PURPOSE AND SUMMARY

The purpose of H.R. 3598 is to amend the Homeland Security Act to enhance the partnership between the Department of Homeland Security and the National Network of Fusion Centers, including Departmental support to fusion centers relating to information sharing and personnel.

BACKGROUND AND NEED FOR LEGISLATION

This legislation updates the existing language in Section 210A of the Homeland Security Act of 2002 to enhance State and local partners access to homeland security information and coordination with the Department of Homeland Security’s Components. The bill reflects the evolution of the National Network of Fusion Centers, as well as the Office of Intelligence and Analysis (I&A) relationship with fusion centers in the Network.

Section 210A was added to the Homeland Security Act through Section 511 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (Pub. L. 110–53). At the time of passage, the Conference Committee stated that language was “key to Federal information sharing efforts and must succeed in order for the Department to remain relevant in the blossoming State and local intelligence community.” The report added that “the Department’s Office of Intelligence and Analysis, which has a primary responsibility for sharing information with State, local, and regional offi-
cials, needs to play a stronger, more constructive role in assisting these centers . . . ” 1

As the National Network of Fusion Centers continues to mature into a national asset, this legislation adds several new responsibilities for the Under Secretary of I&A at the Department to reflect the current role of fusion centers in detecting and preventing a terrorist attack or other emergency. Additionally, to hold the Department accountable, this legislation requires the Under Secretary of Intelligence and Analysis to submit an annual report, until 2022, to Congress on the efforts of the Office of Intelligence and Analysis and departmental components to support the National Network of Fusion Centers and specifically report on how they are meeting the requirements set forth in this bill.

The bill does not change the existing requirements for I&A personnel assigned to fusion centers to have appropriate analytical, privacy, and civil liberties training. Additionally, Section 210A as amended maintains existing language for the Secretary to prioritize resource allocation from border and maritime related components to fusion centers in border and maritime regions.

COMMITTEE VOTES

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires the Committee to list the recorded votes on the motion to report legislation and amendments thereto.

No recorded votes were requested during consideration of H.R. 3598.

COMMITTEE OVERSIGHT FINDINGS

Pursuant to clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee has held oversight hearings and made findings that are reflected in this report.

NEW BUDGET AUTHORITY, ENTITLEMENT AUTHORITY, AND TAX EXPENDITURES

In compliance with clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, the Committee finds that H.R. 3598, the Fusion Center Enhancement Act of 2015, would result in no new or increased budget authority, entitlement authority, or tax expenditures or revenues.

CONGRESSIONAL BUDGET OFFICE ESTIMATE

The Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974.

Hon. Michael McCaul,
Chairman, Committee on Homeland Security,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 3598, the Fusion Center Enhancement Act of 2015.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Mark Grabowicz.

Sincerely,

KEITH HALL.
Enclosure.

H.R. 3598—Fusion Center Enhancement Act of 2015

H.R. 3598 would modify current laws relating to fusion centers, which are supported by the Department of Homeland Security (DHS); those centers facilitate information sharing among federal, state, and local authorities. Many of the bill’s provisions would aim to improve communication between DHS and state and local entities. Because the department is currently carrying out activities similar to those required by the bill, CBO estimates that implementing H.R. 3598 would not have a significant effect on spending by DHS. Enacting the legislation would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.
CBO estimates that enacting H.R. 3598 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2026.

H.R. 3598 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act.

The CBO staff contact for this estimate is Mark Grabowicz. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, H.R. 3598 contains the following general performance goals and objectives, including outcome related goals and objectives authorized.

The goal of H.R. 3598 is to enhance the partnership between the Department of Homeland Security and the National Network of Fusion Centers by adding additional responsibilities to the Under Secretary of Intelligence and Analysis at the Department.

DUPLICATIVE FEDERAL PROGRAMS

Pursuant to clause 3(c) of rule XIII, the Committee finds that H.R. 3598 does not contain any provision that establishes or reauthorizes a program known to be duplicative of another Federal program.

CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, AND LIMITED TARIFF BENEFITS

In compliance with rule XXI of the Rules of the House of Representatives, this bill, as reported, contains no congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(e), 9(f), or 9(g) of the rule XXI.

FEDERAL MANDATES STATEMENT

The Committee adopts as its own the estimate of Federal mandates prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act.

PREEMPTION CLARIFICATION

In compliance with section 423 of the Congressional Budget Act of 1974, requiring the report of any Committee on a bill or joint resolution to include a statement on the extent to which the bill or joint resolution is intended to preempt State, local, or Tribal law, the Committee finds that H.R. 3598 does not preempt any State, local, or Tribal law.

DISCLOSURE OF DIRECTED RULE MAKINGS

The Committee estimates that H.R. 3598 would require no directed rule makings.

ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.
APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

Section 1. Short title

This section provides that bill may be cited as the “Fusion Center Enhancement Act of 2015”.

Sec. 2. Department of Homeland Security Fusion Center Partnership Initiative

Subsection (a) of this section amends Section 210A of the Homeland Security Act to strengthen the requirements for the Department of Homeland Security (DHS) to partner and support fusion centers, which are State and locally owned operations and intelligence centers. The bill amends the existing statute to recognize the existence of the National Network of Fusion Centers, which is the combined effort of the individual fusion centers across the country.

Additionally, this subsection makes the following changes:

This subsection amends subsection (b) of Section 210A to revise the responsibilities of the Department of Homeland Security related to support to, and coordination with, the National Network of Fusion Centers. The new responsibilities include “coordinating with the heads of other Federal departments” to provide operational and intelligence support, supporting “the maturation and sustainment” of fusion centers, reducing inefficiencies of Federal resources provided to fusion centers, ensuring that support to fusion centers is included as a priority in homeland security grant guidance, coordinating nationwide suspicious activity reports, ensuring that fusion centers are the focal points for sharing information, and disseminating best practices for appropriate State and local staffing at fusion centers.

This subsection amends subsection (c) to clarify that the Under Secretary of Intelligence and Analysis (I&A) within the Department shall provide fusion centers with access to homeland security information, as well as Departmental personnel as appropriate. This section also requires the Under Secretary to work with other agencies in the Federal government to provide appropriate personnel to fusion centers.

Language was added to this subsection during the Full Committee markup to require the Under Secretary of I&A to negotiate a memorandum of understanding between the Department and each fusion center in the National Network of Fusion Centers regarding the categories of information provided by each entity and how such information will be used. Additionally, the memorandum of understanding must address the process of developing joint products and resolve disputes in information sharing.

This subsection amends subsection (d), which relates to the responsibilities of Departmental personnel assigned to fusion centers, to add a requirement that such personnel ensure that they are in-
corporating relevant information from within the Department, including the components, in their analysis.

This subsection amends subsection (j) to add a definition for the “National Network of Fusion Centers.”

This bill removes subjection (k) from 210A, which contained the expired authorization of appropriations. This section is removed because the funding for Departmental support to fusion centers comes largely from the Office of Intelligence and Analysis, which is funded through the National Intelligence Program, a classified appropriation.

Subsection (b) of the bill requires the Under Secretary to report to Congress annually on how the Department is improving support to fusion centers and meeting the requirements in Section 210A of the Homeland Security Act. The reporting requirement sunsets after seven years.

Subsection (c) of the bill is a clerical amendment to the table of contents in the Homeland Security Act.

Subsection (d) clarifies that any reference in law to the “Department of Homeland Security State, Local, and Regional Fusion Center Initiative,” which is the current title of Section 210A of the Homeland Security Act, shall be considered a reference to the “Department of Homeland Security Fusion Center Initiative.”

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, and existing law in which no change is proposed is shown in roman):

COMMITTEE CORRESPONDENCE

HOUSE OF REPRESENTATIVES,
PERMANENT SELECT COMMITTEE ON INTELLIGENCE,

Hon. Michael McCaul,
Chairman, House Committee on Homeland Security,
Washington, DC.

DEAR CHAIRMAN McCaul: On September 30, 2015, your committee ordered H.R. 3503, the “Department of Homeland Security Support to Fusion Centers Act of 2015,” reported. Additionally, on that same day, your committee ordered H.R. 3598, the “Fusion Center Enhancement Act of 2015,” reported.

As you know, both H.R. 3503 and H.R. 3598 contain provisions within the jurisdiction of the Permanent Select Committee on Intelligence. On the basis of your consultations with the Committee and in order to expedite the House’s consideration of both bills, the Permanent Select Committee on Intelligence will not assert a jurisdictional claim over either bill by seeking a sequential referral. This courtesy is, however, conditioned on our mutual understanding and agreement that it will in no way diminish or alter the jurisdiction of the Permanent Select Committee on Intelligence with respect to the appointment of conferees or to any future jurisdictional claim over the subject matters contained in the bills or any similar legislation.

I would appreciate your response to this letter confirming this understanding and would request that you include a copy of this letter and your response in the committee reports for both bills and in the Congressional Record during their floor consideration. Thank you in advance for your cooperation.

Sincerely,

Devin Nunes,
Chairman.

Hon. Devin Nunes,
Chairman, Permanent Select Committee on Intelligence,
Washington, DC.

I appreciate your support in bringing both of these measures before the House of Representatives, and accordingly, understand that the Permanent Select Committee on Intelligence will not seek a sequential referral on either bill. I acknowledge that by foregoing a sequential referral on these two pieces of legislation, your Committee is not diminishing or altering its jurisdiction with respect to
any future jurisdictional claim over the subject matters contained in these bills or any similar legislation. Additionally, should a conference on either bill be necessary. I would support your request to have the Permanent Select Committee represented on the conference committee.

I will include copies of this exchange in the reports for H.R. 3503 and H.R. 3598 and in the Congressional Record during consideration of these bills on the House floor. I thank you for your cooperation in this matter.

Sincerely,

MICHAEL T. McCaul,
Chairman,
Committee on Homeland Security.
