## PURPOSE AND SUMMARY

H.R. 3722, the “Joint Task Force to Combat Opioid Trafficking Act of 2019” provides the Department of Homeland Security (DHS) with authorization to establish a Joint Task Force (JTF) to enhance the integration of DHS’s border security operations to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States.

## BACKGROUND AND NEED FOR LEGISLATION

In 2014, the Department of Homeland Security created three pilot JTFs to address challenges along the southern border. On December 8, 2016, Congress passed the “National Defense Authorization Act for Fiscal Year 2017” (S. 2943; Pub. L. 114–328), which authorized JTFs within DHS. The JTF structure is intended to foster greater coordination of assets and personnel of U.S. Customs and Border Protection (CBP), U.S. Immigrations and Customs Enforcement (ICE), U.S. Citizenship and Immigration Services (USCIS), the U.S. Coast Guard (USCG), and other resources of the Department on targeted homeland security challenges.

In 2017, approximately 47,600 people in the United States died due to opioid-related drug overdoses. A 2017 Centers for Disease Control and Prevention report studied opioid overdoses in 10 states and found that more than half of the deaths were related to illicitly produced fentanyl. Ninety percent of illegally produced fentanyl is manufactured in China. The scourge of synthetic opioids being trafficked through our borders is just the type of homeland security challenge that the JTF structure was intended to address.

H.R. 3722 authorizes DHS to establish a JTF dedicated to detecting, interdicting, disrupting, and preventing narcotics, such as fentanyl and other synthetic opioids, from entering the United States (known as JTF–O). The JTF–O would prioritize its resources on targeting the illicit flow of opioids across our borders. By leveraging the JTF structure to engage all DHS components in a unity of effort campaign, JTF–O will conduct integrated investigations and operations with the sole intent of countering narcotics, specifically synthetic opioids, from being trafficked into the United States. Additionally, the bill encourages DHS to collaborate with federal partners, such as the U.S. Postal Service, as well as private sector entities, such as parcel carriers, to carry out the task force’s mission. The Committee believes leveraging the resources and expertise outside of the Department can help the JTF and DHS combat opioid trafficking more effectively.

## HEARINGS

* = less than \$500,000; the table above applies to each bill described below.			

On July 17, 2019, the House Committee on Homeland Security ordered reported the following bills:

- H.R. 3320, the Securing the Homeland Security Supply Chain Act of 2019, which would authorize the Department of Homeland Security (DHS) to take certain actions to improve the security of information and telecommunications systems acquired by the department;
- H.R. 3413, DHS Acquisition Reform Act of 2019, which would specify which offices in DHS headquarters have responsibility for acquisition programs;
- H.R. 3526, the Counter Terrorist Network Act, which would authorize Customs and Border Protection to assign personnel to other agencies to support partnerships for sharing global information to enhance border security; and
- H.R. 3722, the Joint Task Force to Combat Opioid Trafficking Act of 2019, which would confirm the authority of DHS to establish a task force to disrupt drug trafficking.

DHS is currently carrying out activities similar to those required by the bills listed above, and any new activities required under the legislation would not require substantial action by the department. Thus, CBO estimates that implementing each bill would not have a significant cost; any spending would be subject to the availability of appropriated funds.

The CBO staff contact for this estimate is Mark Grabowicz. The estimate was reviewed by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

#### FEDERAL MANDATES STATEMENT

The Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office.

#### DUPLICATIVE FEDERAL PROGRAMS

Pursuant to clause 3(c) of rule XIII, the Committee finds that H.R. 3722 does not contain any provision that establishes or reau-

thorizes a program known to be duplicative of another Federal program.

#### PERFORMANCE GOALS AND OBJECTIVES

The Committee states that pursuant to clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the goals and objectives of H.R. 3722 are to establish a task force to enhance the internal integration of the Department's border security operations to detect, interdict, disrupt, and prevent narcotics, including fentanyl, from entering the United States.

#### ADVISORY ON EARMARKS

In compliance with rule XXI of the Rules of the House of Representatives, this bill, as reported, contains no congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(d), 9(e), or 9(f) of the rule XXI.

#### SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

##### *Section 1. Short title*

This section provides that this bill may be cited as the "Joint Task Force to Combat Opioid Trafficking Act of 2019."

##### *Sec. 2. Authorization of Joint Task Force to counter opioids*

This section authorizes the DHS Secretary to establish a JTF to enhance border security operations to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids, from entering the United States (JTF-O). It also provides that the DHS Secretary, with agreement from the private sector organization, may arrange for the temporary assignment of an employee to a JTF and that the Secretary shall provide for a written agreement concerning the terms and conditions of the assignment between the Department, the private sector organization, and the employee. It provides that any agreement shall require the private sector organization to be responsible for all costs associated with the assignment of an employee. This section provides that any assignment under this section may, at any time and any reason, be terminated by the Secretary or the private sector organization and shall be for a total period of not more than two years. This section also provides that the Secretary of the Department of Homeland Security may enter into a memorandum of understanding with any other Federal, State, local, tribal, territorial, or international entity or task force by which a Joint Task Force established under this section may collaborate for the purpose of carrying out the mission of the Joint Task Force.

##### *Sec. 3. Notification; reporting*

This section provides that, no later than 90 days after the enactment of this Act, the DHS Secretary make a determination whether to establish a Joint Task Force as specified in this section and submit written notification to Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Government Affairs of the Senate, including if such de-

termination is in the negative and information on the basis for a negative determination.

This section provides that if the Secretary of Homeland Security establishes a Joint Task Force under this Act, the Secretary shall include with respect such Task Force a gap analysis of funding, personnel, technology, or other resources needed in order to detect, interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids from entering the United States and include a description of collaboration between such task force and any other Federal, State, local, tribal, territorial, or international entity or task force, including the United States Postal Service and the United States Postal Inspection Service. This section provides that each review include an assessment of the activities of the Joint Task Force, including an evaluation of whether the Task Force has enhanced integration of the Department of Homeland Security's efforts, created any unique capabilities or otherwise enhanced operational effectiveness, coordination, or information sharing to detect interdict, disrupt, and prevent narcotics, such as fentanyl and other synthetic opioids from entering the United States.

The Committee believes that the establishment of this JTF-O will help to better coordinate personnel, resources, and tactical operations and create a whole-of-government approach to combat the opioid epidemic. The Committee believes that the Department's ability to expand investigative and operational reach by leveraging domestic and international partners is a key to combatting the opioid epidemic.
