PURPOSE AND SUMMARY

BACKGROUND AND NEED FOR LEGISLATION

TITLE I—POST-9/11 EDUCATIONAL ASSISTANCE PROGRAM

Section 101. Consideration of Certain Time Spent Receiving Medical Care From Secretary of Defense as Active Duty for Purposes of Eligibility for Post-9/11 Educational Assistance

Under current law, Guardsmen and Reservists wounded in combat receive orders under section 12301(h) of title 10, U.S.C., to serve time for medical and recovery purposes upon their return from deployment. However, federal law does not recognize such orders as creditable for Post-9/11 GI Bill education assistance, meaning that while these Guardsmen and Reservists are on orders under section 12301(h) of title 10, U.S.C., and receiving medical treatment, they do not accrue any time towards their Post-9/11 GI Bill eligibility. Under this scenario, a Guardsman or Reservist who serves on active duty but was never injured could accrue more Post-9/11 GI Bill benefits than one who is still active duty but recovering from injuries sustained in combat. Guardsmen and Reservists who deploy on active duty are no less vulnerable to injury in combat than full-time active duty servicemembers.
This section would end this unequal treatment and ensure that Guardsmen and Reservists are able to accrue eligibility for Post-9/11 GI Bill benefits while on orders under section 12301(h) of title 10, U.S.C. The Committee believes this policy would fairly reflect the time that Guardsmen and Reservists spend serving our nation for the purposes of their education assistance benefits.

Section 102. Educational assistance under Post-9/11 Educational Assistance Program for Members of the Armed Forces Awarded the Purple Heart

Since September 11, 2001 the mission of members of the National Guard and Reserve has moved from strategic reserve to a truly operational force. This change has meant an increased number of members of the National Guard and Reserve have been deployed overseas and have served in combat. As a result, a number of these servicemembers have been awarded the Purple Heart, an honor bestowed to those servicemembers who have been wounded in combat. However, some servicemembers who have received the Purple Heart do not meet active duty activation requirements to receive the full benefits provided by the Post-9/11 GI Bill.

This section would address this inequity and extend full eligibility for the Post-9/11 GI Bill to any Purple Heart recipient since September 11, 2001. The Committee believes there could be at least 3,000 that will be impacted by this change over the next ten years, and that this change is an appropriate acknowledgement of their sacrifice for this country.

Section 103. Inclusion of Fry Scholarship Recipients and Purple Heart Recipients in Yellow Ribbon GI Education Enhancement Program

The Post-9/11 GI Bill covers a large amount of school costs, but many private schools cost more than authorized in statute. In cases where a veteran is not eligible for the in-state tuition rate, the cost to attend public school can also exceed what is allowable by law. Section 3317 of title 38, U.S.C., authorizes the Yellow Ribbon Program, which authorizes the Department of Veterans Affairs (VA) to enter into agreements with private and public schools to pay a dollar-for-dollar matching grant to cover the additional tuition costs beyond what is provided in the tuition and fee cap for the Post-9/11 GI Bill in section 3313(c) of title 38, U.S.C.

Under current law, individuals using the Fry Scholarship and those who do not have full Post-9/11 GI eligibility are not also eligible to use the Yellow Ribbon Program to pay for the rest of their tuition amount beyond what is provided in the Post-9/11 GI Bill. The Committee believes it was not the intention of Congress to limit the Fry Scholarship to exclude children and spouses of servicemembers who have died in the line of duty from being able to utilize the Yellow Ribbon program. Additionally, as stated in the previous section, the Committee recognizes the sacrifice of those who have received the Purple Heart and believes that recipients should also be eligible for the Yellow Ribbon Program. This section would amend section 3317(a) of title 38, U.S.C., to allow individuals eligible for the Fry Scholarship and those servicemembers who have received the Purple Heart to also be eligible to use the Yellow Ribbon Program while they attend school. The Committee believes
that by making this change, an inequity for those who have sacrificed will be corrected.

Section 104. Consolidation of Eligibility Tiers Under Post-9/11 Educational Assistance Program of the Department of Veterans Affairs

Section 3311(b) of title 38, U.S.C., provides eligibility for the Post-9/11 GI Bill based on active duty service. After 90 days of active service duty service, other than for training, the servicemember is eligible for 40% of the benefit and this percentage goes up by 10% with an additional six months of service and continues to gradually increase until an individual reaches 36 months of active service, which then makes them eligible for the full amount available under the GI Bill. At the legislative hearing on this bill on July 17, 2017, Mr. John Kamin with The American Legion testified that these tiers of benefits make it so many members of the National Guard and Reserve have to incur, “large sums of educational debt due to partial eligibility of GI Bill benefits.”

As previously discussed, the National Guard and Reserve forces are bearing a larger share of active duty missions than in previous years. As such, the Committee believes it is important to reduce the burden on those student veterans with less than full eligibility for the Post-9/11 GI Bill. Therefore, this section would authorize additional GI Bill funding for members of the National Guard and Reserve. This section would increase the amount of money/eligibility that individuals receive who serve at least 90 days but less than 6 months on active duty—it would increase from 40% to 50% benefit payable. It would also increase the amount of money/eligibility that individuals receive who serve at least 6 months but less than 12 months—it would increase from 50% to 60% benefit payable. A chart comparing the old and new tier structure is listed below. The Committee believes this increase is needed to assist these servicemembers attend school and for a student attending a private school, this would result in approximately $2,300 more a year in tuition than they are receiving now and would receive additional money for their housing allowance.

Section 105. Eligibility for Post-9/11 Educational Assistance for Certain Members of Reserve Components of Armed Forces who Lost Entitlement to Educational Assistance under Reserve Educational Assistance Program

The Reserve Education Assistance Program (REAP) sunsets in November of 2015. Reservists who had eligibility for REAP, but had not used any of these benefits before this date lost eligibility. Many of these servicemembers lost such eligibility due to no fault of their own, and the Committee believes it is important to provide a bridge for these servicemembers to the Post-9/11 GI Bill. This section would allow certain members of the Reserve component to transfer into the Post-9/11 GI Bill who lost educational assistance under REAP.

Section 106. Calculation of Monthly House Stipend under Post-9/11 Educational Assistance Program Based on Location of Campus where Classes are Attended

Current law, section 3313(c)(1)(B)(i)(I) of title 38 U.S.C., authorizes VA to pay a Monthly House Allowance (MHA) to beneficiaries of the Post-9/11 GI Bill, which is based on the Basic Allowance for Housing (BAH) paid to active duty servicemembers at the E–5 with dependents rate. This MHA is based on the BAH rate for the ZIP code that the student’s school or training program enrollment is certified, which, in some cases, is not necessarily where the school is actually located or where the student takes their training. This creates an inequity where a student could be receiving an MHA based on the school’s headquarters’ location instead of where they are attending the majority of their classes. The Committee believes the intention of the drafters of the Post-9/11 GI Bill and the MHA benefit was to meet the actual living expenses at the E–5 with dependents rate of where the student was living and studying.

This section would address this issue and would require VA to pay the MHA based on where the student attends the majority of their classes and not where the school or training programs actually certifies their enrollment. This section would grandfather in current students and would apply such a change to initial enrollments on or after August 1, 2018. The Committee’s intent is to give VA a methodology that is administratively workable and also cannot be taken advantage of by schools. If VA finds that the new methodology is not workable or is still being taken advantage of, then it is the Committee’s expectation that VA will alert the Committee.
Section 107. Charge to Entitlement for Certain Licensure and Certification Tests and National Tests under Department of Veterans' Affairs Post-9/11 Educational Assistance

Section 3315 and 3315A of title 38, U.S.C., authorizes VA pay for the costs associated with a beneficiary taking national tests, such as Graduate Record Exam (GRE), Graduate Management Admission Test (GMAT), and other tests that lead to a specific license or credential. However, in order to have VA pay for these tests, a beneficiary must use an entire month’s worth of entitlement, regardless of how much this test costs. Current law authorizes those eligible for the Post-9/11 GI Bill at the 100% level with 36 months of education benefits. These months are finite and the Committee believes that they should be used judiciously to maximize the beneficiary’s education and training goals.

This section, therefore, would change the current rules that require that a beneficiary be charged a whole month of entitlement to pay for any national test or licensing credentialing test and would instead require VA to prorate entitlement to the amount of the actual cost of the test. The Committee believes this is a common sense change that will help students achieve academic success by making it easier to pay for these important tests in an equitable fashion that does not deplete their valuable months of entitlement to the GI Bill.

Section 108. Restoration of Entitlement to Post-9/11 Educational Assistance for Veterans Affected by Closures of Educational Institution

When institutions of higher education abruptly close due to financial trouble, federal investigations, lawsuits, or other factors, GI Bill beneficiaries in attendance at the time of the closure often lose education benefits because they are unable to complete their courses and gain or transfer credits. This is also the case when VA initially approves a course of study and then disapproves of it at a later date, often because it changed its regulations or changed how it enforces its regulations. Many of these veterans and their dependents also suddenly lose access to vital supplemental income benefits, like the MHA.

This section would restore some of those GI Bill benefits and continue educational assistance payments in these situations. Specifically, veterans whose schools closed or were disapproved would not have the term during which their studies were interrupted count toward the aggregate of their GI Bill entitlement. Under this section they would also continue receiving monthly education assistance payments, including the MHA, through the end of the term, quarter, or semester in which the school closes, or for up to 120 days from the date of the school closure, whichever is less. This section would also provide the VA Secretary with the ability to waive disapproval of a course of study on a case-by-case basis to allow veterans already pursuing that course of study to complete their programs.

Additionally, those veterans whose schools closed between January 1, 2015 and the date of enactment of this Act who are unable to transfer their already-earned credits to another eligible institution would not have the terms during which they earned those credits count toward the aggregate of their GI Bill entitlement.
To the maximum extent possible, the Committee also expects the VA Secretary to coordinate with the Secretary of Education on matters relating to outreach to students, transferring credits for courses completed, teach-out plans (as defined in section 487(f)(2) of the Higher Education Act of 1965 (20 U.S.C. 1094(f)(2))), discharging student loans, and carrying out section 3312(d) of title 38, U.S.C., as added by this section.

Section 109. Additional Authorized Transfer of Unused Post-9/11 Educational Assistance Benefits to Dependents upon Death of Originally Designated Dependent

Section 3319 of title 38, U.S.C., provides for the ability for eligible Post-9/11 GI Bill users to transfer some, or all, of their 36 months of benefits to a dependent spouse or child. In order to be eligible to transfer this benefit, a servicemember must serve for six years on active duty and agree to serve an additional four years on active duty. A servicemember must make the decision to transfer these benefits while on active duty and provide at least one month to each dependent before the servicemember separates or retires from active duty for their dependents to be eligible. The servicemember is authorized to make changes to the allotment of their 36 months of benefits at any point in their life, but they are the only ones who may make such a change. While such stringent requirements were put in place with the enactment of the Post-9/11 GI Bill to ensure this benefit was not abused, the Committee believes that situations have arisen since the enactment of the law that need to be addressed to provide fairness to certain groups of survivors when either the servicemember or a dependent dies.

At the July 17, 2017 legislative hearing on this bill, Ms. Ashlynne Haycock with Tragedy Assistance Providers for Survivors (TAPS) highlighted two real-life cases where current law is blocking common sense usage of the transferability benefit:

From Coleen Bowman, surviving spouse:
“I am the widow of SGM Robert Bowman. Realizing the importance of education, when the opportunity for transferring the Post 9/11 GI bill arose, my husband took advantage of the opportunity and designated myself and our 4 daughters to be recipients of the benefit, being told he could reapportion the benefit when the time for their education came about. Unfortunately, after exposure to environmental toxins, my husband succumbed to cancer in January 2013. Before he died, our then 13 year old daughter told him “Dad, I promise you I am going to go to college and do great things and make you proud.” This daughter is now almost 18 years old, in her junior year of high school and doing very well. She is in the top 20 percent of her class and talks almost daily about how excited she is to go to college and the things she needs to do in order to get there.

I called the VA about 8 to 10 months ago and spoke to someone about changing the allotted months from one child to another, or myself to my daughters. We had 19 months of benefits that neither I nor her sister would use. I was told “The only person that can move the months of
benefits around is the service member/veteran.” I said “You do understand he passed away in 2013?” She said to me again “Yes, ma’am, I understand but again the only person who can move the months is Robert Bowman.”

I was able to deal with all of my late husband’s estate, I am entrusted with all financial benefits for our two youngest daughters, I certainly should be able to manage their education benefits as well. My hope is that this issue can be resolved and survivors like me will be able to have some relief of stress in this area.”

From Tammy McCracken, surviving spouse:

“Colonel David McCracken served honorably in the Army and Army Reserves for over 20 years. During his military career, he was deployed multiple times; during his last tour he was activated as a reservist to deploy to the Middle East. Upon return from his deployment, he was diagnosed with brain cancer which was found to be service-connected by the VA because of the link to burn pit exposure in the Middle East. He was not on active-duty orders nor training at the time of his death due to illness, and his children are not eligible for the Fry Scholarship. As he already had a Masters degree, Col. McCracken knew he was never going to use his own GI Bill benefits so when transferability became an option he immediately transferred it to his 2 young children. He transferred 35 months to his son and 1 month to his daughter thinking he could go back and split it as they needed it later, but because he died of wounds from his service it is stuck split that way. Col. McCracken’s son, Connor has received an ROTC scholarship to Embry-Riddle Aeronautical University and would like to give all 35 of his months to his sister to use but because only the service member can make adjustments to the amount of months each dependent receives, Connor will have to let the 35 months he has go to waste.”

This section would authorize a servicemember to transfer remaining months of GI Bill entitlement to another dependent if the dependent who originally received the transferred benefits dies before they can use all of the benefits. The section would also allow a dependent to transfer remaining months of GI Bill entitlement to another dependent after the death of the servicemember or veteran.

Section 110. Edith Nourse Rogers STEM Scholarship.

As the workforce needs of the country continue to evolve, there has been a national emphasis placed on preparing American students for the expected growth in the fields of Science, Technology, Engineering, and Math (STEM). The U.S. Department of Education expects the growth in these fields to significantly outpace the growth of all other occupations through the year 2020.¹ At the July 17, 2017 legislative hearing on H.R. 3218, Student Veterans of America cited a report from Georgetown University’s Center of

Education and the Workforce, “The Economic Value of College Majors”, that found that top-paying college majors earn a total $3.4 million more than the lowest-paying majors over a lifetime and the top ten highest paying majors are all in STEM fields, eight of which are in engineering.\(^2\)

This data shows that there is a demand for high paying STEM occupations. The Committee believes that we should encourage veterans to pursue these positions. To meet this obstacle, there is clearly a need to increase the types of education programs and opportunities that lead to STEM careers. The difficulty that arises is that many of the programs that lead to a degree in the STEM field can take longer to complete than the current 36 months of eligibility provided to students under the GI Bill. This section, therefore, would authorize VA to provide a scholarship to provide additional GI Bill funds to help a student veteran complete a STEM degree. Certain eligible students would be eligible to apply for the program if they are at least halfway through a STEM degree and expect their GI Bill benefits to be exhausted before completing their program. The scholarship would pay for nine additional months of the Post-9/11 GI Bill benefit, up to a maximum payment of $30,000. The amount of money that could be spent on this program would not exceed $100,000,000 in any one fiscal year and would be phased in over time by authorizing $25,000,000 in fiscal year 2019; $75,000,000 for each of the fiscal years 2020 through 2022; and $100,000,000 for fiscal year 2023 and each subsequent year. The scholarship would be known as the ‘Edith Nourse Rogers STEM Scholarship’ and is named for the late Congresswoman Edith Nourse Rogers, former Chairwoman of the House Committee on Veterans’ Affairs.

The Committee believes this extra benefit would help student veterans and provide a positive return on investment for the country and the country’s national needs. Additionally, the Committee expects VA to use this authority judiciously and ensure that schools are not expanding the number of credit hours needed to complete a STEM program so they can receive additional tuition and fee payments.

Section 111. Honoring National Service of the Members Elimination of Time Limitation for use of Entitlement

Section 3321(a) of title 38, U.S.C., limits the amount of time that a beneficiary under the Post-9/11 GI Bill has to use their entitlement to the date that is 15 years after the servicemember’s last discharge from active duty. This provision is in line with past versions of the GI Bill that also included a delimiting date for usage, albeit that those programs had a 10-year delimiting date. The Committee believes that these restrictions on usage of the GI Bill are outdated and that the benefit should be viewed as a lifetime benefit that could be used by a beneficiary throughout their entire life. This section, therefore, would eliminate the current time limitation to use the GI Bill for new members of the Armed Forces and any servicemember who first becomes entitled to this benefit on or after January 1, 2013. This section would also eliminate the

15-year delimiting date for any child of a deceased servicemember who first becomes entitled to such entitlement on or after January 1, 2013.

Section 112. Monthly Stipend for Certain Members of the Reserve Components of the Armed Forces Receiving Post-9/11 Educational Assistance

Under current law, if a beneficiary of the Post-9/11 GI Bill is serving as a Reservist and is called up for active duty under title 10, U.S.C., they can lose an entire month’s worth of MHA payments even if they were only on active duty for one day of the affected month. This leaves the Reservist at a disadvantage as they do not receive payment from the U.S. Department of Defense (DoD) when they are not on active duty and with no MHA for the entire month they have to find some other way to pay for their living expenses. The Committee believes this inequity can be a disincentive to students from continuing to serve in the Guard and Reserve and should be addressed. This section, therefore, would require VA to prorate the GI Bill MHA provided to Reservists who get called up for active duty during the middle of a month to ensure that they continue to receive their housing allowance.

Section 113. Improvement of Information Technology of the Veterans Benefits Administration of the Department of Veterans Affairs

When VA began implementing the Post-9/11 G.I. Bill in 2009, there were considerable processing delays due to an outdated Information and Technology (IT) system that required VA to process many claims manually. As VA found short-term workarounds, Congress approved funding for VA to automate processing through a system called the “Long Term Solution” (LTS). The goal of LTS was for most, if not all, claims to be completed electronically without any human intervention.

VA took years and expended millions of dollars to complete six different releases of the LTS. At a March 24, 2015 Subcommittee on Economic Opportunity legislative hearing, VA stated that LTS activated the capability for end-to-end automation of supplemental claims in September 2012. VA also stated that currently over 80 percent of supplemental claims are now completed without any human intervention; supplemental claims are for current students who are simply re-certifying that they are going to continue with their training or education program. Furthermore, VA stated in their testimony the following:

Currently, LTS is in a sustainment phase with only minimal increases in functionality. Further development would allow LTS to automate certificates of eligibility and provide very fast service (possibly one day) for some Veterans who apply for the Post-9/11 GI Bill, as opposed to the current 16-day average processing time. In addition, further development for supplemental claims would allow LTS to produce increased efficiencies in processing through additional automation, while ensuring consistent and timely service to Veterans.
Although VA has made progress processing supplemental claims, LTS is now in sustainment mode, and VA has told the Committee that there are no plans to automate the processing of original or first time claims. The President’s budget for FY 2018 did not include any new funding for LTS or additional staff to process original claims, and predicted that it will take, on average, 21 days to process an original claim; that is three days longer than it took VA in FY 2015. The Committee is pleased that supplemental claims are being adjudicated quickly, but remains concerned that there is no plan to also fully automate original claims. This is problematic, because housing allowance checks and tuition payments to schools are critically important for Post-9/11 GI Bill participants.

This section would require the Secretary, to the maximum extent possible, to complete all Post-9/11 GI Bill benefit claims electronically using rules-based processing with little, to no, human intervention. Under this Section, VA would be required to provide to the Committee a report on its plan to implement new IT systems within 180 days of enactment. This section would also authorize $30 million to fund these system improvements.

Section 114. Department of Veterans Affairs High Technology Pilot Program

As the jobs market for the country continues to change, the education benefits provided to servicemembers should change with it as well. In recent years, there has been a growth rate in the need for high technology jobs. In a support letter from the Technology Industry Council, they stated that, “as of today, there are approximately half a million open computing jobs across the United States, with additional technology jobs projected to grow at double the rate of all other fields in the upcoming years.” In order to fill these jobs there has been a growth in high technology education programs or coding boot camps. These are educational programs that are outside the definition of traditional higher education as they are usually short term in nature and focus on the core skills that are needed to receive a job in the growing technology sector. The problem is that many of these programs or boot camps don’t meet the requirements for eligibility for the GI Bill. The Committee believes that there should be a way to allow veterans the opportunity to take advantage of these programs and gain access to high technology jobs.

This section would authorize VA to conduct a 5-year pilot program that would provide veterans the opportunity to enroll in high technology courses. VA would enter into contracts with these schools or programs and would provide tuition and fees payments on a sliding scale that incentivizes the schools to graduate the student and ensure they find a job in their field of study. The section would also authorize a living stipend payment equal to the Post-9/11 rate to students while they are using the benefit. The Committee believes that such a limited pilot program is warranted to help these students find jobs in this growing sector of the American economy. The Committee expects VA to ensure when entering into contracts with providers of these programs that it seeks providers who are respected by leading technology employers, and to ensure that employment lasts at least 6 months following program completion. In doing so, the Committee expects VA to properly administer
this program so as not to allow subpar providers to benefit from the funding without benefiting the veterans taking part in the pilot program.

Section 115. Annual reports to Congress on information on student progress submitted by educational institutions

Section 3326 of title 38, U.S.C., requires schools and training programs authorized for GI Bill benefits to annually provide information to VA on the academic progress of beneficiaries using Post-9/11 GI Bill benefits. The Committee believes it is important for Congress, and the public, to have visibility on the success of student veterans at GI Bill approved programs. This section, therefore, would simply require an annual report to Congress on the results of the data collection required by section 3326 of title 38, U.S.C.

TITLE II—OTHER EDUCATIONAL ASSISTANCE PROGRAMS

Section 201. Work Study Allowance

VA's work-study program allows certain veterans and dependents enrolled in school through a VA educational program to perform a certain number of hours of work in exchange for compensation through VA's work study program. Eligible individuals are able to work for up to 25 hours times the number of weeks contained in an enrollment period. Participants receive the greater of the State's minimum wage rate or the national minimum wage rate under section 6(a) of the Fair Labor Standards Act of 1938 (section 206(a) of title 29, U.S.C.). Eligible work-study activities were expanded to the following positions: (1) VA outreach services programs or outreach services to servicemembers and veterans furnished by employees of a SAA; (2) Hospital and domiciliary care and medical treatment at VA facilities, and care to veterans in a state home; and (3) Activities relating to the administration of a national cemetery or a state veterans' cemetery.

This program gives veterans and dependents an alternative means to supplement their income as they attend an institution of higher learning. In recent years, the average student has been leaving college with an average debt of $24,000 to cover all college expenses. This program would help veterans mitigate this debt while also getting work experience as they attend school. This section, therefore, would amend section 3485(a)(4) of title 38, U.S.C., by striking the expiration date of June 30, 2022 in each case that it appears and inserting “any time on or after June 30, 2017,” to make the Work Study program permanent.

Section 202. Duration of Educational Assistance under Survivors' and Dependent' Educational Assistance Program

Section 3511(a) of title 38, U.S.C., authorizes beneficiaries of the Survivors' and Dependents' Educational Assistance Program up to 45 months of educational assistance. This is in contrast to other GI Bill programs that provide 36 months of eligibility for educational assistance.

This section would change the number of months of entitlement for individuals who become eligible for this program from 45 months to 36 months. This change would only apply to individuals
that become entitled to this program on or after August 1, 2018, to ensure current beneficiaries will not be affected by this change. The Committee believes this re-alignment is necessary and appropriate offset to pay for a portion of the changes to this program that would be made by section 203 of this bill.

Section 203. Olin E. Teague Increase in the Amounts of Educational Assistance Payable Under Survivors' and Dependent' Educational Assistance Program

Chapter 35 of title 38, U.S.C., the Survivors’ and Dependents’ Educational Assistance Program, provides education benefits to eligible surviving spouses and children. This education benefit is paid directly to the beneficiary monthly and is a flat amount. This program currently pays $1,224 per month to eligible beneficiaries and, outside of minor adjustments for cost of living adjustments, this payment amount has not been increased since 2003.

At the July 17, 2017 legislative hearing on this bill, Ms. Ashlynn Haycock with Tragedy Assistance Providers for Survivors (TAPS) highlighted an example of one survivor who could benefit from a change in the monthly rate provided by Chapter 35:

From Carla Stumpf Patton, surviving spouse:

“As a surviving family of an active duty Marine who died prior to 9/11, an increase in Chapter 35 benefits would make a dramatic difference in alleviating the financial strain associated with the increasing rates of college expenses for families of the fallen. Families like ours are often excluded from other funding programs that offer tremendous assistance to families post 9/11; on top of the loss we have experienced, this financial burden can be overwhelming. Because I was pregnant at the time of my husband’s death and our child was born posthumously, it would be eighteen years before our child needed educational assistance and while there was some funding, it was not nearly enough to cover tuition rates associated with his school. We were excluded from other sources of funding either due to the date of death or due to the manner of death, leaving very few options for financial assistance other than private scholarships and having to take on large personal loans. Increasing the current benefit will address the cost of living and sky-rocketing college expenses our families our facing in the 21st century.”

The Committee believes the monthly payments for this program have clearly not kept pace with the true cost of attending post-secondary education or training and they should be increased. This section, therefore, would increase the monthly payment for educational assistance provided under Survivors’ and Dependent’ Educational Assistance Program by $200 a month.

Section 301. State Approving Agency Funding

State Approving Agencies (SAAs) are authorized under Chapter 36 of title 38, U.S.C., with the mission of approving and monitoring education and training programs that use VA education benefits. SAAs employ state employees and are reimbursed for their expenses by VA out of the mandatory re-adjustment account of VA’s
budget. Despite the additional workload that SAA's have been tasked with, such as completing compliance surveys and increased usage of the Post-9/11 GI Bill, the funding for their reimbursement has been flat lined since 2007. The Committee believes the work of the SAA's is vital to the success of all VA education programs as they are the front line staff tasked with ensuring veterans attend quality education and training programs.

To help SAAs complete their mission, this section would increase the funding out of VA's mandatory re-adjustment account for SAAs from $19 million a year to $21 million for fiscal year 2018 and to $23 million a year for each subsequent fiscal year. This section would also authorize VA to provide an additional $3 million in appropriations a year to the SAAs out of the Department's general operating account. This section would also, beginning in fiscal year 2019, require VA to provide a cost of living adjustment increase to the SAAs budget in an amount that equals the same percentage increase as benefits provided under the Social Security Act.

Section 302. Authorization for Use of Post-9/11 Educational Assistance to Pursue Independent Study Programs at Certain Educational Institutions that are Not Institutions of Higher Learning

One of the historical values of GI Bill is the ability to use education benefits at training and education programs like career and technical education that are not at traditional institutions of higher education. Due to recent changes in how these types of schools provide training, several of them have been disapproved for GI Bill benefits. The Committee believes these programs provide another avenue for training for GI Bill users to receive an education and the growth in use of online education at these schools should be approved if the program is appropriately accredited. This section would address this issue and would authorize an eligible individual to use their GI Bill benefits at an accredited independent study program (including open circuit television) that is an area career and technical education school or a postsecondary vocational school providing postsecondary level education.

The Committee expects that VA will ensure that any independent study program that would be authorized by this section is recognized and accepted by employers in the student's regional area as meeting employers' expectations for employment in the student's field of study. The Committee also expects that VA will properly administer this program so as not to allow subpar providers to benefit from the GI Bill without benefiting the GI Bill beneficiaries.

Section 303. Provision of Information on Priority Enrollment for Veterans in Certain Courses of Education

Section 3698 of title 38, U.S.C., requires that VA create a comprehensive policy to easily provide information to veterans and other beneficiaries on GI Bill eligible schools. Through this requirement, VA has created the GI Bill Comparison Tool, which allows users to compare GI Bill eligible schools using key measures that include affordability, performance data, and other factors. The Committee believes this tool is a valuable asset to students so they can make informed choices on which school or training program
will best suit their needs. It has recently come to the Committee’s attention that some schools are voluntarily offering priority enrollment in classes to veterans.

The Committee believes this is an invaluable benefit that will assist student veterans so they are not closed out of needed classes to complete their course of study in a finite amount of time that they have before their benefits are depleted. This section, therefore, would require VA to include on its GI Bill Comparison Tool, information on whether a school has a priority enrollment system in place that allows veterans to enroll in courses earlier than other students attending the school.

Section 304. Limitation on Use of Reporting Fees Payable to Educational Institutions and Sponsors of Programs of Apprenticeship

Each GI Bill eligible institution or training program designates a staff member, known as a School Certifying Official (SCO), to certify the beneficiary’s enrollment at their school or program and handles all of the paperwork associated with this enrollment. Current law authorizes VA to pay $12 per certification directly to the school to help offset the costs associated with submitting this paperwork. This certification was reduced from $15 per certification to the $12 amount by section 412 of by P.L. 113–315, the Jeff Miller and Richard Blumenthal Veterans Health Care and Benefits Improvement Act of 2016.

The Committee believes that as more beneficiaries access the Post-9/11 GI Bill and the cost of administering this benefit at the institutional level increases, there is a need to increase these reporting fees. This section would require VA to provide $16 to the institution for each individual that they certify as using GI Bill benefits at their institution. Additionally, this section would also require that schools with 100 or more enrollees using GI Bill benefits, may not use the funds received by the institution from the reporting fees for the institution’s general fund and that these funds may only be used for veterans programs at that institution.

Section 305. Training for School Certifying Officials

There is high turnover in SCO positions at many schools and training programs, which results in a lack of training on complicated GI Bill information technology systems. Lack of an SCO’s training on these systems often leads to incorrect certifications and overpayments. The U.S. Government Accountability Office highlighted and recommended the need to improve SCO training to reduce overpayments in their 2015 report entitled, “Additional Actions Needed to Help Reduce Overpayments and Increase Collections.”

This section would address the lack of training and would require VA, in consultation with the SAAs, to provide requirements for training for school certifying officials at educational institutions that are approved for GI Bill benefits. This section would also allow VA to disapprove a course of education if a school does not ensure that the SCO meets the training requirements.

---

Section 306. Extension of Authority for Advisory Committee on Education

Section 3692 of title 38, U.S.C., authorizes the Veterans Advisory Committee on Education. This committee provides advice to the Secretary on the administration of education and training programs provided by VA. The Committee values the input of this advisory committee and therefore this section would extend the authority for this committee from December of 2017 through to December of 2022.

Section 307. Department of Veterans Affairs Provision of On-Campus Educational and Vocational Counseling for Veterans

In 2009, VA began a pilot program at the University of South Florida to provide a trained Vocational Rehabilitation and Employment (VR&E) counselor on this school’s campus to assist veterans with their transition from military to college life, as well as to provide the student veterans with the support and assistance needed to pursue their educational and employment goals. In return, the school provided this counselor an office and other office equipment to help them complete their mission.

This pilot program has since been expanded to 94 campuses nationwide and is known as the Veterans Success of Campus Program (VSOC). Since the program’s inception, the Committee has been impressed with the results of the collaborative effort between VA and these 94 campuses and believes this program should be made a permanent program at VA. This section, therefore, would simply codify this program into a new section 3697B of title 38, U.S.C.

Section 308. Provision of Information Regarding Veteran Entitlement to Educational Assistance

One of the most common concerns that the Committee receives from SCOs at GI Bill eligible schools, is that VA’s current IT system does not allow them to view a student veteran’s remaining GI Bill entitlement. This flaw in VA’s system makes it difficult for an SCO to quickly and properly advise a student veteran on which educational programs they are eligible to receive.

This section would address this issue and would require that VA provide access to IT systems that would allow SCOs to view a student veteran’s eligibility for educational assistance under title 38, U.S.C. This section would also allow the veteran or their dependent (if they are a beneficiary of their GI Bill benefits) to opt out of the school’s ability to receive such information from VA.

Section 309. Treatment, for Purposes of Educational Assistance Administered by the Secretary of Veterans Affairs, of Educational Courses that Begin Seven or Fewer Days after the First Day of an Academic Year

The administration of the Post 9/11 GI bill can be cumbersome and the Committee is always open to suggestions from SCOs and other stakeholders on how to simplify administration of this generous benefit. This section would implement a suggestion provided to the Committee by SCOs that would provide more flexibility to the SCOs if the first day of a course does not start on the first day of an academic term. This section would allow the SCO to certify
the course as beginning on the first day of the academic term for purposes of certifying a veteran for GI Bill benefits.

TITLE IV—RESERVE COMPONENT BENEFITS

Section 401. Eligibility of Reserve Component Members for Post 9/11 Educational Assistance

When Congress expanded the authority of the DoD to deploy National Guard and Reserve component forces on active duty missions to support the combatant commands, it did not make corresponding changes in the benefits for which these National Guard and Reserve component service members are eligible. As such, health, education, leave, pay, and retirement benefits that active duty component troops are entitled to who are serving the same functions have been denied to Guard and Reserve component soldiers serving under section 12304 of title 10, U.S.C., authority.

Since the expansion of that authority, Guard and Reserve components have been deployed on operations to support the Multinational Force Observers mission in the Sinai, Egypt, NATO’s Operation Joint Guardian in Kosovo, and most recently, the European Reassurance Initiative countering Russian aggression in Eastern Europe. Utilization of Guard and Reserve forces have provided a cost-effective means of meeting the needs of combatant commanders with forces bringing important experience and expertise.

This section rectifies part of the unequal treatment of Guard and Reserve component soldiers serving on active duty orders and would allow them to earn GI Bill eligibility while serving on active duty orders in section 12304 of title 10, U.S.C. The Committee believes this is a vital change to the readiness, morale, and welfare of our Guard and Reserve component service members.

Section 402. Time Limitation for Training and Rehabilitation for Veterans with Service-Connected Disabilities

Section 3103(f) of title 38, U.S.C., extends the period of eligibility for a veteran to use Vocational Rehabilitation and Employment (VR&E) benefits when they are called up for certain types of active duty orders. Similar to the situation with section 401 of this bill, 12304, 12304(a) and 12304(b) orders are currently not included in the types of orders that can extend VR&E eligibility. To address this inequity similar to the provisions of section 401, this section would add these sections of title 10, U.S.C., orders to this list or approved orders that extend VR&E eligibility.

TITLE V—OTHER MATTERS

Section 501. Repeal Inapplicability of Modification of Basic Allowance for Housing to Benefits under Laws Administered by Secretary of Veterans Affairs

In the Carl Levin and Howard P. “Buck” McKeon National Defense Authorization Act for Fiscal Year 2015 (P.L. 113–291), the annual percentage increase to active duty BAH payments was reduced by 1% a year for five years, but GI Bill living allowance payments (tied to the E–5 with dependents rate) were exempt. This section would provide equity to the living stipend payments for those using the Post-9/11 GI Bill (E–5 with dependents rate) to the same BAH payments currently paid to active duty servicemembers.
at the E–5 with dependents rate. This section would also stipulate that these decreases to the annual percentage increase would only be in effect for individuals who first begin using their education benefits on or after January 1, 2018. The Committee believes this provides true equity between MHA for GI Bill users and BAH payments to active duty servicemembers. The Committee believes that Congress did intend such inequity and believes this change is appropriate with the grandfather clause to ensure current students do not experience a drop in their own MHA.

Section 502. Reconsideration of Previously Denied Claims for Disability Compensation for Veterans who Allege Full-Body Exposure to Nitrogen Mustard Gas, Sulfur Mustard Gas, or Lewisite During World War II

According to VA and DoD, the DoD subjected approximately 4,000 servicemembers to full-body exposure to mustard gas or Lewisite in the 1940s. As a result of such exposure, these veterans may have developed serious diseases and conditions and, therefore, would be eligible for veterans disability benefits.

Under current VA policy, former servicemembers who develop a health condition that VA recognizes as linked to mustard gas or Lewisite exposure must demonstrate that they were subjected to full-body exposure during service to qualify for compensation. Unfortunately, it may be difficult for veterans to prove exposure because of the potential classified nature of these experiments, in addition to the fact that many of the paper records from the 1940s may have been lost or destroyed since that time.

To make it easier for these veterans to receive benefits, this section would require that VA review previously denied claims of former servicemembers who allege that they were subjected to full-body exposure to mustard gas or Lewisite. Under the section, VA must presume that such veterans who had filed applications for benefits prior to the enactment of this bill were exposed to mustard gas or Lewisite, if he or she served in specific locations where VA acknowledges that mustard gas or Lewisite was tested. Furthermore, such exposure must be consistent with the places, types, and circumstances of the veteran’s service. Lastly, any reasonable doubt in determining the presumption must be resolved in favor of the veteran’s claim. However, the section clarifies that if there is affirmative evidence that the veteran was not subjected to full-body exposure to such chemicals, the veteran would not receive the presumption. The section further states that the Secretary may not determine that the testing of full-body exposure did not occur solely based on information contained in the DoD and VA Chemical Biological Warfare Database or any list of known testing sites maintained by DoD or VA. The section would also require DoD and VA to issue certain reports to appropriate Congressional committees within 180 days of enactment of this Act.

**SUBCOMMITTEE CONSIDERATION**

There was no subcommittee consideration of H.R. 3218, as amended.

**COMMITTEE CONSIDERATION**

On July 19, 2017, the full Committee met in open markup session, a quorum being present, and ordered H.R. 3218, as amended, be reported favorably to the House of Representatives by voice vote. During consideration of the bill, the following amendments were considered:

An amendment in the nature of a substitute offered by Chairman Roe of Tennessee made several technical and conforming changes to the underlying bill. It also changed some effective dates, including an initial effective date for section
110 to August 1, 2019. These changes were made to remain in line with budget requirements. The amendment in the nature of a substitute also made changes to the school closure section (section 108) by ensuring that veterans affected by the ITT Tech and Corinthian closures, would receive full entitlement back for any credits they were unable to transfer to another school. It would also ensure that, going forward, any veterans affected by a school closure would receive entitlement back for that semester they are enrolled in when the school closes, as well as a bridge payment of up to 4 months’ worth of housing allowances. The amendment in the nature of substitute, as amended, was approved by voice vote.

An amendment to the amendment in the nature of a substitute offered Representative Kathleen Rice of New York added a new section 502 to require VA to make a new determination regarding each claim for disability compensation in connection with exposure to mustard gas or Lewisite during active military, naval, or air service during World War II that was denied before this bill’s enactment. The amendment to the amendment to the amendment in the nature of substitute was agreed to by voice vote.

An amendment to the amendment in the nature of substitute offered by Representative Jodey Arrington of Texas would require VA to submit a report to Congress, not later than March 1st of each year, summarizing the information provided by educational institutions on student progress for the preceding calendar year. This information on student progress was included in PL 114–315, the “Jeff Miller and Richard Blumenthal Veterans Health Care and Benefits Improvement Act of 2016.” The amendment to the amendment to the amendment in the nature of a substitute was agreed to by voice vote.

A motion by Ranking Member Tim Walz of Minnesota to report H.R. 3218, as amended, favorably to the House of Representatives was agreed to by voice vote.

**Committee Votes**

In compliance with clause 3(b) of rule XIII of the Rules of the House of Representatives, no recorded votes were taken on amendments or in connection with ordering H.R. 3218, as amended, reported to the House.

COMMITTEE OVERSIGHT FINDINGS

In compliance with clause 3(c)(1) of rule XIII and clause (2)(b)(1) of rule X of the Rules of the House of Representatives, the Committee’s oversight findings and recommendations are reflected in the descriptive portions of this report.

STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

In accordance with clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the Committee’s performance goals and objectives of H.R. 3218, as amended, are to provide improvements to educational benefits provided to veterans.

EARMARKS AND TAX AND TARIFF BENEFITS

H.R. 3218, as amended, does not contain any Congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI of the Rules of the House of Representatives.

COMMITTEE COST ESTIMATE

Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs that would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that Rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974. The Committee has requested but not received a cost estimate for this bill from the Director of the Congressional Budget Office. The Committee believes, and according to a preliminary score from the Congressional Budget Office, that enactment of this bill would result in a savings of $205 million over the 2018–2027 period. Assuming the appropriation of authorized amounts, the Committee estimates that the legislation would also have a discretionary cost of $111 million over the 2018–2022 period.

BUDGET AUTHORITY AND CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

With respect to the requirements of clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974 and with respect to requirements of clause (3)(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has requested but not received a cost estimate for this bill from the Director of the Congressional Budget Office. The Committee has requested but not received from the Director of the Congressional Budget Office a statement as to whether this bill contains any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.
FEDERAL MANDATES STATEMENT

With respect to the requirements of Section 423 of the Congressional Budget and Impoundment Control Act (as amended by Section 101(a)(2) of the Unfunded Mandates Reform Act, P.L. 104–4), the Committee has requested but not received from the Director of the Congressional Budget Office a statement as to whether the provisions of the reported bill include unfunded mandates.

ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act would be created by H.R. 3218, as amended.

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to Article I, section 8 of the United States Constitution, H.R. 3218, as amended, is authorized by Congress' power to “provide for the common Defense and general Welfare of the United States.”

APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that H.R. 3218, as amended, does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

STATEMENT ON DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, the Committee finds that no provision of H.R. 3218, as amended, establishes or reauthorizes a program of the Federal Government known to be duplicative of another Federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111–139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

DISCLOSURE OF DIRECTED RULEMAKING

Pursuant to section 3(i) of H. Res. 5, 115th Cong. (2017), H.R. 3218, as amended, would require the Secretary of Veterans Affairs to prescribe new regulations in regards to the provisions of the school closure provision in section 108.

Section 108. Restoration of Entitlement to Educational Assistance and Other Relief for Veterans Affected by School Closure or Disapproval

Section 108(a) would amend Chapter 36 by adding at the end the following new section: “§ Effects of closure or disapproval of educational institution.”

Sec. 3699(a) would stipulate that any payment of educational assistance described in subsection (b) shall not be charged against any entitlement to educational assistance of the individual concerned; or be counted against the aggregate period for which section 3695 of this title limits the receipt of educational assistance by such individual.

Sec. 3699(b) would stipulate that, subject to subsection (e), the payment of educational assistance described in this paragraph is the payment of such assistance to an individual for pursuit of a course of program of education at an educational institution under Chapters 30, 32, 33, or 35 of this title, or Chapter 1606 or 1607 of title 10, U.S.C., if the Secretary determines that the individual:

1. was forced to discontinue the pursuit of such course or program as a result of the permanent closure of the educational institution; or the disapproval of a course or a course that is a necessary part of that program under this chapter by reason of a provision of law enacted after the date on which the individual enrolls at such institution affecting the approval or disapproval of courses under this chapter or after the date on which the individual enrolls at such institution, the Secretary prescribing or modifying regulations or policies of the Department affecting such approval or disapproval; and did not receive credit or lost training time, toward completion of the program of education being so pursued.

Sec. 3699(c) would stipulate that the period for which, by reason of this subsection, educational assistance is not charged against entitlement or counted toward the applicable aggregate period under section 3695 of this title shall not exceed the aggregate of the portion of the period of enrollment in the course from which the individual failed to receive credit or with respect to which the individual lost training time as determined under subsection (b)(2), and the period by which a monthly stipend is extended under section 3680(a)(2)(B) of this title.

Sec. 3699(d) would allow the Secretary to treat a course of education that is disapproved under this chapter as being approved under this chapter with respect to an individual described in paragraph (2) if the Secretary determines, on a case-by-case basis, that
such disapproval is the result of an action described in clause (i) or (ii) of subsection (b)(1)(B); and continuing pursuing such course is in the best interest of the individual. Sec. 3699(d) would also prescribe that an individual described in this paragraph is an individual who is pursuing a course of education at an educational institution under Chapters 30, 32, 33, or 35 of this title or Chapter 1606 or 1607 of title 10, U.S.C., as of the date on which the course is disapproved under this chapter.

Section 502(a)(2) would define the claims VA must reconsider pursuant to Section 502(a)(1).

Section 502(a)(3) would provide a list of locations where the DOD and VA acknowledge that DOD subjected some to mustard gas or Lewisite during World War II. Additionally, the bill would authorize the Secretary of Veterans Affairs to add more sites to this list, as appropriate.

Section 502(a)(4) would establish the factors that VA must consider during the reconsideration of claims described in Section 502(a)(1). Clarifies that VA may not determine that testing of full-body exposure to a covered substance did not occur based solely on: (1) information contained in the DOD and VA Chemical Biological
Warfare Database; or, (2) any list of known sites of testing of full-body exposure to a covered substance maintained by VA or DOD.

Section 502(a)(5) would require VA to presume, unless there is affirmative evidence to establish otherwise, that the veteran experienced such exposure during service during World War II if the veteran served in one of the locations listed in Section 502(a)(3); and, consistent with the places, types, and circumstances of the veteran’s service. Clarifies that VA shall resolve any reasonable doubt in favor of the veteran.

Section 502(a)(6) would establish that the effective date of the award of disability benefits shall not be earlier than the date of the receipt of such claim.

Section 502(b) would require the DOD, not later than 180 days after the date of enactment of this Act, to investigate and assess each site: (1) where the Army Corps of Engineers has uncovered evidence of testing conducted by DOD during World War II to assess the effects of full-body exposure to covered substance on humans; or (2) where more than two veterans have been denied claims for compensation in connection with exposure to a covered substance at such site. Would require DOD to submit a report to appropriate congressional committees and VA on such testing, including a list of each location DOD investigated and assessed; the dates of such testing; and, the number of servicemembers who experienced full-body exposure to a covered substance in each such testing.

Section 502(c) would require VA, not later than 180 days after the date of enactment of this Act, to issue a report to appropriate congressional committees and DOD on the actions taken by VA to contact individuals who experienced full-body exposure to a covered substance; the number of claims for disability compensation arising from testing described in section 5(b)(1); and, the percentage of such claims denied by VA.

Section 502(d) would define the terms: “active military, naval, or air service;” “veteran;” “World War II;” “appropriate congressional committees;” “covered substance;” and, “full-body exposure.”

§ 3103. Periods of eligibility

(a) Except as provided in subsection (b), (c), (d), or (e) of this section, a rehabilitation program may not be afforded to a veteran under this chapter after the end of the twelve-year period beginning on the date of such veteran's discharge or release from active military, naval, or air service.

(b)(1) In any case in which the Secretary determines that a veteran has been prevented from participating in a vocational rehabilitation program under this chapter within the period of eligibility prescribed in subsection (a) of this section because a medical condition of such veteran made it infeasible for such veteran to participate in such a program, the twelve-year period of eligibility shall not run during the period of time that such veteran was so prevented from participating in such a program, and such period of eligibility shall again begin to run on the first day following such veteran's recovery from such condition on which it is reasonably feasible, as determined under regulations which the Secretary shall prescribe, for such veteran to participate in such a program.

(2) In any case in which the Secretary determines that a veteran has been prevented from participating in a vocational rehabilitation program under this chapter within the period of eligibility prescribed in subsection (a) of this section because—

(A) such veteran had not met the requirement of a discharge or release from active military, naval, or air service under conditions other than dishonorable before (i) the nature of such discharge or release was changed by appropriate authority, or (ii) the Secretary determined, under regulations prescribed by the Secretary, that such discharge or release was under conditions other than dishonorable, or

(B) such veteran’s discharge or dismissal was, under section 5303 of this title, a bar to benefits under this title before the Secretary made a determination that such discharge or dismissal is not a bar to such benefits,

the twelve-year period of eligibility shall not run during the period of time that such veteran was so prevented from participating in such a program.

(3) In any case in which the Secretary determines that a veteran has been prevented from participating in a vocational rehabilitation program under this chapter within the period of eligibility prescribed in subsection (a) of this section because such veteran had not established the existence of a service-connected disability rated at 10 percent or more, the twelve-year period of eligibility shall not run during the period such veteran was so prevented from participating in such a program.
(c) In any case in which the Secretary determines that a veteran is in need of services to overcome a serious employment handicap, such veteran may be afforded a vocational rehabilitation program after the expiration of the period of eligibility otherwise applicable to such veteran if the Secretary also determines, on the basis of such veteran’s current employment handicap and need for such services, that an extension of the applicable period of eligibility is necessary for such veteran and—

(1) that such veteran had not previously been rehabilitated to the point of employability;

(2) that such veteran had previously been rehabilitated to the point of employability but (A) the need for such services had arisen out of a worsening of such veteran’s service-connected disability that precludes such veteran from performing the duties of the occupation for which such veteran was previously trained in a vocational rehabilitation program under this chapter, or (B) the occupation for which such veteran had been so trained is not suitable in view of such veteran’s current employment handicap and capabilities; or

(3) under regulations which the Secretary shall prescribe, that an extension of the period of eligibility of such veteran is necessary to accomplish the purposes of a rehabilitation program for such veteran.

(d) In any case in which the Secretary has determined that a veteran’s disability or disabilities are so severe that the achievement of a vocational goal currently is not reasonably feasible, such veteran may be afforded a program of independent living services and assistance in accordance with the provisions of section 3120 of this title after the expiration of the period of eligibility otherwise applicable to such veteran if the Secretary also determines that an extension of the period of eligibility of such veteran is necessary for such veteran to achieve maximum independence in daily living.

(e)(1) The limitation in subsection (a) shall not apply to a rehabilitation program described in paragraph (2).

(2) A rehabilitation program described in this paragraph is a rehabilitation program pursued by a veteran under section 3102(b) of this title.

(f) In any case in which the Secretary has determined that a veteran was prevented from participating in a vocational rehabilitation program under this chapter within the period of eligibility otherwise prescribed in this section as a result of being ordered to serve on active duty under section 688, 12301(a), 12301(d), 12301(g), 12302, [or 12304] 12304, 12304a, or 12304b of title 10, such period of eligibility shall not run for the period of such active duty service plus four months.

(d) If a program of education is pursued by an eligible person at an institution located in the Republic of the Philippines, the educational assistance allowance computed for such person under this section shall be paid at the rate of $0.50 for each dollar.

(e) In the case of an eligible person who is pursuing a program of education under this chapter while incarcerated in a Federal, State, local, or other penal institution or correctional facility for conviction of a felony, the educational assistance allowance shall be paid in the same manner prescribed in section 3482(g) of this title for incarcerated veterans, except that the references therein to the monthly educational assistance allowance prescribed for a veteran with no dependents shall be deemed to refer to the applicable allowance payable to an eligible person under corresponding provisions of this chapter or chapter 36 of this title, as determined by the Secretary.

(f)(1) Subject to paragraph (3), the amount of educational assistance payable under this chapter for a licensing or certification test described in section 3501(a)(5) of this title is the lesser of $2,000 or the fee charged for the test.

(2) The number of months of entitlement charged in the case of any individual for such licensing or certification test is equal to the number (including any fraction) determined by dividing the total amount paid to such individual for such test by the full-time monthly institutional rate of the educational assistance allowance which, except for paragraph (1), such individual would otherwise be paid under this chapter.

(3) In no event shall payment of educational assistance under this subsection for such a test exceed the amount of the individual's available entitlement under this chapter.

(g)(1) Subject to paragraph (3), the amount of educational assistance payable under this chapter for a national test for admission or national test providing an opportunity for course credit at institutions of higher learning described in section 3501(a)(5) of this title is the amount of the fee charged for the test.

(2) The number of months of entitlement charged in the case of any individual for a test described in paragraph (1) is equal to the number (including any fraction) determined by dividing the total amount of educational assistance paid such individual for such test by the full-time monthly institutional rate of educational assistance, except for paragraph (1), such individual would otherwise be paid under this chapter.

(3) In no event shall payment of educational assistance under this subsection for a test described in paragraph (1) exceed the amount of the individual's available entitlement under this chapter.

§ 3674. Reimbursement of expenses

(a)(1) Subject to paragraphs (2) through (4) of this subsection, the Secretary is authorized to enter into contracts or agreements with State and local agencies to pay such State and local agencies for reasonable and necessary expenses of salary and travel incurred by employees of such agencies and an allowance for administrative expenses in accordance with the formula contained in subsection (b) of this section in (A) rendering necessary services in ascertaining the qualifications of educational institutions for furnishing courses of education to eligible persons or veterans under this chapter and chapters 30 through 35 of this title and chapter 106 of title 10, and in the supervision of such educational institutions, and (B) furnishing, at the request of the Secretary, any other services in connection with such chapters. Each such contract or agreement shall be conditioned upon compliance with the standards and provisions of such chapters. The Secretary may also reimburse such agencies for work performed by their subcontractors where such work has a direct relationship to the requirements of such chapters, and has had the prior approval of the Secretary.

(2)(A) The Secretary shall make payments to State and local agencies, out of amounts available for the payment of readjustment benefits in the Department of Veterans Affairs readjustment benefits account and amounts appropriated to the Secretary, for the reasonable and necessary expenses of salary and travel incurred by employees of such agencies in carrying out contracts or agreements entered into under this section, for expenses approved by the Secretary that are incurred in carrying out activities described in section 3674A(a)(3) of this title (except for administrative overhead expenses allocated to such activities), and for the allowance for administrative expenses described in subsection (b).

(B) The Secretary shall make such a payment to an agency within a reasonable time after the agency has submitted a report pursuant to paragraph (3) of this subsection.

(C) Subject to paragraph (4) of this subsection, the amount of any such payment made to an agency for any period shall be equal to the amount of the reasonable and necessary expenses of salary and
travel certified by such agency for such period in accordance with paragraph (3) of this subsection plus the allowance for administrative expenses described in subsection (b) and the amount of expenses approved by the Secretary that are incurred in carrying out activities described in section 3674A(a)(3) of this title for such period (except for administrative overhead expenses allocated to such activities).

(3) Each State and local agency with which a contract or agreement is entered into under this section shall submit to the Secretary on a monthly or quarterly basis, as determined by the agency, a report containing a certification of the reasonable and necessary expenses incurred for salary and travel by such agency under such contract or agreement for the period covered by the report. The report shall be submitted in the form and manner required by the Secretary.

(4) In addition to amounts made available under paragraph (5), there is authorized to be appropriated to carry out this section $3,000,000 for fiscal year 2019 and each subsequent fiscal year.

(4) The total amount made available under this section for any fiscal year shall be $19,000,000 for fiscal year 2018 shall be $21,000,000 and for fiscal year 2019 and thereafter shall be $23,000,000.

(b) The allowance for administrative expenses incurred pursuant to subsection (a) of this section shall be paid in accordance with the following formula:

c) Each State and local agency with which the Secretary contracts or enters into an agreement under subsection (a) of this section shall report to the Secretary periodically, but not less often than annually, as determined by the Secretary, on the activities in the preceding twelve months (or the period which has elapsed since the last report under this subsection was submitted) carried out under such contract or agreement. Each such report shall describe, in such detail as the Secretary shall prescribe, services performed and determinations made in connection with ascertaining the qualifications of educational institutions in connection with this chapter and chapters 32, 34, and 35 of this title and in supervising such institutions.

§ 3679. Disapproval of courses

(a)(1) Except as provided by paragraph (2), any course approved for the purposes of this chapter which fails to meet any of the requirements of this chapter shall be immediately disapproved by the Secretary or the appropriate State approving agency. An educational institution which has its courses disapproved by the Secretary or a State approving agency will be notified of such dis-
approval by a certified or registered letter of notification and a return receipt secured.

(2) In the case of a course of education that would be subject to disapproval under paragraph (1) solely for the reason that the Secretary of Education withdraws the recognition of the accrediting agency that accredited the course, the Secretary of Veterans Affairs, in consultation with the Secretary of Education, and notwithstanding the withdrawal, may continue to treat the course as an approved course of education under this chapter for a period not to exceed 18 months from the date of the withdrawal of recognition of the accrediting agency, unless the Secretary of Veterans Affairs or the appropriate State approving agency determines that there is evidence to support the disapproval of the course under this chapter. The Secretary shall provide to any veteran enrolled in such a course of education notice of the status of the course of education.

(b) Each State approving agency shall notify the Secretary of each course which it has disapproved under this section. The Secretary shall notify the State approving agency of the Secretary's disapproval of any educational institution under chapter 31 of this title.

(c)(1) Notwithstanding any other provision of this chapter and subject to paragraphs (3) through (6), the Secretary shall disapprove a course of education provided by a public institution of higher learning if the institution charges tuition and fees for that course for covered individuals who are pursuing the course with educational assistance under chapter 30 or 33 of this title while living in the State in which the institution is located at a rate that is higher than the rate the institution charges for tuition and fees for that course for residents of the State in which the institution is located, regardless of the covered individual's State of residence.

(2) For purposes of this subsection, a covered individual is any individual as follows:

(A) A veteran who was discharged or released from a period of not fewer than 90 days of service in the active military, naval, or air service less than three years before the date of enrollment in the course concerned.

(B) An individual who is entitled to assistance under section 3311(b)(9) or 3311(b)(8) of this title by virtue of such individual's relationship to a veteran described in subparagraph (A).

(3) If after enrollment in a course of education that is subject to disapproval under paragraph (1) by reason of paragraph (2)(A) or (2)(B) a covered individual pursues one or more courses of education at the same public institution of higher learning while remaining continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at that institution of higher learning, any course so pursued by the covered individual at that institution of higher learning while so continuously enrolled shall also be subject to disapproval under paragraph (1).

(4) It shall not be grounds to disapprove a course of education under paragraph (1) if a public institution of higher learning requires a covered individual pursuing a course of education at the institution to demonstrate an intent, by
means other than satisfying a physical presence requirement, to establish residency in the State in which the institution is located, or to satisfy other requirements not relating to the establishment of residency, in order to be charged tuition and fees for that course at a rate that is equal to or less than the rate the institution charges for tuition and fees for that course for residents of the State.

(5) The Secretary may waive such requirements of paragraph (1) as the Secretary considers appropriate.

(6) Disapproval under paragraph (1) shall apply only with respect to educational assistance under chapters 30 and 33 of this title.

(d) Notwithstanding any other provision of this chapter, the Secretary or the applicable State approving agency shall disapprove a course of education described in paragraph (14) or (15) of section 3676(c) of this title unless the educational institution providing the course of education—

(1) publicly discloses any conditions or additional requirements, including training, experience, or examinations, required to obtain the license, certification, or approval for which the course of education is designed to provide preparation; and

(2) makes each disclosure required by paragraph (1) in a manner that the Secretary considers prominent (as specified by the Secretary in regulations prescribed for purposes of this subsection).

SUBCHAPTER II—MISCELLANEOUS PROVISIONS

§ 3680. Payment of educational assistance or subsistence allowances

(a) Period for which payment may be made.—[Payment of]

(1) Except as provided in paragraph (2), payment of educational assistance or subsistence allowances to eligible veterans or eligible persons pursuing a program of education or training, other than a program by correspondence, in an educational institution under chapter 31, 34, or 35 of this title shall be paid as provided in this section and, as applicable, in section 3108, 3482, 3491, or 3532 of this title. Such payments shall be paid only for the period of such veterans' or persons' enrollment in, and pursuit of, such program, but no amount shall be paid—

{1(1)} (A) to any eligible veteran or eligible person for any period when such veteran or person is not pursuing such veteran's or person's course in accordance with the regularly established policies and regulations of the educational institution, with the provisions of such regulations as may be prescribed by the Secretary pursuant to subsection (g) of this section, and with the requirements of this chapter or of chapter 34 or 35 of this title, but payment may be made for an actual period of pursuit of one or more unit subjects pursued for a period of time shorter than the enrollment period at the educational institution;

{1(2)} (B) to any eligible veteran or person for auditing a course; or

{1(3)} (C) to any eligible veteran or person for a course for which the grade assigned is not used in computing the
requirements for graduation including a course from which the student withdraws unless—

(A) the eligible veteran or person withdraws because he or she is ordered to active duty; or

(B) the Secretary finds there are mitigating circumstances, except that, in the first instance of withdrawal (without regard to withdrawals described in subclause (A) of this clause described in clause (i)) by the eligible veteran or person from a course or courses with respect to which the veteran or person has been paid assistance under this title, mitigating circumstances shall be considered to exist with respect to courses totaling not more than six semester hours or the equivalent thereof.

Notwithstanding the foregoing, the Secretary may, subject to such regulations as the Secretary shall prescribe, continue to pay allowances to eligible veterans and eligible persons enrolled in courses set forth in clause (1) of this subsection during periods when schools are temporarily closed under an established policy based on an Executive order of the President or due to an emergency situation. However, the total number of weeks for which allowances may continue to be so payable in any 12-month period may not exceed 4 weeks.

(2) Notwithstanding paragraph (1), the Secretary may, pursuant to such regulations as the Secretary shall prescribe, continue to pay allowances to eligible veterans and eligible persons enrolled in courses set forth in paragraph (1)(A)—

(A) during periods when educational institutions are temporarily closed under an established policy based on an Executive order of the President or due to an emergency situation, except that the total number of weeks for which allowances may continue to be so payable in any 12-month period may not exceed four weeks; or

(B) solely for the purpose of awarding a monthly housing stipend described in section 3313 of this title, during periods following a permanent closure of an educational institution, or following the disapproval of a course of study described in section 3699(b)(1)(B) of this title, except that payment of such a stipend may only be continued until the earlier of—

(i) the date of the end of the term, quarter, or semester during which the closure or disapproval occurred; and

(ii) the date that is 120 days after the date of the closure or disapproval.

(b) CORRESPONDENCE TRAINING CERTIFICATIONS.—No educational assistance allowance shall be paid to an eligible veteran or spouse or surviving spouse enrolled in and pursuing a program of education exclusively by correspondence until the Secretary shall have received—

(1) from the eligible veteran or spouse or surviving spouse a certificate as to the number of lessons actually completed by the veteran or spouse or surviving spouse and serviced by the educational institution; and

(2) from the training establishment a certification or an endorsement on the veteran’s or spouse’s or surviving spouse’s certificate, as to the number of lessons completed by the vet-
eran or spouse or surviving spouse and serviced by the institution.

(c) Apprenticeship and Other On-Job Training.—No training assistance allowance shall be paid to an eligible veteran or eligible person enrolled in and pursuing a program of apprenticeship or other on-job training until the Secretary shall have received—

(1) from such veteran or person a certification as to such veteran's or person's actual attendance during such period; and

(2) from the training establishment a certification, or an endorsement on the veteran's or person's certificate, that such veteran or person was enrolled in and pursuing a program of apprenticeship or other on-job training during such period.

(d) Advance Payment of Initial Educational Assistance or Subsistence Allowance.—(1) The educational assistance or subsistence allowance advance payment provided for in this subsection is based upon a finding by the Congress that eligible veterans and eligible persons may need additional funds at the beginning of a school term to meet the expenses of books, travel, deposits, and payment for living quarters, the initial installment of tuition, and the other special expenses which are concentrated at the beginning of a school term.

(2) Subject to the provisions of this subsection, and under regulations which the Secretary shall prescribe, an eligible veteran or eligible person shall be paid an educational assistance allowance or subsistence allowance, as appropriate, advance payment. Such advance payment shall be in an amount equivalent to the allowance for the month or fraction thereof in which pursuit of the program will commence, plus the allowance for the succeeding month. In the case of a person on active duty, who is pursuing a program of education, the advance payment shall be in a lump sum based upon the amount payable for the entire quarter, semester, or term, as applicable. In no event shall an advance payment be made under this subsection to a veteran or person intending to pursue a program of education on less than a half-time basis. An advance payment may not be made under this subsection to any veteran or person unless the veteran or person requests such payment and the Secretary finds that the educational institution at which such veteran or person is accepted or enrolled has agreed to, and can satisfactorily, carry out the provisions of paragraphs (4)(B) and (C) and (5) of this subsection. The application for advance payment, to be made on a form prescribed by the Secretary, shall—

(A) in the case of an initial enrollment of a veteran or person in an educational institution, contain information showing that the veteran or person (i) is eligible for educational benefits, (ii) has been accepted by the institution, and (iii) has notified the institution of such veteran's or person's intention to attend that institution; and

(B) in the case of a re-enrollment of a veteran or person, contain information showing that the veteran or person (i) is eligible to continue such veteran's or person's program of education or training and (ii) intends to re-enroll in the same institution,
and, in either case, shall also state the number of semester or clock-hours to be pursued by such veteran or person.

(3) For purposes of the Secretary's determination whether any veteran or person is eligible for an advance payment under this section, the information submitted by the institution, the veteran or person, shall establish such veteran's or person's eligibility unless there is evidence in such veteran's or person's file in the processing office establishing that the veteran or person is not eligible for such advance payment.

(4) The advance payment authorized by paragraph (2) of this subsection shall, in the case of an eligible veteran or eligible person, be (A) drawn in favor of the veteran or person; (B) mailed to the educational institution listed on the application form for temporary care and delivery to the veteran or person by such institution; and (C) delivered to the veteran or person upon such veteran's or person's registration at such institution, but in no event shall such delivery be made earlier than thirty days before the program of education is to commence.

(5) Upon delivery of the advance payment pursuant to paragraph (4) of this subsection, the institution shall submit to the Secretary a certification of such delivery. If such delivery is not effected within thirty days after commencement of the program of education in question, such institution shall return such payment to the Secretary forthwith.

(e) RECOVERY OF ERRONEOUS PAYMENTS.—(1) Subject to paragraph (2), if an eligible veteran or eligible person fails to enroll in or pursue a course for which an educational assistance or subsistence allowance advance payment is made, the amount of such payment and any amount of subsequent payments which, in whole or in part, are due to erroneous information required to be furnished under subsection (d)(2) of this section, shall become an overpayment and shall constitute a liability of such veteran or person to the United States and may be recovered, unless waived pursuant to section 5302 of this title, from any benefit otherwise due such veteran or person under any law administered by the Department of Veterans Affairs or may be recovered in the same manner as any other debt due the United States.

(2) Paragraph (1) shall not apply to the recovery of an overpayment of an educational allowance or subsistence allowance advance payment to an eligible veteran or eligible person who fails to enroll in or pursue a course of education for which the payment is made if such failure is due to the death of the veteran or person.

(f) PAYMENTS FOR LESS THAN HALF-TIME TRAINING.—Payment of educational assistance allowance in the case of any eligible veteran or eligible person pursuing a program of education on less than a half-time basis shall be made in an amount computed for the entire quarter, semester, or term not later than the last day of the month immediately following the month in which certification is received from the educational institution that such veteran or person has enrolled in and is pursuing a program at such institution. Such lump sum payment shall be computed at the rate provided in section 3482(b) or 3532(a)(2) of this title, as applicable.

(g) DETERMINATION OF ENROLLMENT, PURSUIT, AND ATTENDANCE.—(1) The Secretary may, pursuant to regulations which the
Secretary shall prescribe, determine and define with respect to an eligible veteran and eligible person the following:

(A) Enrollment in a course or program of education or training.

(B) Pursuit of a course or program of education or training.

(C) Attendance at a course or program of education or training.

(2) The Secretary may withhold payment of benefits to an eligible veteran or eligible person until the Secretary receives such proof as the Secretary may require of enrollment in and satisfactory pursuit of a program of education by the eligible veteran or eligible person. The Secretary shall adjust the payment withheld, when necessary, on the basis of the proof the Secretary receives.

(3) In the case of an individual other than an individual described in paragraph (4), the Secretary may accept the individual’s monthly certification of enrollment in and satisfactory pursuit of a program of education as sufficient proof of the certified matters.

(4) In the case of an individual who has received an accelerated payment of basic educational assistance under section 3014A of this title during an enrollment period for a program of education, the Secretary may accept the individual's certification of enrollment in and satisfactory pursuit of the program of education as sufficient proof of the certified matters if the certification is submitted after the enrollment period has ended.

§ 3680A. Disapproval of enrollment in certain courses

(a) The Secretary shall not approve the enrollment of an eligible veteran in—

(1) any bartending course or personality development course;

(2) any sales or sales management course which does not provide specialized training within a specific vocational field;

(3) any type of course which the Secretary finds to be avocational or recreational in character (or the advertising for which the Secretary finds contains significant avocational or recreational themes) unless the veteran submits justification showing that the course will be of bona fide use in the pursuit of the veteran’s present or contemplated business or occupation; or

(4) any independent study program except an accredited independent study program (including open circuit television) leading (A) to a standard college degree, or (B) to a certificate that reflects educational attainment offered by an institution of higher learning.

(4) any independent study program except an independent study program (including such a program taken over open circuit television) that—

(A) is accredited by a nationally recognized accrediting agency; and

(B) leads—

(i) to a standard college degree;
(ii) to a certificate that reflects educational attainment offered by an institution of higher learning; or
(iii) to a certificate that reflects completion of a course of study offered by—
   (I) an area career and technical education school (as defined in subparagraphs (C) and (D) of section 3(3) of the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2302(3))) that provides education at the postsecondary level; or
   (II) a postsecondary vocational institution (as defined in section 102(c) of the Higher Education Act of 1965 (20 U.S.C. 1002(c))) that provides education at the postsecondary level.

(b) Except to the extent otherwise specifically provided in this title or chapter 106 of title 10, the Secretary shall not approve the enrollment of an eligible veteran in any course of flight training other than one given by an educational institution of higher learning for credit toward a standard college degree the eligible veteran is seeking.

(c) The Secretary shall not approve the enrollment of an eligible veteran in any course to be pursued by radio.

(d)(1) Except as provided in paragraph (2) of this subsection, the Secretary shall not approve the enrollment of any eligible veteran, not already enrolled, in any course for any period during which the Secretary finds that more than 85 percent of the students enrolled in the course are having all or part of their tuition, fees, or other charges paid to or for them by the educational institution or by the Department of Veterans Affairs under this title or under chapter 106 of title 10. The Secretary may waive the requirements of this subsection, in whole or in part, if the Secretary determines, pursuant to regulations which the Secretary shall prescribe, it to be in the interest of the eligible veteran and the Federal Government. The provisions of this subsection shall not apply to any course offered by an educational institution if the total number of veterans and persons receiving assistance under this chapter or chapter 30, 31, 32, or 35 of this title or under chapter 106 of title 10 who are enrolled in such institution equals 35 percent or less, or such other percent as the Secretary prescribes in regulations, of the total student enrollment at such institution (computed separately for the main campus and any branch or extension of such institution), except that the Secretary may apply the provisions of this subsection with respect to any course in which the Secretary has reason to believe that the enrollment of such veterans and persons may be in excess of 85 percent of the total student enrollment in such course.

(2) Paragraph (1) of this subsection does not apply with respect to the enrollment of a veteran—
   (A) in a course offered pursuant to section 3019, 3034(a)(3), 3234, or 3241(a)(2) of this title;
   (B) in a farm cooperative training course; or
   (C) in a course described in subsection (g).

(e) The Secretary may not approve the enrollment of an eligible veteran in a course not leading to a standard college degree offered by a proprietary profit or proprietary nonprofit educational institution if—
(1) the educational institution has been operating for less than two years;
(2) the course is offered at a branch of the educational institution and the branch has been operating for less than two years; or
(3) following either a change in ownership or a complete move outside its original general locality, the educational institution does not retain substantially the same faculty, student body, and courses as before the change in ownership or the move outside the general locality (as determined in accordance with regulations the Secretary shall prescribe) unless the educational institution following such change or move has been in operation for at least two years.

(f) The Secretary may not approve the enrollment of an eligible veteran in a course as a part of a program of education offered by an educational institution if the course is provided under contract by another educational institution or entity and—

(1) the Secretary would be barred under subsection (e) from approving the enrollment of an eligible veteran in the course of the educational institution or entity providing the course under contract; or

(2) the educational institution or entity providing the course under contract has not obtained approval for the course under this chapter.

(g) Notwithstanding subsections (e) and (f)(1), the Secretary may approve the enrollment of an eligible veteran in a course approved under this chapter if the course is offered by an educational institution under contract with the Department of Defense or the Department of Homeland Security and is given on or immediately adjacent to a military base, Coast Guard station, National Guard facility, or facility of the Selected Reserve.

§3684. Reports by veterans, eligible persons, and institutions; reporting fee

(a)(1) Except as provided in paragraph (2) of this subsection, the veteran or eligible person and the educational institution offering a course in which such veteran or eligible person is enrolled under chapter 31, 32, 33, 34, 35, or 36 of this title shall, without delay, report to the Secretary, in the form prescribed by the Secretary, such enrollment and any interruption or termination of the education of each such veteran or eligible person. The date of such interruption or termination will be the last date of pursuit, or, in the case of correspondence training, the last date a lesson was serviced by a school.

(2)(A) In the case of a program of independent study pursued on less than a half-time basis in an educational institution, the Secretary may approve a delay by the educational institution in reporting the enrollment or reenrollment of an eligible veteran or eligible person until the end of the term, quarter, or semester if the educational institution requests the delay and the Secretary determines that it is not feasible for the educational institution to monitor interruption or termination of the veteran's or eligible person's pursuit of such program.
(B) An educational institution which, pursuant to subparagraph (A) of this paragraph, is delaying the reporting of the enrollment or reenrollment of a veteran shall provide the veteran with notice of the delay at the time that the veteran enrolls or reenrolls.

(3)(A) Subject to subparagraph (B) of this paragraph, an educational institution offering courses on a term, quarter, or semester basis may certify the enrollment of a veteran who is not on active duty, or of an eligible person, in such courses for more than one term, quarter, or semester at a time, but not for a period extending beyond the end of a school year (including the summer enrollment period).

(B) Subparagraph (A) of this paragraph shall not apply with respect to any term, quarter, or semester for which the veteran or eligible person is enrolled on a less than half-time basis and shall not be construed as restricting the Secretary from requiring that an educational institution, in reporting an enrollment for more than one term, quarter, or semester, specify the dates of any intervals within or between any such terms, quarters, or semesters.

(4) A course offered by an educational institution that does not begin on the first day of an academic term, but does begin seven or fewer days after such day, shall be treated as beginning on such day for purposes of this section.

(5) For purposes of this subsection, the term “educational institution” may include a group, district, or consortium of separately accredited educational institutions located in the same State that are organized in a manner that facilitates the centralized reporting of the enrollments in such group, district, or consortium of institutions.

(b) The Secretary, prior to making payment of a reporting fee to an educational institution, as provided for in subsection (c) of this section, shall require such institution to certify that it has exercised reasonable diligence in determining whether such institution or any course offered by such institution approved for the enrollment of veterans or eligible persons meets all of the applicable requirements of chapters 31, 34, 35, and 36 of this title and that it will, without delay, report any failure to meet any such requirement to the Secretary.

(c) The Secretary may pay to any educational institution, or to the sponsor of a program of apprenticeship, furnishing education or training under either this chapter or chapter 31, 34, or 35 of this title, a reporting fee which will be in lieu of any other compensation or reimbursement for reports or certifications which such educational institution or joint apprenticeship training committee is required to submit to the Secretary by law or regulation. Such reporting fee shall be computed for each calendar year by multiplying $12 by the number of eligible veterans or eligible persons enrolled under this chapter or chapter 31, 34, or 35 of this title, or $15 in the case of those eligible veterans and eligible persons whose educational assistance checks are directed in care of each institution for temporary custody and delivery and are delivered at the time of registration as provided under section 3680(d)(4) of this title, during the calendar year. The reporting fee shall be paid to such educational institution or joint apprenticeship training committee as soon as feasible after the end of the calendar year for which it is applicable. No reporting fee payable to an educational institution
under this subsection shall be subject to offset by the Secretary against any liability of such institution for any overpayment for which such institution may be administratively determined to be liable under section 3685 of this title unless such liability is not contested by such institution or has been upheld by a final decree of a court of appropriate jurisdiction. Any reporting fee paid an educational institution or joint apprenticeship training committee after the date of the enactment of the Post-9/11 Veterans Educational Assistance Improvements Act of 2011 shall be utilized by such institution or committee solely for the making of certifications required under this chapter or chapter 31, 34, or 35 of this title or for otherwise supporting programs for veterans. The reporting fee payable under this subsection shall be paid from amounts appropriated for readjustment benefits.

(c)(1) The Secretary may pay to any educational institution, or to the sponsor of a program of apprenticeship, furnishing education or training under either this chapter or chapter 31, 34, or 35 of this title, a reporting fee which will be in lieu of any other compensation or reimbursement for reports or certifications which such educational institution or sponsor of a program of apprenticeship is required to submit to the Secretary by law or regulation.

(2) Such reporting fee shall be computed for each calendar year by multiplying $16 by the number of eligible veterans or eligible persons enrolled under this chapter or chapter 31, 34, or 35 of this title. The reporting fee shall be paid to such educational institution or sponsor of a program of apprenticeship as soon as feasible after the end of the calendar year for which it is applicable.

(3) No reporting fee payable to an educational institution under this subsection shall be subject to offset by the Secretary against any liability of such institution for any overpayment for which such institution may be administratively determined to be liable under section 3685 of this title unless such liability is not contested by such institution or has been upheld by a final decree of a court of appropriate jurisdiction.

(4) Any reporting fee paid to an educational institution or sponsor of a program of apprenticeship after the date of the enactment of the Post-9/11 Veterans Educational Assistance Improvements Act of 2011 (Public Law 111–377)—

(A) shall be utilized by such institution or sponsor solely for the making of certifications required under this chapter or chapter 31, 34, or 35 of this title or for otherwise supporting programs for veterans; and

(B) with respect to an institution that has 100 or more enrollees described in paragraph (2) may not be used for or merged with amounts available for the general fund of the educational institution or sponsor of a program of apprenticeship.

(5) The reporting fee payable under this subsection shall be paid from amounts appropriated for readjustment benefits.

(d) Not later than 90 days after the date of the enactment of this subsection, the Secretary shall ensure that the Department provides personnel of educational institutions who are charged with submitting reports or certifications to the Secretary under this section with assistance in preparing and submitting such reports or certifications.
§ 3692. Advisory committee
