NO HUMAN TRAFFICKING ON OUR ROADS ACT

November 30, 2017.—Ordered to be printed

Mr. THUNE, from the Committee on Commerce, Science, and Transportation, submitted the following

R E P O R T

[To accompany S. 1532]

[Including cost estimate of the Congressional Budget Office]

The Committee on Commerce, Science, and Transportation, to which was referred the bill (S. 1532) to disqualify from operating a commercial motor vehicle for life an individual who uses a commercial motor vehicle in committing a felony involving human trafficking, having considered the same, reports favorably thereon without amendment and recommends that the bill do pass.

PURPOSE OF THE BILL

The purpose of S. 1532, the No Human Trafficking on Our Roads Act, would provide a lifetime ban from operating a commercial motor vehicle (CMV) for an individual who uses a CMV in committing a felony involving a severe form of trafficking in persons.

BACKGROUND AND NEEDS

Current law prohibits an individual from operating a CMV if the individual is convicted of any of nine different enumerated offenses, including alcohol abuse, negligent manslaughter, and drug trafficking. The proposed legislation would add a felony involving a severe form of trafficking in persons to the list of disqualifying offenses, and like a controlled substance violation (49 U.S.C. 31310 (d)), the disqualification would be for life.

Human trafficking, particularly sex trafficking, is known to be present at commercially operated truck stops and State-operated rest areas throughout the United States. Given their remoteness and insulation from communities, these locations can be a convenient place for sex traffickers to operate with minimal concerns for detection. The frequent movement of victims aids traffickers both...
in maintaining control of the victims and avoiding law enforce-
ment. For example, victims who work in fake massage businesses
are often rotated between cities so they do not establish relation-
ships and seek help. Other forms of human trafficking, such as
labor trafficking, have a presence in the trucking industry as well.

Nonprofit organizations like Truckers Against Trafficking (TAT)
have made substantial progress in spreading awareness of areas
where human trafficking and the trucking industry intersect. Their
efforts have resulted in increased reporting of trafficking incidents
by truckers, the eyes and ears of roads nationwide. For example,
the Committee heard testimony at a July 12, 2017, human traf-
ficking hearing on how the trucking industry is an important part
of the solution, including saving lives by identifying instances of
human trafficking.

Despite these important efforts, more can be done to combat
human trafficking, and this bill would serve as an important deter-
rent measure, in addition to penalizing traffickers.

SUMMARY OF PROVISIONS

S. 1532 would disqualify, for life, an individual who uses a CMV
in committing a felony involving a severe form of trafficking in persons from operating a CMV.

LEGISLATIVE HISTORY

S. 1532 was introduced by Senator Thune (for himself and Sen-
ators Klobuchar and Nelson) on July 12, 2017. Senators Cornyn,
Rubio, Heller, and Blumenthal are also cosponsors. On August 3,
2017, the Committee, by voice vote, reported S. 1532 favorably
without amendment.

In addition, on July 12, 2017, the Committee held a hearing enti-
tled, “Force Multipliers: How Transportation and Supply Chain
Stakeholders Are Combating Human Trafficking,” which examined
the various interactions between the transportation sector and
human trafficking, and served as an opportunity to explore some
of the specific solutions and efforts utilized by organizations that
work to mitigate the exploitation of individuals.

ESTIMATED COSTS

In accordance with paragraph 11(a) of rule XXVI of the Standing
Rules of the Senate and section 403 of the Congressional Budget
Act of 1974, the Committee provides the following cost estimate,
prepared by the Congressional Budget Office:

S. 1532—No Human Trafficking on Our Roads Act

S. 1532 would permanently prohibit anyone who has used a com-
mercial vehicle to commit a felony involving human trafficking
from operating a commercial motor vehicle in the future. Based on
information from the Federal Motor Carrier Safety Administration
(FMCSA), CBO estimates that implementing the bill would have no
significant effect on the federal budget.

State agencies that issue driver’s licenses would be responsible
for implementing the prohibition in the bill. Based on information
from FMCSA, CBO expects that the agency would need to change
policies and procedures as well as update the training that it offers
for state inspectors and investigators who are responsible for combating criminal activities such as drug and human trafficking. For such work, CBO estimates that the agency would require about half the time of one full-time employee annually over the 2018–2022 period. CBO estimates that implementing the provisions of the bill would cost less than $500,000 over the 2018–2022 period; such spending would be subject to the availability of appropriated funds.

Enacting S. 1532 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply. CBO estimates that enacting S. 1532 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

S. 1532 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA). As a condition of assistance, the bill would require states to ensure that individuals who commit acts of human trafficking are not issued commercial driver’s licenses. States already screen applicants for a number of items, including drug offenses. Consequently, CBO estimates that the costs of the additional requirement would be small. Conditions of assistance, by definition in UMRA, are not considered intergovernmental mandates.

The CBO staff contacts for this estimate are Sarah Puro (for federal costs) and Jon Sperl (for intergovernmental mandates). The estimate was approved by Theresa Gullo, Assistant Director for Budget Analysis.

REGULATORY IMPACT

In accordance with paragraph 11(b) of rule XXVI of the Standing Rules of the Senate, the Committee provides the following evaluation of the regulatory impact of the legislation, as reported:

NUMBER OF PERSONS COVERED

The bill affects commercial drivers license (CDL) holders already subject to disqualifying offenses at the Department of Transportation. Therefore, the number of persons covered would be consistent with current levels. Further, the disqualification that would be provided under S. 1532 would potentially impact CDL holders only if they were convicted of a felony involving a severe form of trafficking in persons.

ECONOMIC IMPACT

The legislation is not expected to have a negative impact on the Nation’s economy.

PRIVACY

The reported bill is not expected to impact the personal privacy of individuals.

PAPERWORK

This legislation is not expected to result in additional paperwork. S. 1532 would not create any new programs, rather it would provide an additional offense to existing violations that warrant dis-
qualification for life under section 31310 of title 49, United States Code.

CONGRESSIONALLY DIRECTED SPENDING

In compliance with paragraph 4(b) of rule XLIV of the Standing Rules of the Senate, the Committee provides that no provisions contained in the bill, as reported, meet the definition of congressionally directed spending items under the rule.

SECTION-BY-SECTION ANALYSIS

Section 1. Short title.

This section would provide that the Act may be cited as the “No Human Trafficking on Our Roads Act.”

Section 2. Lifetime disqualification without reinstatement.

This section would amend section 31310(d) of title 49, United States Code, to include a lifetime disqualification without reinstatement for any individual who uses a CMV to commit a felony involving a severe form of trafficking in persons, as defined in paragraph (9) of 22 U.S.C. 7102.

CHANGES IN EXISTING LAW

In compliance with paragraph 12 of rule XXVI of the Standing Rules of the Senate, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new material is printed in italic, existing law in which no change is proposed is shown in roman):
