BACKGROUND

PURPOSE OF THE BILL

The Committee recommendation addresses the President's supplemental requests contained in the budget estimate No. 1, transmitted on February 14, 2005 (H. Doc. 109-9) and budget estimate No. 2, transmitted on March 2, 2005 (H. Doc. 109-14).

SUMMARY OF BILL

The Committee recommends \$80,581,832,000 in supplemental appropriations for fiscal year 2005. The recommendation is \$1,460,796,000 below the President's supplemental request, and \$758,046,000 below the House allowance.

The recommendation includes \$74,426,257,000 for defense-related programs, primarily the costs of continuing operations in Afghanistan and Iraq, in title I.

The recommendation also includes \$4,322,700,000 for international security programs, for assistance for reconstruction in Afghanistan and Iraq, and for support for coalition allies in title II.

Title III includes appropriations totaling \$687,145,000 for domestic appropriations upgrading security and counter-terrorism activities.

Title IV includes \$907,340,000 for Indian Ocean tsunami relief.

Title V includes \$238,390,000 for other emergency appropriations, primarily for emergency watershed protection.

Finally, title VI includes general provisions and technical corrections.

The Committee recommendation does not include the designation of the supplemental language as division A.

The Committee recommendation does not include division B of the House bill, the text of the Real ID Act of 2005. Identical language is contained in H.R. 418, which passed the House on February 10, 2005 and was referred to the Senate Committee on the Judiciary on February 17, 2005. The Committee on the Judiciary is the appropriate committee to address this matter.

TITLE I—DEFENSE-RELATED APPROPRIATIONS

CHAPTER 1

SUBCOMMITTEE ON DEFENSE

DEPARTMENT OF DEFENSE—MILITARY

OVERVIEW OF THIS CHAPTER

The Committee recommends appropriations totaling \$73,280,703,000 for various Department of Defense Programs in this Chapter. Funds appropriated in this Chapter are provided to finance continuing military operations in Iraq and Afghanistan, to ensure military forces are properly equipped to continue the Global War on Terror, and to accelerate the training of Iraqi and Afghan security forces so they can assume responsibility for security of their nations. The following table displays Committee recommendations by funding category:

[In thousands of dollars]

	Fiscal year 2005 enacted	Supplemental estimate	Committee recommendation
Military Personnel	103,731,158	16,869,094	17,531,786

Total	391,153,312	73,580,703	73,280,703

MILITARY PERSONNEL

The Committee recommends \$17,531,786,000 for pay, allowances, subsistence, and other personnel costs for Active, Guard, and Reserve troops activated for duty in Iraq, Afghanistan, and other areas around the world in support of Operation Iraqi Freedom, Operation Enduring Freedom and the Global War on Terror. This recommendation includes funding for special pays, including Imminent Danger Pay, Family Separation Allowance, foreign language proficiency pay, and Hardship Duty Pay. To sustain the readiness levels of deploying units, this recommendation supports the pay of personnel affected by military stop-loss programs and personnel maintained on active duty above the normal end strength levels. This recommendation also includes funding for increased unemployment compensation costs associated with demobilization of Reserve Component members, and additional retention incentives for Special Operations Forces.

Included in the Committee's recommendation are funds to be available for extra reimbursement payments to the Servicemembers' Group Life Insurance [SGLI] program and for enhanced payments for certain death gratuities. This recommendation includes general provisions to authorize the Department of Defense to increase to \$500,000 the amount that can be paid to the surviving families. This \$500,000 amount is a combination of a \$100,000 death gratuity (increased from \$12,420) and \$400,000 of elective coverage under SGLI (increased from \$250,000 maximum coverage).

The Committee's recommendation restores funds transferred early in the fiscal year through approved reprogrammings that were necessary to meet urgent force protection and war-related requirements.

The Committee is also aware and concerned about the challenges the Defense Department, particularly the Army and Marine Corps, faces to meet the recruiting goals that are necessary to support the authorized end strength. Included in the recommendation are funds to support recruiting and retention efforts.

The following table provides details of the Committee's recommendations for the military personnel accounts:

OPERATION AND MAINTENANCE

The Committee recommends \$37,438,852,000 for operation and maintenance accounts in support of Operation Iraqi Freedom and Operation Enduring Freedom. The Committee recommendation would provide funds for the incremental cost of ground operations, flying hours, logistics support, fuel, travel and transportation. The funds would also finance the repair and refurbishment of equipment used in Iraq and Afghanistan to ensure our forces remain ready to meet global operational commitments.

The following table provides Committee recommendations for the operation and maintenance accounts:

HMMWV Recapitalization.—In Title IX of the Department of Defense Appropriations Act, 2005 (Public Law 108–287), Congress appropriated \$56,050,000 in the “Operation and Maintenance, Army” account for Brigade Restructuring HMMWV Recapitalization. The Committee understands that according to Army General Counsel, “Other Procurement, Army” is the appropriate account for execu-

tion of these funds. In order to comply with the original intent of Congress, the Committee directs the Army to transfer the HMMWV Recapitalization funding provided in Title IX of Public Law 108–287 to the “Other Procurement, Army” account for execution following normal reprogramming procedures.

EOD Support to Address IED Threats.—Explosive Ordnance Disposal personnel are at the forefront of efforts to protect our troops by neutralizing improvised explosive devices [IEDs] in Iraq and other theaters as well as disposal of munitions that could otherwise be used against United States or allied forces. The Navy Explosive Ordnance Disposal Technology Division [EOD–TechDiv] exploits technology and intelligence to develop and deliver EOD information, tools, and equipment for Joint EOD forces deployed worldwide. The Committee encourages the Department of Defense to identify funding for the EOD–TechDiv to bring on additional manpower to provide technical support to operational EOD forces 24 hours a day, 7 days a week.

Total	3,308,392

The Committee recommends \$580,427,000 for the Special Operations Command. This is \$55,000,000 below the budget request. Of this amount \$30,000,000 was reduced for classified programs and \$25,000,000 is not recommended for the payment to irregular forces or other groups. The Committee believes this authority is unnecessary considering other authorities and funding which have been provided elsewhere.

Support of Coalition Liaison Officers.—The supplemental request includes a provision that would extend the authority provided in 10 U.S.C. 1051a to September 30, 2006. The current authority expires September 30, 2005. Under this authority, the Secretary of Defense may reimburse coalition liaison officers from another nation for travel, subsistence, and other personnel expenses. The Committee understands the extension of this authority is also included in the fiscal year 2006 Department of Defense legislative package. The Committee, therefore, does not include the proposed provision in this bill and expects this legislation to be addressed in the National Defense Authorization Act for Fiscal Year 2006.

Military Tents.—The Committee encourages the Department of Defense to use some of the funds in the Operation and Maintenance account to clear the backlog of military tents.

2005 supplemental estimate	\$1,285,000,000
House allowance	1,285,000,000
Committee recommendation	1,285,000,000

The Committee recommends \$1,285,000,000 for the Afghanistan Security Forces Fund. The recommendation is equal to the estimate.

The Committee recommendation would provide funds to assist the Afghan government to increasingly assume responsibility for their nation's security. The funds shall be available to train, equip, and deploy Afghan forces as well as provide increased counterinsurgency capabilities. The funds will also assist the Afghans in building an infrastructure to sustain security operations in the future. The Committee directs the Secretary of Defense to notify the congressional defense committees 5 days prior to making transfers to or from the account, and further directs the Secretary to submit quarterly reports summarizing the details of any transfers.

IRAQ SECURITY FORCES FUND

(INCLUDING TRANSFER OF FUNDS)

2005 appropriation to date	
2005 supplemental estimate	\$5,700,000,000
House allowance	5,700,000,000
Committee recommendation	5,700,000,000

The Committee recommends \$5,700,000,000 for the Iraq Security Forces Fund. The recommendation is equal to the estimate.

The funds are provided to assist the Iraqi government to increasingly assume responsibility for their nation's security. The funds shall be available to train, equip, and deploy Iraqi security forces as well as provide increased counterinsurgency capabilities. The funds will also assist the Iraqis in building an infrastructure to

sustain security operations in the future. The Committee directs the Secretary of Defense to notify the congressional defense committees 5 days prior to making transfers to or from the account, and further directs the Secretary to submit quarterly reports summarizing the details of any transfers. The Committee has also included language authorizing the use of these funds to establish a training center for regional military and security forces.

PROCUREMENT

The Committee recommends appropriations totaling \$15,872,045,000 in various procurement accounts. The recommendation is \$264,421,000 below the request. Funds appropriated for procurement provide for force protection equipment, the restoration of equipment lost in operations, the recapitalization of equipment used in operations, and the equipping of units supporting upcoming rotations. The Committee has displayed line item recommendations in tables presented under each procurement account. A summary of Committee recommended procurement appropriations is provided below:

Guard UH-60 Replacement.—The Committee recognizes that the Army National Guard provides 40 percent of the Total Army’s utility aviation force, and that the Army has identified an ARNG requirement of 710 H-60 airframes. The Committee is also aware that as a result of operations in Afghanistan and Iraq, the Guard is experiencing a severe shortfall in these assets. This shortfall has been compounded by the loss of six of these Guard aircraft during operations in Iraq and Afghanistan. The Committee encourages the Secretary of the Army to consider the Guard and Reserve with respect to replacing lost aircraft.

M67 Hand Grenade.—The Committee wants to ensure that the Army will move forward to procure domestically produced M67 hand grenades from funds that were appropriated in the Department of Defense Appropriations Act, 2005, and the fiscal year 2005 emergency supplemental for this purpose. The Committee strongly urges the Department of the Army to use these funds to conduct a demonstration project for total systems integration of the M67 Hand Grenade by the Government Owned, Contractor Operated [GOCO] facility at the Lone Star Army Ammunition Plant [LSAAP].

Electronic Jammers (Warlocks).—The Committee is concerned that the supplemental request contains no funding for the electronic jammers used to combat remote-controlled bombs in Iraq when the Army is drastically short of the number of jammers required for force protection in theater. While the Committee commends the Army for working to deploy “next-generation” electronic jamming systems later this year, the Committee believes the Army needs to aggressively pursue the deployment of existing Improvised Explosive Device [IED] countermeasures. To accelerate the fielding of existing technology, the Committee provides \$25,000,000 for Warlock electronic jamming systems.

DD(X) Integrated Power System.—Land-based testing of the Integrated Power System for DD(X), the next-generation Navy destroyer, is scheduled for this summer. During this testing, the Navy plans to use a fall back motor option instead of the Permanent Magnet Motor [PMM] being developed as part of the DD(X) program. The Committee is aware the PMM is significantly lighter and smaller than the fall back option and is much more efficient than any other motor option. The Committee, therefore, directs the Navy to continue PMM development efforts and evaluate conducting land-based testing of the PMM prior to Production Readiness Review [PRR].

Committee recommendation	225,550,000

The Committee recommends \$225,550,000 for the Defense Health Program. The recommendation is \$50,000,000 above the estimate. The Committee recommends that the additional \$50,000,000 be directed to the Army to address funding shortfalls for military treatment facilities [MTFs].

CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, ARMY

The Committee is concerned with the status of the Chemical Demilitarization program. The cost of operations and development of new facilities is growing at a disturbing rate. The increasing expenses when combined with delays in developing the Blue Grass and Pueblo Chemical Munitions Disposal Facilities are placing the nation's ability to meet the Chemical Weapons Convention Treaty requirements at risk. The Committee believes the Chemical Demilitarization program will require significantly more funding to comply with the Treaty.

Further, the Committee understands the Department of Defense is conducting a study of the program to determine options to address the cost growth and funding issues. While the Committee understands the need to perform a review to address challenges that arise, the Committee does not support the use of appropriated funds for any studies that consider transporting chemical munitions across state lines. Also, the Committee directs the Department to continue operations to destroy chemical munitions and continue to develop new sites while the study is on-going. The Treaty timelines are too constrained to permit the Newport plant to be idle or to delay development of the Blue Grass and Pueblo facility sites. Further, the Committee expects that all of the planned sites will be developed and operated to include Blue Grass and Pueblo and instructs the Department of Defense to begin obligation of funds at Blue Grass and Pueblo immediately. The Committee has included Section 1115 to address these matters.

The Committee directs the Department of Defense to prepare a report to be delivered to the congressional defense committees not later than 90 days after enactment of this Act, that (1) addresses the funding required by year to develop, operate and complete the Chemical Demilitarization program within Treaty requirements, (2) provides the Department's plan to fully fund the program in order to comply with the Treaty, (3) describes the Department's plan for each of the known sites or facilities (Tooele, Anniston, Umatilla, Pine Bluff, Aberdeen, Newport, Blue Grass, and Pueblo), and (4) addresses whether the Army should have executive agent responsibility for Assembled Chemical Weapons Alternatives [ACWA]. The Committee also directs the Department of Defense to submit a report detailing the current status of obligations and expenditures at both sites covered under the ACWA program. This report shall be

provided to the Defense Committees 60 days following enactment and every 60 days thereafter until the funds are fully expended.

2005 supplemental estimate	257,000,000
House allowance	257,000,000
Committee recommendation	227,000,000

The Committee recommends \$227,000,000 for Drug Interdiction and Counter-Drug Activities, Defense for programs only in Afghanistan and Pakistan. This is \$30,000,000 below the administration's request. The Committee is disappointed that the Department utilized National Guard counter-drug program funds to initiate programs in South West Asia and insists that the Guard accounts be replenished as soon as possible.

The Committee recommends \$89,300,000 for the Intelligence Community Management Account. The recommendation is \$161,000,000 below the estimate.

GENERAL PROVISIONS, THIS CHAPTER

SPECIAL TRANSFER AUTHORITY

SEC. 1101. The Committee recommendation includes a provision for transfer between appropriations of up to \$2,000,000,000 of funds in this Act, and provides that transfer authority in this section is in addition to any other transfer authority available to the Department of Defense, and is subject to the same terms and conditions as provided in section 8005 of the Department of Defense Appropriations Act, 2005.

GENERAL TRANSFER AUTHORITY

SEC. 1102. The Committee recommendation amends section 8005 of the Department of Defense Appropriations Act, 2005, to increase transfer authority up to \$5,685,000,000.

COUNTER-DRUG ACTIVITIES

SEC. 1103. The Committee recommendation includes a provision that funds made available in "Drug Interdiction and Counter-Drug Activities, Defense" be available for counter-narcotics assistance only for the Governments of Afghanistan and Pakistan.

EXTRAORDINARY AND EMERGENCY EXPENSES

SEC. 1104. The Committee recommendation includes a provision for \$43,000,000 for extraordinary and emergency expenses in order to support emergent requirements associated with the ongoing war on terrorism.

ADVANCE BILLING

SEC. 1105. The Committee recommendation includes a provision that working capital funds of the Department of Defense may utilize advance billing in a total amount not to exceed \$1,500,000,000.

WEAPONS PURCHASE AND DISPOSAL

SEC. 1106. The Committee recommendation includes a provision that the Department of Defense may use Operation and Maintenance, Defense-Wide funds, not to exceed \$10,000,000, for the purchase and disposal of weapons from any person, foreign government, international organization or other entity, for the purpose of protecting U.S. forces overseas.

COMMANDER'S EMERGENCY RESPONSE PROGRAM

SEC. 1107. The Committee recommendation includes a provision amending the National Defense Authorization Act for Fiscal Year 2005 by increasing the amount of funds provided for the Commander's Emergency Response Program [CERP] to \$854,000,000.

CLASSIFIED PROGRAM

SEC. 1108. The Committee recommendation includes a provision to increase the amount of funds pursuant to section 8090(b) in Public Law 108-287 by \$25,000,000.

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE

SEC. 1109. The Committee recommendation includes a provision for the Director of National Intelligence [DNI] with language requested with respect to filling additional positions authorized for the Office of the DNI.

RESERVE AFFILIATION BONUS

SEC. 1110. The Committee recommendation includes a provision for authority to increase the maximum amount of the reserve affiliation bonus not to exceed \$10,000.

SERVICEMEMBERS' GROUP LIFE INSURANCE

SEC. 1111. The Committee recommendation includes a provision amending title 38 to increase the maximum amount payable under Servicemembers' Group Life Insurance to an amount of \$400,000.

DEATH GRATUITY

SEC. 1112. The Committee recommendation includes a provision amending title 10 to increase the death gratuity payment to an amount of \$100,000 in cases when death results from wounds, injuries, or illness that are combat related or occurs in a combat operation or combat zone.

INTELLIGENCE ACTIVITIES AUTHORIZATION

SEC. 1113. The Committee recommendation includes a provision deeming funds appropriated or made available by transfer in this Act for intelligence activities be authorized by Congress.

PROHIBITION OF NEW START PROGRAMS

SEC. 1114. The Committee recommendation includes a provision prohibiting the initiation of new start programs without prior congressional approval.

CHEMICAL WEAPONS DEMILITARIZATION

SEC. 1115. The Committee recommendation includes a provision prohibiting the obligation or expenditure of funds to finance directly or indirectly any study related to the transportation of chemical weapons across State lines.

PHILADELPHIA REGIONAL PORT AUTHORITY

SEC. 1116. The Committee recommendation includes a provision for a grant to the Philadelphia Regional Port Authority.

CONTINUITY OF GOVERNMENT TRANSPORTATION

SEC. 1117. The Committee recommendation includes a provision regarding transportation of officers and employees of the Executive Office of the President to facilitate continuity of government.

LPD-17 COST ADJUSTMENT

SEC. 1118. The Committee recommendation includes a provision that transfers \$19,000,000 from the LCU(X) to the LPD-17 program.

PROHIBITION ON COMPETITION OF THE NEXT GENERATION DESTROYER
(DD(X))

SEC. 1119. The Committee recommendation includes a provision prohibiting funds from being used to implement a winner-take-all strategy for the acquisition of DD(X), the next generation Navy destroyer.

CIVILIAN PAY

SEC. 1120. The Committee recommendation includes a provision that limits funds from being used for any pay raise that is based on an employee's status as a career or non-career employee.

INDUSTRIAL MOBILIZATION CAPACITY

SEC. 1121. The Committee recommendation includes a provision that designates funding for Industrial Mobilization Capacity at Rock Island Arsenal.

CHAPTER 2

SUBCOMMITTEE ON MILITARY CONSTRUCTION AND VETERANS
AFFAIRS, AND RELATED AGENCIES

DEPARTMENT OF DEFENSE

MILITARY CONSTRUCTION

The Committee carefully reviewed the Department's request for emergency military construction funds. In addition to scrutinizing the detailed proposal for each project, the Committee reviewed the request with two broad criteria in mind: whether the proposed spending is truly of an emergency nature, and whether the construction of permanent facilities (where proposed), rather than those of a more expeditionary nature, is appropriate.

Emergency funding is appropriate in limited circumstances. The need must have been impossible to anticipate in time for inclusion in a regular budget request, or of such an urgent nature that construction of a facility must begin before regular appropriations would be available. Construction projects by their nature have long lead times and meeting the "emergency nature" test is difficult. This becomes increasingly true the longer the Global War on Terror endures and operations approach a more steady state.

The question of permanence also bears on whether supplemental emergency funding is appropriate. In some cases (e.g., construction of a runway for heavy aircraft) it may not be possible to distinguish usefully between temporary and permanent facilities. But in many cases useful distinctions can be made. Given the expeditionary nature of our Nation's efforts in Southwest Asia, the Committee would expect temporary facilities to be the rule rather than the exception. The Committee recognizes that some facilities may support longer-term plans for an enduring presence in the region, but the very fact that such projects are part of long-term planning argues against their inclusion in an emergency appropriation. The nature of the United States' long-term presence in the region remains largely undecided and should be determined before extensive investments in permanent facilities are made. Generally, projects intended to support a longer-term enduring presence should be requested in the normal budget process, in which both authorization and appropriations committees have an opportunity to carefully consider the request.

With these criteria in mind, the Committee recommends supporting much, but not all, of the Department's request. The Committee believes that all the proposed projects have merit and ultimately would provide useful capability in the field, but this is an insufficient test for determining whether appropriations should be provided on an emergency basis outside the normal authorization and appropriations process.

Fuel Tank Farm, Bagram, Afghanistan.—The Army proposes expending \$57,000,000 to construct a fuel tank farm at Bagram Airfield, Afghanistan. Justification documents note that the current facility uses fuel bladders that must be replaced at an annualized cost of \$1,500,000. The time required to recover the costs of this project will thus take a number of years beyond the current planning horizon. It's possible that plans could evolve for a longer-term presence at Bagram that would better justify this expenditure, but in that event this project should be considered in the regular authorization and appropriation process. The Committee recommends no funds for this project.

Prime Power Generation, Bagram, Afghanistan.—The Army proposes expending \$31,600,000 for prime power generation at Bagram Airfield, Afghanistan. A field visit to Bagram confirmed that there is no construction involved in this project, which would

simply replace leased diesel generators with purchased generators. For this reason, this project should be funded under the procurement account rather than military construction.

Moreover, there was virtually no lucid justification offered for this project. Army and Central Command officials could not provide the Committee with consistent data regarding current leasing expenses and how long it would take to recoup the costs of procuring new generators. Although the Form 1391 cited poor air quality caused by the current generators' exhaust as justification for this project, the nearly identical purchased generators, which the Army plans to site in the same location, would not mitigate this problem. And although the Army plans to create an industrial area at Bagram, it has no plans to move power generation to this area, even though the generators are immediately adjacent to billeting areas.

The fuel farm and power plant projects are symptomatic of what the Committee perceives as a lack of coherent master planning for facilities at Bagram. The Committee recognizes that, under combat conditions, expediency is necessarily a prime factor in establishing facilities in the field. However, as our Nation makes the transition to a more steady state of operations in the Global War on Terror, and as facilities are reshaped from an expeditionary to an enduring character, more methodical facility planning must take hold. Bagram Airfield promises to be an important and perhaps enduring location in the future, but there is little evidence of coherent master planning, fully coordinated between the Army and the Air Force, for this facility. The Committee believes such a plan is necessary before it can recommend significant further investment at this base.

Aircraft Hangar, Fort Drum, New York.—The Army is embarked on a rapid reorganization of its combat forces into 43 Brigade Combat Team (Units of Action). Although reorganizational efforts would not normally be considered emergencies, the Committee has supported this "Modularity" initiative because of the Army's assurances that the effort was crucial to properly training and equipping forces rotating in and out of Southwest Asia in support of the Global War on Terror. Indeed, to date, all facilities for this effort have been temporary, supporting the notion that this effort could not wait. However, the proposed aircraft hangar at Fort Drum is not a temporary facility and does not directly support the Modularity effort. Rather, it is part of a separate effort to transform Army aviation, one that, while important, has been funded through the normal authorization and appropriations process.

The Committee has similar concerns about the proposed \$70,000,000 expense for Operational Readiness Training Barracks, also permanent facilities requested under the rubric of Modularity. However because these barracks will be located at bases hosting units involved in the rotation of forces into and out of Southwest Asia, the Committee believes these facilities have a more direct connection to the ongoing war effort. The Committee cautions, however, that the Department has now had ample time to incorporate requirements to support Modularity into its annual budget requests. The Committee is unlikely to regard supplemental appro-

priations as an appropriate vehicle for future efforts supporting Modularity.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

2005 appropriation to date	\$1,045,947,000
2005 supplemental estimate	107,380,000
House allowance	92,720,000
Committee recommendation	107,380,000

The Committee recommends \$107,380,000 for Military Construction, Navy and Marine Corps, an amount equal to the administration's request. Funds are provided as follows:

Location	Project description	Budget request	Committee recommendation
California: Camp Pendleton	Force Recon Operations Complex	\$4,980,000	\$4,980,000
California: Camp Pendleton	Force Intel Operations Center	8,700,000	8,700,000

Total	107,380,000	107,380,000

Force Structure Review Group.—The Marine Corps request includes \$75,000,000 for facilities to support restructuring initiated under the Force Structure Review Group. Like the Army Modularity effort, this restructuring is intended to enable the Marine Corps to better support ongoing operations in the Global War on Terror. The Committee supports this effort, but as with the Army's, is concerned about the practice of reorganizational efforts being deemed emergencies and funded via supplemental appropriations. Moreover, the Committee is concerned that this request funds only half of the requirements identified by the Marine Corps, with the rest to come in the regular appropriation cycle. The Committee has difficulty understanding how only part of this effort can be an emergency. Notwithstanding these concerns, and recognizing the burdens shouldered by the Marine Corps in the ongoing Global War on Terror, the Committee recommends funding these projects, but directs the Department to incorporate further such requests into the regular budget process.

2005 supplemental estimate	301,520,000
House allowance	301,386,000
Committee recommendation	140,983,000

The Committee recommends \$140,983,000 for Military Construction, Air Force, which is \$160,537,000 below the administration's request. Funds are provided as follows:

Location	Project description	Budget request	Committee recommendation
Afghanistan: Bagram Air Base	Cargo Handling Area	\$1,800,000	\$1,800,000

Uzbekistan: Karshi-Khanabad Air Base	Runway, Taxiways and Airfield Lighting.	42,500,000	42,500,000
Worldwide Unspecified	Planning and Design	17,270,000	8,233,000
Total	301,520,000	140,983,000

Aerial Port, Ali Al Salem Air Base, Kuwait.—The Air Force seeks \$75,500,000 to construct an aerial port at Ali Al Salem Air Base in Kuwait. This would be the first phase of a multi-phase project, the full scope of which is yet undetermined, as are cost-sharing arrangements with the host nation. Aerial Port operations are now conducted at Kuwait City International Airport [KCIA] and the Government of Kuwait has requested that the United States move its operations to Ali Al Salem in order to free space at the airport, in part—according to Air Force officials—to facilitate creation of a free trade zone around Kuwait City.

This is clearly a permanent facility intended to support a long-term presence in the region. Moreover, while the first phase would provide some initial capability, the aerial port facility will not reach its full capacity, and complete removal from KCIA will not be possible, without substantial additional construction, including extensive runway repair identified subsequent to submission of the supplemental budget request. As such, the Committee cannot agree that construction of this facility constitutes an emergency requirement and does not recommend funds for it. Because moving out of Kuwait City to Ali Al Salem is largely for the benefit of Kuwait, the Committee urges the Department to pursue host nation funding for this project. If U.S. funding still is required, the project should be requested in the regular authorization and appropriations cycle.

ISR Launch and Recovery Facility and Maintenance Complex, Al Dhafra Air Base, United Arab Emirates.—The Department requests \$66,000,000 for this facility. The justification states that operations are currently being conducted out of expeditionary facilities and this project “is a key component of the consolidation of CENTAF force structure in the Southwest Asia Area of Operations. . . .” Because the United States is in fact engaged in expeditionary operations in Southwest Asia, the Committee believes expeditionary facilities are not inappropriate. A longer-term presence with more permanent force structure may be in the interests of the

United States, but plans for such a presence—and requests for the facilities to support that presence—should be presented to the Congress in the regular authorization and appropriation process. Moreover, according to Central Command officials, no discussions have been held with the Government of the United Arab Emirates regarding additional planned construction at Al Dhafra, terms of use for new facilities, and potential cost-sharing with the host nation. The Committee believes there should be agreement with the host nation on these issues before the United States commits to extensive construction supporting an enduring presence. The Committee recognizes that ISR operations at Al Dhafra would be more expedient and less difficult if a permanent facility replaced the current expeditionary capability, but it cannot consider this construction an emergency and recommends no funds for this project.

Repair/Install Airfield Lighting, Balad Air Base, Iraq.—The Department asks for \$25,000,000 to repair and replace airfield lighting at Balad Air Base. This amount is several times higher than similar efforts at other air bases in the region, with no convincing justification for the disparity offered. Moreover, most of the planned work is repair, which can be accomplished with operation and maintenance funds. The Committee recommends a reduction of \$10,000,000 in this project.

2005 appropriation to date	\$1,173,041,000
2005 supplemental estimate	150,000,000
House allowance	150,000,000
Committee recommendation	150,000,000

The Committee recommends an additional \$150,000,000 to reimburse the “Public Law 480 Title II Grants” account for funds used to address emergency food needs for individuals in need of humanitarian assistance in the Darfur region of Sudan which would allow additional contributions to this and other critical food situations.

CHAPTER 2

SUBCOMMITTEE ON STATE, FOREIGN OPERATIONS, AND RELATED
PROGRAMS

DEPARTMENT OF STATE AND RELATED AGENCY

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS

DIPLOMATIC AND CONSULAR PROGRAMS

2005 appropriation to date	\$3,522,000,000
2005 supplemental estimate	767,200,000
House allowance	748,500,000
Committee recommendation	757,700,000

The Committee recommends \$757,700,000 for diplomatic and consular programs, a decrease of \$9,500,000 from the request. The request included \$767,200,000 for diplomatic and consular programs, to include logistical, security and other costs associated with operations in Iraq, security and operational costs associated with operations in Afghanistan, and, the initial costs for the Active Response Corps. The Committee recommends \$7,700,000 for the Office of the Coordinator for Reconstruction and Stabilization, a reduction of \$1,700,000, and expects funding to support additional

personnel requirements in Washington and Sudan. The Committee recommendation does not include \$7,800,000 for a proposed Active Response Corps. As costs and programs of these new activities are better identified, the Committee will consider any proposed re-programming of funds.

The Committee is aware of security concerns that will affect United States Missions in Iraq and Afghanistan and the challenges faced to provide secure, safe, and functional facilities for Mission employees by screening of personnel and their belongings for explosives that cannot be detected by magnetometer or X-ray. The Committee notes that the Department of Homeland Security has made great strides in the research and development of technologies to detect explosives in the transportation sector to prevent terrorist acts that have applications to support United States diplomatic and consular mission security efforts. The Committee recommends that not less than \$10,000,000 be made available for the enhancement of Embassy security in Iraq and Afghanistan by acquiring explosives detection technologies certified and/or deployed by the Department of Homeland Security.

The Committee directs the Secretary of State to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act and 180 days thereafter, detailing: (1) the steps the Iraqi Government is taking to make the receipt and management of revenues, including oil revenues, transparent and publicly accountable; and, (2) the steps the United States is taking to improve the capacity of the Iraqi Government to achieve this goal.

EMBASSY SECURITY, CONSTRUCTION, AND MAINTENANCE

2005 appropriation to date	\$603,510,000
2005 supplemental estimate	658,000,000
House allowance	592,000,000
Committee recommendation	592,000,000

The request included \$658,000,000 to construct the permanent New Embassy Compound in Baghdad, Iraq. In planning for the construction of this Embassy, the Department of State has relied on several optimistic planning factors: first, a construction workforce of 2,000 personnel, laboring in a permissive security environment, will be able to complete construction within 24 months; second, projected mission staffing levels will approximate those needed for current operations and conditions; and, third, that the square footage and acreage required for the Embassy Compound should be commensurate with wartime staffing levels.

The Committee commends the Department of State for developing a construction plan that is graduated, and subject to being scaled back based on actual requirements in Baghdad. The Committee recommends \$592,000,000 for the New Embassy Compound, a level commensurate with reduced mission staffing levels.

INTERNATIONAL ORGANIZATIONS AND CONFERENCES
CONTRIBUTIONS FOR INTERNATIONAL PEACEKEEPING ACTIVITIES
(INCLUDING TRANSFER OF FUNDS)

2005 appropriation to date	\$483,455,000
2005 supplemental estimate	780,000,000
House allowance	580,000,000
Committee recommendation	680,000,000

The Committee recommends \$680,000,000, a decrease of \$100,000,000 from the request. The Committee recommendation includes funding for peacekeeping costs assessed by the United Nations and established by the Security Council. The Department of State may fund assessed costs for any United Nations peacekeeping mission begun or established subsequent to enactment of the accompanying bill through the reprogramming of funds, or during the first quarter of the next fiscal year. The Committee recommendation does not include funds for a United States contribution to a Sudan War Crimes Tribunal.

RELATED AGENCY

BROADCASTING BOARD OF GOVERNORS

INTERNATIONAL BROADCASTING OPERATIONS

2005 appropriation to date	\$583,107,000
2005 supplemental estimate	4,800,000
House allowance	4,800,000
Committee recommendation	4,800,000

The Committee recommends \$4,800,000, as requested.

BROADCASTING CAPITAL IMPROVEMENTS

2005 appropriation to date	\$8,446,000
2005 supplemental estimate	2,500,000
House allowance	2,500,000
Committee recommendation	2,500,000

The Committee recommends \$2,500,000, as requested, for improvements to transmitting systems in Tajikistan.

BILATERAL ECONOMIC ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

UNITED STATES AGENCY FOR INTERNATIONAL
DEVELOPMENT

INTERNATIONAL DISASTER AND FAMINE ASSISTANCE

2005 appropriation to date	\$367,040,000
2005 supplemental estimate	44,000,000
House allowance	94,000,000
Committee recommendation	44,000,000

The Committee recommends \$44,000,000, as requested, for an additional amount for International Disaster and Famine Assistance to address the humanitarian crisis in the Darfur region of Sudan, and includes language permitting reimbursement to the

United States Agency for International Development [USAID] for costs already incurred for such purposes.

TRANSITION INITIATIVES

2005 appropriation to date	\$48,608,000
2005 supplemental estimate	63,000,000
House allowance	
Committee recommendation	63,000,000

The Committee recommends \$63,000,000 for an additional amount for Transition Initiatives for rehabilitation and reconstruction activities in Sudan in support of the implementation of the Comprehensive Peace Agreement signed on January 9, 2005.

The Committee is aware that in excess of 1,000 individuals are currently in custody in Haiti's National Penitentiary, of which less than 1 percent have been convicted and sentenced. In addition, it is estimated that in excess of 1,000 unreported individuals are in custody in Haiti's police jails. The Committee notes that prolonged detention without charge is illegal in Haiti, and believes that USAID should immediately address this life threatening and potentially explosive situation. The Committee includes not less than \$2,500,000 for the management of criminal cases, case tracking, and the reduction of pre-trial detention in Haiti.

OPERATING EXPENSES OF THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT

2005 appropriation to date	\$613,056,000
2005 supplemental estimate	24,400,000
House allowance	24,400,000
Committee recommendation	24,400,000

The Committee recommends \$24,400,000, as requested, for an additional amount for Operating Expenses of the United States Agency for International Development for security and other extraordinary operating costs in Iraq.

OPERATING EXPENSES OF THE UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT OFFICE OF INSPECTOR GENERAL

2005 appropriation to date	\$34,720,000
2005 supplemental estimate	2,500,000
House allowance	2,500,000
Committee recommendation	2,500,000

The Committee recommends \$2,500,000, as requested, for an additional amount for Operating Expenses of the United States Agency for International Development Office of Inspector General for audit activities in Iraq.

OTHER BILATERAL ECONOMIC ASSISTANCE

ECONOMIC SUPPORT FUND

(INCLUDING TRANSFER OF FUNDS)

2005 appropriation to date	\$2,462,640,000
2005 supplemental estimate	1,631,300,000
House allowance	1,058,200,000
Committee recommendation	1,631,300,000

The Committee recommends \$1,631,300,000, as requested, for an additional amount for the Economic Support Fund to be allocated as follows:

ECONOMIC SUPPORT FUND
[Budget authority, in thousands of dollars]

	Supplemental request	Committee recommendation
Afghanistan	1,309,300	1,309,300
Jordan	100,000	100,000
West Bank/Gaza	200,000	150,000
Israel	50,000
Sudan	22,000	22,000
Total	1,631,300	1,631,300

The Committee commends the people of Afghanistan for the significant progress achieved to date, and underscores its commitment to long-term assistance for that country. The Committee expects additional funding for Afghanistan to be requested through the regular annual appropriations process.

The Committee remains concerned about the thousands of internally displaced persons in Afghanistan who lack sufficient shelter, clothing, heating fuel, safe water, food and other basic necessities. Accordingly, the Committee includes not less than \$5,000,000 for assistance for Afghan IDPs.

The Committee reiterates its support for the civic education programs conducted by Voice for Humanity [VFH] in Afghanistan, and recommends not less than \$7,000,000 for these activities in support of anticipated parliamentary elections later this year.

The Committee expects the Department of State and USAID to place an emphasis on programs that address the needs of women and people with disabilities.

The Committee is alarmed by reports of anti-aircraft missiles smuggled from Egypt to Gaza and recognizes the immediate threat these missiles pose to civilian aircraft in the region. The Committee notes that the budget request does not contain direct support for the Palestinian Authority, and concurs strongly with this position and expects that to be maintained. The Committee directs the Department of State to report within 30 days after enactment of this Act on the status and threats posed to civilian aircraft by the reported smuggled missiles, and specific steps taken by the Palestinian Authority to mitigate this threat.

The Committee recognizes the importance of adequate health care for Palestinian women and children and recommends \$3,500,000 be provided to support the activities of the Holy Family Hospital in Bethlehem.

The Committee reiterates that conditions and restrictions on assistance for the West Bank, Gaza and the Palestinian Authority contained in the General Provisions section of division D of Public Law 108-447 apply to assistance for the West Bank and Gaza recommended under this heading, as well as the separate account requirement contained in section 529 of that law.

ASSISTANCE FOR THE INDEPENDENT STATES OF THE FORMER SOVIET
UNION

2005 appropriation to date	\$555,520,000
2005 supplemental estimate	60,000,000
House allowance	33,700,000
Committee recommendation	70,000,000

The Committee recommends \$70,000,000 for an additional amount for Assistance for the Independent States of the Former Soviet Union, of which \$60,000,000 is for assistance for Ukraine.

The Committee recognizes the historic achievements of the Orange Revolution and believes that additional funding will help promote and consolidate vital political and economic reforms in that country.

The Committee strongly supports programs to strengthen Ukrainian civil society organizations, which play a key role in the consolidation of democracy. The Committee believes that support for these organizations should be increased, and recommends not less than \$3,650,000 for these programs.

The Committee recognizes the unique opportunity that exists to promote democracy in Belarus, given the success of freedom in neighboring Ukraine. The Committee recommends \$5,000,000 for these efforts to be administered by the Bureau of Democracy, Human Rights and Labor at the Department of State, and expects not less than \$2,000,000 to be provided for activities that strengthen democratic political parties in that country.

The Committee is concerned that there are also urgent humanitarian, conflict mitigation, and recovery needs in Chechnya, Ingushetia, and elsewhere in the North Caucasus. The Committee includes not less than \$5,000,000 for these purposes, to be administered by USAID's Moscow Mission and Office of Conflict Management and Mitigation, in consultation with the Committees on Appropriations.

The Committee notes with interest recent political developments in the Kyrgyz Republic, and urges the Department of State to secure the agreement of all participating States of the Organization for Security and Cooperation in Europe [OSCE] to significantly expand the existing OSCE mission in that country. The Committee believes that the OSCE is in a unique position to respond to these developments by assisting with the Kyrgyz Republic's democratic transition, including through the promotion of democratic institutions, good governance, and respect for human rights.

DEPARTMENT OF STATE

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

(INCLUDING TRANSFER OF FUNDS)

2005 appropriation to date	\$326,189,000
2005 supplemental estimate	660,000,000
House allowance	594,000,000
Committee recommendation	660,000,000

The Committee recommends \$660,000,000, an amount equal to the request, for police and counternarcotics programs in Afghanistan. None of the funds recommended by the Committee may be

available for aerial eradication programs within Afghanistan absent a formal request by the President of Afghanistan seeking such support.

The supplemental request included \$46,500,000 for the operation and maintenance of a United States-owned and operated fleet of helicopters (to be procured with fiscal year 2005 funds reprogrammed from other activities) to support eradication of illicit crops. Subsequent to the supplemental request, the Congress denied the reprogramming of funds for the procurement of helicopters. Consequently, the Department of State no longer has a need for the operation and maintenance funds described above. To promote stability within Afghanistan the Committee recommends that \$44,500,000 be available only for the establishment of a pilot program to train local Afghan police forces. The Department of State is to submit a report to the Committee not later than July 1, 2005 containing a proposal for establishing such a program, and the intended expenditure of the recommended funds.

The Committee recommends not less than \$2,000,000 of these funds be transferred to and merged with "Economic Support Fund" for USAID's program to assist Afghan civilians who have suffered losses as a result of military operations in Afghanistan.

MIGRATION AND REFUGEE ASSISTANCE

2005 appropriation to date	\$763,840,000
2005 supplemental estimate	53,400,000
House allowance	103,400,000
Committee recommendation	108,400,000

The Committee recommends \$108,400,000 for an additional amount for Migration and Refugee Assistance. Of this amount, \$48,400,000 is to meet the urgent needs of Sudanese refugees in Chad and internally displaced persons in Darfur, Sudan, and \$5,000,000 is to facilitate the return and reintegration of Sudanese refugees from neighboring countries.

The Committee is aware that the Department of State has identified and could process up to 55,000 refugees for admission into the United States in fiscal year 2005, but that due to unanticipated costs resulting from accelerated processing to meet the President's admissions target as well as enhanced security requirements, funds previously appropriated for refugee admissions in fiscal year 2005 are sufficient to admit only 41,000 refugees. The Committee recognizes that unless this \$25,900,000 funding shortfall is addressed in fiscal year 2005, a backlog will result in fiscal year 2006 and beyond. The Committee includes sufficient funding to process 55,000 refugees. The Committee also includes additional funds to address the compelling needs of refugees and displaced persons in Africa, including Sudan, Liberia, and Uganda.

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

2005 appropriation to date	\$398,784,000
2005 supplemental estimate	32,100,000
House allowance	17,100,000
Committee recommendation	32,100,000

The Committee recommends \$32,100,000, an amount equal to the request, for anti-terrorism training, protection, and a Non-proliferation and Disarmament Fund activity.

FUNDS APPROPRIATED TO THE PRESIDENT

OTHER BILATERAL ASSISTANCE

GLOBAL WAR ON TERROR PARTNERS FUND

2005 appropriation to date	
2005 supplemental estimate	\$200,000,000
House allowance	
Committee recommendation	40,000,000

The request includes \$200,000,000 for a Global War on Terror Partners Fund to provide critical economic assistance to coalition partners contributing forces to operations in Iraq and Afghanistan. The Committee is acutely aware, and appreciative of, the sacrifices endured by America's allies, and recommends \$40,000,000 to meet the urgent economic requirements of Yemen, the Krygyz Republic, Morocco, El Salvador, Mongolia and Djibouti.

MILITARY ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

FOREIGN MILITARY FINANCING PROGRAM

2005 appropriation to date	\$4,745,232,000
2005 supplemental estimate	250,000,000
House allowance	250,000,000
Committee recommendation	250,000,000

The Committee recommends \$250,000,000 for the Foreign Military Financing Program, an amount equal to the request. Of the funds provided, \$150,000,000 shall be available only for Pakistan, and \$100,000,000 for Jordan.

PEACEKEEPING OPERATIONS

2005 appropriation to date	\$256,928,000
2005 supplemental estimate	210,000,000
House allowance	10,000,000
Committee recommendation	210,000,000

The request included \$210,000,000 for Peacekeeping Operations to fund military and other security assistance for important coalition partners. The Committee is aware that many of our coalition allies have deferred training and modernization in order to fund their respective deployments to either Iraq or Afghanistan. The Committee recommends \$210,000,000 to assist our allies in force modernization, training, and to improve their respective capabilities for future deployments.

The Committee urges the Secretary of State to consider the following coalition partners for assistance: Poland, Romania, Bulgaria, El Salvador, Ukraine, Mongolia, Georgia, Lithuania, Slovakia, the Czech Republic, and Albania.

The Committee understands that Israel's planned withdrawal from the Gaza Strip, and the potential deployment of Egyptian

Border Guards, may result in unforeseen costs to the Multinational Force and Observers [MFO] in the Sinai. The Committee recommends that of the funds provided for Peacekeeping Operations, up to \$10,000,000 may be available for additional costs borne by the MFO related to Israel's withdrawal from the Gaza Strip.

GENERAL PROVISIONS, THIS CHAPTER

VOLUNTARY CONTRIBUTION

SEC. 2101. This provision amends Section 307(a) of the Foreign Assistance Act of 1961 by striking "Iraq," from the list of countries for which the United States would otherwise be required to withhold voluntary contributions.

REPORTING REQUIREMENT

SEC. 2102. This provision requires the President to submit a report to Congress regarding actions taken by the Palestinian Authority to counter terrorism, and provides that up to \$5,000,000 from funds provided for the West Bank and Gaza may be used for an independent audit of Palestinian Authority expenditures and accounting procedures.

(RESCISSION OF FUNDS)

SEC. 2103. This provision rescinds funds provided in Public Law 108-11.

DEMOCRACY EXCEPTION

SEC. 2104. This provision exempts democracy and rule of law programs and activities from restrictions contained in section 574 of Division D of Public Law 108-447, relating to the International Criminal Court.

TITLE III—DOMESTIC APPROPRIATIONS FOR THE WAR ON
TERROR

CHAPTER 1

SUBCOMMITTEE ON COMMERCE, JUSTICE, SCIENCE, AND RELATED
AGENCIES

DEPARTMENT OF JUSTICE

OFFICE OF INSPECTOR GENERAL

2005 appropriation to date	\$62,960,000
2005 supplemental estimate	
House allowance	
Committee recommendation	2,500,000

The Committee recommends \$2,500,000 for the Office of Inspector General [OIG]. The recommendation is \$2,500,000 above the request and the House recommendation.

While the OIG's funding and staff levels have remained level or reduced slightly in recent years, its oversight requirements have increased significantly, in part due to the substantial growth and changes within the Federal Bureau of Investigation [FBI]. Increases included in this Act, for example, will directly impact the OIG's ongoing reviews of the Terrorist Screening Center and the FBI's activities in Iraq. The recommendation therefore ensures the OIG has the resources necessary to continue these and other critical reviews within the FBI and the Department of Justice.

UNITED STATES MARSHALS SERVICE

SALARIES AND EXPENSES

2005 appropriation to date	\$741,941,000
2005 supplemental estimate	
House allowance	
Committee recommendation	11,935,000

The Committee recommends \$11,935,000 for the United States Marshals Service [USMS]. The recommendation is \$11,935,000 above the request and the House recommendation.

Recent events prove a need for increased judicial security, including outside courthouse facilities, which falls under the jurisdiction of the USMS. The Committee believes the USMS should reevaluate existing policies governing when and whether suspicious threats and inappropriate communications demand judicial protection. The Committee also recommends funding increases to enhance the USMS's ability to assess and respond to such threats, including funding for off-site security enhancements such as home intrusion detection systems. Specifically, the Committee recommends \$2,906,000 for additional Judicial Security Inspectors to survey ju-

dicial residences and other relevant locations outside the Federal courthouse; \$2,456,000 for the Technical Operations Group for surveillance activities and equipment; \$4,883,000 for protective intelligence data gathering; and \$1,690,000 for the Office of Protective Intelligence data analysis. The USMS shall submit a spend plan to the Committees on Appropriations prior to the obligation of any of these funds.

FEDERAL BUREAU OF INVESTIGATION

SALARIES AND EXPENSES

2005 appropriation to date	\$5,135,506,000
2005 supplemental estimate	80,000,000
House allowance	78,970,000
Committee recommendation	66,512,000

The Committee recommends \$66,512,000 for the Federal Bureau of Investigation [FBI]. The recommendation is \$13,488,000 below the request and \$12,458,000 below the House recommendation.

The Committee does not agree with the FBI's reliance on emergency funding to support the anticipated and ongoing requirements of critical programs, including the FBI's activities in Iraq and the Terrorist Screening Center. The Committee believes the FBI should have included the necessary funding to support these programs in its fiscal year 2005 budget request or through a reprogramming of existing resources from lower priority missions. The Committee directs the FBI to submit such a reprogramming should either of these programs require additional funding before the end of this fiscal year, subject to the notification requirements in the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 2005.

Iraq Activities.—The Committee recommends \$29,062,000 for the FBI's activities in Iraq, including: \$8,002,000 for tactical weapons, ammunition, equipment and outfitting; \$7,000,000 for overtime and hazardous duty pay; and \$14,060,000 for airlift, travel, processing and deployment. The Committee recognizes the FBI's important role in Iraq, which includes pursuing counterterrorism leads by interviewing detainees and exploiting documents, providing force protection to Department of Justice personnel, and, along side the Bureau of Alcohol, Tobacco, Firearms and Explosives, providing diagnostic and render safe procedures on improvised explosive devices.

Terrorist Screening Center.—The Committee also recommends \$31,450,000 for the Terrorist Screening Center [TSC], including: \$2,296,000 for office supplies and equipment; \$19,060,000 for information technology requirements; \$4,000,000 for contract staff; \$2,000,000 for training and security; \$1,531,000 for disaster recovery; and \$2,563,000 for connectivity with the Violent Gang and Terrorist Organization File.

A Government Accountability Office report released in April 2003 found that nine Federal agencies maintained 12 separate watch lists that included information about known or suspected terrorists, and that technical and bureaucratic problems hindered the ability to share information between agencies even after the September 11, 2001, terrorist attacks. In response, TSC was established to

consolidate the government’s approach to terrorism screening. As such, TSC has consolidated the 12 separate watch lists, and provides operational support for law enforcement, consular offices and other officials as appropriate.

Since its creation, TSC has requested funding in an ad hoc manner without consideration of long-term requirements and funding needs. To some extent, this is understandable because TSC was recently established and its requirements are directly connected to the unknown future missions and needs of other Federal agencies and entities relying on TSC’s support. Even so, the Committee believes a long-term plan for TSC is necessary and therefore directs the FBI to submit, no later than September 1, 2005, a report that includes the following: (1) a 5 year staffing and spend plan for TSC; (2) a list of TSC’s existing and projected users, their sponsoring agency, and that agency’s financial and in-kind contributions to TSC; (3) a comprehensive description and direct cost estimate of the unique needs of these users by agency, fiscal year, project, program and activity; (4) an estimated cost on a by-user basis (including a listing of each user agency); and (5) any additional TSC requirements and the costs associated with those requirements.

In the meantime, TSC should concentrate efforts and resources on developing a permanent workforce, rather than relying on 1 to 3 month personnel rotations, and acquiring a facility that will meet its future space requirements. Therefore, funding requested for travel costs associated with temporary duty staff and to renovate existing space already too small to accommodate existing personnel is not included. However, to address additional space needs, the Committee authorizes the FBI to execute a lease of up to 160,000 square feet of space for TSC within the Washington, D.C. metropolitan area.

Strategic Technologies and Applications Section.—In addition, the Committee recommends \$6,000,000 for the Special Technologies and Applications Section [STAS]. STAS has proven its ability to plan, develop and deploy complex computer systems that result in measurable improvements in the FBI’s intelligence process. The Committee is aware of a recently developed tool that will significantly expedite and enhance intelligence analysis. This funding shall be used to begin the transition of this most recent technical analysis system from a pilot program to production use, consistent with STAS’s rapid prototyping and development methodology.

DRUG ENFORCEMENT ADMINISTRATION

SALARIES AND EXPENSES

2005 appropriation to date	\$1,631,182,000
2005 supplemental estimate	7,648,000
House allowance	7,648,000
Committee recommendation	7,648,000

The Committee recommends \$7,648,000 for the Drug Enforcement Administration [DEA]. The recommendation is equal to the request and to the House recommendation. This funding will support the DEA’s counternarcotics efforts to reduce poppy and heroin production in Afghanistan.

BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES
SALARIES AND EXPENSES

2005 appropriation to date	\$878,465,000
2005 supplemental estimate	
House allowance	
Committee recommendation	5,100,000

The Committee recommends \$5,100,000 for the Bureau of Alcohol, Tobacco, Firearms and Explosives [ATF]. The recommendation is \$5,100,000 above the request and the House recommendation.

This funding shall support ATF's on-going activities in the Iraq theater of operations, including assistance to the U.S. military. Within this amount, \$3,200,000 shall be for expenditures in direct support of the U.S. Embassy in Iraq in the areas of explosives enforcement and firearms tracking; \$400,000 shall be for a Combined Explosives Exploitation Cell to provide improvised explosive device [IED] technical support to Department of Defense components in Iraq; and \$1,500,000 for operations to track arson and explosives systems in a centralized database.

CHAPTER 2

SUBCOMMITTEE ON ENERGY AND WATER, AND RELATED AGENCIES

DEPARTMENT OF ENERGY

NATIONAL NUCLEAR SECURITY ADMINISTRATION

WEAPONS ACTIVITIES

2005 appropriations to date	\$6,176,659,000
2005 supplemental estimate	
House allowance	
Committee recommendation	26,000,000

The Committee recommends \$26,000,000 for the consolidation and transfer of special nuclear material from TA-18 at Los Alamos National Laboratory to the Device Assembly Facility, Nevada and other matters with the weapons program. The administration did not request funding to support the transfer of this material as part of the President's fiscal year 2005 budget, but this represents a necessary expenditure to secure Category I, special nuclear material and ship it out of TA-18 to the Device Assembly Facility in Nevada. The National Nuclear Security Administration is prepared to execute this transfer this fiscal year.

DEFENSE NUCLEAR NONPROLIFERATION

2005 appropriations to date	\$1,409,034,000
2005 supplemental estimate	110,000,000
House allowance	110,000,000
Committee recommendation	84,000,000

The Committee recommends \$29,000,000 for the deployment of radiation detection equipment and the training of law enforcement officials in four overseas ports to provide them with the technical means to detect, deter, and interdict illicit trafficking in nuclear and other radioactive material through the Megaports program. While the Committee supports the Megaports initiative, it is recog-

nized that not all of the funding proposed by the administration can be spent in fiscal year 2005. The Committee will address Megaports funding as part of the fiscal year 2006 budget. The Committee also recommends \$55,000,000 to address urgent priorities outside of the former Soviet Union to secure nuclear material from diversion or theft by terrorists or states of concern.

CHAPTER 3

SUBCOMMITTEE ON HOMELAND SECURITY

DEPARTMENT OF HOMELAND SECURITY

IMMIGRATION AND CUSTOMS ENFORCEMENT

SALARIES AND EXPENSES

2005 appropriation to date	\$2,438,494,000
2005 supplemental estimate	
House allowance	
Committee recommendation	276,000,000

The Committee recommends an additional \$276,000,000 for Immigration and Customs Enforcement [ICE] salaries and expenses. The entire amount is designated as an emergency requirement.

ICE, since its creation in March of 2003 within the Department of Homeland Security, has suffered base funding shortfalls. Despite the Committee's efforts to address the shortfall, this situation has continued, denying ICE the ability to carry out its vital immigration and customs investigation and detention and removal functions. The Committee is aware that the situation within ICE is due not only to lack of resources, but also to poor internal financial controls and ill-advised management decisions. Despite this, the Committee believes that the adverse impact of hiring and spending freezes and uncertainty on the operations of this critical agency constitute a serious emergency that must be addressed. The Department needs to rectify this situation and end the cycle of stop-gap solutions. Far too much time has been spent trying to figure out how this situation came about rather than solving the problem to ensure that this agency, which is essential to combating terrorism, is solvent.

The Committee wishes to make it absolutely clear that this is the final aid that will be provided to ICE to shore up its base. It is the responsibility of the Department and ICE to move forward from this point to establish adequate financial controls and to properly manage ICE expenditures within available resource limitations.

Of the \$276,000,000 provided, no less than \$11,000,000 shall be for salaries and benefits to allow for the immediate lifting of the hiring freeze. ICE is directed to begin the process of hiring and training approximately 50 full-time equivalents [FTEs] (200 positions) in the Detention and Removal Operations program, 25 FTEs (100 positions) in the Investigations program, and 4 FTEs (16 positions) in the Office of the Principal Legal Advisor to replace employees lost through attrition this fiscal year. The Committee understands that 79 FTEs is the maximum level of hiring that can be accomplished this fiscal year. The Committee also directs the Federal Law Enforcement Training Center to make space available

for ICE to schedule a minimum of seven training classes for detention officers and investigators in fiscal year 2005. The remainder of the funds provided will allow the lifting of spending controls to permit investment in vehicle fleets, body armor, training, travel, information technology, and other essential functions.

The Committee directs the Department to submit a detailed report no later than 30 days after enactment of this Act to the Senate and House Committees on Appropriations with the on-board level of FTEs for each individual office by location; the number of vacant FTEs; and the new hires planned by week for each office beginning the week after enactment of this Act through September 30, 2005. This report should specify the hiring of FTEs associated with program enhancements for which funds were appropriated by Public Law 108-334. These include Compliance Teams (33 FTEs), Worksite Enforcement (10 FTEs), International Affairs (45 FTEs), Alternatives to Detention (15 FTEs), Institutional Removal Program (70 FTEs), Legal Workload (20 FTEs), and detention beds to support other programs (7 FTEs). An updated report with actual hires is to be submitted to the Committee every 2 weeks thereafter.

The Committee recommends the base realignment of the Detention and Removal Operation Program, as proposed by the Department on March 11, 2005. The following chart shows the distribution by program, project, and activity of the recommended supplemental appropriations and this realignment.

[In thousands of dollars]

	Fiscal year 2005 enacted	Fiscal year 2005 base re-alignment	Fiscal year 2005 supplemental estimate	Fiscal year 2005 revised enacted

[In thousands of dollars]

	Fiscal year 2005 enacted	Fiscal year 2005 base re-alignment	Fiscal year 2005 supplemental estimate	Fiscal year 2005 revised enacted
Total, Salaries and Expenses	2,438,494	2,438,494	276,000	2,714,494

The Committee is aware of higher estimates within two fee accounts for ICE and directs that the new estimated fee collections be made available to ICE for fiscal year 2005, as follows:

	Fiscal year 2005 estimate	Fiscal year 2005 revised estimate
Immigration User Fee Account	\$90,000,000	\$100,000,000
Breached Bond Detention Fund	70,000,000	114,000,000

UNITED STATES COAST GUARD

OPERATING EXPENSES

2005 appropriation to date	\$5,157,220,000
2005 supplemental estimate	111,950,000
House allowance	111,950,000
Committee recommendation	111,950,000

The Committee recommends an additional \$111,950,000, as requested by the President, for U.S. Coast Guard expenditures in support of Operation Iraqi Freedom and Operation Enduring Freedom. This funding will support active duty and mobilized reserve personnel, including medical, travel, and per diem costs; operations, such as incremental ship operating hours, logistics support, and incremental fuel purchases; and routine depot level maintenance. The entire amount is designated as an emergency requirement.

ACQUISITION, CONSTRUCTION, AND IMPROVEMENTS

2005 appropriation to date	\$982,200,000
2005 supplemental estimate	49,200,000
House allowance	49,200,000
Committee recommendation	49,200,000

The Committee recommends an additional \$49,200,000, as requested by the President, for renovation and subsystem replacement of U.S. Coast Guard 110-foot Patrol Boats, six of which are deployed in support of Operation Iraqi Freedom. This funding will help ensure that the condition of the fleet is not degraded by deployments in support of the Department of Defense. The entire amount is designated as an emergency requirement.

CHAPTER 4

SUBCOMMITTEE ON THE LEGISLATIVE BRANCH

CAPITOL POLICE

SALARIES

2005 appropriation to date	\$201,812,000
2005 supplemental estimate	36,483,000
House allowance	
Committee recommendation	10,000,000

The Committee recommends \$10,000,000 for Capitol Police salaries. The amount recommended includes funds for the hiring of up to 50 additional officers to ensure adequate coverage of all existing and new posts. The balance is provided as a contingency in the event of an emergency requirement as determined by the Capitol Police Board, available upon the approval of the Committees on Appropriations.

EXPENSES

2005 appropriation to date	\$28,657,000
2005 supplemental estimate	23,044,000
House allowance	
Committee recommendation	13,300,000

The Committee recommends \$13,300,000 for additional expenses of the Capitol Police for various emergency security requirements.

ARCHITECT OF THE CAPITOL

CAPITOL POLICE BUILDINGS AND GROUNDS

2005 appropriation to date	\$5,806,000
2005 supplemental estimate ¹	
House allowance	
Committee recommendation	23,000,000

¹ The Capitol Police Board recommended \$23,000,000 for this project on February 7, 2005.

The Committee recommends \$23,000,000 for Capitol Police Buildings and Grounds, for the construction of an off-site delivery facility. The Committee believes this project is a very high priority and expects the Architect to move expeditiously to complete this facility in a timely manner. The Committee notes that this project has been a top priority for USCP since 1999. It has become an urgent requirement owing to construction of the new baseball stadium which will force USCP to relocate this facility within the year.

TITLE IV—INDIAN OCEAN TSUNAMI RELIEF

CHAPTER 1

SUBCOMMITTEE ON COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES

DEPARTMENT OF COMMERCE

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

OPERATIONS, RESEARCH, AND FACILITIES

2005 appropriation to date	\$2,786,472,000
2005 supplemental estimate	4,830,000
House allowance	4,830,000
Committee recommendation	7,070,000

The Committee recommends \$7,070,000 to support the expansion and enhancement of the United States' tsunami warning capabilities. The recommendation is \$2,240,000 above the request and \$2,240,000 above the House recommendation.

The recommendation includes: expansion, upgrades, operations and maintenance for the sea level monitoring and tide gauge network; continual operations of National Oceanic and Atmospheric Administration's [NOAA] existing tsunami warning centers; expansion of the Tsunami Ready Community efforts; and \$3,000,000 for the expansion and acceleration of the inundation mapping and modeling efforts for at-risk coastal areas, which includes bathymetric Light Detection and Ranging [LIDAR] mapping. The Committee encourages NOAA to utilize the next generation buoy research and development funds to design a buoy which supports both tsunami detection and the Integrated Coastal and Ocean Observing System.

PROCUREMENT, ACQUISITION AND CONSTRUCTION

2005 appropriation to date	\$1,039,365,000
2005 supplemental estimate	9,670,000
House allowance	9,670,000
Committee recommendation	10,170,000

The Committee recommends \$10,170,000 to support the acquisition of buoys which detect tsunamis; the expansion of the Pacific Tsunami Warning Center; and the improvement of seismic measurements. The recommendation is \$500,000 above the request and \$500,000 above the House recommendation.

The Committee directs the National Oceanic and Atmospheric Administration [NOAA] to submit a spending plan for these funds no later than May 15, 2005. The Consolidated Appropriations Act, 2005 provided \$50,851,000 to NOAA to lead the effort to develop and deploy a National Integrated Coastal and Ocean Observing

System. The Committee notes that the proposed Deep-ocean Assessment and Reporting of Tsunamis [DART] buoys are not equipped to be integrated into such an observing system. The DART buoys are designed for the single purpose of tsunami detection and are not built to carry the appropriate suite of ocean, climate, and weather sensors to support an Integrated Coastal and Ocean Observing System. The expansion of a single purpose observing system is ill-advised. The Committee strongly encourages NOAA to develop tsunami warning detection devices which support the Integrated Coastal and Ocean Observing System. Furthermore, the Committee notes that the request for a seven-fold increase in buoy production will severely strain space currently allocated for these activities. The Committee believes that this increase will inevitably necessitate an expansion of the buoy production facilities.

CHAPTER 2

SUBCOMMITTEE ON DEFENSE

DEPARTMENT OF DEFENSE—MILITARY

OPERATION AND MAINTENANCE

The Committee fully supports the President's supplemental request to reimburse the military services and the Overseas Humanitarian, Disaster, and Civic Aid account for emergency relief, rehabilitation, and reconstruction aid provided by the military services following the December 2004 Tsunami in South Asia. The men and women of the United States military demonstrated a capability that is unparalleled in the world. Their ability to quickly respond to the disaster with sustained lift and water purification capabilities undoubtedly saved thousands of lives. The Committee commends the men and women in our Armed Forces for their extraordinary efforts, compassion, and dedication to protecting human life.

OPERATION AND MAINTENANCE, NAVY

2005 appropriation to date	\$29,687,245,000
2005 supplemental estimate	124,100,000
House allowance	124,100,000
Committee recommendation	124,100,000

The Committee recommends \$124,100,000 for Operation and Maintenance, Navy. The recommendation is equal to the estimate.

OPERATION AND MAINTENANCE, MARINE CORPS

2005 appropriation to date	\$3,629,901,000
2005 supplemental estimate	2,800,000
House allowance	2,800,000
Committee recommendation	2,800,000

The Committee recommends \$2,800,000 for Operation and Maintenance, Marine Corps. The recommendation is equal to the estimate.

OPERATION AND MAINTENANCE, AIR FORCE

2005 appropriation to date	\$28,113,533,000
2005 supplemental estimate	30,000,000
House allowance	30,000,000
Committee recommendation	30,000,000

The Committee recommends \$30,000,000 for Operation and Maintenance, Air Force. The recommendation is equal to the estimate.

OPERATION AND MAINTENANCE, DEFENSE-WIDE

2005 appropriation to date	\$17,449,619,000
2005 supplemental estimate	29,150,000
House allowance	29,150,000
Committee recommendation	29,150,000

The Committee recommends \$29,150,000 for Operation and Maintenance, Defense-Wide. The recommendation is equal to the estimate.

OVERSEAS HUMANITARIAN, DISASTER, AND CIVIC AID

2005 appropriation to date	\$59,000,000
2005 supplemental estimate	36,000,000
House allowance	36,000,000
Committee recommendation	36,000,000

The Committee recommends \$36,000,000 for Overseas Humanitarian, Disaster, and Civic Aid. The recommendation is equal to the estimate.

OTHER DEPARTMENT OF DEFENSE PROGRAMS

DEFENSE HEALTH PROGRAM

2005 appropriation to date	\$18,171,436,000
2005 supplemental estimate	3,600,000
House allowance	3,600,000
Committee recommendation	3,600,000

The Committee recommends \$3,600,000 for the Defense Health Program. The recommendation is equal to the estimate.

CHAPTER 3

SUBCOMMITTEE ON HOMELAND SECURITY

DEPARTMENT OF HOMELAND SECURITY

UNITED STATES COAST GUARD

OPERATING EXPENSES

2005 appropriation to date	\$5,157,220,000
2005 supplemental estimate	350,000
House allowance	350,000
Committee recommendation	350,000

The Committee recommends an additional \$350,000, as requested by the President, to fund the incremental costs of U.S. Coast Guard air operations in support of tsunami relief efforts in

Southeast Asia. The entire amount is designated as an emergency requirement.

CHAPTER 4

SUBCOMMITTEE ON INTERIOR AND RELATED AGENCIES

DEPARTMENT OF THE INTERIOR

UNITED STATES GEOLOGICAL SURVEY

SURVEYS, INVESTIGATIONS, AND RESEARCH

2005 appropriation to date	\$936,464,000
2005 supplemental estimate	8,100,000
House allowance	8,100,000
Committee recommendation	8,100,000

The Committee recommends an additional amount of \$8,100,000 for the United States Geological Survey [USGS] to accelerate improvements of its seismic monitoring capabilities and information delivery systems. Activities would include the replacement of outdated detection and notification systems at the National Earthquake Information Center [NEIC] in Golden, CO; expansion of the NEIC's current operations to provide 24/7 coverage; enhancement of the Global Seismic Network to expand its capabilities and report all data in real time; and the development of a joint National Oceanic and Atmospheric Administration-USGS data warning system to provide both tsunami and earthquake information to local emergency managers instantaneously.

CHAPTER 5

SUBCOMMITTEE ON STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS

FUNDS APPROPRIATED TO THE PRESIDENT

OTHER BILATERAL ASSISTANCE

TSUNAMI RECOVERY AND RECONSTRUCTION FUND

2005 appropriation to date	
2005 supplemental estimate	\$701,000,000
House allowance	659,000,000
Committee recommendation	656,000,000

The Committee provides \$656,000,000 for the Tsunami Recovery and Reconstruction Fund. This amount does not include the \$45,000,000 request for modifying direct loans and loan guarantees for tsunami affected countries.

The Committee notes that, in addition to causing immense human suffering, the tsunami damaged or destroyed large areas of wildlife habitat in Aceh. To help restore these natural areas and encourage the rapid recovery of fishing, employment and tourism, the Committee includes not less than \$5,000,000 for environmental recovery activities to be administered by the U.S. Fish and Wildlife Service.

The Committee is aware that many people are suffering from physical and mental disabilities as a result of injuries and trauma caused by the tsunami. The Committee includes not less than \$12,000,000 for programs to address the needs of people with disabilities.

The Committee recommends \$1,500,000 for trafficking in persons monitoring and prevention programs and activities in tsunami affected countries to be administered by the Office to Monitor and Combat Trafficking in Persons at the Department of State. The Committee encourages the development of models according to which the Office can respond to future large scale disasters.

The Committee is aware that an estimated 200,000 homes in Aceh were destroyed by the tsunami and earthquakes. Rebuilding these structures will require millions of cubic meters of lumber, which, if harvested locally, would destroy more than 250,000 acres of biologically diverse forest. The Committee supports efforts by USAID and others to obtain donations of wood from the United States and elsewhere to rebuild houses in Aceh.

The Committee directs that tsunami relief and reconstruction programs in Aceh and in Sri Lanka adhere to basic principles of equity, transparency and accountability, and that such programs, when practicable, be used to strengthen and support internationally mediated negotiations between the Government of Indonesia and the Free Aceh Movement and between the Government of Sri Lanka and the LTTE. The Committee further directs that funds be made available for independent human rights monitoring and protection in areas of Sri Lanka and Aceh affected by the tsunami, with a special emphasis on the protection of children.

The Committee is aware of the extensive damage caused by the tsunami on schools and the high death toll among teachers, particularly in Aceh and Sri Lanka. The Committee recommends not less than \$3,000,000 for teacher training programs in these affected areas for primary and secondary schooling.

The Committee recognizes the contributions of charitable organizations in providing tsunami relief, including Mercy Ships. The Committee urges USAID to utilize to the fullest extend practicable Mercy Ships and other charitable and nongovernmental organizations in reconstruction efforts.

The Committee believes that relief and reconstruction assistance should be distributed on an equitable basis to all groups affected by the tsunami according to their situation and not their social status. Accordingly, the Committee expects that assistance will be provided to impacted Dalits, Tamils and undocumented Burmese refugees.

GENERAL PROVISIONS, THIS CHAPTER

ANNUAL LIMITATION

SEC. 4501. This provision specifies that funds made available, with disaster assistance authorities, in foreign assistance accounts other than the International Disaster and Famine Assistance account to address relief and rehabilitation needs in countries affected by the Indian Ocean tsunami under the "borrowing authority" provision in section 492(b) of the Foreign Assistance Act of

1961, do not count against the \$50,000,000 annual limitation on the use of this authority.

AUTHORIZATION OF FUNDS

SEC. 4502. The recommended waiver is necessary because there is no foreign relations authorization act for fiscal year 2005.

TITLE V—OTHER EMERGENCY APPROPRIATIONS

SERVICE

RESEARCH AND EDUCATION ACTIVITIES

2005 appropriation to date	\$655,495,000
2005 supplemental estimate	
House allowance	
Committee recommendation	3,000,000

The Committee recommends \$3,000,000 to the College of Tropical Agriculture and Human Resources at the University of Hawaii for replacement of research and educational materials lost and recovery of interrupted research resulting from the October 30, 2004 floods.

NATURAL RESOURCES CONSERVATION SERVICE

EMERGENCY WATERSHED PROTECTION PROGRAM

2005 appropriation to date	\$250,000,000
2005 supplemental estimate	
House allowance	
Committee recommendation	103,000,000

The Committee recommends \$103,000,000 for the Emergency Watershed Protection Program to repair damages to the waterways and watersheds resulting from recent natural disasters, to remain available until expended.

GENERAL PROVISIONS, THIS CHAPTER

RURAL HOUSING SERVICE

SEC. 5101. To allow the transfer of certain previously appropriated funds between Rural Housing Service programs.

RURAL HOUSING ASSISTANCE GRANTS

SEC. 5102. Directs the Secretary of Agriculture to consider the Village of New Miami (Ohio) to be eligible for loans and grants provided through the Rural Housing Assistance Grants program.

NATURAL RESOURCES CONSERVATION SERVICE

SEC. 5103. To provide \$15,000,000 to the Natural Resources Conservation Service for flood prevention activities in the Manoa watershed in Hawaii.

FARM SERVICE AGENCY

SEC. 5104. Provides the Secretary of Agriculture flexibility in administering a grant to Alaska dairy farmers.

The Committee recommends an additional amount of \$3,000,000 for departmental management to support deployment of critical business systems to the bureaus and offices of the Department of the Interior, including the Financial and Business Management System.

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

NATIONAL FOREST SYSTEM

2005 appropriation to date	\$1,380,806,000
2005 supplemental estimate	
House allowance	
Committee recommendation	2,410,000

The Committee recommends an additional amount of \$2,410,000 for national forest system to repair damage to national forest lands damaged by heavy rains, flooding, and landslides.

CAPITAL IMPROVEMENT AND MAINTENANCE

2005 appropriation to date	\$514,701,000
2005 supplemental estimate	
House allowance	
Committee recommendation	31,980,000

The Committee recommends an additional amount of \$31,980,000 for capital improvement and maintenance to repair damage to national forest lands damaged by heavy rains, flooding, and landslides.

2005 appropriation to date	\$2,308,287,000
2005 supplemental estimate	
House allowance	
Committee recommendation	10,000,000

The Committee recommends \$10,000,000 for grants to one or more State or local governments to improve the Nation's capability to produce essential vaccines. This increase is offset by rescinding unobligated balances from Public Health Services Accounts, the Office of the Secretary and the Special Foreign currency within the Department of Health and Human Services.

SERVICES

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

2005 appropriation to date	\$4,125,321,000
2005 supplemental estimate	101,800,000
House allowance	
Committee recommendation	60,000,000

The Committee recommends \$60,000,000 be included in the supplemental appropriations bill for the Judicial Branch. The Judicial Branch requested \$101,800,000 to pay for costs associated with previously unanticipated increases to the amount of judicial case workload. While the Committee understands there will be additional workload costs associated with recently enacted legislation as well as the Supreme Court's recent twin majority opinions in *United States v. Booker* and *United States v. Fanfan*, these costs are difficult to quantify at this time. The Committee believes that \$60,000,000 will be adequate to meet workload needs at this time. Before these funds may be used, the Committee directs the Judiciary to submit a funding plan to the House and Senate Committees on Appropriations that delineates the planned use of these funds.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

HOUSING PROGRAMS

HOUSING FOR PERSONS WITH DISABILITIES

2005 appropriation to date	\$238,080,000
2005 supplemental estimate	
House allowance	
Committee recommendation:	
Appropriation	238,080,000
Rescission	- 238,080,000

The Committee recommends a technical correction to extend the availability of funds for the Housing for Persons with Disabilities program for 2 years, instead of 1 year as provided in the fiscal year 2005 appropriations Act. These funds could not be obligated within a 1-year period.

GENERAL PROVISION, THIS CHAPTER

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SEC. 5401. Provides \$10,000,000 to the Department of Housing and Urban Development to cover unreimbursed expenses directly related to catastrophic flood damage that occurred in Hawaii on October 30, 2004.

TITLE VI—GENERAL PROVISIONS AND TECHNICAL CORRECTIONS

EMERGENCY DESIGNATION LANGUAGE

Throughout the Committee recommendation, language is included that cites section 402 of the conference report on Senate Concurrent Resolution 95 (108th Congress). S. Con. Res. 95 of the 108th Congress is the concurrent resolution setting forth the congressional budget for the United States Government for fiscal year 2005. The conference report on S. Con. Res. 95 is printed in House Report 108–498, filed in the House of Representatives on May 19, 2004. Section 402 was made applicable to the House of Representatives by House Resolution. 649 (108th Congress) and made applicable to the Senate by section 14007 of Public Law 108-287 (118 Stat. 1014).

AVAILABILITY OF FUNDS

SEC. 6001. The Committee recommends a provision that limits the availability of the funds provided in this supplemental to the current fiscal year unless expressly provided otherwise.

TRANSFER AUTHORITY—DEPARTMENT OF JUSTICE

SEC. 6002. The Committee recommends language allowing the Department of Justice to transfer funds, if necessary, to address requirements in the Detention Trustee account. No funding shall be transferred, however, from the Buildings and Facilities, Federal Prison System or the Office of Justice Programs accounts. Any transfer remains subject to the reprogramming notification requirements contained in the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act for Fiscal Year 2005.

SPACE CONSIDERATIONS—FEDERAL BUREAU OF INVESTIGATION

SEC. 6003. The Committee authorizes the Special Technologies and Application Sections to use existing resources to acquire, renovate, and occupy up to 175,000 square feet of additional facility space within its immediate surrounding area.

TECHNICAL CORRECTIONS—NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION—FISCAL YEAR 2005

SEC. 6004. The Committee recommends a technical correction to the referenced statement of managers to certain National Oceanic and Atmospheric Administration programs funded under Public Law 108–447.

SEC. 6005. The Committee recommends a technical correction to the referenced statement of managers to certain National Oceanic

and Atmospheric Administration programs funded under Public Law 108–447.

SEC. 6006. The Committee recommends a technical correction to the referenced statement of managers to transfer a shoreline stabilization construction project funded under Public Law 108–447.

LOCAL BUDGET AUTHORITY FOR THE DISTRICT OF COLUMBIA

SEC. 6007. The Committee recommends bill language that would allow the District of Columbia to expend up to \$42,000,000 from unexpended general surplus funds resulting from locally generated taxes. The Committee is also recommending bill language which would allow the District to raise and expend its own local funds for a new baseball stadium. This includes the establishment of a ball-park fee and other revenues to cover debt service payments for a revenue bond issuance. The Committee recommends authority to the District of Columbia to expend up to \$140,000,000 from private financing for this new stadium. The Committee recommends bill language that would allow the District of Columbia's Water and Sewer Authority [WASA] to expend funds for a fire hydrant fee. In prior years, this payment was offset against debts owed under the local payment in lieu of taxes and there was no need for appropriations authority to expend funds. Finally, the Committee recommends authority that would allow WASA to expend up to \$2,800,000 for lead abatement.

DE SOTO COUNTY, MISSISSIPPI

SEC. 6008. The bill includes language to increase the project cost estimate for the project described in Section 219(f)(30) of (106 Stat. 4835; 106 Stat. 3737; 113 Stat. 334).

SEC. 6009. The bill includes language to allow the Secretary to reimburse the non-Federal sponsor for incurred costs.

FORT PECK FISH HATCHERY, MONTANA

SEC. 6010. The bill includes language to increase the project cost estimate for the project described in Section 325(f)(1)(A) of Public Law 106–541 to allow for the expenditure of funds appropriated by Congress for fiscal year 2005.

ALI WAI CANAL, HAWAII

SEC. 6011. The bill provides up to \$1,800,000 from within available funds for General Investigations to expand studies where necessitated by severe flooding damage, including the Ali Wai Canal, Manoa, Palolo, and Makiki Streams, Hawaii.

INTERCOASTAL WATERWAY, DELAWARE RIVER TO CHESAPEAKE BAY,
SR–1 BRIDGE, DELAWARE

SEC. 6012. The bill includes language making technical corrections regarding the SR–1 Bridge in Delaware.

OFFSHORE OIL AND GAS FABRICATION PORTS

SEC. 6013. The Committee is aware that Corps of Engineers' guidelines for analyzing national economic development benefits for navigation projects were developed based upon traditional ports

primarily engaged in cargo movement and focus on traffic increases and transportation cost savings. Since these guidelines were developed, the Corps has begun analysis of navigation enlargement projects for the Port of Iberia and the Port of Morgan City, Louisiana. These non-traditional ports are host sites for the fabrication of offshore oil and gas platforms; however, the Corps' guidelines do not expressly address fabrication ports and restrict an accurate assessment of the benefits arising from navigation projects at these ports. Because of existing channel limitations, these fabrication ports are unable to deliver the large offshore structures that are currently needed in the deep waters of the Outer Continental Shelf, and the fabrication contracts for these structures are being lost to foreign ports. The Committee recommends language to ensure an accurate analysis and include the full contract amount of internationally lost fabrication contracts when analyzing navigation projects impacting fabrication ports.

SEC. 6015. The bill includes language to allow the Bureau to expend funds in meeting the terms of the Biological Opinion 2003 for the Biological Opinion for the Rio Grande River.

DESALINATION ACT EXTENSION

SEC. 6016. The bill extends Section 8 of Public Law 104-298 to allow for the expenditure of funds appropriated by Congress.

BUREAU OF RECLAMATION, HUMBOLDT TITLE TRANSFER

SEC. 6017. The bill provides that no costs for the Title Transfer for the Humboldt Project shall be paid by the State of Nevada and Title Transfer costs shall be limited to \$850,000.

OFFICE OF SCIENCE

SEC. 6018. The bill provides funding for Office of Science for continuation of project E-FG0204ER63842-04090945, \$3,000,000 for an health science equipment, \$500,000 for desalination technology program at the University of Nevada-Reno [UNR], and \$500,000 for the oral history of the Negotiated Settlement Project at University of Nevada Reno and to the Fire Sciences Academy in Elko, Nevada, for purposes of capital debt service.

WEAPONS ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

SEC. 6019. The bill continues funding for DOE project E-FC-04-02AL68107 for technology transfer and transfer of funds for Pajarito Plateau Homesteader claims.

DEFENSE SITE ACCELERATION COMPLETION

SEC. 6020. The bill shifts funding for cleanup of lands transferred from National Nuclear Security Administration to Los Alamos County.

DEFENSE ENVIRONMENTAL SERVICES (TRANSFER)

SEC. 6021. The bill provides a technical correction to ensure that Defense Environmental Services activities are funded without unduly impacting mission activities and statutory requirements.

CHERNOBYL RESEARCH AND SERVICE PROJECT

SEC. 6022. The bill provides funding through the Office of Environment Safety and Health to initiate health effects research during the replacement of the Chernobyl Shelter Implementation Plan.

DEPARTMENT OF ENERGY SMALL BUSINESS CONTRACTS

SEC. 6023. This bill provides language to clarify Department of Energy small business contracting requirements.

YUCCA MOUNTAIN

SEC. 6024. The Committee recommends a correction relating to the derivation of funds appropriated for Nuclear Waste Disposal from the Nuclear Waste Fund, and to oversight activities be affected units of local government.

POWER MARKETING ADMINISTRATION

SEC. 6025. The bill provides for a study of wind energy in North Dakota and South Dakota.

DEPARTMENT OF HOMELAND SECURITY

REVOLVING FUNDS

SEC. 6026. The Committee includes a provision abolishing the Department of Homeland Security Working Capital Fund. The Committee notes that the Economy Act authority is available to enable administrative services on a fee-for-service basis. The Economy Act is not to be used to fund programs, projects, or activities that have not been presented to the Committee, or for which funding has previously been denied.

The Committee also includes a provision establishing the "Continuity of Government Operations and Emergency Management Revolving Fund" to continue support for activities previously supported by the Federal Emergency Management Agency "Working Capital Fund" prior to March 1, 2003.

REPROGRAMMING PROVISIONS

SEC. 6027. The Committee includes a provision to require notification of obligation of funds for any information technology project funded by the Office of the Chief Information Officer, or by multiple components of the Department of Homeland Security on a reimbursable basis.

SEC. 6028. Any funds made available to the Department of Homeland Security by this Act shall be subject to the terms and conditions of title V of Public Law 108–334.

BUREAU OF LAND MANAGEMENT—TECHNICAL CORRECTION

SEC. 6029. Makes a technical correction to section 144 of the Interior and Related Agencies Appropriations Act, 2005, regarding the transfer of certain lands in Nevada.

FOREST SERVICE TRANSFER

SEC. 6030. Transfers \$1,500,000 provided to the Forest Service in the Interior and Related Agencies Appropriations Act, 2005, from the Capital Improvement and Maintenance account to the State and Private Forestry account. The Committee expects the Agency to execute this transfer promptly to ensure that important projects are completed as soon as possible.

WEST YELLOWSTONE VISITOR INFORMATION CENTER

SEC. 6031. Clarifies authority for the expenditure of previously appropriated funds for the construction of visitor facilities at Yellowstone National Park.

PESTICIDES TOLERANCE FEES

SEC. 6032. Prohibits the use of funds by the Environmental Protection Agency, or any other Federal Agency, to develop, promulgate, or publish a pesticides tolerance fee rulemaking. The Pesticides Registration Improvement Act of 2003 prohibits the collection of fees prior to September 30, 2008. The Committee believes the promulgation or issuance of a rulemaking on this matter in 2005 represents a poor use of taxpayer dollars.

GULF ISLANDS NATIONAL SEASHORE

SEC. 6033. Provides clarification of a previous land conveyance.

SURFACE MINING CONTROL AND RECLAMATION ACT

SEC. 6034. Extends the authorization to collect reclamation fees under the Surface Mining Control and Reclamation Act of 1977 until September 30, 2005.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE FOR GRANT
REVIEWS

SEC. 6039. The Committee recommends a technical correction to bill language for the Corporation for National and Community Service to allow the Corporation to use up to 1 percent of grant funds to defray the cost of conducting grant reviews for Learn and Serve America and Next Generation grants.

COYRIGHT ROYALTY JUDGES

SEC. 6040. The Committee recommends transfer authority of up to \$485,000 from the Library of Congress salaries and expenses account to the Copyright Office salaries and expenses account, exclusively for the purpose of implementing chapter 8 of the Copyright Royalty and Distribution Reform Act of 2004 (Public Law 108–419). The Committee notes that this law was enacted November 30, 2004, after consideration of the fiscal year 2005 Legislative Branch Appropriations legislation, necessitating action in this supplemental appropriations bill. Public Law 108–419 established the Copyright Royalty Judges Program [CRJ], effective May 30, 2005, which will replace the Copyright Arbitration Royalty Panels. The CRJ will set rates and terms for statutory licenses in the Copyright Act and determine the distribution of royalty fees collected by the Copyright Office.

TECHNICAL CORRECTION—DEPARTMENT OF TRANSPORTATION

SEC. 6041. The Committee recommends a section making technical corrections related to funds provided under “Capital Investment Grants” for new starts projects in the Consolidated Appropriations Act, 2005 and to the names and amounts for two projects in New Jersey.

THE JUDICIARY

SEC. 6042. This section clarifies that the use of fees collected for the processing of violations through the Central Violations Bureau

be available as offsetting receipts for certain judicial expenses of the courts.

SEC. 6043. This section corrects a mistake in S. 256, the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, as passed by the Senate on March 10, 2005, that would underfund the collection of fees to pay for the cost of bankruptcy judges and trustees.

TECHNICAL CORRECTIONS—GENERAL SERVICES ADMINISTRATION

SEC. 6044. This section corrects a mistake made in the enrolling of the fiscal year 2005 Omnibus Appropriations bill.

SEC. 6045. This section corrects a citation in section 408 of title IV of division H of Public Law 108–477.

TECHNICAL CORRECTION—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SEC. 6046. This section revises four Economic Development Initiative grants under the Community Development Fund.

CHAPTER 19—INSURANCE

* * * * *

SUBCHAPTER III—SERVICEMEMBERS' GROUP LIFE INSURANCE

* * * * *

§ 1967. Persons insured; amount

(a)(1) * * *

* * * * *

(2)(A) A member may elect in writing not to be insured under this subchapter.

(B) A member may elect in writing not to insure the member's spouse under this subchapter, *except for insurance provided under paragraph (3)(A)(i)(III).*

(C) *Pursuant to regulations prescribed by the Secretary of Defense, notice of an election of a member not to be insured under this*

subchapter, or to be insured under this subchapter in an amount less than the maximum amount provided under paragraph (3)(A)(i)(I), shall be provided to the spouse of the member.

(3)(A) Subject to subparagraphs (B) **and (C)**, (C), and (D), the amount for which a person is insured under this subchapter is as follows:

[(i) In the case of a member, \$250,000.]

(i) In the case of a member—

(I) \$400,000 or such lesser amount as the member may elect;

(II) in the case of a member covered by subsection (e), the amount provided for or elected by the member under subclause (I) plus the additional amount of insurance provided for the member by subsection (e); or

(III) in the case of a member covered by subsection (e) who has made an election under paragraph (2)(A) not to be insured under this subchapter, the amount of insurance provided for the member by subsection (e).

(C) In no case may the amount of insurance coverage under this subsection of a member's spouse exceed the amount of insurance coverage of the member. (4)(A) An insurable dependent of a member is not insured under this chapter unless the member is insured under this subchapter.

(D) A member with a spouse may not elect not to be insured under this subchapter, or to be insured under this subchapter in an amount less than the maximum amount provided under subparagraph (A)(i)(I), without the written consent of the spouse.

* * * * *

(B)(i) A member may elect in writing to be insured or to insure the member's spouse in an amount less than the amount provided for under subparagraph (A). The member may not elect to insure the member's child in an amount less than \$10,000. The amount of insurance so elected shall, in the case of a **[member or spouse]** member, be evenly divisible by \$50,000 and, in the case of a member's spouse, be evenly divisible by \$10,000.

(ii) A member who is married may not, without the written concurrence of the member's spouse—

(I) elect not to be insured under this subchapter or to be insured under this subchapter in an amount less than the maximum amount provided for under subparagraph (A)(i); or

(II) designate any other person as a beneficiary under this program.

(iii) Whenever a member who is not married elects not to be insured under this subchapter or to be insured under this subchapter in an amount less than the maximum amount provided for under subparagraph (A)(i), the Secretary concerned shall provide a notice of such election to any person designated by the member as a beneficiary or designated as the member's next-of-kin for the purpose of emergency notification, as determined under regulations prescribed by the Secretary of Defense.

(C) In no case may the amount of insurance coverage under this subsection of a member's spouse exceed the amount of insurance

coverage of the member *as applicable to such member under subparagraph (A)(i).*

* * * * *

(d) Whenever a member has the opportunity to make an election under subsection (a) not to be insured under this subchapter, or to be insured under this subchapter in an amount less than the maximum amount of ~~【\$250,000】~~ \$400,000, and at such other times periodically thereafter as the Secretary concerned considers appropriate, the Secretary concerned shall furnish to the member general information concerning life insurance. Such information shall include—

* * * * *

(e)(1) *A member covered by this subsection is any member as follows:*

(A) *Any member who dies as a result of one or more wounds, injuries, or illnesses incurred while serving in an operation or area that the Secretary designates, in writing, as a combat operation or a zone of combat, respectively, for purposes of this subsection.*

(B) *Any member who formerly served in an operation or area so designated and whose death is determined (under regulations prescribed by the Secretary of Defense) to be the direct result of injury or illness incurred or aggravated while so serving.*

(2) *The additional amount of insurance under this subchapter that is provided for a member by this subsection is \$150,000, except that in a case in which the amount provided for or elected by the member under subclause (I) of subsection (a)(3)(A) exceeds \$250,000, the additional amount of insurance under this subchapter that is provided for the member by this subsection shall be reduced to such amount as is necessary to comply with the limitation in paragraph (3).*

(3) *The total amount of insurance payable for a member under this subchapter may not exceed \$400,000.*

(4) *While a member is serving in an operation or area designated as described in paragraph (1), the cost of insurance of the member under this subchapter that is attributable to \$150,000 of insurance coverage shall be contributed as provided in section 1969(b)(2) of this title and may not be deducted or withheld from the member's pay.*

【(e)】 (f) *The effective date and time for any change in benefits under the Servicemembers' Group Life Insurance Program shall be based on the date and time according to the time zone immediately west of the International Date Line.*

* * * * *

§ 1969. Deductions; payment; investment; expenses

(a)(1) * * *

(b)(1) *For each month for which any member is so insured, there shall be contributed from the appropriation made for active duty pay of the uniformed service concerned an amount determined by the Secretary and certified to the Secretary concerned to be the*

cost of Servicemembers' Group Life Insurance which is traceable to the extra hazard of duty in the uniformed services. Effective January 1, 1970, such cost shall be determined by the Secretary on the basis of the excess mortality incurred by members and former members of the uniformed services insured under Servicemembers' Group Life Insurance above what their mortality would have been under peacetime conditions as such mortality is determined by the Secretary using such methods and data as the Secretary shall determine to be reasonable and practicable. The Secretary is authorized to make such adjustments regarding contributions from pay appropriations as may be indicated from actual experience.

(2) *For each month for which a member insured under this subchapter is serving in an operation or area designated as described by paragraph (1)(A) of section 1967(e) of this title, there shall be contributed from the appropriation made for active duty pay of the uniformed service concerned an amount determined by the Secretary and certified to the Secretary concerned to be the cost of Servicemembers' Group Life Insurance which is traceable to the cost of providing insurance for the member under section 1967 of this title in the amount of \$150,000.*

* * * * *

§ 1970. Beneficiaries; payment of insurance

(a) * * *

* * * * *

(i) * * *

(j) *A member with a spouse may not modify the beneficiary or beneficiaries designated by the member under subsection (a) without the written consent of the spouse.*

* * * * *

§ 1977. Veterans' Group Life Insurance

(a)(1) Veterans' Group Life Insurance shall be issued in the amounts specified in section 1967(a) of this title. In the case of any individual, the amount of Veterans' Group Life Insurance may not exceed the amount of Servicemembers' Group Life Insurance coverage continued in force after the expiration of the period of duty or travel under section 1967(b) or 1968(a) of this title. No person may carry a combined amount of Servicemembers' Group Life Insurance and Veterans' Group Life Insurance in excess of **[\$250,000]** \$400,000 at any one time. *Any additional amount of insurance provided a member under section 1967(e) of this title may not be treated as an amount for which Veterans' Group Life Insurance shall be issued under this section.*

(2) If any person insured under Veterans' Group Life Insurance again becomes insured under Servicemembers' Group Life Insurance but dies before terminating or converting such person's Veterans' Group Insurance, Veterans' Group Life Insurance shall be payable only if such person is insured for less than **[\$250,000]** \$400,000 under Servicemembers' Group Life Insurance, and then only in an amount which, when added to the amount of

Servicemembers' Group Life Insurance payable, does not exceed ~~[\$250,000]~~ \$400,000.
