of federal, state and county prisons and jails on the incidence of rape, and conduct public reviews of institution where the rate of prison rape is 30% above the national average rate; 2) a clearinghouse for complaints of prison rape to assist prevention and prosecution, and provide training and assistance to prison and jail officials; and 3) a program to provide grants—totaling \$40 million each year—to state and local governments and institutions for the purpose of enhancing the prevention and punishment of prison rape.

The bill also provides for the establishment of a Commission to develop standards for addressing and eliminating prison rape. Federal, state and local prisons would be required to adopt these standards to qualify for the full range of federal funding available use by prisons, including the grants under the bill. Finally, the bill re-

quires prison accreditation organizations to examine prison rape prevention practices as a critical component of their accreditation reviews.

Let the record show that this bill is intended to cover all inmates in all prisons and jails and to address the problem of inmates who are raped by their peers, as well as the equally serious problem of inmates who are raped by prison staff and contractors. No detainee, regardless of whether he or she is being held on criminal charges or in civil detention, shall be excluded from any reports, nor be exempted from the protections provided for under any standards related to this legislation.

In the end, and perhaps most importantly, the effort to combat prison rape is a moral imperative. Prison rape is nothing short of prison torture—the infliction of severe emotional and physical pain as punishment and coercion. Long after bodies have healed, the emotional trauma, shame and stigma of brutal and repeated prison rape lasts and embitters. Whatever their crimes and whatever the prescribed punishment for them, in a humane society prison rape should not be a part of it. Prison rape not only derails justice—it destroys human dignity.

This is long overdue legislation. And I would like to thank my colleague, Frank Wolf, Chairman of the Commerce, Justice, State Appropriations Subcommittee and chief sponsor of this bill, for his compassion, leadership and diligence in moving this matter forward. I would also like to thank Michael Horowitz and Vinnie Schraldi, the leaders of this amazing coalition, for their vision, leadership and dedication in bringing this matter to the forefront and keeping it going. Thank you Mr. Chairman.

Chairman SENSENBRENNER. Without objection, all Members may include opening statements in the record at this point.

Are there amendments?

Mr. WATT. Mr. Chairman, I move to strike the word, just to ask a question.

Chairman SENSENBRENNER. The gentleman from North Carolina.

Mr. WATT. I'm wondering from Mr. Coble and Mr. Scott whether between now and the floor they might consider changing the title of the bill from the Prison Rape Reduction Act of 2003 to the Prison Rape Prevention Act of 2003? It seems to me that—

Chairman SENSENBRENNER. Without objection, the title is amended.

Mr. WATT. Mr. Chairman, there may be some implications that—

Chairman SENSENBRENNER. Okay.

Mr. WATT. I didn't want to make the motion. I just wanted them to look at it.

Chairman SENSENBRENNER. Okay. Then we won't amend the title at this point in time.

Are there amendments? If there are no amendments, the question is on the subcommittee amendment in the nature of a substitute. Those in favor will say aye.

Opposed, no.

The ayes appear to have it. The ayes have it, and the subcommittee amendment in the nature of a substitute is adopted.

A reporting quorum is present. The question occurs on the motion to report the bill H.R. 1707 favorably as amended. Those in favor will say aye.

Opposed, no.

The ayes appear to have it. The ayes have it. The motion to report favorably is adopted. Without objection, the bill will be reported favorably to the House in the form of a single amendment in the nature of a substitute. Without objection, the Chairman is authorized to move to go to conference pursuant to House rules. Without objection, the staff is directed to make any technical and conforming changes, and all Members will be given 2 days, as pro-

vided by House rules, in which to submit additional dissenting, supplemental or minority views.

Mr. SCOTT. Mr. Chairman?

Chairman SENSENBRENNER. The gentleman from Virginia?

Mr. SCOTT. Mr. Chairman, somewhere along the lines in response to the gentleman from North Carolina, we intend to change the name to Prison Rape Elimination Act, and so that would I think achieve his concerns.

Chairman SENSENBRENNER. Duly noted.

There are two votes, a 15-minute vote and a 5-minute vote on two rules on bills to be brought up today. I think it's time to go to lunch. When we come back, and I urge the Members to be prompt, while we will work on the PTO modernization bill and the Committee is recessed until 1:00 p.m.

[Whereupon, at 11:45 a.m., the Committee recessed, to reconvene at 1:00 p.m., the same day.]
