Mr. SCOTT of South Carolina, from the Committee on Rules, submitted the following

R E P O R T

[To accompany H. Res. 679]

The Committee on Rules, having had under consideration House Resolution 679, by a record vote of 8 to 3, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 436, the Protect Medical Innovation Act of 2011, under a closed rule. The resolution provides 90 minutes of debate equally divided and controlled by the chair and ranking minority member of the Committee on Ways and Means. The resolution waives all points of order against consideration of the bill. The resolution provides that an amendment in the nature of a substitute consisting of the text of Rules Committee Print 112-23 shall be considered as adopted and the bill, as amended, shall be considered as read. The resolution waives all points of order against provisions in the bill, as amended. The resolution provides for one motion to recommit with or without instructions.

The resolution further provides for consideration of H.R. 5882, Legislative Branch Appropriations Act, 2013, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill and provides that the bill shall be considered as read. The resolution waives all points of order against provisions in the bill for failure to comply with clause 2 of rule XXI. The resolution provides that the chair and ranking minority member or their designees may offer pro forma amendments for the purpose of debate at any time. The resolution makes in order only those amendments to H.R. 5882 printed in this re-

port. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report. Finally, the resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

Although the resolution waives all points of order against consideration of H.R. 436, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against provisions in H.R. 436, as amended, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waiver of all points of order against consideration of H.R. 5882 includes a waiver of section 3(j)(5) of H. Res. 5 of the 112th Congress, which prohibits the consideration of a general appropriations bill unless it includes a spending reduction account. While the bill includes an account with the appropriate caption, the account fails to comply with the definition of a spending reduction account because the bill and the account specifically exclude Senate items as is customary to preserve comity between the Houses.

The resolution includes a waiver of points of order against provisions in H.R. 5882 for failure to comply with clause 2 of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill. This waiver is necessary because the bill contains unauthorized appropriations and legislative provisions.

Although the resolution waives all points of order against the amendments to H.R. 5882 printed in this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.
