Such status updates shall include information on data sources and methodology used to generate such staffing models.

(d) INSPECTOR GENERAL REVIEW.—Not later than 120 days after the Commissioner of U.S. Customs and Border Protection develops a workload staffing model pursuant to subsection (a), the Inspector General of the Department of Homeland Security shall review such model and provide feedback to the Secretary of Homeland Security and the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate regarding the degree to which such model is responsive to Inspector General recommendations, including recommendations from the Inspector General’s February 2019 audit, and as appropriate, any further recommendations to improve such model.

PURPOSE AND SUMMARY

H.R. 1639, the “CBP Workload Staffing Model Act” requires the use of workload staffing models to determine staffing needs for all three subcomponents of U.S. Customs and Border Protection (CBP)—the Office of Field Operations, U.S. Border Patrol, and Air and Marine Operations.

BACKGROUND AND NEED FOR LEGISLATION

In 2011, Congress directed the U.S. Border Patrol to submit a five-year staffing and deployment plan. The plan that was submitted in 2013 failed to address key goals of border security and did not identify factors that affect deployment. Congress requested a more complete five-year plan that addressed these missing factors. However, Border Patrol never completed this plan.

In 2017, President Trump signed an Executive Order 13767, Border Security and Immigration Enforcement Improvements, which directed the Department of Homeland Security (DHS or Depart-
ment) to hire an additional 5,000 Border Patrol agents. In July 2017, the Department's Office of the Inspector General (OIG) found that Border Patrol was unable to show an operational need for the 5,000 agents and could not articulate a deployment strategy for these additional agents.

In a March OIG 2019 report, the Inspector General determined that Border Patrol has not prioritized the development of a workload staffing model and without such a model, Border Patrol's current workforce may not be deployed in the most efficient or economical way. Further, the report also found that officials did not consistently schedule agents’ work duties, document hours worked, or update work duties completed. As a result, data systems have incomplete information and show a disparity between hours scheduled and the amount of time agents are paid for, which hinders CBP's ability to determine if it is fulfilling all mission requirements.

H.R. 1639 seeks to help CBP resolve the deficiencies identified in the March 2019 DHS OIG report by directing CBP to develop a workload staffing model for Border Patrol (USBP) as well as Air and Marine Operations. These staffing models will help USBP and AMO evaluate operational needs and determine where and how many additional agents would get them to optimal staffing levels. Since the Safe Port Act of 2006, CBP's Office of Field Operations (OFO) has utilized a workload staffing model that incorporates a variety of data points to calculate the optimal staffing level at each CBP port of entry. The success of this model has demonstrated the utility of such analysis in the CBP environment. Furthermore, the establishment of standard operating procedures to track activities by the CBP workforce will ensure that all three subcomponents are using staff efficiently. The bill would add both the workload staffing model requirement and the workforce tracking system requirement to the duties of the Commissioner to ensure these will be priorities to CBP moving forward. The Committee does not intend for this bill to change or modify OFO’s current staffing model and standard operating procedures for tracking officer hours.

HEARINGS

The Committee did not hold any legislative hearings on H.R. 1639 in the 116th Congress. However, this legislation was informed by an Oversight, Management, and Accountability Subcommittee hearing on March 7, 2019 entitled, “CBP Workforce Challenges: Exploring Solutions to Address Recruitment and Retention.” Testimony was heard from Mr. Benjamine “Carry” Huffman, Acting Executive Assistant Commissioner, Enterprise Services, U.S. Customs and Border Protection; Ms. Rebecca Gambler, Director, Homeland Security and Justice Team, U.S. Government Accountability Office; and Mr. Anthony M. Reardon, President, The National Treasury Employees Union.

COMMITTEE CONSIDERATION

The Committee met on March 13, 2019, with a quorum being present, to consider H.R. 1639 and ordered the measure to be reported to the House with a favorable recommendation, without amendment, by unanimous consent.
The following amendments were offered:
An en bloc amendment offered by Ms. Torres Small (#1); was AGREEED TO by unanimous consent.

Add at the end the following:

(d) INSPECTOR GENERAL REVIEW.—Not later than 120 days after the Commissioner of U.S. Customs and Border Protection develops a workload staffing model pursuant to subsection (a), the Inspector General of the Department of Homeland Security shall review such model and provide feedback to the Secretary of Homeland Security and the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate regarding the degree to which such model is responsive to Inspector General recommendations, including recommendations from the Inspector General's February 2019 audit, and as appropriate, any further recommendations to improve such model.

An en bloc amendment offered by Ms. Jackson Lee (#399); was AGREED TO by unanimous consent.
Consisting of the following amendment:

COMMITTEE VOTES

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires the Committee to list the recorded votes on the motion to report legislation and amendments thereto.
No recorded votes were requested during consideration of H.R. 1639.

COMMITTEE OVERSIGHT FINDINGS

In compliance with clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee advises that the findings and recommendations of the Committee, based on oversight activities under clause 2(b)(1) of rule X of the Rules of the House of Representatives, are incorporated in the descriptive portions of this report.

CONGRESSIONAL BUDGET OFFICE ESTIMATE, NEW BUDGET AUTHORITY, ENTITLEMENT AUTHORITY, AND TAX EXPENDITURES

With respect to the requirements of clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974 and with respect to requirements of clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has requested but not received a cost estimate for this bill from the Director of the Congressional Budget Office.
The Committee has requested but not received from the Director of the Congressional Budget Office a statement as to whether this bill contains any new budget authority, spending authority, credit
authority, or an increase or decrease in revenues or tax expenditures.

FEDERAL MANDATES STATEMENT

An estimate of Federal mandates prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act was not made available to the Committee in time for the filing of this report. The Chairman of the Committee shall cause such estimate to be printed in the Congressional Record upon its receipt by the Committee.

DUPICATIVE FEDERAL PROGRAMS

Pursuant to clause 3(c) of rule XIII, the Committee finds that H.R. 1639 does not contain any provision that establishes or reauthorizes a program known to be duplicative of another Federal program.

PERFORMANCE GOALS AND OBJECTIVES

The Committee states that pursuant to clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, H.R. 1639 would require the U.S. Customs and Border Protection to identify staffing needs through the use of workload staffing models for all three of its subcomponents—Office of Field Operations, U.S. Border Patrol, and Air and Marine Operations.

ADVISORY ON EARMARKS

In compliance with rule XXI of the Rules of the House of Representatives, this bill, as reported, contains no congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(d), 9(e), or 9(f) of the rule XXI.

SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

Section 1. Short title

This section provides that this bill may be cited as the “CBP Workload Staffing Model Act”.

Sec. 2. Establishment of workload staffing models for U.S. Border Patrol and Air and Marine Operations of CBP

This section requires the Commissioner of U.S. Customs and Border Protection to, in coordination with the Department of Homeland Security’s Under Secretary for Management, Chief Human Capital Officer, and Chief Financial Officer, develop and implement workload staffing models for the U.S. Border Patrol (USBP) and Air and Marine Operations (AMO). The Committee believes the use of these models will make staffing needs for USBP and AMO subcomponents data analysis driven and transparent. It will also put these two subcomponents on equal footing with the Office of Field Operations which already completes a workload staffing model on a recurring basis.

This section also includes the criteria that should be considered in such workload staffing models, and requires the development of standard operating procedures to track the workforce of the three subcomponents.
This section further requires the Secretary of Homeland Security to report to the House Committee on Homeland Security and the Senate Committee on Homeland Security and Governmental Affairs on progress made toward implementing these workload staffing models as well as providing the models within a year of enactment and annually thereafter.

The Committee considers this analysis of staffing needs an important component of border security and fulfilling CBP’s multi-faceted mission along the U.S. borders.
