R E P O R T

[To accompany H. Res. 175]

The Committee on Rules, having had under consideration House Resolution 175, by a record vote of 9 to 2, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 1549, the Helping Sick Americans Now Act, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Energy and Commerce. The resolution waives all points of order against consideration of the bill. The resolution makes in order as original text for the purpose of amendment an amendment in the nature of a substitute consisting of the text of Rules Committee Print 113-8 and provides that it shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute. The resolution makes in order only those further amendments printed in this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report. The resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill includes a waiver of 302(f) of the Congressional Budget Act, prohibiting consideration of legislation providing new budget authority in excess of a committee's 302(a) allocation of such authority and section 311(a) of the Congressional Budget Act of 1974, prohibiting the consideration of a measure which would cause the total level of new budget authority or outlays in the most recent budget resolution to be exceeded.

The waiver of all points of order against the amendment in the nature of a substitute made in order as original text includes a waiver of clause 4 of rule XXI, which prohibits reporting a bill or joint resolution carrying an appropriation from a committee not having jurisdiction to report an appropriation.

Although the resolution waives all points of order against the amendments printed in this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.
