

PROVIDING FOR CONSIDERATION OF H.R. 3070, NA-
TIONAL AERONAUTICS AND SPACE ADMINISTRATION
AUTHORIZATION ACT OF 2005

JULY 20, 2005.—Referred to the House Calendar and ordered to be printed

Mr. GINGREY, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 370]

The Committee on Rules, having had under consideration House Resolution 370, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 3070, the National Aeronautics and Space Administration Act of 2005, under a structured rule. The rule provides one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on Science.

The rule waives all points of order against consideration of the bill. The rule provides that the amendment in the nature of a substitute recommended by the Committee on Science now printed in the bill shall be considered as an original bill for the purpose of amendment. The rule waives all points of order against the committee amendment in the nature of a substitute.

The rule makes in order only those amendments printed in this report. The rule provides that the amendments printed in this report may be considered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for a division of the question in the House or in the Committee of the Whole. The rule waives all points of order against the amendments printed in this report.

Finally, the rule provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waivers of all points of order against consideration of the bill and Committee amendment in the nature of a substitute include a waiver of clause 3(c)(2) of Rule XIII (requiring a Congressional Budget Office cost estimate in the committee report on any legislation containing new budget authority, new spending authority, new credit authority or a change in revenues) which is necessary because H. Rept. 109–173 does not include a cost estimate. At the time the Rules Committee ordered reported the resolution, the Congressional Budget Office had not yet produced a cost estimate for H.R. 3070.

SUMMARY OF AMENDMENTS MADE IN ORDER

(Summaries derived from information provided by sponsors.)

1. Boehlert: Manager’s Amendment. The amendment makes a number of technical and clarifying changes to the bill H.R. 3070. The amendment also makes the following additional changes: increases the amount of funding authorized to be appropriated for NASA to support the President’s budget request for exploration for fiscal years 2006 and 2007; expresses the Sense of Congress that NASA should return the Space Shuttle to flight as soon as the Administrator determines that it can be accomplished with an acceptable level of safety; allows the Administrator to complete the International Space Station in such a configuration as to support fewer than six persons, but only after transmitting a report to the Congress explaining why a six-person requirement should not be met; requires NASA to report information to Congress regarding minority participation in NASA’s education programs; authorizes NASA to provide grants to, and enter into cooperative agreements with museums and planetariums to allow them to enhance their programs related to space and science; and raises the threshold for major programs that require additional reporting to Congress to \$150 million from \$100 million. (20 minutes)

2. Velázquez: Requires the NASA Administrator to submit a quarterly report on the NASA Office of Small and Disadvantaged Business Utilization including a description of the outreach activities of the Office and the impact of such activities on the participation of small businesses, including small businesses owned by women and minorities in NASA contracts. (10 minutes)

3. Jackson-Lee: Restores funding for Historically Black Colleges and universities under NASA education programs to the FY04 funding level of \$69.2 million for FY06 and \$71.2 million for FY07. Also restores funding for Hispanic Serving Institutions under NASA education programs in the amount of \$46.4 million for FY06 and \$47.4 million for FY07. (10 minutes)

4. Velázquez: Establishes a four-year pilot grant program allowing NASA to expand advanced research opportunities through minority-serving institutions. (10 minutes)

5. Costello: Amends Section 705 of the bill exempting off-shore performance of contracts for the procurement of goods and services that are inconsistent with obligations under international agreements on the International Space Station. (20 minutes)

6. Jackson-Lee: Requires the NASA Administrator to transmit to the House Committee on Science and the Senate Committee on Commerce, a plan describing steps NASA will take to protect employees who do raise or have raised concerns about a potentially catastrophic risk to health or safety. (10 minutes)
