SEPTEMBER 6, 2017.—Referred to the House Calendar and ordered to be printed

Mr. WOODALL, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 504]

The Committee on Rules, having had under consideration House Resolution 504, by a record vote of 9 to 4, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for further consideration of H.R. 3354, the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2018, under a structured rule. The resolution provides that no further general debate shall be in order. The resolution makes in order only those further amendments printed in this report, amendments en bloc described in section 3 of the resolution, and available pro forma amendments described in section 4 of House Resolution 500. Each further amendment printed in this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, may be withdrawn by the proponent at any time before action thereon, shall not be subject to amendment except amendments described in section 4 of House Resolution 500, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the further amendments printed in this report or against amendments en bloc described in section 3 of the resolution. The resolution provides that it shall be in order at any time for the chair of the Committee on Appropriations or his designee to offer further amendments en bloc consisting of amendments printed in this report not earlier disposed of. Amendments en bloc shall be considered as read, shall be debatable for 20 minutes equally di-

vided and controlled by the chair and ranking minority member of the Committee on Appropriations or their respective designees, shall not be subject to amendment except amendments described in section 4 of House Resolution 500, and shall not be subject to a demand for division of the question in the House or the Committee of the Whole. The resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against the further amendments printed in this report or amendments en bloc described in section 3 of the resolution, includes a waiver of the clause 2(c) of rule XXI, which requires that limitation amendments are to be offered at the end of the bill. The waiver is necessary because the limitation amendments printed in this report will be offered at the end of each division. It should be noted that sponsors of such amendments complied with Rules Committee guidance when drafting amendments to the end of divisions rather than the end of the bill.
