JUNE 19 (legislative day, JUNE 18), 2013.—Referred to the House Calendar and ordered to be printed

Mr. SESSIONS, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 271]

The Committee on Rules, having had under consideration House Resolution 271, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for further consideration of H.R. 1947, the Federal Agriculture Reform and Risk Management Act of 2013, under a structured rule. The resolution provides for no additional general debate. The resolution makes in order as original text for purpose of amendment an amendment in the nature of a substitute consisting of the text of Rules Committee Print 113-14, modified by the amendment printed in part A of this report. That amendment in the nature of a substitute shall be considered as read. The resolution waives all points of order against that amendment in the nature of a substitute. The resolution makes in order only those further amendments printed in part B of this report and amendments en bloc described in section 3 of the resolution. Each amendment printed in part B of this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, may be withdrawn by its proponent at any time before action thereon, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in part B of this report or against amendments en bloc as described in section 3 of the resolution.

Section 3 of the resolution provides that it shall be in order at any time for the chair of the Committee on Agriculture or his designee to offer amendments en bloc consisting of amendments printed in part B of this report not earlier disposed of. Amendments en bloc shall be considered as read, shall be debatable for 20 minutes equally divided and controlled by the chair and ranking minority member of the Committee on Agriculture or their designees, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or the Committee of the Whole. The original proponent of an amendment included in such amendments en bloc may insert a statement in the Congressional Record immediately before the disposition of the amendments en bloc.

Section 4 of the resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against the amendment in the nature of a substitute made in order as original text includes a waiver of clause 5(a) of rule XXI, which provides that a bill or joint resolution carrying a tax or tariff measure may not be reported by a committee not having jurisdiction to report tax or tariff measures. Section 1207 (Special Marketing Loan Provisions for Upland Cotton) and section 1301 (Sugar Program) contain tariff measures that fall within the jurisdiction of the Committee on Ways and Means. Section 1412 (Participation of Dairy Producers in Margin Protection Program) and section 1435 (Remitting Monies to the Secretary and Use of Monies) contain revenue provisions that fall within the jurisdiction of the Committee on Ways and Means.

At the time the Rules Committee ordered the resolution reported, the waiver of all points of order against the amendments printed in this report included a waiver of section 311(a) of the Congressional Budget Act of 1974, which prohibits consideration of any amendment that would cause revenues to be less than the level of total revenues for the first fiscal year or for the total of the first fiscal year and the ensuing fiscal years for which allocations are provided. Amendment #10, offered by Rep. Walorski (IN), and printed in this report, would cause revenue to be less than the level of total revenues set forth in the House-passed budget resolution.
