PURPOSE AND SUMMARY

H. Con. Res. 426 recognizes the Food and Drug Administration (FDA) of the Department of Health and Human Services for 100

years of service in working to ensure that food is safe and medical products are safe and effective.

#### BACKGROUND AND NEED FOR LEGISLATION

On June 30, 1906, President Theodore Roosevelt approved the Federal Food and Drugs Act. This act prohibited the introduction into interstate commerce of misbranded and adulterated food and drugs. The Act became the framework of the modern FDA. This resolution recognizes the United States Food and Drug Administration and its employees for: (1) 100 years of service in ensuring the safety of our food and the safety and efficacy of our medical products; (2) providing leadership to the world in the regulatory sciences; and (3) their hard work and extraordinary dedication to the protection and promotion of our nation's public health.
