JULY 16, 2018.—Referred to the House Calendar and ordered to be printed

Mr. COLE, from the Committee on Rules,  
submitted the following

R E P O R T

[To accompany H. Res. 996]

The Committee on Rules, having had under consideration House Resolution 996, by a record vote of 8 to 2, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 6147, the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2019, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill. The resolution provides that an amendment in the nature of a substitute consisting of the text of Rules Committee Print 115-81 shall be considered as adopted in the House or in the Committee of the Whole and the bill, as amended, shall be considered as read. The resolution waives points of order against provisions in the bill, as amended, for failure to comply with clause 2 or clause 5(a) of rule XXI, except beginning with the colon on page 251, line 5, through “2012” on page 251, line 8. The resolution provides that where points of order are waived against part of a paragraph, a point of order may only be raised against the exposed provision and not the entire paragraph. The resolution makes in order only those further amendments printed in this report. Each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, may be withdrawn by the proponent at any time before action thereon, shall not be subject to amendment, except as

provided by section 2 of the resolution and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report. The resolution provides one motion to recommit with or without instructions.

Section 2 of resolution provides that the chair and ranking minority member of the Committee on Appropriations or their respective designees may offer up to 10 pro forma amendments each at any point for the purpose of debate.

#### EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill includes a waiver of section 306 of the Congressional Budget Act, which prohibits consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee.

The waiver of all points of order against provisions in the bill, as amended, includes a waiver of the following:

- Clause 2 of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill. The waiver applies to all provisions in the bill except beginning with the colon on page 251, line 5, through “2012” on page 251, line 8; and
- Clause 5(a) of rule XXI, which provides that a bill or joint resolution carrying a tax or tariff measure may not be reported by a committee not having jurisdiction to report tax or tariff measure.

The waiver of all points of order against the amendments printed in this report includes a waiver of clause 2(c) of rule XXI, which requires that limitation amendments are to be offered at the end of the bill. The waiver is necessary because the limitation amendments printed in this report will be offered at the end of each division. It should be noted that sponsors of such amendments complied with Rules Committee guidance when drafting amendments to the end of divisions rather than the end of the bill.
