GENERAL STATEMENT AND SUMMARY

The Committee recommends new budget (obligational) authority of \$3,136,193,000 for the legislative branch for fiscal year 2011. This amount excludes House items as per normal protocol. This total is \$435,613,000 below the budget request and \$13,303,000 below the fiscal year 2010 level, including fiscal year 2010 supplemental funding.

The Committee believes the legislative branch should serve as a model for the executive branch, tightening its belt wherever possible and employing best practices. Therefore, the Committee has included no increase in funding for fiscal year 2011. All requests for additional staffing or programmatic expansions were not approved, resulting in a significant reduction from the budget request. Wherever possible, the use of prior year balances was made available to fund critically needed projects and programs included in the fiscal year 2011 request.

The Committee made recommendations based on the high priorities of security and protection of the Capitol complex and its visitors, the backlog of deferred maintenance and capital renewal projects that exist throughout the complex, and to ensure that the buildings within the complex are compliant with current fire and life safety requirements. While the Committee is aware of the statutory requirements in the American Recovery and Reinvestment Act, no additional funding is included in this act for those purposes.

The bill includes \$335,435,000 for the U.S. Capitol Police; \$442,611,000 for the Architect of the Capitol (excluding House office buildings) to maintain, improve, and construct buildings and facilities for the Congress; \$556,849,000 for the Government Accountability Office; \$643,337,000 for the Library of Congress; \$147,461,000 for the Government Printing Office; and \$926,179,000 for operations of the Senate.

Reprogramming Guidelines.—A reprogramming, as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item or program area to another within any appropriation funded in this act. In cases where the Senate report displays an allocation of an appropriation below those levels, that more detailed level shall be the basis for reprogramming. A reprogramming shall also consist of any significant departure from the program described in the agency's budget justifications. This includes proposed reorganizations, even without a change in funding. Any change to the organization table presented in the budget justification shall be subject to this requirement.

The Committee shall be notified by letter, at least 15 days prior to reprogramming of funds in excess of \$500,000 or 10 percent, whichever is less, between programs, projects or activities; or in excess of \$500,000 between object classifications (except for shifts

within the pay categories, object class 11, 12, and 13 or as further specified in each agency's respective section). This provision is also applicable in cases where several activities are involved with each receiving less than \$500,000. In addition, the Committee is to be notified of reprogramming actions which are less than these amounts if such actions would have the effect of: committing the agency to significant funding requirements in future years; increasing funds or personnel by any means for any project or activity for which funds have been previously denied or restricted by Congress; creating new programs, offices, agencies or commissions or substantially augmenting existing programs, offices, agencies, or commissions; or reorganizing offices, programs, or activities.

Multiple reprogramming requests suggest an agency's inability to manage within appropriated funds and indicate the need for change in the execution of the agency's budget. The Committee expects each agency to manage its programs, projects and activities within the levels appropriated. A reprogramming of funds should be requested only after a careful analysis of available funding has been undertaken within the budget office. In general:

- A reprogramming should be made only when an unforeseen situation arises that could not have been anticipated when formulating the budget request for the current fiscal year; and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.
- Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming; instead, funds should again be sought for the deferred project or activity through the regular appropriations process.
- Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.
- Reprogramming proposals submitted for approval shall be considered approved 30 calendar days after receipt if the Committee has posed no objection. However, agencies will be expected to extend the approval deadline if specifically requested by the Committee.

The increase of \$4,200,000 in the Secretary's expense budget reflects this transfer. This funding will remain available until September 30, 2015. SERGEANT AT ARMS AND DOORKEEPER OF THE SENATE

Appropriations, 2010	\$153,601,000
Budget estimate, 2011	161,286,000
Committee recommendation	142,401,000

The Committee recommends an appropriation of \$142,401,000 for expenses of the Sergeant at Arms, to remain available until September 30, 2015, which is \$18,885,000 below the request. This amount is a reduction of \$11,200,000 below the enacted level, of which \$7,000,000 is needed to fully fund the SAA’s current staffing

level and \$4,200,000 reflects the transfer of the Senate Information Services [SIS] program from the Sergeant at Arms to the Office of the Secretary of the Senate beginning in fiscal year 2011.

The Sergeant at Arms will defer nearly \$7,000,000 in periodic upgrades to data network and storage systems and equipment planned for fiscal year 2011. The Sergeant at Arms believes that this one-time deferral will not materially impact data storage or network performance in the short term.

The following table compares the component categories within this account for fiscal year 2010 and the 2011 Committee recommendation.

EXPENSES—OFFICE OF THE SERGEANT AT ARMS AND DOORKEEPER

	2010 level	Committee recommendation	Difference

Any deviation of more than 10 percent cumulatively from the level for each item in the spending plan will require the customary approval of the Committee.

SENATORS’ OFFICIAL PERSONNEL AND OFFICE EXPENSE ACCOUNT

Appropriations, 2010	\$422,000,000
Budget estimate, 2011	458,817,000
Committee recommendation	422,000,000

The Committee recommends an appropriation for fiscal year 2011 of \$422,000,000 for the Senators’ Official Personnel and Office Expense Account, the same as the fiscal year 2010 enacted level and a decrease of \$36,817,000 below the request.

This account funds salaries and benefits of Senators’ staffs as well as the office expense allowance for Senators’ offices. The Senators’ official personnel and office expense allowance [SOPOEA] is comprised of three components. Two of these are for salaries of personnel in Senators’ offices.

The allowance for administrative and clerical assistance is based on the population of States, beginning with States with a population of fewer than 5 million people to States with a population of 28 million or more. The table illustrates the allowances per pop-

ulation category and the States which fall into those categories. The estimate for fiscal year 2011 totals \$269,942,634.

The second component of the salaries allowance is for legislative assistance to Senators, as authorized by Public Law 95-94. This allowance provides funding for three positions in each Senator's office at an annual rate of \$169,459 for a total of \$508,377 per office, or \$50,837,700 for all 100 Senators.

The third component of the SOPOEA account is for office expenses and totals \$20,128,942. Each Senator's office is allocated an amount for office expenses, as displayed in the following table. In addition, an amount of \$200,000 is provided to cover additional expenses that may be incurred in the event of the death or resignation of a Senator, and to provide for transitional expenses during election years subject to regulations set by the Committee on Rules and Administration with respect to official mail.

It should be noted that the amounts provided for the various components of the SOPOEA are interchangeable. Amounts provided for salaries may be used for expenses, and vice versa, subject to regulations set by the Committee on Rules and Administration with respect to official mail. It should also be noted that the figures in the following table are preliminary, and that official notification of member budgets is issued by the Financial Clerk of the Senate after enactment of this bill.

The following table illustrates the several components of the SOPOEA.

According to the most recent employment data compiled by the Secretary of the Senate, as of April 30, 2010, there were 4,295 individuals employed in Senators' offices throughout the United States and covered by this appropriation.

In addition to providing funds for compensation of employees within Senators' offices, this appropriation also provides for agency contributions for those employees; that is, the Senate's share, as an employer, of the various employee benefit programs for which Senate employees are eligible. These payments are mandatory, and fluctuate according to the programs in which employees are enrolled, the level of compensation, and the degree of participation. Budget requests for this account prepared by the Financial Clerk must be based on both experience and evaluation of trends. The fiscal year 2011 request for this account anticipates \$106,000,000 in agency contribution costs.

The amount recommended by the Committee for the SOPOEA is less than would be required to cover all obligations that could be incurred under the authorized allowances for all Senators. The Committee is able to recommend an appropriation of a lesser amount than potentially necessary because Senators typically do not obligate funds up to the absolute ceiling of their respective allowances.

The Committee recommends an appropriation of \$11,327,000 for salaries and expenses of the Joint Committee on Taxation.

The Joint Committee is established under the Internal Revenue Code of 1986 to: (1) investigate the operation and effects of internal revenue taxes and the administration of such taxes; (2) investigate measures and methods for the simplification of such taxes; (3) make reports to the House Committee on Ways and Means and the Senate Committee on Finance (or to the House and the Senate) on the results of such investigations and studies and to make recommendations; and (4) review any proposed refund or credit of income or estate and gift taxes or certain other taxes set forth in Code section 6405 in excess of \$2,000,000. In addition to these functions that are specified in the Internal Revenue Code, the Congressional Budget Act of 1974 requires the Joint Committee to provide revenue estimates for all tax legislation considered by either the House or the Senate.

OFFICE OF THE ATTENDING PHYSICIAN

Appropriations, 2010	\$3,805,000
Budget estimate, 2011	3,407,000
Committee recommendation	3,407,000

The Committee recommends an appropriation of \$3,407,000 for the Office of the Attending Physician. The Office was first established by House Resolution 253, adopted December 5, 1928.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

Appropriations, 2010	\$1,377,000
Budget estimate, 2011	1,377,000
Committee recommendation	1,377,000

The Committee recommends \$1,377,000 for the Office of Congressional Accessibility Services. This office is a successor to the Special Services Office following enactment of the Capitol Visitor Center Act of 2008.

The Office of Congressional Accessibility Services [OCAS] provides and coordinates accessibility services for individuals with disabilities, including Members of Congress, staff, and visitors to the U.S. Capitol complex. These services include sign language interpreting, adaptive tours, and wheelchair loans. OCAS also provides information regarding accessibility for individuals with disabilities, as well as related training and staff development to Members of Congress and employees of the Senate and House of Representatives.

ADMINISTRATIVE PROVISION

SEC. 1001. This provision authorizes employees of the Office of Congressional Accessibility Services to participate in the Senate employees student loan repayment program rather than establish a separate student loan program for their employees.

CAPITOL POLICE

	<i>Recommended</i>
Salaries	\$277,289,000
Expenses	58,146,000
Total, Capitol Police	335,435,000

The United States Capitol Police [USCP] is charged with the protection of the United States Congress, its legislative processes, Members, employees, visitors and facilities within the U.S. Capitol complex from crime, disruption or terrorism, so that the Congress may fulfill its constitutional responsibilities in a safe and open environment.

The Committee recommends \$335,435,000 for the U.S. Capitol Police. This is a decrease of \$5,839,000 below the fiscal year 2010 level, including fiscal year 2010 supplemental funding, and \$50,041,000 below the request.

Chief of the Capitol Police.—The Committee is concerned about frequent significant problems in the administration of the United States Capitol Police. The Inspector General [IG] of the U.S. Capitol Police in a recent audit discussed the failure of the “tone at the top”. Tone and accountability are developed and owned by the Chief. The Committee has granted the Chief of Police substantial authority to lead the 2,193 men and women of the USCP. The responsibilities and accountability for the agency remains that of the Chief of Police. The inability of the Chief to make improvements in this area undermines his credibility.

The Committee holds in high regard the difficult task of the Department personnel, sworn and civilian, who contribute daily to the safety of Members, staff, and visitors. The Committee expects the

department leadership to exceed expectations held for the field and administrative personnel. There are ample studies conducted by the Police Board, GAO, IG, and professionals from around the country indicating what ought to be accomplished. The Committee expects immediate and effective execution of the guidance provided to the Chief of Police and his staff.

Inspector General of the U.S. Capitol Police Board.—The Committee is, in general, disappointed in the quality of the work product of the inspector general. The Committee expects the judgment and independence of the IG to be above reproach in both appearance and execution. The audits and investigatory reports produced by the inspector general during fiscal year 2010 are not up to the standards this Committee expects. For example, the IG referenced a Committee e-mail correspondence that took the content of the e-mail out of context to make a point in his findings. This is unacceptable to this Committee. The Committee believes that the inspector general has the resources, personnel, and contractual assistance to perform his duties successfully.

The Capitol Police Board.—The Capitol Police Board has varied and wide-ranging roles and responsibilities as part of its mission to oversee the USCP. Throughout the Board’s history, these roles and responsibilities have evolved to address emerging external threats and internal changes within the USCP management and administration. The latest change occurred in 2009 through the USCP Administrative Technical Corrections Act of 2009, which amended some of the Board’s responsibilities. This Committee believes that, consistent with good governance principles, the Board should receive periodic reviews of, among other things, its governance practices, organizational structure and functions. Therefore, the Committee directs GAO to review the governance practices that the Board has adopted and determine whether improvements or changes are needed in the Board’s mission, structure, functions, and processes.

Senate Office Building Business Hours.—The Committee was told at the March 4th USCP budget hearing that the Capitol Police had conducted a study to identify door closures during non-business hours that would lead to significant savings in overtime. The Committee has yet to receive the results of this study, which causes problems in developing accurate budget estimates for fiscal year 2011. The Committee directs the Chief of Police to complete this study within 60 days and present his recommendations to the Committee.

SALARIES

Appropriations, 2010	\$265,188,000
Budget estimate, 2011	289,782,000
Committee recommendation	277,289,000

The amount provided covers salaries, benefits, and overtime costs. Capitol Police personnel are also eligible for hazardous duty pay and comparability pay similar to locality pay adjustments granted other Federal law enforcement personnel in the Washington, DC, area.

The Committee recommends \$277,289,000 and 2,193 FTEs for Capitol Police salaries, an increase of \$12,101,000 over the enacted

level and \$12,493,000 below the request. The total staffing level is expected to be approximately 1,800 sworn and 393 civilian staff under the Committee recommendation.

Overtime.—The Committee recommends up to \$29,195,000 for overtime in fiscal year 2011. This provides for approximately 502,000 hours of additional duty. The Committee did not provide \$1,945,351 in overtime to cover the anticipated work on the U.S. Capitol Dome and the utility tunnels. The Committee directs the Capitol Police to request a reprogramming of funds if necessary to cover this work.

GENERAL EXPENSES

Appropriations, 2010 ¹	\$76,086,000
Budget estimate, 2011	95,694,000
Committee recommendation	58,146,000

¹ Includes \$12,956,000 in emergency spending in Public Law 111–212.

Expenses include office supplies and equipment, laundry and dry cleaning, communications, motor vehicles, uniforms and equipment, investigations, training, and miscellaneous items.

The Committee recommends \$58,146,000 for general expenses, which is \$17,940,000 below the fiscal year 2010 level including supplemental funding and \$37,548,000 below the request. Although the USCP requested \$16,000,000 for the indoor coverage portion of the new radio system in fiscal year 2011, the Committee provided \$12,956,000 in Public Law 111–212, the fiscal year 2010 supplemental appropriations bill, to expedite this critical element of the project. The Committee is following very closely the management and execution of this project, and has directed GAO to provide ongoing assistance to ensure the schedule and budget are tightly controlled.

ADMINISTRATIVE PROVISIONS

SEC. 1101. TRANSFER AUTHORITY. The Committee has included a routine provision which allows for funds to be transferred between the “Salaries” and “General expenses” accounts.

SEC. 1102. TRUCK INTERDICTION MONITORING PROGRAM. The Committee has included a provision which clarifies the Committee’s intent regarding the use of prior-year appropriated funds for the Truck Interdiction Monitoring Program.

SALARIES AND EXPENSES

Appropriations, 2010	\$4,377,000
Budget estimate, 2011	4,676,000
Committee recommendation	4,377,000

The Office of Compliance [OOC] is an independent nonpartisan agency established to administer and enforce the Congressional Accountability Act [CAA]. The OOC administers the dispute resolution system established to resolve disputes that arise under the CAA; carries out an education and training program for the regulated community on the rights and responsibilities of the CAA; and advises Congress on needed changes and amendments to the CAA.

The OOC General Counsel has independent investigatory and enforcement authority for certain violations of the CAA.

The Committee recommends an appropriation of \$4,377,000, for the salaries and expenses of the OOC, the same as the fiscal year 2010 level and \$299,000 below the request.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Appropriations, 2010	\$45,165,000
Budget estimate, 2011	47,289,000
Committee recommendation	46,589,000

CBO’s mandate is to provide the Congress with objective, non-partisan, and timely analyses to aid in economic and budgetary decisions on the wide array of programs covered by the Federal budget, and the information and estimates required for the congressional budget process.

The Committee recommends an appropriation of \$46,589,000 for the Congressional Budget Office. The amount provided is an increase of \$1,424,000 over the enacted level to support additional staff hired with funds provided in the fiscal year 2009 supplemental appropriations bill, and \$700,000 below the request.

ARCHITECT OF THE CAPITOL

The Office of the Architect of the Capitol [AOC] is responsible to the United States Congress for the maintenance, operation, development, and preservation of 16.5 million square feet of buildings and more than 450 acres of land throughout the Capitol complex. This includes the Capitol, the Capitol Visitor Center, the House and Senate office buildings, the Library of Congress buildings, the U.S. Botanic Garden, the Capitol Power Plant, and other facilities. The AOC also provides professional expertise with regard to the preservation of architectural and artistic elements entrusted to its care, and provides recommendations concerning design, construction, and maintenance of the facilities and grounds.

The Committee has recommended a funding level of \$442,611,000 for all activities of the Architect of the Capitol, excluding House office buildings. The amount recommended is \$171,387,000 below the request and \$8,509,000 below the fiscal year 2010 enacted level. The Committee has funded only the most urgently needed projects. In addition, the Committee has approved the use of \$16,600,000 in prior year funds to apply toward high priority fiscal year 2011 projects campus-wide.

The Committee has recommended roughly \$40,000,000 in capital projects to address deferred maintenance, fire and life safety deficiencies, and capital renewal requirements. Addressing AOC’s growing backlog of such projects has been one of the highest priorities in this bill.

The following table shows the request and the Committee recommendation, excluding the House Office Buildings account:

Appropriation	2010 appropriation	Amount requested	Committee recommendation
General Administration	\$106,783,000	\$118,708,000	\$105,794,000

Total	451,120,000	613,998,000	442,611,000

Hybrid Vehicles.—The Committee believes the Architect of the Capitol should explore ways to encourage the use of alternative vehicles as a way to reduce oil consumption and greenhouse gas emissions. This includes plug-in hybrid, electric battery powered vehicles and the continued and expanded use of renewable fuels. Integrating any of these alternatives necessitates investment in infrastructure such as battery recharging, ethanol and biodiesel stations. The Architect is directed to consider the installation and expansion of such infrastructure as these vehicles become more widely available and utilized.

GENERAL ADMINISTRATION

In addition, the Committee has approved the use of prior year balances for the following projects: Fall Protection Design (\$307,000) and Stormwater Management Study Phase I (\$500,000).

Utility Tunnels.—On June 11, 2007, the Architect of the Capitol and the Office of Compliance entered into an agreement to address safety and health issues in the Capitol Power Plant utility tunnels that were the subject of an OOC complaint and three citations. The AOC's Utility Tunnel Improvement Program is on schedule to meet the June 2012 completion date. The Committee commends the AOC for utilizing methodologies such as improved engineering data, scope consolidation, and performance efficiencies realized through lessons learned resulting in an overall reduction of the program's projected cost of \$295,460,000 to \$176,130,000.

The Committee notes that progress continues to be made in the utility tunnels. Tunnel emergency evacuation plans have been improved and coordinated with the appropriate response agencies and the removal of friable asbestos insulation is essentially complete in all tunnels. Tunnel communication systems have been upgraded and new ventilation systems have been installed in two tunnels with the remaining tunnels scheduled for completion in September 2011. The installation of 14 new egress points will be completed by spring 2011. Within two tunnels, known overhead hazards have

been mitigated. Remaining concrete repairs will be completed by winter 2011. While the Committee is pleased with these results, the AOC should continue to evaluate assessments and immediately report any changes to current and projected costs.

LIBRARY OF CONGRESS

The Library of Congress is the Nation's oldest cultural institution and largest repository of human knowledge in the world. It is the main research arm of the United States Congress. Its mission is to make its resources available and useful to the Congress and the American people and sustain and preserve a universal collection of knowledge and creativity for future generations. The Library's collections include more than 138 million artifactual items (books, photographs, maps, sound recordings, films, sheet music, legal materials) in 470 languages. Digital technology is transforming the way the Library does its work, and the institution plays an important leadership role in superimposing digital library collections and services on those that are analog based. The Library of Congress houses the Congressional Research Service, U.S. Copyright Office, National Library Service for the Blind and Physically Handicapped, Law Library of Congress, and numerous other programs and services.

The Committee recommends a total of \$643,337,000 for the Library of Congress, the same as the fiscal year 2010 level and a decrease of \$31,448,000 below the request.

In addition to the appropriation, the Library estimates receipts and reimbursements of \$40,440,000, funds from gifts and trusts totaling \$18,348,000 and revolving funds totaling \$102,019,000. Total funds available to support Library operations, including the Architect of the Capitol account, are expected to be approximately \$840,000,000 in fiscal year 2011 under the Committee recommendation.

Budget estimate, 2011	119,919,000
Committee recommendation	114,341,000

The Committee recommends an appropriation of \$114,341,000 for the Congressional Research Service. The Committee was not able to fund the 17 additional FTE requested in fiscal year 2011 due to budgetary constraints.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

Appropriations, 2010	\$70,182,000
Budget estimate, 2011	71,549,000
Committee recommendation	70,397,000

This appropriation supports a national reading program for eligible blind and physically handicapped residents of the United States and U.S. citizens living overseas. Books and magazines in braille and various recorded formats are produced by the National Library Service for the Blind and Physically Handicapped for distribution through a network of State and locally supported libraries. At present, 56 regional libraries in 49 States, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands house and circulate books and magazines to eligible readers. Sixty-three subregional libraries in 15 States, and Guam, assist at the local public library level. Fifty-three of the regional libraries and 4 separate cooperating

agencies distribute sound reproducers. Two multi-State centers, under contract to the National Library Service, store and distribute books and other materials in their geographical region. The program supports a readership of approximately 900,000.

The Committee recommends an appropriation of \$70,397,000 for salaries and expenses for Books for the Blind and Physically Handicapped. This is an increase of \$215,000 over the fiscal year 2010 level and \$1,152,000 below the request. The amount recommended includes \$650,000 to continue to provide newspapers to blind and physically handicapped individuals.

SEC. 1305. This provision amends the Library's gift statute at 2 U.S.C. 160 to allow the Librarian to accept services and in-kind gifts in addition to gifts of cash for immediate disbursement.

GOVERNMENT PRINTING OFFICE

CONGRESSIONAL PRINTING AND BINDING

Appropriations, 2010	\$93,768,000
Budget estimate, 2011	96,652,000
Committee recommendation	96,652,000

The U.S. Government Printing Office's core mission dates to 1813 when Congress determined the need to make information regarding the work of the three branches of Government available to all Americans. GPO is the Federal Government's primary centralized resource for gathering, cataloging, producing, providing and preserving published information in all its forms. By law and tradition, GPO's mission is to provide expert publishing and printing services to all three branches of Government; to provide, in partnership with Federal depository libraries, permanent public access to the printed and electronic information products of the Federal Government; and to sell copies of authentic printed and electronic documents and other government information products to the public.

The Committee recommends \$96,652,000 for congressional printing and binding. This is an increase of \$2,884,000 over the fiscal year 2010 enacted level to cover the shortfall in mandatory fiscal year 2010 expenditures and the same as the request.

The following table compares the component categories within this account for fiscal year 2011. The Committee has not recommended separate amounts for each activity in order to give GPO the flexibility to meet changing requirements.

Appropriations, 2010	\$40,911,000
Budget estimate, 2011	44,208,000
Committee recommendation	42,682,000

This appropriation provides for salaries and expenses associated with the distribution of Government documents to depository and international exchange libraries, the cataloging and indexing of Government publications, and the distribution of publications authorized by law at the request of Members of Congress and other Government agencies.

The Committee recommends \$42,682,000 for salaries and expenses of the Office of the Superintendent of Documents. This is an increase of \$1,771,000 over the enacted level and \$1,526,000 below the request.

GOVERNMENT PRINTING OFFICE REVOLVING FUND

Appropriations, 2010	\$12,782,000
Budget estimate, 2011	25,700,000
Committee recommendation	8,127,000

The bill provides \$8,127,000 for the Government Printing Office Revolving Fund. This is \$4,655,000 below the enacted level and \$17,573,000 below the budget request. This amount will provide funding for the continued development of GPO's Federal Digital System, Advanced Print Technology, and continuity of Operations planning. It will also provide funding to continue the repair and renovation of GPO's elevators in fiscal year 2011.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

Appropriations, 2010	\$556,849,000
Budget estimate, 2011	601,117,000
Committee recommendation	556,849,000

The U.S. Government Accountability Office [GAO] is an independent, nonpartisan agency that works for Congress. GAO investigates how the Federal Government spends taxpayer dollars. Its activities include auditing agency operations to determine whether Federal funds are being spent efficiently and effectively; investigating allegations of illegal and improper activities; reporting on how well government programs and policies are meeting their objectives; performing policy analyses and outlining options for congressional consideration; and issuing legal decisions and opinions, such as bid protest rulings and reports on agency rules.

The Committee recommends funding of \$556,849,000 for salaries and expenses of the Government Accountability Office, the same as the fiscal year 2010 enacted level and a reduction of \$44,268,000 below the request. Additionally, \$19,438,000 is authorized in offsetting collections derived from rent receipts and reimbursements for conducting financial audits of Government corporations, for a total of \$576,287,000, which is a net increase of \$4,216,000 over the fiscal year 2010 enacted level.

Full-time Equivalents.—The Committee remains perplexed by GAO’s inability to manage its full-time equivalent [FTE] level to meet appropriated funds and the continued insistence that the Committee should provide funds to accommodate its FTE management. The fiscal year 2011 budget request stated that GAO needs “\$20,400,000 to maintain our projected fiscal year 2010 on-board staff at an FTE equivalent level of 3,270 . . .” The fiscal year 2010 conference report stated, “A total of 3,220 FTE will be supported with these funds.” It is astounding that GAO’s projected on-board staff for fiscal year 2010 reflects an increase of 50 FTE’s over the level that was provided in the fiscal year 2010 appropriations bill. For fiscal year 2011, the Committee expects GAO to adhere to the FTE level provided in the appropriations bill, to manage to that level throughout fiscal year 2011 and not increase it in the fiscal year 2012 budget request.

American Recovery and Reinvestment Act.—The Committee recommendation does not provide \$21,000,000 as requested by GAO to continue the mandates included in the American Recovery and Reinvestment Act [ARRA]. Although \$25,000,000 was included in ARRA legislation for the Comptroller General to conduct bimonthly reviews and prepare reports on those reviews of how States and localities were utilizing ARRA funding, there was no requirement to continue specific funding for these activities. The \$25,000,000 was to remain available until September 30, 2010, and the Committee understands that those funds will be expended by the end of the fiscal year. Therefore, the Committee directs GAO to reprioritize its tasks and accomplish all possible work in fiscal year 2011 within available resources.

OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriations, 2010	\$12,000,000
Budget estimate, 2011	14,000,000
Committee recommendation	12,000,000

The Committee recommends \$12,000,000 as a payment to the Open World Leadership Center Trust Fund, which is \$2,000,000 below the request and the same as the enacted level. The Center for Russian Leadership Development was established on December 21, 2000 (Public Law 106-554) as a legislative branch entity. The Fiscal Year 2003 Consolidated Appropriation Resolution (Public Law 108-7) carried legislation (section 1401) changing the name to the Open World Leadership Center and expanding the mission of the program to include Newly Independent States of the former Soviet Union including the Baltic States. The mission of the Center is to enable emerging political leaders of Russia and Newly Independent States at all levels of government to gain significant, first-hand exposure to the American free market economic system and the operation of American democratic institutions through visits to comparable governments and communities in the United States.

**JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING
AND DEVELOPMENT**

Appropriations, 2010	\$430,000
Budget estimate, 2011	430,000
Committee recommendation	430,000

The John C. Stennis Center for Public Service Training and Development was created by Congress in 1988. The mandate of the Center is to promote and strengthen public service. The Committee recommends the budget request of \$430,000 as authorized by 2 U.S.C. 1105, for the Center's congressional staff training and development programs.

The vote was as follows:

COMPLIANCE WITH PARAGRAPH 12, RULE XXVI, OF THE
STANDING RULES OF THE SENATE

Paragraph 12 of rule XXVI requires that Committee reports on a bill or joint resolution repealing or amending any statute or part of any statute include “(a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the Committee.”

In compliance with this rule, the following changes in existing law proposed to be made by the bill are shown as follows: existing law to be omitted is enclosed in black brackets; new matter is printed in italic; and existing law in which no change is proposed is shown in roman.

DISCLOSURE OF CONGRESSIONALLY DIRECTED SPENDING ITEMS

The Constitution vests in the Congress the power of the purse. The Committee believes strongly that Congress should make the decisions on how to allocate the people’s money.

As defined in Rule XLIV of the Standing Rules of the Senate, the term “congressionally directed spending item” means a provision or report language included primarily at the request of a Senator, providing, authorizing, or recommending a specific amount of discretionary budget authority, credit authority, or other spending authority for a contract, loan, loan guarantee, grant, loan authority, or other expenditure with or to an entity, or targeted to a specific State, locality or congressional district, other than through a statutory or administrative, formula-driven, or competitive award process.

For each item, a Member is required to provide a certification that neither the Member nor the Member’s immediate family has a pecuniary interest in such congressionally directed spending item. Such certifications are available to the public on the website of the Senate Committee on Appropriations (www.appropriations.senate.gov/senators.cfm).

This bill contains no congressionally directed spending items.
