MAY 8, 2018.—Referred to the House Calendar and ordered to be printed

Mr. NEWHOUSE, from the Committee on Rules, submitted the following

R E P O R T

[To accompany H. Res. 879]

The Committee on Rules, having had under consideration House Resolution 879, by a record vote of 7 to 4, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 3053, the Nuclear Waste Policy Amendments Act of 2018, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Energy and Commerce. The resolution waives all points of order against consideration of the bill. The resolution makes in order as original text for the purpose of amendment an amendment in the nature of a substitute consisting of the text of Rules Committee Print 115–69 and provides that it shall be considered as read. The resolution waives all points of order against that amendment in the nature of a substitute. The resolution makes in order only those further amendments printed in this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report. The resolution provides one motion to recommit with or without instructions.
EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of H.R. 3053 includes a waiver of:

Clause 10 of rule XXI, which prohibits the consideration of a bill if it has the net effect of increasing mandatory spending over the five-year or ten-year period. It is important to note that, if adopted, the amendment in the nature of a substitute made in order as original text cures the violations over both five and ten years.

Section 302(f) of the Congressional Budget Act, which prohibits consideration of legislation providing new budget authority in excess of a 302(a) allocation of such authority. It is important to note that, if adopted, the amendment in the nature of a substitute made in order as original text cures the violation.

Section 311 of the Congressional Budget Act, which prohibits consideration of legislation that would cause the level of total new budget authority for the first fiscal year to be exceeded. It is important to note that, if adopted, the amendment in the nature of a substitute made in order as original text cures the violation.

The amendment in the nature of a substitute made in order as original text includes a waiver of the following:

Section 306 of the Congressional Budget Act, which prohibits consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee. Section 5101 of H. Con. Res. 71, which prohibits the consideration of legislation that has the net effect of increasing direct spending in excess of $2.5 billion for any of the four consecutive ten fiscal year periods beginning with the first fiscal year that is 10 fiscal years after the current fiscal year.

The waiver of all points of order against the amendments printed in this report includes a waiver of clause 12(a)(2) of rule XXI, which prohibits consideration of an amendment in the nature of a substitute unless there is a searchable electronic comparative print that shows how the amendment proposes to change current law. The waiver is necessary for the amendment in the nature of substitute #9, offered by Rep. Titus.
