Mr. BURGESS, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 923]

The Committee on Rules, having had under consideration House Resolution 923, by a record vote of 9 to 2, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for further consideration of H.R. 5895, the Energy and Water Development and Related Agencies Appropriations Act 2019, under a structured rule. The resolution provides that no further general debate shall be in order. The resolution provides that the further amendment printed in part A of this report shall be considered as adopted in the House and in the Committee of the Whole. The resolution makes in order only those further amendments printed in part B of this report, and available pro forma amendments described in section 4 of House Resolution 918. Each further amendment printed in part B of this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, may be withdrawn by the proponent at any time before action thereon, shall not be subject to amendment except amendments described in section 4 of House Resolution 918, and shall not be subject to a demand for division of the question in the House or in the committee of the whole. The resolution waives all points of order against fur-

ther amendments printed in part B of this report. The resolution provides for one motion to recommit with or without instructions.

Section 2 of the resolution provides for consideration of H.R. 3, the Spending Cuts to Expired and Unnecessary Programs Act, under a closed rule. The resolution provides one hour of debate equally divided and controlled by the Majority Leader and the Minority Leader or their respective designees. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment printed in part C of this report shall be considered as adopted and the bill, as amended, shall be considered as read. The resolution waives all points of order against provisions in the bill, as amended. The resolution provides one motion to recommit with or without instructions.

Section 3 of the resolution provides that provisions of section 1017 of the Impoundment Control Act of 1974 shall not apply to a bill or joint resolution introduced with respect to the special message transmitted under section 1012 of that Act on May 8, 2018.

EXPLANATION OF WAIVERS

The waiver of all points of order against the amendments printed in part B of this report includes a waiver of clause 2(c) of rule XXI, which requires that limitation amendments are to be offered at the end of the bill. The waiver is necessary because the limitation amendments printed in this report will be offered at the end of each division. It should be noted that sponsors of such amendments complied with Rules Committee guidance when drafting amendments to the end of divisions rather than the end of the bill.

Although the resolution waives all points of order against consideration of H.R. 3, the Committee is not aware of any points of order. The waiver is prophylactic in nature.

Although the resolution waives all points of order against provisions in H.R. 3, as amended, the Committee is not aware of any points of order. The waiver is prophylactic in nature.
