COMMITTEE STATEMENT AND VIEWS

PURPOSE AND SUMMARY

The National Archives, created by Congress in 1934 as the Nation’s record keeper, is a small agency with the very large task of
identifying, acquiring, preserving, and providing access to the permanently valuable records of the Federal government. From the records of the Continental Congress to the battle maps of Operation Desert Storm, from parchment to e-mail, the National Archives and its facilities across the Nation provide invaluable access to the records of our national life.

This bill is designed to make the operations of the National Archives more efficient in several key areas and to improve their service to Federal agencies and the public. It does so by amending title 44 of United States Code with four key provisions.

- Eliminate a cumbersome procedure for extending the retention periods for Federal records.
- Enable NARA to charge fees for the use of building spaces by public groups and associations.
- Allow NARA to enter into partnerships to carry out agency programs.
- Provide for the purchase of uniforms for certain NARA service employees.

SECTION-BY-SECTION

Section 1. Short title

“National Archives and Records Administration Efficiency Act of 2003”.

Section 2. Extension of records retention periods

Currently, if a Federal agency wishes to extend the length of time that it is required to hold a particular type of Federal record, the process to do so is both cumbersome for the National Archives and the Federal agency. Every time an agency needs to retain records beyond the scheduled retention date an agency head must request permission from NARA. This law will clear the way for the writing of more sensible regulations that will streamline and shorten that required process.

Section 3. Authority for the use of Records Center Revolving Fund to be used for the purchase and care of uniforms for records centers employees

GAO decisions require that Federal agencies specifically receive legislative authority to purchase uniforms for service personnel. NARA has a limited need for such authority and this legislation grants that authority.

Section 4. Authority to charge fees for public use of facilities of National Archives and Records Administration

The National Archives manages a number of facilities across the United States, including Presidential libraries and the Archives headquarters facilities on the Mall in Washington, DC and in College Park, Maryland. Those facilities are often in demand as meeting spaces for associations and other organizations, but the Archives currently has no means to charge fees for that usage. This law will correct that situation and allow the Archives to charge reasonable fees for the occasional, non-official use of rooms and spaces, such as for meetings and special events, and use those fees for educational outreach.
Section 5. Authority to use cooperative agreements with State and local governments, educational institutions, and other public and nonprofit organizations to further NARA programs

This section will enable the National Archives to enter into cooperative agreements with State and local governments and nonprofit organizations for the public purpose of carrying out programs of NARA. Cooperative agreements will allow NARA to transfer modest amounts of appropriated dollars, limited by the language of this bill, to those organizations to carry out those purposes. For example, NARA has recently been working with the White House and National History Day on a project to foster a dialogue among teachers, students and members of the public about the rights and responsibilities of U.S. citizens. Through this and other projects National History Day promotes the use of primary history sources and the use of resources at the National Archives, promoting NARA's outreach program. This change would allow NARA to transfer modest amount of funds to National History Day and similar organizations to assist them in these endeavors.

EXPLANATION OF AMENDMENTS

The Committee did not consider any amendments.

COMMITTEE CONSIDERATION

On November 20, 2003, the Committee met in open session and favorably ordered reported the bill, H.R. 3478, by voice vote.

ROLLCALL VOTES

There were no recorded votes.

APPLICATION OF LAW TO THE LEGISLATIVE BRANCH

Section 102(b)(3) of Public Law 104–1 requires a description of how this bill applies to the legislative branch. This bill applies only to the National Archives and Records Administration.

STATEMENT OF OVERSIGHT FINDINGS AND RECOMMENDATIONS OF THE COMMITTEE

In compliance with clause 3(c)(2) of rule XIII and clause 2(b)(1) of rule X of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in the descriptive portions of this report.

STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

In accordance with clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the Committee's performance goals and objectives are reflected in the descriptive portions of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Under clause 3(d)(1) of rule XIII of the Rules of the House of Representatives, the Committee must include a statement citing the specific powers granted to Congress to enact the law proposed by H.R. 3478. The Committee believes that the changes in law,
made by this bill, are within Congress’ authority under Article I, section 8, clause 1 of the Constitution.

UNFUNDED MANDATE STATEMENT

Section 423 of the Congressional Budget and Impoundment Control Act (as amended by Section 101(a)(2) of the Unfunded Mandates Reform Act, P.L. 104–4) requires a statement whether the provisions of the reported include unfunded mandates. In compliance with this requirement the Committee has received a letter from the Congressional Budget Office included herein.

COMMITTEE ESTIMATE

Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs that would be incurred in carrying out H.R. 3478. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act.

BUDGET AUTHORITY AND CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

With respect to the requirements of clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974 and with respect to requirements of clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for H.R. 3478 from the Director of the Congressional Budget Office:

Enclosure.

H.R. 3478—National Archives and Records Administration Efficiency Act of 2003

H.R. 3478 would make various administrative changes to the National Archives and Records Administration (NARA). The legislation would allow NARA to extend the length of time agencies can hold particular federal records. The bill also would authorize NARA
to purchase uniforms for employees, retain and spend fees for the
public use of NARA facilities, and to enter into cooperative agree-
ments with public and nonprofit organizations to further NARA
programs. CBO estimates that the legislation would not have a sig-
nificant effect on spending subject to appropriation or on direct
spending.

H.R. 3478 would authorize NARA to retain and spend any fees
collected from the public for the use of its facilities for meetings
and conferences. Because NARA does not have such authority
under current law, enacting this provision would increase direct
spending. According to the agency, however, the use of NARA fa-
cilities produces less than $500,000 a year in governmental receipts
(revenues) that are deposited in the general fund of the Treasury.
Thus, CBO estimates authorizing NARA to retain and spend those
receipts would not have a significant effect on direct spending. H.R.
3478 could increase the cost to store federal records because it
would allow NARA to extend the length of the time agencies may
archive records. Based on information from NARA, CBO does not
expect the costs of this provision, which would be subject to the
availability of appropriated funds, to be significant.

H.R. 3478 contains no intergovernmental or private-sector man-
dates as defined in the Unfunded Mandates Reform Act and would
impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Matthew Pickford. This
estimate was approved by Peter H. Fontaine, Deputy Assistant Di-
rector for Budget Analysis.
