

PROVIDING FOR CONSIDERATION OF H.R. 2829, OFFICE
OF NATIONAL DRUG CONTROL POLICY REAUTHORIZA-
TION ACT OF 2005

MARCH 8, 2006.—Referred to the House Calendar and ordered to be printed

Mr. SESSIONS, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 713]

The Committee on Rules, having had under consideration House Resolution 713, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for the consideration of H.R. 2829, the Office of National Drug Control Policy Reauthorization Act of 2005, under a structured rule. The rule provides one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on Government Reform. The rule waives all points of order against consideration of the bill.

The rule provides that the amendment in the nature of a substitute recommended by the Committee on the Judiciary now printed in the bill shall be considered as an original bill for the purpose of amendment and shall be considered as read. The rule waives all points of order against the committee amendment in the nature of a substitute.

The rule makes in order only those amendments printed in this report. The rule provides that the amendments made in order may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The rule waives all points of order against the amendments printed in this report.

Finally, the rule provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill is necessary because the reports of both the Committee on Government Reform and the Committee on the Judiciary fail to meet the requirements of clause 3(c)(4) of rule XIII, requiring a statement of general performance goals and objectives. The waiver of all points of order against the committee amendment in the nature of a substitute is necessary because the committee amendment contains provisions in violation of clause 4 of rule XXI, prohibiting appropriations on legislative bills. The manager's amendment offered by Mr. Souder of Indiana, if adopted, would remedy the violations of clause 4 of rule XXI.

COMMITTEE VOTES

Pursuant to clause 3(b) of House rule XIII the results of each record vote on an amendment or motion to report, together with the names of those voting for and against, are printed below:

Rules Committee record vote No. 148
