The resolution provides one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on Natural Resources. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment in the nature of a substitute recommended by the Committee on Natural Resources now printed in the bill shall be considered as adopted and the bill, as amended, shall be considered as read. The resolution waives all points of order against provisions in the bill, as amended. The resolution makes in order only the further amendment to
H.R. 1613 printed in Part A of this report, if offered by Representative Grayson of Florida. The amendment shall be considered as read, shall be separately debatable for 10 minutes equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question. The resolution waives all points of order against the amendment printed in Part A of this report. The resolution provides one motion to recommit with or without instructions.

Section 2 of the resolution provides for consideration of H.R. 2231, the Offshore Energy and Jobs Act, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Natural Resources. The resolution waives all points of order against consideration of the bill. The resolution makes in order as original text for purpose of amendment an amendment in the nature of a substitute consisting of the text of Rules Committee Print 113–16 and provides that it shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute. The resolution makes in order only those further amendments to H.R. 2231 printed in Part B of this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in Part B of this report. The resolution provides one motion to recommit with or without instructions.

Section 3 of the resolution provides for consideration of H.R. 2410, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2014, under an open rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill. The resolution waives points of order against provisions in the bill for failure to comply with clause 2 of rule XXI, except for sections 717, 718, the words “or any other” on page 64, line 13; the words “or any other” on page 65, line 9; and section 740. The resolution provides that the bill shall be considered for amendment under the five-minute rule. The resolution authorizes the Chair to accord priority in recognition to Members who have pre-printed their amendments in the Congressional Record. The resolution provides one motion to recommit with or without instructions.

Section 4 of the resolution provides that on any legislative day during the period from June 29, 2013, through July 5, 2013: the Journal of the proceedings of the previous day shall be considered as approved; and the Chair may at any time declare the House adjourned to meet at a date and time within the limits of clause 4, section 5, article I of the Constitution, to be announced by the Chair in declaring the adjournment.
Section 5 of the resolution provides that the Speaker may appoint Members to perform the duties of the Chair for the duration of the period addressed by section 4 of the resolution as though under clause 8(a) of rule I.

Section 6 of the resolution provides for consideration of concurrent resolutions providing for adjournment during the month of July.

Section 7 of the resolution provides that the Committee on Appropriations may, at any time before 6 p.m. on Wednesday, July 3, 2013, file privileged reports to accompany measures making appropriations for the fiscal year ending September 30, 2014.

EXPLANATION OF WAIVERS

Although the resolution waives all points of order against consideration of H.R. 1613, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against provisions in the bill, as amended, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against the amendments printed in Part A of this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against consideration of H.R. 2231, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

The waiver of all points of order against the amendment in the nature of a substitute made in order as original text includes a waiver of clause 4 of rule XXI, which prohibits a bill or joint resolution carrying an appropriation from being reported by a committee not having jurisdiction to report appropriations. Provisions contained in section 301 of the bill as reported by the Committee on Natural Resources fall within the jurisdiction of the Committee on Appropriations.

The waiver of all points of order against amendments printed in Part B of this report includes a waiver of section 303 of the Congressional Budget Act, prohibiting consideration of legislation providing new budget authority in the first fiscal year until a concurrent resolution on the budget for the applicable fiscal year has been agreed to. A waiver is necessary because amendment #5, offered by Rep. Cassidy (LA), first provides new budget authority in a fiscal year for which a budget resolution has not been agreed to (fiscal year 2024).

The waiver of all points of order against consideration of H.R. 2410 includes a waiver of clause 4(c) of rule XIII, which prohibits consideration of a general appropriations bill reported by the Committee on Appropriations in the House until the third calendar day on which printed hearings of the Committee on Appropriations thereon have been available to Members.

The resolution waives clause 2 of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill, against all provision in H.R. 2410, except for sections 717, 718, the words “or any other” on page 64, line 13; the words “or any other” on page 65, line 9; and section 740. The waiver is necessary because H.R. 2410 contains unauthorized appropriations and legislative provisions. Section 717 reduces the fiscal year 2014
funding level for SNAP employment and training programs from $90 million to $79 million. Section 718 reduces the mandatory funding levels established in H.R. 8 (of the 112th Congress) for the Watershed Rehabilitation Program, the Environmental Quality Incentives Program, the Farmland Protection Program, and the Wetlands Reserve Program. The words “or any other” on page 64, line 13; the words “or any other” on page 65, line 9 reduce the amount of mandatory money that can be spent on the Child Nutrition Programs Entitlement Commodities, State Option Contracts and removal of defective commodities. In addition, it restricts the use of mandatory money the Secretary can spend to reestablish farmers’ purchasing power by making payment in connection with the normal environment of any agricultural commodity for domestic consumption. Section 740 creates the National Hunger Center. The Chair of the Committee on Agriculture has requested that the provisions be exposed to a point of order on the House floor.

Section 6 of the resolution includes a waiver of all points of order against consideration of a July 4th adjournment resolution. While adjournment resolutions are ordinarily privileged, a point of order could be raised against the July 4th district work period adjournment resolution on grounds that it violates section 309 of the Budget Act, which prohibits the House of Representatives from adjourning for more than three days in July unless the House has completed action on all appropriations bills. Since the House has not yet completed all action on appropriations bills, this provision is necessary to consider the July 4th adjournment resolution, absent a unanimous consent agreement.
