GENERAL STATEMENT AND SUMMARY

The Committee recommends new budget (obligational) authority of \$3,136,000,000 for the legislative branch for fiscal year 2010. This amount excludes House items as per normal protocol. This total is \$296,806,000 below the budget request and \$76,081,000 above the fiscal year 2009 level including emergency spending.

The Committee believes the legislative branch should serve as a model for the executive branch, tightening its belt wherever possible and employing best practices. Therefore, the Committee has limited increases within the legislative branch to routine pay and inflationary increases, and for very high priority projects only. Most requests for additional staffing or programmatic expansions were not approved. This has resulted in significant reductions from the budget request, and an overall increase of only 3 percent for the entire legislative branch (excluding House items).

The Committee made funding recommendations based on the high priorities of security and protection of the Capitol complex and its visitors, the backlog of deferred maintenance and capital renewal projects that exist throughout the complex, and to ensure that the buildings within the complex are compliant with current fire and life safety requirements.

The bill includes \$331,557,000 for the U.S. Capitol Police; \$445,423,000 for the Architect of the Capitol (excluding House office buildings) to maintain, improve, and construct buildings and facilities for the Congress; \$553,658,000 for the Government Accountability Office; \$638,565,000 for the Library of Congress; \$146,989,000 for the Government Printing Office; and \$933,986,000 for operations of the Senate.

Cross Servicing of Legislative Branch Financial Management Systems.—The Committee, as part of its ongoing efforts to achieve efficiencies and cost savings, as well as consistency in legislative branch financial management operations and reporting, has a vision for all legislative branch agencies to receive core financial accounting system services from one legislative branch entity, the Library of Congress [LOC]. The Committee directs all legislative branch agencies, through the Legislative Branch Financial Managers Council [LBFMC], to implement this vision for financial management system cross servicing.

For those legislative branch agencies that are not currently cross serviced by the LOC, conversion of their agency financial systems to the LOC financial system environment should occur incrementally over a period of several years, allowing each agency adequate time to identify and resolve issues and concerns related to their particular conversion.

The LOC currently provides core financial accounting system services to the Office of Compliance and the Congressional Budget Office, and is in the process of implementing a migration of the

United State Capitol Police [USCP] to LOC's financial system environment. After completing the USCP conversion, the LOC should plan the next conversion with the Architect of the Capitol, which currently utilizes the same financial management software as the LOC. The Committee is disappointed that the Architect of the Capitol has been less than cooperative in the implementation of this initiative and expects full cooperation from AOC going forward.

After completing the conversion with AOC, LOC should coordinate with all other legislative branch agencies (except the House and Senate) to analyze, plan, and ultimately move forward to migrate their financial accounting system services to the LOC.

The approach and methodology for migrating legislative branch agency financial accounting systems to the LOC's financial accounting system environment should follow the recommendations of the Government Accountability Office, as presented to the Committee, and the process being implemented for the USCP migration. Each agency, as it contemplates migration to LOC's financial system environment, should first perform a "gap analysis" to identify any discrepancies between its own current financial system operations and the current financial system operations of the LOC. If the gap analysis reveals discrepancies and/or issues that suggest that a migration to LOC's financial system environment may not achieve desired efficiencies or be in the best interest of the agency, the agency should complete a full "alternatives analysis" to determine the best course of action for the agency for the long term. (Note: a full alternatives analysis is based on a 10-year life cycle). If the results of the alternatives analysis indicate that it is not in the best interest of the agency to migrate to the LOC, the agency should brief the Committee and seek its approval to pursue an alternative financial accounting system.

Finally, the Committee directs the LOC Chief Financial Officer and the Co-Chairs of the LBFMC to keep the Committee apprised of both the updated plans and ongoing progress in implementing the vision for legislative branch financial system cross servicing.

Reprogrammings and Operating Plans.—The Committee expects all agencies to notify the Committee of any significant departures from budget plans presented to the Committee in any agency's budget justifications. In particular, agencies funded through this bill are required to notify the Committee prior to each reprogramming of funds in excess of the lesser of 10 percent or \$500,000 between programs, projects or activities, or in excess of \$500,000 between object classifications (except for shifts within the pay categories, object class 11, 12, and 13 or as further specified in each agency's respective section). This includes cumulative reprogrammings that together total at least \$500,000 from or to a particular program, activity, or object classification as well as reprogramming of FTE's or funds to create new organizational entities within the Agency or to restructure entities which already exist. The Committee desires to be notified of reprogramming actions which involve less than the above-mentioned amounts if such actions would have the effect of changing an agency's funding requirements in future years or if programs or projects specifically cited in the Committee's reports are affected.

The Committee also expects all agencies to submit operating plans for the Committee's approval within 30 days of the bill's enactment.

SENATORS’ OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2009	\$400,000,000
Budget estimate, 2010	450,830,000
Committee recommendation	425,000,000

The Committee recommends an appropriation for fiscal year 2010 of \$425,000,000 for the Senators’ Official Personnel and Office Expense Account, an increase of \$25,000,000 above the current year and a decrease of \$25,830,000 below the request.

This account funds salaries and benefits of Senators’ staffs as well as the office expense allowance for Senators’ offices. The Senators’ official personnel and office expense allowance [SOPOEA] is comprised of three components. Two of these are for salaries of personnel in Senators’ offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per population category and the States which fall into those categories. The estimate for fiscal year 2010 totals \$263,420,042.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95–94. This allowance provides funding for three positions in each Senator’s office at an annual rate of \$169,459 for a total of \$508,377 per office, or \$50,837,700 for all 100 Senators.

The third component of the SOPOEA account is for office expenses and totals \$20,128,936. Each Senator’s office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during

election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after enactment of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2009, there were 4,293 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fiscal year 2010 request for this account anticipates \$107,000,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances.

The Office of Congressional Accessibility Services [OCAS] provides and coordinates accessibility services for individuals with disabilities, including Members of Congress, staff, and visitors to the U.S. Capitol complex. These services include sign language interpreting, adaptive tours, and wheelchair loans. OCAS also provides information regarding accessibility for individuals with disabilities, as well as related training and staff development to Members of Congress and employees of the Senate and House of Representatives.

STATEMENTS OF APPROPRIATIONS

Appropriations, 2009	\$30,000
Budget estimate, 2010	30,000
Committee recommendation	30,000

The Committee recommends \$30,000 for the preparation of detailed statements of appropriations as required by law. This account is used as payment for the preparation of the volumes, "Statements on Appropriations," for the second session of the 110th Congress. These volumes show annual appropriations made, indefinite appropriations, and contracts authorized, along with a chronological history of regular appropriations bills. The volumes are compiled jointly by the Senate and House Committees on Appropriations pursuant to a directive in the Legislative Appropriations Act of June 7, 1924.

CAPITOL POLICE

	<i>Recommended</i>
Salaries	\$267,203,000
Expenses	64,354,000
Total, Capitol Police	331,557,000

The United States Capitol Police is charged with the protection of the United States Congress, its legislative processes, Members, employees, visitors and facilities within the U.S. Capitol complex from crime, disruption or terrorism, so that the Congress may fulfill its constitutional responsibilities in a safe and open environment.

The Committee recommends \$331,557,000 for the U.S. Capitol Police. This is an increase of \$25,807,000 over fiscal year 2009 and a decrease of \$78,512,000 below the request.

GAO Sworn Staffing Analysis.—The USCP has continued to increase its use of overtime while staffing levels have also increased steadily over the past several years. The Committee believes that this practice cannot continue and that resources required to perform the USCP mission must stabilize. Therefore, no additional sworn officer positions have been approved (other than those associated with the merger of the Library of Congress police), and overtime is expected to be reduced below the number of hours used in fiscal year 2009. To assist the USCP in identifying a management approach that will permit them to meet mission requirements within currently available resources, the Committee directs the Government Accountability Office [GAO] to work with the USCP to evalu-

ate alternative management strategies which will permit the USCP to accomplish its mission within existing staffing and overtime constraints. The Committee expects that work previously done by contractors such as Enlightened Leadership Solutions will be used to form a basis for validating staffing and overtime levels needed to meet identified security and risk assessments as well as non-security related requirements. The GAO will assist the USCP in developing a methodology which will result in identifying alternative management strategies designed to increase efficiency, improve effectiveness, and streamline operations in a way that will permit the USCP to meet ongoing and expanding mission responsibilities within current staffing and overtime levels. GAO will periodically assess the USCP's progress toward achieving this objective and brief the Committee on the results of that assessment.

New Posts.—The Committee is concerned about “mission creep” within USCP, noting that new posts have been created causing additional unanticipated budgetary requirements. The Committee directs USCP to provide a list of all new posts created in the past year, and further directs USCP to notify the Committee when new posts are created, including the annualized cost of maintaining the new post, and how the cost will be offset (such as elimination of lower priority posts).

Library of Congress Police Merger.—The Committee is pleased the USCP is nearing final implementation of the merger of the Library of Congress police force into the USCP force, an effort that has been underway for several years. The unified force will improve security and ensure standard operating procedures are used by police officers throughout the Capitol complex. A total of \$15,423,000 is included for the final salaries and expenses associated with the merger in fiscal year 2010, including the cost of 61 officers transferring to USCP, 26 new officers hired to cover the Library buildings, and 26 officers converting to civilian positions, as well as related overtime costs. The Committee expects USCP to make every effort to make appropriate use of the law enforcement experience of those officers converting to civilian positions.

SALARIES

Appropriations, 2009	\$248,000,000
Budget estimate, 2010	268,675,000
Committee recommendation	267,203,000

The amount provided covers salaries, benefits, and overtime costs. Capitol Police personnel are also eligible for hazardous duty pay and comparability pay similar to locality pay adjustments granted other Federal law enforcement personnel in the Washington, DC, area.

The Committee recommends \$267,203,000 and 2,243 FTEs for Capitol Police salaries, an increase of \$19,203,000 over the enacted level and a decrease of \$1,472,000 below the request. The Committee recommendation includes funds to complete the merger of the Library of Congress police, overtime required for the operation of the Capitol Visitor Center, and 10 additional civilian staff above the current level to improve administrative operations of the agency. The total staffing level is expected to be approximately 1,799 sworn and 451 civilian staff under the Committee recommendation.

Overtime.—The Committee recommends no more than \$25,500,000 for overtime in fiscal year 2010. This provides for approximately 480,000 hours of additional duty.

GENERAL EXPENSES

Appropriations, 2009	\$57,750,000
Budget estimate, 2010	141,394,000
Committee recommendation	64,354,000

Expenses include office supplies and equipment, laundry and dry-cleaning, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items.

The Committee recommends \$64,354,000 for general expenses, an increase of \$6,604,000 above the fiscal year 2009 level and \$77,040,000 below the request. USCP requested \$71,606,000 for a new radio system, but these funds were included in the fiscal year 2009 supplemental appropriations bill to expedite this critical project. The Committee is following very closely the management and execution of this project, and has directed GAO to provide ongoing assistance to ensure the schedule and budget are tightly controlled.

The balance of the reduction below the request, \$5,434,000, has been taken from lower priority projects and expenses associated with new officers which the Committee has not approved. The amount recommended includes \$2,575,000 for the continued effort to migrate the USCP financial management system.

ADMINISTRATIVE PROVISION

SEC. 1001. TRANSFER AUTHORITY. The Committee has included a routine provision which allows for funds to be transferred between the “Salaries” and “General expenses” accounts.

OFFICE OF COMPLIANCE

SALARIES AND EXPENSES

Appropriations, 2009	\$4,072,000
Budget estimate, 2010	4,474,000
Committee recommendation	4,418,000

The Office of Compliance is an independent non-partisan agency established to administer and enforce the Congressional Accountability Act [CAA]. The Office of Compliance administers the dispute resolution system established to resolve disputes that arise under the CAA; carries out an education and training program for the regulated community on the rights and responsibilities of the CAA; and advises Congress on needed changes and amendments to the CAA. The General Counsel of the Office of Compliance has independent investigatory and enforcement authority for certain violations of the CAA.

The Committee recommends an appropriation of \$4,418,000, for the salaries and expenses of the Office of Compliance [OOC], an increase of \$346,000 over fiscal year 2009 and \$56,000 below the request. The amount recommended will enable OCC to hire an Occupational Safety And Health program supervisor. Funds are not included to initiate new pilot projects.

The Committee commends the efforts of the Office of Compliance to work in a more cooperative manner with the regulated community (principally the Architect of the Capitol), and expects these efforts to continue. OOC must recognize the need for projects and activities to be prioritized based on risk to health and safety, and in view of the many efforts taken by AOC to date to mitigate hazards in all buildings within the Capitol complex. OOC's efforts should be focused on those areas which would yield the most reduction of risk to human health and safety.

ADMINISTRATIVE PROVISION

SEC. 1101 Grants the Office of Compliance permanent authority to dispose of surplus property.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Appropriations, 2009	\$44,082,000
Budget estimate, 2010	46,365,000
Committee recommendation	45,165,000

CBO's mandate is to provide the Congress with objective, non-partisan, and timely analyses to aid in economic and budgetary decisions on the wide array of programs covered by the Federal budget, and the information and estimates required for the Congressional budget process.

The Committee recommends an appropriation of \$45,165,000 for the Congressional Budget Office. The amount requested represents an increase of \$1,083,000 over the enacted level.

ADMINISTRATIVE PROVISION

SEC. 1201 Extends CBO's existing Executive Exchange Program and increases the number of participants from three to five.

ARCHITECT OF THE CAPITOL

The Office of the Architect of the Capitol [AOC] is responsible to the United States Congress for the maintenance, operation, development, and preservation of 16.5 million square feet of buildings and more than 450 acres of land throughout the Capitol complex. This includes the Capitol, the Capitol Visitor Center, the House and Senate office buildings, the Library of Congress buildings, the U.S. Botanic Garden, the Capitol Power Plant, and other facilities. The AOC also provides professional expertise with regard to the preservation of architectural and artistic elements entrusted to its care, and provides recommendations concerning design, construction, and maintenance of the facilities and grounds.

The Committee has recommended a funding level of \$445,423,000 for all activities of the Architect of the Capitol, excluding House office buildings. The amount recommended is \$87,260,000 below the request and \$18,349,000 below the fiscal year 2009 level. The Committee has funded only the most urgently needed projects. The Committee has also funded \$14,636,000 in energy and sustainability projects AOC-wide.

The Committee has recommended roughly \$48,000,000 in capital projects to address deferred maintenance, fire and life safety deficiencies, and capital renewal requirements. Addressing AOC’s growing backlog of such projects has been one of the highest priorities in this bill. The Committee has made some changes to the prioritization of AOC’s projects in an effort to balance life safety and regulatory compliance against long-term requirements, physical security, and preservation of historic resources.

The following table shows the request and the Committee recommendation, excluding the House Office Buildings account:

Appropriation	2009 appropriation	Amount requested	Committee recommendation

GENERAL ADMINISTRATION

Appropriations, 2009	\$90,659,000
Budget estimate, 2010	121,460,000
Committee recommendation	106,587,000

The General Administration appropriation provides funding for salaries and related benefits of the Architect, officers, administrative and support staff, including engineering and architecture employees. This account also provides for administrative items such as agency-wide contractual services; surveys and studies; information technology; and safety engineering operations.

The Committee recommends an appropriation of \$106,587,000 for general administration, a reduction of \$14,873,000 below the request and an increase of \$15,928,000 above the fiscal year 2009 level. The increase is associated primarily with energy-related projects, the Federal transit subsidy increase, and projects related to Capital Complex Master planning efforts. A total of \$5,400,000 is included for energy efficiency upgrades and will remain available until September 30, 2014. The Committee notes that the Utility Metering Program has been funded under the Capitol Power Plant appropriation.

GAO Senior Level Employees Study.—AOC has informed the Committee that it is having difficulties attracting and retaining top quality senior level employees, and has proposed new administrative pay and leave authorities they believe would alleviate this concern. Before adding these new authorities, the Committee would like to understand the extent to which there are problems with recruitment and retention, and how best to address such concerns. The Committee directs GAO to undertake a review that addresses the following questions: What specific recruitment and retention challenges (including vacancies and attrition rates) does AOC face for senior-level positions and what impact do these challenges have

on AOC's operations; what is AOC doing to fill vacancies and retain needed staff within these senior-level positions; and what else could be done, including successful practices used by other agencies, to address any documented hiring and retention challenges for AOC senior-level positions. GAO should report back to the Committee on its findings within 60 days of the enactment of this bill.

Delaying the repair could result in the entire tunnel needing to be replaced.

Senate Employees Child Care Center Study.—The Committee is concerned with the lack of available child care for Senate employees. As such, the Committee directs the Architect of the Capitol, in consultation with the Secretary of the Senate, to conduct a feasibility and expansion study to evaluate the current space and potential for renovation for expansion or a move to another location. This report should analyze the current space in terms of maximizing capacity and meeting the needs of the Senate employees while maintaining required National Academy of Education of Young Children [NAEYC] standards and high quality care. The report should review current classroom square footage and measure each room to ensure each room is at maximum capacity while maintaining NAEYC group and ratio recommendations; explore the possibility of converting preschool spaces to infant/toddler spaces while still meeting accreditation standards and keeping tuition at reasonable levels; determine the possibility of converting offices and multipurpose rooms into classroom spaces within the current building; and explore the viability and costs of expanding or moving the Center into nearby commercial or government space. The report is due to the Committee not later than 60 days after the enactment of this legislation.

CAPITOL POWER PLANT

Appropriations, 2009	\$149,042,000
Budget estimate, 2010	154,503,000
Committee recommendation	118,597,000

The Committee recommends an appropriation of \$118,597,000 for the operations of the Capitol Power Plant. This is supplemented by \$8,000,000 in reimbursements, for a total of \$126,597,000. This is \$30,445,000 below the enacted level. Of the amount provided, \$25,074,000 shall remain available until September 30, 2014.

The Power Plant provides heat, light, power, and air-conditioning for the Capitol, Senate and House office buildings, and the Library of Congress buildings; heat, light, and power for the Botanic Garden and the Senate and House Garages; light for the Capitol

Grounds' street, park, and floodlighting system; steam heat for the Government Printing Office and Washington City Post Office, also known as Postal Square; and steam heat and air-conditioning for the Union Station complex, Folger Shakespeare Library, the Thurgood Marshall Federal Judiciary Building, and the U.S. Supreme Court Building on a reimbursable basis.

Within the operating budget, over 90 percent of the recommended amount is for the purchase of electricity from the local private utility, payment to the government of the District of Columbia for the provision of water and sewer services, and the procurement of boiler fuel, as displayed in the following table.

FISCAL YEAR 2010 ESTIMATED UTILITY COSTS

	Cost
Purchase of electrical energy	\$51,058,000
Purchase of natural gas	22,786,000

Utility Tunnels.—On June 11, 2007, the Office of Compliance and the Architect of the Capitol entered into a comprehensive settlement of a complaint and three citations issued against the AOC involving safety and health hazards in the Capitol Power Plant util-

ity tunnels. To date, \$134,000,000 has been appropriated to abate these hazards. While AOC originally requested \$45,770,000 for fiscal year 2010 to continue the tunnel program, it has reassessed its plans for repairs. AOC was able to decrease the fiscal year 2010 estimate to \$16,850,000 with a modified plan that will still meet the Office of Compliance settlement agreement. The revised total cost of the utility tunnel project is now \$176,130,000. The Committee commends these efforts and requires that the AOC continue to evaluate assessments and immediately report any changes to current and projected costs. The Committee's firm expectation is that the AOC will meet the June 2012 commitment to abate safety and health hazards within the tunnels.

Energy Efficiency/Greening.—The Committee is pleased by the efforts of the Architect of the Capitol in expediting the use of 100 percent natural gas in the Capitol Power Plant as requested by the Majority Leader of the Senate and the Speaker of the House of Representatives. Retrofits currently underway at the plant will result in this goal virtually being achieved later this year. The Committee looks forward to reviewing the results of the National Academy of Sciences Study of Energy Efficient Alternatives for the Capitol Power Plant in determining the next steps towards further reducing the CPP's carbon emissions.

Budget estimate, 2010	24,568,000
Committee recommendation	22,756,000

The Committee recommends a total of \$22,756,000 for the operation of the Capitol Visitor Center. This is \$1,812,000 below the request and \$17,471,000 less than fiscal year 2009. The amount recommended includes \$336,000 for 5 new positions to improve CVC operations (financial management specialist, assistant gift shops manager, restaurant/special events coordinator, audio/visual specialist, and information technology network specialist).

The Committee notes that in addition to funds recommended within this appropriation, approximately \$9,000,000 within the Capitol Building appropriation is associated with care and maintenance of the CVC facility. The Committee asks AOC to clearly display in its future budget justifications all funds associated with the operation of the CVC.

The following table displays the budget detail.

ADMINISTRATIVE PROVISIONS

SEC. 1301. DISPOSITION OF SURPLUS OR OBSOLETE PERSONAL PROPERTY. This provision is modeled after authority available to the executive branch. It authorizes AOC to retain proceeds from the sale of used or surplus personal property and vehicles and/or

to obtain trade-in credit or discount when purchasing new similar items.

SEC. 1302. FLEXIBLE AND COMPRESSED WORK SCHEDULES. This provision makes permanent a Flexible Work Schedule program which AOC has piloted for the last 2 years. The program has improved efficiency, enhanced customer support, and contributed positively to employee morale.

SEC. 1303. DISABLED VETERANS NONCOMPETITIVE APPOINTMENT. This provision clarifies that "head of agency" includes the AOC for purposes of appointing disabled military veterans to special non-competitive appointments for which they are eligible as authorized by 5 U.S.C. 3112.

SEC. 1304. ACCEPTANCE OF VOLUNTARY STUDENT SERVICES. This provision authorizes AOC to accept voluntary services from students, enabling AOC to train and mentor students and provide on-the-job experience, potentially preparing them for careers with AOC.

SEC. 1305. BOTANIC GARDEN. This provision authorizes AOC to enter into a contract with a vendor for the sale of refreshments at the Botanic Garden and National Garden.

LIBRARY OF CONGRESS

The Library of Congress is the Nation's oldest cultural institution and largest repository of human knowledge in the world. It is the main research arm of the United States Congress. Its mission is to make its resources available and useful to the Congress and the American people and sustain and preserve a universal collection of knowledge and creativity for future generations. The Library's collections include more than 138 million artifactual items (books, photographs, maps, sound recordings, films, sheet music, legal materials) in 470 languages. Digital technology is transforming the way the Library does its work, and the institution plays an important leadership role in superimposing digital library collections and services on those that are analog based. The Library of Congress houses the Congressional Research Service, U.S. Copyright Office, National Library Service for the Blind and Physically Handicapped, Law Library of Congress, and numerous other programs and services.

The Committee recommends a total of \$638,565,000 for the Library of Congress, an increase of \$31,469,000 over the fiscal year 2009 level and a decrease of \$19,844,000 below the request. Increases are provided to accommodate pay and price level increases, and technology infrastructure upgrades.

In addition to the appropriation, the Library estimates receipts and reimbursements of \$42,662,000, funds from gifts and trusts totaling \$27,351,000 and revolving funds totaling \$88,525,000. Total funds available to support Library operations, including the Architect of the Capitol account, are expected to be over \$830,000,000 in fiscal year 2010 under the Committee recommendation.

The following table displays the Committee recommendation for the Library of Congress appropriations compared to the budget request and the fiscal year 2009 level.

Committee recommendation:	
Salaries and expenses	441,033,000
Authority to spend receipts	6,350,000
	<hr/>
Net, salaries and expenses	434,683,000

The Committee recommends an appropriation of \$434,683,000 for salaries and expenses of the Library of Congress and approves authority to spend receipts of \$6,350,000 in fiscal year 2010, for a total of \$441,033,000. This is \$17,544,000 below the request and \$22,003,000 above the enacted level. The amount recommended includes \$7,677,000 for the National Digital Information Infrastructure and Preservation Program; \$7,315,000 for the Teaching with Primary Sources program; \$3,554,000 for the relocation of Library materials to Ft. Meade storage modules 3 and 4; \$5,317,000 for the Department of State capital security cost-sharing program; and an increase of \$2,000,000 for custodial services.

The bill provides \$200,000 to be transferred to the Durham Museum in Omaha, Nebraska to preserve, digitize, and make available the Museum's photo archive collection of historically and culturally significant materials about the development of Nebraska and the American West. The funding will provide support for the Museum's effort to preserve 500,000 images. Upon request, the Library will provide guidance on standards and best practices for conservation, preservation and digitization of photographic archives, on establishing conservation and preservation training programs, and on incorporating digitized primary source materials into school curricula.

Information Technology.—The Committee recommends \$8,680,000 for information technology infrastructure investments. While less than the full request, the amount recommended is sufficient for LOC to embark on upgrades to its content delivery, content management and core technology. The Committee expects that the Library will update its digital strategy to ensure IT investments are targeted appropriately. While the Library has developed a preliminary digital strategy, it does not represent an integrated, Library-wide strategy for digitization. The Committee expects that the strategy will incorporate key stakeholder views on the extent to which the Library should make its collections available digitally; align its activities, information technology, workforce, and other resources, including partnerships, to position it to acquire, preserve, manage, and make available rapidly increasing amounts of digital content; identify and manage the long-term costs of acquiring, preserving, and making accessible its print and digital collections; and

articulate the roles and responsibilities of all relevant service units and offices in developing and executing the strategy. The Committee expects that LOC will update its digital strategy to incorporate these elements, and provide a report of its efforts within 90 days of enactment of this Act. The Committee directs LOC to consult with GAO as it finalizes the digital strategy. Updating the strategy should take place prior to major investments in information technology.

Overseas Field Offices.—The Committee continues to have concerns with the cost of maintaining the overseas field offices. The Committee expects LOC to report promptly on the results of its assessment of these offices and make recommendations for efficiencies, including the possibility of partnership arrangements and increasing assessments on participating institutions.

SALARIES AND EXPENSES

Appropriations, 2009:	
Salaries and expenses	\$51,592,000
Authority to spend receipts	33,315,000
Net, salaries and expenses	<u>18,277,000</u>
Budget estimate, 2010:	
Salaries and expenses	55,476,000
Authority to spend receipts	34,612,000
Net, salaries and expenses	<u>20,864,000</u>
Committee recommendation:	
Salaries and expenses	55,476,000
Authority to spend receipts	34,612,000
Net, salaries and expenses	20,864,000

The Committee recommends the direct appropriation of \$20,864,000 for the Copyright Office and approves authority to spend receipts of \$34,612,000 in fiscal year 2010, for a total of \$55,476,000. This is the same as the request level.

Copyright Backlog.—The Committee is very concerned with the backlog of 500,000 pending claims within the Copyright Office. The backlog has occurred as a result of the “reengineering” of the Copyright process, and the conversion to electronic format. While over \$15,000,000 was spent in fiscal years 2001–2007 on the new Copyright operating system, known as eCo, implementation of the reengineering effort to this point has not yielded the results Congress expected. LOC is to keep the Committee apprised of its plans and progress to eliminate the backlog and process copyright registration claims in a timely manner.

Customs and Border Protection Information-sharing.—The Committee notes that the U.S. Customs and Border Protection’s [CBP] on-line recordation process allows rights owners to electronically record their copyrights with CBP, but little has been accomplished in establishing electronic links between the systems maintained by the Office of Copyright and those maintained by CBP to ease the recordation process. Given that the United States Copyright Office now offers an online copyright registration option, the Committee

directs the Copyright Office to work with CBP to investigate the feasibility and costs of sharing information from the Copyright Office registration records with the Intellectual Property Rights e-Recordation online system maintained by CBP in order to facilitate the recordation of copyrights with CBP.

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

Appropriations, 2009	\$107,323,000
Budget estimate, 2010	115,136,000
Committee recommendation	112,836,000

The Committee recommends an appropriation of \$112,836,000 for the Congressional Research Service. The amount recommended is an increase of \$5,513,000 over the fiscal year 2009 level and is sufficient to cover pay and inflationary increases.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

Appropriations, 2009	\$68,816,000
Budget estimate, 2010	70,182,000
Committee recommendation	70,182,000

This appropriation supports a National Reading Program for blind and physically handicapped citizens. Books and magazines in braille and various recorded formats are produced by the National Library Services for the Blind and Physically Handicapped for distribution through a network of State and locally supported libraries. At present, 57 regional libraries in 49 States, the District of Columbia, the Virgin Islands, Puerto Rico, and Guam house and circulate books and magazines to eligible readers. Seventy-eight subregional libraries in 17 States assist at the local public library level; 53 libraries and 4 cooperating agencies distribute sound reproducers. Two multistate centers, under contract to the National Library Service, store and distribute books and other materials in their geographical regions. The program supports a readership of approximately 700,000.

The Committee recommends an appropriation of \$70,182,000 for salaries and expenses for Books for the Blind and Physically Handicapped. This is an increase of \$1,366,000 over the fiscal year 2009 level and the same as the request. The amount recommended includes \$650,000 to continue to provide newspapers to blind and physically handicapped individuals.

The Committee strongly supports the Digital Talking Book project which will convert NLS' antiquated cassette player-based talking book system to digital format. The Committee recommends \$13,990,000 for fiscal year 2010.

ADMINISTRATIVE PROVISIONS

SEC. 1401. The Committee has included a routine administrative provision regarding reimburseable and revolving funds carried in prior years.

SEC. 1402. Provides authority to transfer funds between Library of Congress accounts, subject to the approval of the Committees on Appropriations.

SEC. 1403. Provides a technical clarification regarding the classification of senior positions above the GS-15 level throughout the Library.

SEC. 1404. Provides carryover leave authority for all Library positions at the senior level, eliminating a technical inconsistency.

GOVERNMENT PRINTING OFFICE

CONGRESSIONAL PRINTING AND BINDING

Appropriations, 2009	\$96,828,000
Budget estimate, 2010	93,296,000
Committee recommendation	93,296,000

The U.S. Government Printing Office's core mission dates to 1813 when Congress determined the need to make information regarding the work of the three branches of Government available to all Americans. GPO is the Federal Government's primary centralized resource for gathering, cataloging, producing, providing and preserving published information in all its forms. By law and tradition, GPO's mission is to provide expert publishing and printing services to all three branches of Government; to provide, in partnership with Federal depository libraries, permanent public access to the printed and electronic information products of the Federal Government; and to sell copies of authentic printed and electronic documents and other government information products to the public.

The Committee recommends \$93,296,000 for congressional printing and binding. This is a decrease of \$3,532,000 below the fiscal year 2009 level, and the same as the request.

The following table compares the component categories within this account for fiscal year 2010. The Committee has not recommended separate amounts for each activity in order to give GPO the flexibility to meet changing requirements.

Budget estimate, 2010	40,911,000
Committee recommendation	40,911,000

This appropriation provides for salaries and expenses associated with the distribution of Government documents to depository and international exchange libraries, the cataloging and indexing of Government publications, and the distribution of publications authorized by law at the request of Members of Congress and other Government agencies.

The Committee recommends \$40,911,000 for salaries and expenses of the Office of the Superintendent of Documents. This is an increase of \$2,167,000 over the current year and the same as the request.

GOVERNMENT PRINTING OFFICE REVOLVING FUND

Appropriations, 2009	\$4,995,000
Budget estimate, 2010	32,100,000
Committee recommendation	12,782,000

The bill provides \$12,782,000 for the Government Printing Office Revolving Fund. This is \$7,787,000 above the current level and \$19,318,000 below the budget request. This increase will provide funding for the continued development of GPO's Federal Digital System [FDsys], its composition replacement system, and other high priority information technology investments. It will also provide funding to continue the repair and renovation of GPO's elevators in fiscal year 2010. The Committee has increased the Public Printer's representation and reception allowance from \$5,000 to \$7,500.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

Appropriations, 2009	¹ \$556,000,000
Budget estimate, 2010	567,497,000
Committee recommendation	553,658,000

¹ Includes \$25,000,000 included in emergency spending in Public Law 111-5.

The U.S. Government Accountability Office [GAO] is an independent, nonpartisan agency that works for Congress. GAO investigates how the Federal Government spends taxpayer dollars. Its activities include auditing agency operations to determine whether Federal funds are being spent efficiently and effectively; investigating allegations of illegal and improper activities; reporting on how well government programs and policies are meeting their objectives; performing policy analyses and outlining options for congressional consideration; and issuing legal decisions and opinions, such as bid protest rulings and reports on agency rules.

The Committee recommends funding of \$553,658,000 for salaries and expenses of the Government Accountability Office, an increase of \$22,658,000 above the enacted level excluding \$25,000,000 included in Public Law 111-5, and a reduction of \$13,839,000 below

the request level. Additionally, \$15,222,000 is authorized in offsetting collections derived from rent receipts and reimbursements for conducting financial audits of Government corporations, for a total of \$568,880,000.

The amount recommended will accommodate 3,180 full-time equivalent employees, as well as uncontrollable pay and price level increases and investments in technology improvements.

ADMINISTRATIVE PROVISION

SEC. 1501. The Committee recommends a provision repealing a number of GAO mandates which are no longer useful to the Congress, thereby allowing GAO to focus on higher priority work. These include a recurring review of the Economic Development Administration's use of excess construction funds; an annual audit of the National Transportation Safety Board; an annual audit of local educational spending agencies; recurring audits of small business participation in construction of the Alaska Natural Gas Pipeline; recurring audits of assistance under Compacts of Free Association; semiannual audits of Independent Counsel expenditures; and reports on ambulance service costs.

OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriations, 2009	\$13,900,000
Budget estimate, 2010	14,456,000
Committee recommendation	14,456,000

The Committee recommends \$14,456,000 as a payment to the Open World Leadership Center Trust Fund. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106-554) as a legislative branch entity. The Fiscal Year 2003 Consolidated Appropriation Resolution (Public Law 108-7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging political leaders of Russia and Newly Independent States at all levels of government to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

The Committee commends Open World for organizing foreign delegations and professional hosting programs that focus on issues of adoption, international adoptions, foster care, and child protection.

ADMINISTRATIVE PROVISION

SEC. 1601. The Committee recommends two changes that are technical in nature. The first ensures that both chambers of Congress are represented on the Open World Board of Trustees, as originally intended. The section provides that congressional appointees to the Board will be Members of Congress, ex officio, so that when an appointee leaves the Senate or the House, the congressional leadership is able to make a new appointment. The second clarifies that the Board will act through the Librarian of Congress (in his official capacity as a member of the Board) to appoint

the Open World Executive Director. This will clarify the Executive Director's status under civil service provisions of title 5, United States Code.

**JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING
AND DEVELOPMENT**

Appropriations, 2009	\$430,000
Budget estimate, 2010	430,000
Committee recommendation	430,000

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends the budget request of \$430,000 as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.

TITLE II

GENERAL PROVISIONS

Included are several routine general provisions carried annually in the bill (secs. 201–208), as follows:

Section 201 bans the use of appropriated funds for service and maintenance of private vehicles, except under such regulations as may be promulgated by the House Administration Committee and the Senate Rules and Administration Committee, respectively.

Section 202 limits the availability for obligation of appropriations to the fiscal year for which it is expressly provided in the bill accompanying this report.

Section 203 provides that any pay rate and title designation for a staff position created in this act, and not specifically established by the Legislative Pay Act of 1929, is to be made permanent law by this act. Further, any pay rate and title change for a position provided for in the 1929 Act is to be made permanent law by this act and any changes in the official expenses of Members, officers, and committees, and in the clerk hire of the House and Senate are to be made permanent law by this act.

Section 204 bans the use of funds for contracts unless such contracts are matters of public record and are available for public inspection.

Section 205 appropriates such sums as may be necessary for the payment of settlements and awards pursuant to Public Law 104–1.

Section 206 authorizes legislative branch entities participating in the Legislative Branch Financial Managers Council [LBFMC] to finance the costs of the LBFMC.

Section 207 prohibits unauthorized transfers of funds to other agencies.

Section 208 ensures continuation of the staff-led tours of the Capitol.

Section 209 eliminates the statutory deadline established only for the Legislative Branch for correcting violations of the provisions of section 5 of the Occupational Safety and Health Act of 1970 [OSHA] and make the enforcement mechanisms consistent with OSHA's application to the private sector and the executive branch. Over the years, this deadline has had unintended consequences due to the age and historical significance of facilities and changing building codes for many legislative branch buildings. Employing agencies will continue to be required by law to correct deficiencies. Repealing this requirement would allow the Office of Compliance General Counsel [OOC GC] and legislative branch agency heads to work out corrective actions in a realistic and reasonable time frame taking into consideration the risks of the deficiencies and costs involved in remedying the deficiencies, as well as mitigating items

which have been put in place (sprinklers, alarms, and other building improvements) to reduce risk. This Committee expects the OOC GC to amend its regulations to establish criteria that use a broad-based approach, including the financial impact to the agency, in working with agencies to address needed corrections.

COMPLIANCE WITH PARAGRAPH 7, RULE XVI, OF THE
STANDING RULES OF THE SENATE

Paragraph 7 of rule XVI requires that Committee reports on general appropriations bills identify, with particularity, each Committee amendment to the House bill “which proposes an item of appropriation which is not made to carry out the provisions of an existing law, a treaty stipulation, or an act or resolution previously passed by the Senate during that session.”

The Committee has recommended no such funding.

COMPLIANCE WITH PARAGRAPH 7(c), RULE XXVI OF THE
STANDING RULES OF THE SENATE

Pursuant to paragraph 7(c) of rule XXVI, on June 18, 2009, the Committee ordered reported en bloc an original bill (S. 1298) making appropriations for the Department of Homeland Security for the fiscal year ending September 30, 2009, and an original bill (S. 1294) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2009, with each subject to amendment and subject to the budget allocations, and authorized the chairman of the committee or the chairman of the subcommittee to offer the text of the Senate-reported bill as a committee amendment in the nature of a substitute to the House companion measure, by a recorded vote of 30–0, a quorum being present. The vote was as follows:

COMPLIANCE WITH PARAGRAPH 12, RULE XXVI, OF THE
 STANDING RULES OF THE SENATE

Paragraph 12 of rule XXVI requires that Committee reports on a bill or joint resolution repealing or amending any statute or part of any statute include “(a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the Committee.”

In compliance with this rule, the following changes in existing law proposed to be made by the bill are shown as follows: existing law to be omitted is enclosed in black brackets; new matter is printed in italic; and existing law in which no change is proposed is shown in roman.

DISCLOSURE OF CONGRESSIONALLY DIRECTED SPENDING ITEMS

The Constitution vests in the Congress the power of the purse. The Committee believes strongly that Congress should make the decisions on how to allocate the people’s money.

As defined in Rule XLIV of the Standing Rules of the Senate, the term “congressional directed spending item” means a provision or report language included primarily at the request of a Senator, providing, authorizing, or recommending a specific amount of discretionary budget authority, credit authority, or other spending authority for a contract, loan, loan guarantee, grant, loan authority, or other expenditure with or to an entity, or targeted to a specific State, locality or congressional district, other than through a statutory or administrative, formula-driven, or competitive award process.

For each item, a Member is required to provide a certification that neither the Member nor the Senator’s immediate family has a pecuniary interest in such congressionally directed spending item. Such certifications are available to the public on the website of the Senate Committee on Appropriations (www.appropriations.senate.gov/senators.cfm).

Following is a list of congressionally directed spending items included in the Senate recommendation discussed in this report, along with the name of each Senator who submitted a request to the Committee of jurisdiction for each item so identified. Neither

the Committee recommendation nor this report contains any limited tax benefits or limited tariff benefits as defined in rule XLIV.
