Section 708 of the Homeland Security Act of 2002 (6 U.S.C. 348) is amended—

- (1) in subsection (b)(2)(A), by adding at the end the following new clause:
  - “(iv) Enhancing the integration of the Department’s border security operations to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States.”;
  - and
- (2) in subsection (b)—

PURPOSE AND SUMMARY

H.R. 5762, the Joint Task Force to Combat Opioid Trafficking Act of 2018 provides the Department of Homeland Security (DHS) with authorization to establish a Joint Task Force (JTF) to enhance the integration of DHS’s border security operations to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States.

BACKGROUND AND NEED FOR LEGISLATION

In 2014, the Department of Homeland Security created three pilot Joint Task Forces (JTF) to address challenges along the Southern Border. On December 8, 2016, Congress passed the National Defense Authorization Act for Fiscal Year 2017 (S. 2943; Pub. L. 114–328), which established JTFs within DHS. The JTF structure is intended to more effectively coordinate the assets and personnel of U.S. Customs and Border Protection (CBP), U.S. Immigrations and Customs Enforcement (ICE), U.S. Citizenship and Immigration Services (USCIS), the U.S. Coast Guard (USCG), and other resources of the Department.

H.R. 5762 will help DHS track and interdict synthetic opioids, and prevent their proliferation into our communities. In 2016, approximately 42,000 people in the United States died due to opioid-related drug overdoses. A 2017 Centers for Disease Control and Prevention report studied opioid overdoses in 10 states and found that more than half of the deaths were related to illicitly produced fentanyl. Ninety percent of illegally produced fentanyl is manufactured in China.

JTF-O will prioritize its resources on targeting the illicit flow of opioids across our borders. By leveraging the JTF structure to engage all DHS components in a “unity of effort” campaign, JTF-O will conduct integrated investigations and operations with the sole intent of countering narcotics, specifically synthetic opioids, from being trafficked into the United States. This bill encourages DHS to collaborate with Federal partners, such as the U.S. Postal Service, as well as private sector entities, such as parcel carriers, to carry out the task force’s mission. The Committee believes leveraging the resources and expertise outside of the Department can help the JTF and DHS combat opioid trafficking more successfully.

The establishment of JTF-O, should the Secretary choose to establish it, could help address the issue of opioid trafficking through

ports of entry, between ports of entry, and on our waterways to bolster DHS' ability to stem the flow of opioids entering the United States. The establishment of the JTF-O, its ability to work with other JTFs, and the leveraging of private sector resources and expertise could help DHS identify gaps in its abilities, develop solutions to any identified problems, and implement solutions across the Department.

#### SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

##### *Section 1. Short Title.*

This section provides that this bill may be cited as the “Joint Task Force to Combat Opioid Trafficking Act of 2018”.

##### *Sec. 2. Authorization of Joint Task Force to Counter Opioids.*

This section authorizes the Secretary of DHS to establish a JTF-O to conduct joint operations to combat opioid trafficking using

DHS component personnel and capabilities. The purpose of JTF-O is to enhance border security operations to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States. This section also provides the Secretary the ability to coordinate with the private sector and collaborate with other Federal, State, local, tribal, territorial, or international task forces and entities to carry out the mission of JTF-O. The Committee believes that the Department should develop and carry out a strategic operational plan that ensures the Department is utilizing all components and the Department's available resources to combat the opioid epidemic and the challenges associated with the illicit flow of narcotics, such as fentanyl and other synthetic opioids, across our border and into our communities.

The Committee supports the concept of streamlined operational command structure and has found that the Joint Task Force framework greatly enhances the Department's ability to integrate numerous components in carrying out a common mission objective. The Committee believes that the establishment of this JTF-O will help to better coordinate personnel, resources, and tactical operations and create a whole-of-government approach to combat the opioid epidemic.

The Committee believes that the Department's ability to expand investigative and operational reach by leveraging domestic and international partners is a key to combatting the opioid epidemic.

*Sec. 3. Notification; Reporting.*

This section requires the Secretary to determine the need for a JTF to combat opioid trafficking and report such determination to Congress within 90 days of the law's enactment.

To ensure the success of the JTF-O, this section directs the DHS Secretary to provide Congress with a gap analysis of funding, personnel, technology, and other resources needed in order to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States. Additionally, the Secretary must provide a description of any collaboration between JTF-O and any Federal, State, local, tribal, territorial, or international task force, including the United States Postal Service and the United States Postal Inspection Service.
