## GENERAL STATEMENT AND SUMMARY

The Committee recommends new budget (obligational) authority of \$3,833,765,000 for the legislative branch, for fiscal year 2006. This total is \$194,412,000 below the budget request and \$228,711,000 above the fiscal year 2005 level.

The bill includes \$264,600,000 for the U.S. Capitol Police; \$427,212,000 for the Architect of the Capitol to maintain, improve, and construct buildings and facilities of the Congress; \$484,383,000 for the Government Accountability Office; \$579,562,000 for the Library of Congress; \$126,927,000 for the Government Printing Office; and \$785,549,000 for operations of the Senate.

The Committee expects all agencies to notify the Committee of any significant departures from budget plans presented to the Committee in any agency's budget justifications. In particular, agencies funded through this bill are required to notify the Committee prior to each reprogramming of funds in excess of the lesser of 10 percent or \$500,000 between programs, projects or activities, or in excess of \$500,000 between object classifications (except for shifts within the pay categories, object class 11, 12, and 13 or as further specified in each agency's respective section). This includes cumulative reprogrammings that together total at least \$500,000 from or to a particular program, activity, or object classification as well as reprogramming of FTE's or funds to create new organizational entities within the Agency or to restructure entities which already exist. The Committee desires to be notified of reprogramming actions which involve less than the above-mentioned amounts if such actions would have the effect of changing an agency's funding requirements in future years or if programs or projects specifically cited in the Committee's reports are affected.

The Committee also expects all agencies to submit operating plans for the Committee's approval within 30 days of the bill's enactment.

## GOVERNMENT PERFORMANCE AND RESULTS ACT

The Committee supports the applicability of many Government Performance and Results Act [GPRA] principles to the Legislative Branch. GPRA encourages greater efficiency, effectiveness, and accountability in Federal spending, and requires agencies to set goals and use performance measures for management and budgeting. While most Legislative Branch agencies have developed strategic plans, several agencies have not effectively dealt with major management problems and lack reliable data to verify and validate performance. While Legislative Branch agencies are not required to comply with GPRA, the Committee believes the spirit and intent of the Results Act should be applied to these agencies. The Committee intends to monitor agencies' progress in developing and implementing meaningful performance measures, describing how such

measures will be verified and validated, linking performance measures to day-to-day activities, and coordinating across “sister” agencies. The Committee directs all legislative branch agencies to submit their plans for achieving this goal within 90 days of enactment of this Act.

SENATORS’ OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2005 .....	\$320,660,000
Budget estimate, 2006 .....	364,985,000
House allowance .....	Not considered
Committee recommendation .....	350,000,000

The Committee recommends an appropriation for fiscal year 2006 of \$350,000,000 for the Senators’ Official Personnel and Office Expense Account.

This account funds salaries and benefits of Senators’ staffs as well as the office expense allowance for Senators’ offices. The Senators’ official personnel and office expense allowance [SOPOEA] is comprised of three components. Two of these are for salaries of personnel in Senators’ offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per population category and the States which fall into those categories. The estimate for fiscal year 2006 totals \$207,529,496.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95–94. This allowance provides funding for three positions in each Senator’s office at an annual rate of \$157,559 for a total of \$472,677 per office, or \$47,267,700 for all 100 Senators.

The third component of the SOPOEA is for office expenses and totals \$20,128,942. Each Senator’s office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after final passage of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2005, there were 4,228 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency

contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fiscal year 2006 request for this account anticipates \$83,553,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances. Evidence of this can be found in the semiannual report of the Secretary of the Senate.

\$438,000 below the request. Of the amount provided, \$1,600,000 shall remain available until September 30, 2010.

The Power Plant provides heat, light, power, and air-conditioning for the Capitol, Senate and House office buildings, and the Library of Congress buildings; heat, light, and power for the Botanic Garden and the Senate and House Garages; light for the Capitol Grounds' street, park, and floodlighting system; steam heat for the Government Printing Office and Washington City Post Office, also known as Postal Square; and steam heat and air-conditioning for the Union Station complex, Folger Shakespeare Library, the Thurgood Marshall Federal Judiciary Building, and the U.S. Supreme Court Building on a reimbursable basis.

Within the operating budget, 79 percent of the recommended amount is for the purchase of electricity from the local private utility, payment to the government of the District of Columbia for the provision of water and sewer services, and the procurement of boiler fuel, as displayed in the following table.

The Committee recommends \$10,031,000 and 12 FTE for Capitol Police Buildings and Grounds, an increase of \$125,000 over the current level. The decrease of \$24,928,000 below the request reflects elimination of funding for the off-site delivery facility (design of which was funded in the fiscal year 2005 emergency supplemental, Public Law 109-13), as well as revised lease estimates for the Fairchild building.

The Committee recommends \$41,900,000 for completion of the Capitol Visitor Center and \$2,300,000 for CVC Operations. According to the Government Accountability Office, the amount requested by the Architect is unlikely to be sufficient to complete the CVC.

Therefore, the Committee has added \$5,000,000 to the budget based on GAO's recommendation. In addition, the opening is likely to be delayed well beyond the timeframe on which the budget estimate for operations was predicated. Therefore, the Committee has reduced the budget request for operations to \$2,300,000.

The Capitol Visitor Center was established to improve security for all persons working in or visiting the U.S. Capitol and enhance the educational experience of visitors.

The following table displays the budget detail.

ADMINISTRATIVE PROVISION

SEC. 1201. EXECUTIVE DIRECTOR OF CAPITOL VISITOR CENTER. The Committee recommends a provision authorizing the Architect of the Capitol to appoint an Executive Director of the Capitol Visitor Center.

LIBRARY OF CONGRESS

The Committee recommends a total of \$579,562,000 for the Library of Congress, an increase of \$34,200,000 over the fiscal year 2005 level and a decrease of \$11,233,000 below the request. Increases are provided to accommodate all mandatory pay and price level increases, as well as to increase programs in selected areas such as acquisitions. Also, funds are recommended for the Digital Talking Book player production. In addition to the appropriation, the Library estimates receipts and reimbursements of \$37,007,000, funds from gifts and trusts totaling \$18,944,000, and revolving funds totaling \$82,749,000. Total funds available to support Library operations, including the Architect of the Capitol account, are

expected to be approximately \$790,000,000 in fiscal year 2006 under the Committee recommendation.

The Committee recognizes the high priority of the Library's research mission in support of the Congress, which is reflected in the amount recommended for the Congressional Research Service.

The Committee is concerned about the lack of transparency in the Library of Congress budget presentation. It is not always clear and understandable. The budget presentation materials do not present meaningful programmatic information from a zero-based perspective that allow the Committee to determine how priorities are established and where tradeoffs could be made. Therefore, the Committee directs the Library of Congress to develop a budget presentation and justification package for the fiscal year 2007 budget cycle that clearly addresses rates and assumptions used in the base as well as a clear description for each program of what drives demand for the program, what the nature of the program's workload is, and what service or outcome each base program is intended to produce. A clear description of new program starts and a detailed break out of rates and assumptions associated with cost estimates for those programs including demand, workload, and outcome should also be provided along with a clear explanation of how each program relates to goals and objectives set forth in the Library's strategic plan. The Committee expects the Library will consult with the Government Accountability Office [GAO] on the development of this new presentation package.

The following table displays the Committee recommendation for the Library of Congress appropriations compared to the budget request and the fiscal year 2005 level.

The Committee recommends an appropriation of \$390,935,000 for salaries and expenses of the Library of Congress and approves authority to spend receipts of \$6,350,000 in fiscal year 2006, for a total of \$397,285,000. This is \$11,794,000 below the request and \$15,692,000 above the enacted level.

The Committee recommends the full budget request for information technology improvements and facility services modernization. The Committee recommends \$13,972,000 for acquisitions; \$4,000,000 for the Adventure of the American Mind program; \$600,000 for the Abraham Lincoln Bicentennial Commission; and \$250,000 for the Middle Eastern Text Initiative [METI].

The Committee notes that the purpose of METI is to increase the understanding and promote greater appreciation of Middle Eastern culture.

The Committee notes that the Library's Inspector General has found that the lack of an inventory system and ineffective processes have contributed to inefficient warehousing operations, leading to at least \$1,500,000 in excess and obsolete inventory. The Committee supports efforts to develop an inventory system and improve warehousing operations and directs the Library to report on its progress in this area within 6 months.

This is \$869,000 below the request level. The Committee recommends full funding for the Copyright Reengineering Initiative.

## CONGRESSIONAL RESEARCH SERVICE

## SALARIES AND EXPENSES

Appropriations, 2005 .....	\$96,118,000
Budget estimate, 2006 .....	105,289,000
House allowance .....	99,952,000
Committee recommendation .....	101,755,000

The Committee recommends an appropriation of \$101,755,000 for the Congressional Research Service. The amount recommended is an increase of \$5,637,000 over the fiscal year 2005 level and is sufficient to cover pay and inflationary increases. In addition, the Committee recommends \$500,000 for the increased cost of research materials and \$1,000,000 to increase staff capacity. While less than the full amount requested, the amount recommended should enable CRS to fund eight additional employees. Staffing would total 708, compared to the "ceiling" of 729 FTE and the actual current staffing level of 700 FTE.

The Committee directs the CRS Director to work with the Secretary of the Senate to determine the feasibility of conducting a study of Senate staff salaries.

The Committee is concerned about the resources that may be required of CRS to assist parliaments in emerging democracies, a new activity that would drain CRS resources from its core mission. The Committee directs CRS to provide a report of resource require-

ments that would be needed if section 208 of Public Law 104-53 were repealed, prior to conference with the other body.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

Appropriations, 2005 .....	\$53,977,000
Budget estimate, 2006 .....	55,243,000
House allowance .....	54,049,000
Committee recommendation .....	64,172,000

The Committee recommends an appropriation of \$64,172,000 for salaries and expenses for Books for the Blind and Physically Handicapped. This is an increase of \$10,195,000 over the fiscal year 2005 level and includes \$9,836,000 for the Digital Talking Book [DTB] player production, a multi-year \$75 million initiative to convert the program to digital technology. Funds for the DTB player production were not requested by the Library.

This appropriation supports a National Reading Program for blind and physically handicapped citizens. Books and magazines in braille and various recorded formats are produced by the National Library Services for the Blind and Physically Handicapped for distribution through a network of State and locally supported libraries. At present, 57 regional libraries in 49 States, the District of Columbia, the Virgin Islands, Puerto Rico, and Guam house and circulate books and magazines to eligible readers. Seventy-eight subregional libraries in 17 States assist at the local public library level; 53 libraries and 4 cooperating agencies distribute sound reproducers. Two multistate centers, under contract to the National Library Service, store and distribute books and other materials in their geographical regions. The program supports a readership of approximately 700,000.

ADMINISTRATIVE PROVISIONS

SECS. 1301-1302. The Committee has included two routine administrative provisions carried in prior years.

SEC. 1303. NATIONAL DIGITAL INFORMATION INFRASTRUCTURE AND PRESERVATION PROGRAM. The Committee has included language authorizing a waiver of the dollar-for-dollar match requirement for State government grantees under the National Digital Information Infrastructure and Preservation Program. Eligible recipients of such waivers are to be limited to State governmental entities who apply for NDIPP Initiative grants to preserve significant, at-risk, and born digital State and local government information. Non-State governmental entities can still apply for NDIPP funding to preserve State government records; however, those entities will be subject to the match requirement and not eligible to receive funding from the \$25,000,000 set-aside. The Committee expects this authority to be used judiciously, and directs the Library to provide a report describing any use of this waiver and a full justification.

SEC. 1304. UNITED STATES DIPLOMATIC FACILITIES. The Department of State [DOS] has established a Capital Security Cost-Sharing Program, designed to have all U.S. Government agencies with an overseas presence pay a portion of DOS' building program,

based on the number of employees overseas. This provision limits the amount of reimbursement from the Library of Congress.

SEC. 1305. LIBRARY OF CONGRESS DIGITAL COLLECTIONS AND SCHOOL CURRICULA. This provision provides a permanent authorization for what has been known as the Adventure of the American Mind program.

The Committee recommends the budget request of \$14,000,000 as a payment to the Open World Leadership Center Trust Fund. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106-554) as a legislative branch entity. The fiscal year 2003 Consolidated Appropriation Resolution (Public Law 108-7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging political leaders of Russia and Newly Independent States at all levels of government to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

CENTER FOR PUBLIC SERVICE TRAINING AND  
DEVELOPMENT

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends \$430,000, as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.

## TITLE II—GENERAL PROVISIONS

Included are several routine general provisions carried annually in the bill (secs. 201–208), as follows:

Section 202 limits the availability for obligation of appropriations to the fiscal year for which it is expressly provided in the bill accompanying this report.

Section 203 provides that any pay rate and title designation for a staff position created in this Act, and not specifically established by the Legislative Pay Act of 1929, is to be made permanent law by this Act. Further, any pay rate and title change for a position provided for in the 1929 Act is to be made permanent law by this act and any changes in the official expenses of Members, officers, and committees, and in the clerk hire of the House and Senate are to be made permanent law by this Act.

Section 204 bans the use of funds for contracts unless such contracts are matters of public record and are available for public inspection.
