#### PURPOSE AND SUMMARY

H.R. 2345, National Suicide Hotline Improvement Act of 2018, was introduced on May 3, 2017, by Representative Chris Stewart (R-UT). H.R. 2345 would require the Federal Communications Commission (FCC) to coordinate with the Substance Abuse and Mental Health Services Administration (SAMSHA) and the Department of Veterans Affairs to conduct a study that examines the feasibility of designating an N11 dialing code to be used for a national suicide prevention and mental health crisis hotline system.

#### BACKGROUND AND NEED FOR LEGISLATION

According to the National Center for Health Statistics, suicide rates in the United States have surged to their highest levels in nearly 30 years. Suicide is the second leading cause of death among 15–19 year olds, and over 44,000 Americans die by suicide each year.

In an effort to provide free resources to those experiencing a mental health crisis, SAMHSA launched the National Suicide Prevention Lifeline in 2005. Today, the Lifeline is a network of over 160 crisis centers that provide free and confidential support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week. Some have suggested that creating a 3-digit dialing code for a national suicide prevention hotline would make it easier for those experiencing a mental health crisis or suicidal thoughts to seek help.

#### COMMITTEE ACTION
