PURPOSE OF THE LEGISLATION

The purpose of H.R. 3699, as amended, is to transfer ownership and jurisdiction of properties within the District of Columbia between the General Services Administration and Department of Interior and the government of the District of Columbia. H.R. 3699, as amended, also clarifies the terms and conditions under which these transfers are to take place.

BACKGROUND AND NEED FOR THE LEGISLATION

H.R. 3699, as amended, authorizes the exchange of land between the General Services Administration (GSA) and Department of Interior’s National Park Service (NPS) and the District of Columbia (the District). Under a transfer of jurisdiction, the federal govern-

ment retains ownership of the property and the District is given authority to maintain and administer the property.

Transferring this land allows the District to utilize the lands for development to increase its tax base and decrease financial dependence on the federal government. Many of the parcels in H.R. 3699, as amended, are underutilized or neglected; consequently the transfer would help the Federal government manage existing properties by reducing maintenance backlogs. These lands are not currently providing substantial value and their transference to the District would allow taxpayer dollars to be spent on maintaining more useful properties.

The federal government will receive from the District a number of parcels of land and properties that will allow the federal government to consolidate its holdings within the District to better manage and maintain these properties and allow for future federal development at the West Campus of St. Elizabeth's Hospital.

SUMMARY OF THE LEGISLATION

Section 1. Short title

This section designates the title of the bill as the Federal and District of Columbia Government Real Property Act of 2005.

Title I—Real Property Conveyances Between the General Services Administration and the District of Columbia

Section 101: This section requires the transfer of certain properties to the District of Columbia (the District) from the General Services Administration (GSA) and conversely from the District to GSA. The properties conveyed to the District include United States Reservation 13 and the Old Naval Hospital. The properties conveyed to GSA include five buildings located at the West Campus of St. Elizabeth's Hospital.

Section 102: This section exempts the District and GSA from performance obligations otherwise required by law when properties are transferred and also terminates any outstanding claims against either entity.

Title II—Streamlining Management of Properties Located in the District of Columbia

Section 201: This section requires the transfer of a number of unimproved and improved properties from the administrative jurisdiction of the District to the Department of Interior (Interior) and vice versa. The properties at issue from the District are a number of rights-of-ways, alleys, triangle parks, and the lands on traffic circles. The properties transferred from the Department of Interior include portions of a number of federal reservations located in the District.

Section 202: This section requires the conveyance of title from D.C. to Interior of two properties and from Interior to the District of 14 parcels of federal land and portions of two others and from the District to Interior of two properties in Northwest D.C. adjacent to existing federal parcels.

Section 203: This section requires Interior to convey U.S. Reservation 174 to the District. This 13,500 square foot reservation at

New York Avenue and 11th Street, N.W., was transferred to the District in the 1970's as part of the site for the Old Convention Center with the condition that it was to remain as open space adjacent to the structure. Conveyance of title to the District would be conditioned upon the District completing a final plan for the Old Convention Center site through a public planning process, the plan considering an alternative that maintains U.S. 174 as open space, and the final plan including 1.25 acres of open space. During the planning process, the District must consider an alternative that will maintain the open space on U.S. Reservation 174. This alternative can involve building space constructed underneath U.S. Reservation 174.

Section 204: This section requires the Secretary to convey no more than 15 contiguous acres within National Park Service (NPS) land surrounding Robert F. Kennedy Memorial Stadium to the District for the purpose of siting, developing, and operating an educational institution for the public welfare, with the first preference given to a pre-collegiate public boarding school. The conveyance is to occur upon receipt by the Secretary of: (1) a written description of the land from the District to be conveyed; and (2) a long-term lease executed by the District that is contingent upon the Secretary's conveyance of the described parcel for the identified purpose. Upon conveyance, the portion of the existing stadium lease for the described parcel and all the conditions associated with it will terminate.

Title III—Poplar Point

This title requires the transfer from NPS to D.C. of Poplar Point, a large park in the District. In exchange for this transfer, the District must allow the NPS to continue to occupy their facilities at Poplar Point, until such time as both agree such use is no longer necessary, and the District provides appropriate replacement space. The exchange also includes a number of restrictions on construction of facilities by the District.

Title IV—General Provisions

Section 401: This section defines certain terms used in this Act.

Section 402: The section stipulates that the United States is not responsible for paying any costs and expenses incurred by the District or any parties in connection with effecting the provisions of this title. Such costs include, but are not limited to, costs and expenses associated with zoning, land-use process, transfer taxes, recording taxes or recording fees.

Section 403: This section requires the District, GSA, and the Secretary, must provide a quitclaim deed to the other for the property for each of the properties conveyed within six months after the conveyance.

Section 404: This section requires that for any development of property transferred to the District, such development include training and workforce programs for District youth, incorporate opportunities for small and disadvantaged businesses, and be consistent with both the National Capital Planning Commission's (NCPC) December 2001 Master Plan and the recommendations of the NCPC South Capitol Street Task Force.

LEGISLATIVE HISTORY AND COMMITTEE CONSIDERATION

H.R. 3699 was introduced by Representative Tom Davis, Delegate Eleanor Holmes Norton, and Representative Chris Van Hollen on September 8, 2005. On November 18, 2005, the Committee on Government Reform reported H.R. 3699 with an amendment. On November 18, 2005, H.R. 3699, as amended, was sequentially referred to the Committee on Transportation and Infrastructure until December 17, 2005.

On December 7, 2005, the Committee on Transportation and Infrastructure met in open session and considered H.R. 3699, as amended by the Committee on Government Reform. An amendment was offered by Mr. Shuster, making three changes to the legislation as reported by the Committee on Government Reform. The amendment deleted a provision in Section 101 and all of Section 402, which exempt the District of Columbia and the federal government from the requirements of a number of environmental requirements. Additionally, a new Section 404 was added that requires for any development of property transferred to the District, such developments shall include training and workforce programs for District youth, incorporate opportunities for small and disadvantaged businesses, and be consistent with both the National Capital Planning Commission's (NCPC) December 2001 Master Plan and the recommendations of the NCPC South Capitol Street Task Force. The amendment was adopted by voice vote, with a quorum present. A motion by Mr. Shuster to order H.R. 3699, as amended, favorably reported to the House was agreed to unanimously, by voice vote with a quorum present. There were no recorded votes taken during consideration of H.R. 3699, as amended.

ROLLCALL VOTES

Clause 3(b) of rule XIII of the House of Representatives requires each committee report to include the total number of votes cast for and against on each roll call vote on a motion to report and on any amendment offered to the measure or matter, and the names of those members voting for and against. There were no recorded votes taken in conjunction with ordering H.R. 3699, as amended, favorably reported to the House.

COMMITTEE OVERSIGHT FINDINGS

With respect to the requirements of clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in this report.

COST OF LEGISLATION

Clause 3(c)(2) of rule XIII of the Rules of the House of Representatives does not apply where a cost estimate and comparison prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974 has been timely submitted prior to the filing of the report and is included in the report. Such a cost estimate is included in this report.

COMPLIANCE WITH HOUSE RULE XIII

1. With respect to the requirement of clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, and 308(a) of the Congressional Budget Act of 1974, the Committee references the report of the Congressional Budget Office included below.

2. With respect to the requirement of clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the performance goals and objective of this legislation are included in the legislation, as amended.

3. With respect to the requirement of clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for H.R. 3699, as amended, from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, December 12, 2005.

Hon. DON YOUNG,
*Chairman, Committee on Transportation and Infrastructure,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 3699, the Federal and District of Columbia Real Property Act of 2005.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Matthew Pickford.

Sincerely,

DONALD B. MARRON
(For Douglas Holtz-Eakin, Director).

Enclosure.

H.R. 3699—Federal and District of Columbia Real Property Act of 2005

H.R. 3699 would authorize the exchange of 29 parcels of land between the federal government and the District of Columbia. CBO estimates that enacting H.R. 3699 would not significantly affect the federal budget. The bill contains an intergovernmental mandate as defined in the Unfunded Mandates Reform Act (UMRA) because it would terminate certain claims of the District of Columbia against the United States. CBO estimates, however, that the cost of this mandate would not exceed the threshold established in UMRA (\$62 million in 2005, adjusted annually for inflation). The land exchanges authorized by this bill generally would benefit the District, and any costs it would incur to fulfill the conditions of those exchanges would be incurred voluntarily. The bill would impose no other costs on any state, local, or tribal government. H.R. 3699 contains no private-sector mandates as defined in UMRA.

Under the bill, the District of Columbia would get title to nine National Park Service (NPS) and two General Services Administration (GSA) properties, including 66 acres around the site of the former D.C. General Hospital, Poplar Point (approximately 100 acres on the east side of the Anacostia River adjacent to the 11th Street Bridge), 15 acres of the Robert F. Kennedy Stadium parking lot, and four other small Potomac Avenue parcels (to permit devel-

opment of the proposed baseball stadium in southeast Washington). The District of Columbia also would gain administrative jurisdiction (which includes administration and maintenance, but not title) over seven smaller NPS properties.

In exchange, the NPS would gain administrative jurisdiction over eight properties and title to two others. GSA would gain title to five buildings on the west campus of St. Elizabeth's Hospital in southeast Washington. In addition, as part of the exchange, the United States would gain release from all current claims by the District regarding St. Elizabeth's Hospital, and the District would cover all costs associated with the relocation of federal facilities currently located at Poplar Point (headquarters of the National Capital Parks-East and the U.S. Park Police Anacostia Operations and Helicopter Facilities).

CBO estimates that conveying those federal properties to the District would not affect offsetting receipts because NPS and GSA have no plans for declaring the affected properties excess to their needs and selling them. In addition, the properties generate no significant receipts that could be lost as a result of the exchange.

Enacting H.R. 3699 could result in savings to the federal government from the release of all current claims by the District regarding St. Elizabeth's Hospital, but at present, such claims have not been adjudicated and CBO cannot estimate the value of such savings, if any.

On October 12, 2005, CBO transmitted a cost estimate for H.R. 3699 as ordered reported by the House Committee on Government Reform on September 29, 2005. The two pieces of legislation are similar, and our cost estimates are the same.

The CBO staff contacts for federal costs are Matthew Pickford and Deborah Reis. The CBO staff contact for the intergovernmental impact is Marjorie Miller. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
