I. SUMMARY AND BACKGROUND

A. PURPOSE AND SUMMARY

H.R. 2959 as amended, the "TANF Accountability and Integrity Improvement Act," as ordered reported by the Committee on Ways and Means on May 11, 2016, would prevent states from increasing their counting of outside spending as state TANF spending.

B. BACKGROUND AND NEED FOR LEGISLATION

In 1996, Republicans reformed the safety net to better support and reward work. As part of these reforms, the failed New Dealer Aid to Families with Dependent Children (AFDC) program was replaced with today's Temporary Assistance for Needy Families program (TANF), which established strong requirements for states to help welfare recipients prepare for work and find jobs.

The number of families receiving cash assistance under the TANF program fell by more than 50 percent, and has generally remained low over time. Employment rates of single mothers with children increased by 15 percent through 2007 compared with 1995; while their work rates declined as a result of the 2007–09 recession, they have risen again since 2011 and remain 10 percent higher than before. Child poverty also declined dramatically during this period as more people went to work and earnings increased,

The TANF program has helped shield American families from sinking deeper into poverty by providing temporary assistance that is also linked to stable employment. But it’s been at least a decade since any meaningful changes have been made to this law.

Current law requires that states must spend a certain amount of state money (based on past state spending on low-income programs) to receive full federal TANF block grant funds, which is called the state “maintenance of effort” or MOE requirement. States also must engage 50 percent of adults in TANF families in work activities, such as employment, job training, job search, and vocational education. However, recent reports from the nonpartisan Government Accountability Office indicate a rising number of states appear to be counting non-state third-party spending as TANF MOE spending.

For example, a number of states now count volunteer hours as TANF MOE by multiplying volunteer hours by an estimated wage rate and then reporting this as “spending” in the TANF program. This evolution has also resulted in some states reporting significant “excess MOE” spending, which under a 1999 regulation allows states to reduce the share of TANF recipients expected to work in exchange for TANF benefits. This practice also means some states are reducing their state investment in TANF, gaming the intent of the law’s requirements that states continue to invest in the program as a condition of receiving federal funds.

C. LEGISLATIVE HISTORY

Background

H.R. 2959, the “TANF Accountability and Integrity Improvement Act,” was introduced on July 7, 2015, by Representative Kristi L. Noem, and was referred to the Committee on Ways and Means.

Committee hearings

The Committee began a bipartisan, comprehensive review of the TANF program at the beginning of the Congress, in early January 2015. Over the last fifteen months, the Human Resources Subcommittee held a series of hearings with witnesses ranging from current and former recipients to service providers to employers to researchers. Members of the Human Resources Subcommittee introduced a series of bills focused on smaller provisions within TANF, and then they were compiled into a larger, more comprehensive reauthorization draft bill. That bipartisan draft was distributed for public comment and dozens of stakeholders provided invaluable feedback, some incorporated in H.R. 2959.

On April 30, 2015, the Human Resources Subcommittee held a hearing entitled, Next Steps for Welfare Reform: Ideas to Improve TANF to Help More Families Find Work and Escape Poverty. Specifically, witnesses discussed the need to reform the way states used third party spending to count as state spending.
Throughout the Congress, the Human Resources Subcommittee held a series of hearings on reforms to TANF, including discussions on third party spending by states. Those hearings included:

- Challenges Facing Low-Income Individuals and Families in Today’s Economy, February 11, 2015
- Expanding Opportunity by Funding What Works: Using Evidence to Help Low-Income Individuals and Families Get Ahead, March 17, 2015
- Protecting the Safety Net from Waste, Fraud, and Abuse, June 3, 2015
- Welfare Reform Proposals, July 15, 2015
- Better Coordinating Welfare Programs to Serve Families in Need, November 3, 2015
- Moving America’s Families Forward: Lessons Learned from Welfare Reform in Other Countries, November 17, 2015
- Getting Incentives Right: Connecting Low-Income Individuals with Jobs, March 1, 2016

Committee action
The Committee on Ways and Means marked up H.R. 2959, the “TANF Accountability and Integrity Improvement Act,” on May 11, 2016. The bill, H.R. 2959, was ordered favorably reported to the House of Representatives as amended by a voice vote (with a quorum being present).

II. EXPLANATION OF THE BILL

SECTION 1: SHORT TITLE

Present law
No provision.

Explanation of provision
This section contains the short title of the bill, the “TANF Accountability and Integrity Improvement Act.”

Reason for change
The Committee believes that the short title reflects the policy actions included in the legislation.

Effective date
The provision is effective on October 1, 2016.

SECTION 2: NO COUNTING OF THIRD-PARTY SPENDING TO MEET STATE SPENDING

Present law
The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA, P.L. 104–193) created the Temporary Assistance for Needy Families (TANF) block grant by ending and consolidating funding from several predecessor programs. The predecessor programs were matching grant programs with their costs shared by the federal and state governments. The TANF block grant is based on federal funding under the predecessor programs. Under TANF,
states were required to continue spending a minimum amount under a maintenance of effort (MOE) requirement. The amount states must spend to meet the MOE requirement is based on the state share of expenditures in TANF’s predecessor programs.

Under the MOE requirement, states are required to expend from their own funds at least 75 percent of spending in predecessor programs in FY1994. If a state fails to meet TANF work participation standards, the state spending requirement is increased to 80 percent of historic state expenditures.

Expenditures counted toward the MOE requirement must be for “eligible families,” with the following types of expenditures countable toward the requirement: cash assistance, including child support passed-through to the family; child care assistance; educational activities, but restricted to such expenditures on eligible families and not available to the general population; and administrative costs. Additionally, states may count toward the MOE any other expenditure that can be reasonably calculated toward meeting TANF’s statutory goals.

The Department of Health and Human Services (HHS) has interpreted the TANF MOE as a cost-sharing requirement, subject to general rules of what expenditure counts toward meeting cost-sharing requirements. These rules are not in TANF statute or regulations, but are in general HHS regulations regarding grant management. Under the general rules for cost sharing, states may count both cash donations by non-federal third parties as well as the value of third party, in-kind contributions. To be counted toward the TANF MOE, such third-party donations must meet the general rules of TANF MOE expenditures: be to or on behalf of eligible families and be of the type of expenditure generally countable toward the MOE.

Federal law also prohibits states from using federal TANF funds to provide medical services. Excluded from this prohibition are pre-pregnancy family planning services. While federal TANF funds cannot be used for medical services, there is no corresponding prohibition on counting medical services toward the TANF state spending MOE requirement. Medical services may be counted if they are for eligible families and otherwise meet the requirements that apply to expenditures accounted toward the MOE.

Explanation of provision

Beginning with Fiscal Year 2017, H.R. 2959 as amended would “freeze” the amount of third-party contributions that a state may claim toward meeting its MOE requirement. It would exclude from the definition of qualified state expenditures counted toward the MOE any third party contributions that exceed the value of third party contributions claimed by the state as MOE expenditures in fiscal year 2016.

The Committee bill would also prohibit states from counting medical services toward the TANF MOE requirement.

---

Reason for change

The Committee believes that, while state practice of claiming third party spending toward the TANF MOE requirement is not technically in violation of current law, states at a minimum should not be able to increase the amount of third party spending they can claim towards the MOE requirement.

Effective date

The provision is effective on October 1, 2016.

SECTION 3: EFFECTIVE DATE

Present law

No provision.

Explanation of provision

This section includes an effective date of October 1, 2016.

Reason for change

The Committee believes it is appropriate to have an effective date of October 1, 2016, i.e. the start of the next fiscal year.

Effective date

The provision is effective on October 1, 2016.

III. VOTES OF THE COMMITTEE

The Committee on Ways and Means marked up H.R. 2959, the “TANF Accountability and Integrity Improvement Act,” on May 11, 2016. The bill, H.R. 2959, was ordered favorably reported to the House of Representatives as amended by a voice vote (with a quorum being present).

In compliance with clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, the Committee states that the bill involves no new budget authority or tax expenditure budget authority.

V. COST ESTIMATE PREPARED BY THE CONGRESSIONAL BUDGET OFFICE

In compliance with clause 3(c)(3) of rule XIII of the Rules of the House of Representatives, requiring a cost estimate prepared by the CBO, the Committee sets forth the following estimate and comparison prepared by the Director of the Congressional Budget Office.
Hon. KEVIN BRADY,
Chairman, Committee on Ways and Means,
House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 2959, the TANF Accountability and Integrity Improvement Act.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Susanne S. Mehlman.

Sincerely,

KEITH HALL.

Enclosure.

H.R. 2959—TANF Accountability and Integrity Improvement Act

Under the Temporary Assistance for Needy Families (TANF) program, states are required to spend a minimum amount of state money under the maintenance of effort (MOE) requirement in order to receive TANF grants. States that meet certain economic criteria and that spend more than the minimum amount can receive additional funding from the TANF contingency fund. Cash donations and the value of in-kind contributions by nonfederal third parties may be counted as state spending for purposes of the MOE. Beginning in 2017, H.R. 2959 would freeze the amount of third-party contributions that a state may claim toward meeting its MOE requirement at the level spent in 2016. This legislation also would prohibit states from counting spending on medical services toward the MOE.

Based on information from the Department of Health and Human Services, CBO assumes that any state that would be affected by the changes under the bill would find other ways to meet its MOE requirement. Furthermore, to the extent that a state could no longer draw down funds from the TANF contingency fund, CBO expects that other states would use those funds instead. Thus, CBO estimates that enacting the legislation would have no significant effect on direct spending. Because enacting this bill could affect direct spending, pay-as-you-go procedures apply. Enacting H.R. 2959 would not affect revenues.

CBO estimates that enacting H.R. 2959 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

The limitations on the ability of states to use cash and in-kind resources from third parties as well as spending for medical services to meet MOE requirements would not be intergovernmental mandates as defined in the Unfunded Mandates Reform Act (UMRA). UMRA includes special rules for identifying conditions of aid in large entitlement programs as mandates, but only when states lack authority to amend their financial or programmatic responsibilities. States have significant flexibility in TANF to adjust the structure of the program and meet the requirements of the bill. The bill would not prohibit the use of third-party expenditures, but would limit them to the amount used in 2016. According to the Government Accountability Office, 16 states counted third-party ex-
penditures toward their MOE requirements in 2015, and in recent years as many as 11 states used such expenditures to cover more than 10 percent of their MOE requirement.

The bill contains no private-sector mandates as defined in UMRA.

The CBO staff contact for this estimate is Susanne S. Mehlman (for federal costs) and Leo Lex (for state impacts). This estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

(B) ENHANCED PENALTY FOR INTENTIONAL VIOLATIONS.—If the State does not prove to the satisfaction of the Secretary that the State did not intend to use the amount in violation of this part, the Secretary shall further reduce the grant payable to the State under section 403(a)(1) for the immediately succeeding fiscal year quarter by an amount equal to 5 percent of the State family assistance grant.
(C) Penalty for misuse of competitive welfare-to-work funds.—If the Secretary of Labor finds that an amount paid to an entity under section 403(a)(5)(B) has been used in violation of subparagraph (B) or (C) of section 403(a)(5), the entity shall remit to the Secretary of Labor an amount equal to the amount so used.

(2) Failure to submit required report.—

(A) Quarterly reports.—

(i) In general.—If the Secretary determines that a State has not, within 45 days after the end of a fiscal quarter, submitted the report required by section 411(a) for the quarter, the Secretary shall reduce the grant payable to the State under section 403(a)(1) for the immediately succeeding fiscal year by an amount equal to 4 percent of the State family assistance grant.

(ii) Rescission of penalty.—The Secretary shall rescind a penalty imposed on a State under clause (i) with respect to a report if the State submits the report before the end of the fiscal quarter that immediately succeeds the fiscal quarter for which the report was required.

(B) **Applicable Percentage Defined.** — As used in subparagraph (A), the term “applicable percentage” means, with respect to a State—

(i) if a penalty was not imposed on the State under subparagraph (A) for the immediately preceding fiscal year, 5 percent; or

(ii) if a penalty was imposed on the State under subparagraph (A) for the immediately preceding fiscal year, the lesser of—

(II) 21 percent.

(C) **Penalty Based on Severity of Failure.** — The Secretary shall impose reductions under subparagraph (A) with respect to a fiscal year based on the degree of noncompliance, and may reduce the penalty if the noncompliance is due to circumstances that caused the State to become a needy State (as defined in section 403(b)(5)) during the fiscal year or if the noncompliance is due to extraordinary circumstances such as a natural disaster or regional recession. The Secretary shall provide a written report to Congress to justify any waiver or penalty reduction due to such extraordinary circumstances.

(4) **Failure to Participate in the Income and Eligibility Verification System.** — If the Secretary determines that a State program funded under this part is not participating during a fiscal year in the income and eligibility verification system required by section 1137, the Secretary shall reduce the grant payable to the State under section 403(a)(1) for the immediately succeeding fiscal year by an amount equal to not more than 2 percent of the State family assistance grant.

(6) **Failure to Timely Repay a Federal Loan Fund for State Welfare Programs.** — If the Secretary determines that a State has failed to repay any amount borrowed from the Federal Loan Fund for State Welfare Programs established under section 406 within the period of maturity applicable to the loan, plus any interest owed on the loan, the Secretary shall reduce the grant payable to the State under section 403(a)(1) for the immediately succeeding fiscal year quarter (without re-
garded to this section) by the outstanding loan amount, plus the interest owed on the outstanding amount. The Secretary shall not forgive any outstanding loan amount or interest owed on the outstanding amount.

(7) FAILURE OF ANY STATE TO MAINTAIN CERTAIN LEVEL OF HISTORIC EFFORT.—

(A) IN GENERAL.—The Secretary shall reduce the grant payable to the State under section 403(a)(1) for a fiscal year by the amount (if any) by which qualified State expenditures for the then immediately preceding fiscal year are less than the applicable percentage of historic State expenditures with respect to such preceding fiscal year.

(B) DEFINITIONS.—As used in this paragraph:

(i) QUALIFIED STATE EXPENDITURES.—

(I) IN GENERAL.—The term “qualified State expenditures” means, with respect to a State and a fiscal year, the total expenditures by the State during the fiscal year, under all State programs, for any of the following with respect to eligible families:

(aa) Cash assistance, including any amount collected by the State as support pursuant to a plan approved under part D, on behalf of a family receiving assistance under the State program funded under this part, that is distributed to the family under section 457(a)(1)(B) and disregarded in determining the eligibility of the family for, and the amount of, such assistance.

(bb) Child care assistance.

(cc) Educational activities designed to increase self-sufficiency, job training, and work, excluding any expenditure for public education in the State except expenditures which involve the provision of services or assistance to a member of an eligible family which is not generally available to persons who are not members of an eligible family.

(dd) Administrative costs in connection with the matters described in items (aa), (bb), (cc), and (ee), but only to the extent that such costs do not exceed 15 percent of the total amount of qualified State expenditures for the fiscal year.

(ee) Any other use of funds allowable under section 404(a)(1).

(II) EXCLUSION OF TRANSFERS FROM OTHER STATE AND LOCAL PROGRAMS.—Such term does not include expenditures under any State or local program during a fiscal year, except to the extent that—

(aa) the expenditures exceed the amount expended under the State or local program in the fiscal year most recently ending before the date of the enactment of this section; or
(bb) the State is entitled to a payment under former section 403 (as in effect immediately before such date of enactment) with respect to the expenditures.

(III) EXCLUSION OF AMOUNTS EXPENDED TO REPLACE PENALTY GRANT REDUCTIONS.—Such term does not include any amount expended in order to comply with paragraph (12).

(IV) ELIGIBLE FAMILIES.—As used in subclause (I), the term “eligible families” means families eligible for assistance under the State program funded under this part, families that would be eligible for such assistance but for the application of section 408(a)(7) of this Act, and families of aliens lawfully present in the United States that would be eligible for such assistance but for the application of title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

(V) COUNTING OF SPENDING ON CERTAIN PRO-FAMILY ACTIVITIES.—The term “qualified State expenditures” includes the total expenditures by the State during the fiscal year under all State programs for a purpose described in paragraph (3) or (4) of section 401(a).

(ii) APPLICABLE PERCENTAGE.—The term “applicable percentage” means 80 percent (or, if the State meets the requirements of section 407(a), 75 percent).

(iii) HISTORIC STATE EXPENDITURES.—The term “historic State expenditures” means, with respect to a State, the lesser of—

(I) the expenditures by the State under parts A and F (as in effect during fiscal year 1994) for fiscal year 1994; or

(II) the amount which bears the same ratio to the amount described in subclause (I) as—

(aa) the State family assistance grant, plus the total amount required to be paid to the State under former section 403 for fiscal year 1994 with respect to amounts expended by the State for child care under subsection (g) or (i) of section 402 (as in effect during fiscal year 1994); bears to

(bb) the total amount required to be paid to the State under former section 403 (as in effect during fiscal year 1994) for fiscal year 1994.

Such term does not include any expenditures under the State plan approved under part A (as so in effect) on behalf of individuals covered by a tribal family assistance plan approved under section 412, as determined by the Secretary.

(iv) EXPENDITURES BY THE STATE.—The term “expenditures by the State” does not include—

(I) any expenditure from amounts made available by the Federal Government;
(II) any State funds expended for the medicaid program under title XIX;
(III) any State funds which are used to match Federal funds provided under section 403(a)(5); or
(IV) any State funds which are expended as a condition of receiving Federal funds other than under this part.

Notwithstanding subclause (IV) of the preceding sentence, such term includes expenditures by a State for child care in a fiscal year to the extent that the total amount of the expenditures does not exceed the amount of State expenditures in fiscal year 1994 or 1995 (whichever is the greater) that equal the non-Federal share for the programs described in section 418(a)(1)(A).

(v) SOURCE OF DATA.—In determining expenditures by a State for fiscal years 1994 and 1995, the Secretary shall use information which was reported by the State on ACF Form 231 or (in the case of expenditures under part F) ACF Form 331, available as of the dates specified in clauses (ii) and (iii) of section 403(a)(1)(D).

(8) NONCOMPLIANCE OF STATE CHILD SUPPORT ENFORCEMENT PROGRAM WITH REQUIREMENTS OF PART D.—
(A) IN GENERAL.—If the Secretary finds, with respect to a State’s program under part D, in a fiscal year beginning on or after October 1, 1997—

(i)(I) on the basis of data submitted by a State pursuant to section 454(15)(B), or on the basis of the results of a review conducted under section 452(a)(4), that the State program failed to achieve the paternity establishment percentages (as defined in section 452(g)(2)), or to meet other performance measures that may be established by the Secretary;

(II) on the basis of the results of an audit or audits conducted under section 452(a)(4)(C)(i) that the State data submitted pursuant to section 454(15)(B) is incomplete or unreliable; or

(ii) that, with respect to the succeeding fiscal year—

(1) the State failed to take sufficient corrective action to achieve the appropriate performance levels or compliance as described in subparagraph (A)(i); or

(II) the data submitted by the State pursuant to section 454(15)(B) is incomplete or unreliable; the amounts otherwise payable to the State under this part for quarters following the end of such succeeding fiscal year, prior to quarters following the end of the first quarter throughout which the State program has achieved
the paternity establishment percentages or other performance measures as described in subparagraph (A)(i)(I), or is in substantial compliance with 1 or more of the requirements of part D as described in subparagraph (A)(i)(III), as appropriate, shall be reduced by the percentage specified in subparagraph (B).

(B) AMOUNT OF REDUCTIONS.—The reductions required under subparagraph (A) shall be—

(i) not less than 1 nor more than 2 percent;
(ii) not less than 2 nor more than 3 percent, if the finding is the 2nd consecutive finding made pursuant to subparagraph (A); or

VIII. ADDITIONAL AND DISSENTING VIEWS

ADDITIONAL VIEWS

This legislation represents a missed opportunity to seriously address the ongoing challenge of poverty in America.

Over the past 50 years, Congress has enacted laws that lifted tens of millions of Americans out of poverty, making our anti-poverty programs ten times more effective than they were when the War on Poverty began.

But nearly 47 million Americans are still living in poverty, including one in five children. These families, and the millions of families at risk of falling into poverty, face impossible choices every day: transportation to work, child care, school supplies, food for dinner, and a place to live. They worry about what they will do if they or their children get sick and they have no paid leave at work, or how they will get to work if the car breaks down. And they have nothing left at the end of the month to save for college or retirement.

A serious attempt to fight poverty would include action on the basic supports needed to support work and sustain employment—paid leave, access to quality child care, equal pay for women and a decent minimum wage, and an Earned Income Tax Credit that reaches all workers who need it.

A serious attempt to fight poverty would include action on affordable housing, access to early childhood education, and an effort to make college more affordable to help struggling families raise their children and help them toward a better life.

A serious attempt to fight poverty would build on successful programs like the Supplemental Nutrition Assistance Program (SNAP), which lifts nearly 10 million Americans out of poverty, and the Social Services Block Grant (SSBG), which provides critical help to nearly 30 million Americans. And it would build on the Affordable Health Care, which has given families long-awaited peace of mind about high medical bills.

The millions of families that are struggling deserve more than this legislation.

DISSENTING VIEWS

What began as a legislative step forward has become a step backward. What did some modest good, now does harm. As introduced, the TANF Accountability and Integrity Improvement Act (H.R. 2959) would have closed a loophole that a few states have created and exploited to avoid providing their state match for the federal TANF block grant. This loophole unfairly misapplies third-party spending as if it were state spending.

The non-partisan General Accountability Office (GAO) has criticized this wrongful approach, which shortchanges poor children and their parents. I fully support the bill’s complete closure of this loophole that only a few states exploit to avoid providing their fair share of support for moving their impoverished residents from welfare to work.

Unfortunately, only hours prior to the Committee markup, this bill was amended to do the opposite of what it originally would have accomplished. As amended, it legalizes this unfair loophole by grandfathering in current offenders. Now it does little more than prevent other states from following the leadership of a few pioneers in abuse. Why reward those states who balance their books on the backs of those least able to bear the burden?

According to the GAO, Georgia is the chief offender, with nearly 60 percent of its TANF contributions coming from private entities. Not only is it not making its proper match to access federal funds, but Georgia also consistently ignores the needs of its poorest citizens. For every TANF dollar, Georgia uses 80 cents for in ways that ignore the core purposes of TANF—work, direct assistance and child care.

The Department of Health and Human Services (HHS) should have already initiated action to close this unjustified loophole. As amended, the bill would now prevent HHS from correcting this abuse. It should be rejected.
