PURPOSE OF THE BILL

The purpose of H.R. 3505 is to amend the Bend Pine Nursery Land Conveyance Act to specify the recipients and consideration for conveyance of the Bend Pine Nursery, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

H.R. 3505 would amend the Bend Pine Nursery Land Conveyance Act (Public Law 106–526) by directing the Secretary of Agriculture to convey to the Bend Metro Parks and Recreation District 210 acres of the Deschutes National Forest’s Bend Pine Nursery for $3.5 million. In turn, Bend Metro would reconvey 15 acres to the Deschutes County Administrative School District No. 1 to build an elementary school. If Bend Metro does not use the remaining conveyed lands for recreational purposes, additional compensation to the Secretary would be due based on its fair market value at the time of the conversion (minus the funds already paid). The original legislation authorized the Secretary to sell the Nursery (giving first rights of refusal to the Bend Metro) and utilize the funds received towards the construction of a new administrative/visitor center for the Deschutes National Forest. At the time Public Law 106–526 was enacted, the land to be conveyed was valued at $3.5 million. However, due to administrative delays, the nursery site has yet to be sold. H.R. 3505 would bring closure to an administrative process that has taken too long to complete by facilitating the sale of the nursery and allowing the Bend Metro to develop additional recreational opportunities for the residents of central Oregon. In addition, it will allow the construction of a much-needed elementary school in the fastest-growing part of the State of Oregon.

COMMITTEE ACTION

H.R. 3505 was introduced on November 17, 2003, by Congressman Greg Walden (R–OR). The bill was referred to the Committee on Resources, and within the Committee to the Subcommittee on Forests and Forest Health. On February 12, 2004, the Subcommittee held a hearing on the bill. On May 5, 2004, the Full Resources Committee considered the bill. The Subcommittee was discharged from further consideration of the bill by unanimous consent. Mr. Walden offered an amendment in the nature of a substitute which reflected changes requested by the Department of Ag-
riculture and required additional compensation to be paid to the Secretary if any of the conveyed land (other than the 15-acre parcel reconveyed to the school district) was not used for recreational purposes. The amendment was adopted by unanimous consent and the bill was then ordered favorably reported to the House of Representatives by unanimous consent.

**Committee Oversight Findings and Recommendations**

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Resources’ oversight findings and recommendations are reflected in the body of this report.

**Constitutional Authority Statement**

Article I, section 8 of the Constitution of the United States grants Congress the authority to enact this bill.

**Compliance With House Rule XIII**

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, spending authority, credit authority, or an increase or decrease in tax expenditures. According to the Congressional Budget Office, enactment of this bill would reduce offsetting receipts. However, “[t]heforegone receipts would be fully offset * * * by a corresponding decrease in direct spending for new facilities within the Deschutes National Forest.” In addition, “CBO estimates that any resulting net change in direct spending would be negligible.”

3. General Performance Goals and Objectives. This bill does not authorize funding and therefore, clause 3(c)(4) of rule XIII of the Rules of the House of Representatives does not apply.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office:

**Hon. Richard W. Pombo,**
Chairman, Committee on Resources, House of Representatives, Washington, DC.

**Dear Mr. Chairman:** The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 3505, a bill to amend the
Bend Pine Nursery Land Conveyance Act to specify the recipients and consideration for conveyance of the Bend Pine Nursery, and for other purposes.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Megan Carroll.

Sincerely,

ELIZABETH ROBINSON
(For Douglas Holtz-Eakin, Director).

Enclosure.

H.R. 3505—A bill to amend the Bend Pine Nursery Land Conveyance Act to specify the recipients and consideration for conveyance of the Bend Pine Nursery, and for other purposes

Public Law 106–526 authorized the Secretary of Agriculture to sell certain lands within the Deschutes National Forest in Oregon. H.R. 3505 would amend that law to require the Secretary to sell some of those lands to the Bend Metro Park and Recreation District for a specified price of $3.5 million. Under H.R. 3505, as under current law, the Secretary could spend proceeds from the sale to construct or improve facilities within the forest.

Based on information from the Forest Service, CBO estimates that enacting H.R. 3505 would have no significant net impact on the federal budget. The bill would not affect revenues. According to the agency, the appraised value of the affected lands exceeds the sale price specified in the bill by between $500,000 and $1.5 million. Hence, we estimate that enacting this bill would reduce offsetting receipts (a credit against direct spending) from the sale. Those forgone receipts would be fully offset, however, by a corresponding decrease in direct spending for new facilities within the Deschutes National Forest. Based on information from the Forest Service about the likely timing of the proposed sale and subsequent spending, CBO estimates that any resulting net change in direct spending would be negligible.

H.R. 3505 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments. Enacting this legislation would benefit the Bend Metro Park and Recreation District.

On March 3, 2004, CBO transmitted a cost estimate for S. 1848, similar legislation, as ordered reported by the Senate Committee on Energy and Natural Resources on February 11, 2004. H.R. 3505 and S. 1848 are very similar, and our cost estimates are the same.

The CBO staff contact for this estimate is Megan Carroll. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

**COMPLIANCE WITH PUBLIC LAW 104–4**

This bill contains no unfunded mandates.

**PREEMPTION OF STATE, LOCAL OR TRIBAL LAW**

This bill is not intended to preempt any State, local or tribal law.
