SEC. 16. ADMINISTRATIVELY DETERMINED PAY.

Section 3 of the Export-Import Bank Act of 1945 (12 U.S.C. 635a), as amended by section 7(a) of this Act, is amended by adding at the end the following:

“(o) **COMPENSATION OF EMPLOYEES.**—

“(1) **RATES OF PAY.**—Subject to paragraph (2), the Board of Directors of the Agency, consistent with standards established by the Director of the Office of Minority and Women Inclusion, may set and adjust rates of basic pay for employees and new hires of the Agency without regard to the provisions of chapter 51 and subchapter III of chapter 53 of title 5, United States Code, except that no employee of the Agency may receive a rate of basic pay that exceeds the rate for level III of the Executive Schedule under section 5313 of such title.

“(2) **LIMITATIONS.**—The Board of Directors of the Agency may not apply paragraph (1) to more than 35 employees at any point in time. Nothing in paragraph (1) may be construed to apply to any position of a confidential or policy-deter-

mining character that is excepted from the competitive service under section 3302 of title 5, United States Code, (pursuant to schedule C of subpart C of part 213 of title 5 of the Code of Federal Regulations) or to any position that would otherwise be subject to section 5311 or 5376 of title 5, United States Code.”.

PURPOSE AND SUMMARY

On October 28, 2019, Chairwoman Maxine Waters introduced H.R. 4863, the “United States Export Finance Agency Act of 2019,” which renews the operating charter of the Export-Import Bank of the United States for ten years, through September 30, 2029. H.R. 4863 also increases the Bank’s statutory lending authority from \$135 billion to \$175 billion over a ten-year period, re-designates the Bank as the United States Export Finance Agency, and makes several reforms to modernize its practices. The long-term reauthorization of the Bank reflected in H.R. 4863 will provide certainty to U.S. businesses, large and small, that they will have the financing support necessary to compete in the global markets.

BACKGROUND AND NEED FOR LEGISLATION

The Export-Import Bank of the United States (the Bank, or EXIM) was established by executive order in 1934¹ and in 1945, became an independent Federal agency. As the official export credit agency of the United States, the Bank’s mission is to support U.S. jobs by facilitating the export of U.S. goods and services.

According to the Bank, over the last 10 years, EXIM has financed more than \$255 billion in U.S. exports, supported more than 1.5 million American jobs, and remitted more than \$3.4 billion in deficit-reducing receipts to the Treasury. EXIM’s charter requires “reasonable assurance of repayment” for the transactions it authorizes, and Congress subjects EXIM to statutory restrictions and oversight to safeguard its fiscal soundness, limit mismanagement, and prevent corruption. The U.S. Government Accountability Office (GAO) and the Bank’s Office of Inspector General (OIG) also regularly audit the Bank’s activities.

By its charter, EXIM is not allowed to compete with the private sector. Rather, the role of the Bank is to fill export financing gaps through its insurance, loan guarantee, working capital, and direct lending programs when the private sector is unwilling or unable to provide such support.² EXIM is one of more than 100 export credit agencies around the world that help their home-country exporters compete in the global markets. The Bank therefore also plays a key role in leveling the playing field for U.S. exporters by offsetting the financing provided by foreign governments to their exporters that are in competition with U.S. exporters for global sales.

To avoid a global race to the bottom on government-backed export credit financing, in 1978, the United States and other advanced economies that offer official export credit formed an “Arrangement on Officially Supported Export Credits” through the Or-

ganization for Economic Cooperation and Development (OECD).³ The Arrangement generally establishes limitations on the terms and conditions for government-backed export financing, including minimum interest rates, risk fees, and maximum repayment terms. Although most large providers of export credit are party to the OECD Arrangement, over the past decade an increasing amount of official export credit support has been provided outside the OECD Arrangement. Much of this unregulated financing is offered by China, Brazil, India and Russia, which provide more generous terms than can be offered by the EXIM Bank and other members of the OECD Arrangement.

The charter under which the Bank operates requires periodic Congressional reauthorization, and over the past 85 years, the Bank has been reauthorized 17 times, under both Democratic and Republican Administrations. In December 2015, Congress voted to renew EXIM's operating charter through September 30, 2019.⁴ Despite strong bicameral support for the Bank's reauthorization in 2015, the Senate did not confirm the directors of EXIM until May 2019. As a result, EXIM lacked a quorum of its Board of Directors for almost 4 years, which meant that it was unable to approve transactions over \$10,000,000. Without the ability to consider the full range of transactions pending approval, EXIM reported that it was unable to approve \$40 billion worth of transactions, which would have supported an estimated 250,000 jobs. In May of 2019, the Senate confirmed three new Board members of EXIM, thereby reviving the agency. On September 27, 2019, a short-term continuing resolution for fiscal year 2020 was enacted to keep the Federal government open until November 21, 2019. The legislation also extended the Export-Import Bank's charter until November 21, 2019.

H.R. 4863 provides for the long-term stability of the Bank in order to regain the confidence of U.S. exporters while sending a message to the world that the U.S. is prepared to compete in the overseas export markets. H.R. 4863 re-designates the Bank as the United States Export Finance Agency (USEFA or Agency). H.R. 4863 renews the operating charter of the Agency for ten years, through September 30, 2029. H.R. 4863 also increases the Agency's statutory lending authority from \$135 billion to \$175 billion over a seven-year period and makes a number of reforms to modernize and improve the Bank's operations. H.R. 4863 also provides for an alternative approach to approving Agency transactions when there is not a quorum for the Board.

H.R. 4863 also prohibits the Agency's Board from approving any transaction subject to Board approval for exports to Chinese military or security entities; any person who, in the preceding three years, has been subject to a criminal penalty for violation of the Foreign Corrupt Practices Act, or was convicted for violating U.S. intellectual property laws. H.R. 4863 also prohibits EXIM support for any person who does not certify that they, or any other person owned or controlled by the person, is not violating any U.S. sanc-

tions law, program, or restriction. The legislation also extends the Agency’s authority to use a percentage of its annual surplus to modernize its Information Technology systems and authorizes the Agency to use “Administratively Determined Pay” to attract and retain highly qualified staff to serve in key roles.

H.R. 4863 also includes provisions to enhance the Agency’s attention to environmental and social concerns related to the exports it supports, including by creating an office of financing for renewable energy and related matters; establishing a goal of 5% of its annual transactions to finance renewable energy, energy efficiency, and energy storage technology exports; requiring consultation with potentially impacted communities; and, requiring finalization and periodic review of environmental and social due diligence procedures. H.R. 4863 also requires the Agency to increase financing support for evolving technologies that reduce carbon dioxide and to provide greater transparency on the carbon dioxide emissions of projects that it is supporting, in addition to advocating within the OECD and other multilateral for the international adoption of these standards and practices.

In FY 2018, more than 90 percent of EXIM’s transactions were authorized for the direct benefit of small business exporters, which amounted to 90.5% of total transactions. H.R. 4863, strengthens the Agency’s support for small business as well as women- and minority-owned businesses, and promotes an increased focus on exports from the U.S. territories. The bill also fosters more diversity and inclusion at the Agency and in its financing programs. It also codifies the Agency’s reinsurance program and doubles the program’s annual cap while also enhances oversight of the program.

H.R. 4863 is supported by a broad coalition of organizations including the American Federation of Labor and Congress of Industrial Organizations, Aerospace Industries Association, International Association of Machinists and Aerospace Workers, International Brotherhood of Electrical Workers, International Brotherhood of Boilermakers, North America’s Building Trades Unions, National Association of Manufacturers, and the U.S. Chamber of Commerce.

SECTION-BY-SECTION ANALYSIS

Section 1. Short title

This section states that the title of the bill is the United States Export Finance Agency Act of 2019.

Section 2. Table of Contents

Section 3. Renaming of the Export-Import Bank of the United States

This section re-designates the Export-Import Bank of the United States as the “United States Export Finance Agency.”

Section 4. Authorization period

This section amends section 7 of the Export-Import Bank Act of 1945 (the Act) to extend the authorization for the Agency for 10 years through September 30, 2029.

Section 5. Aggregate loan guarantee and insurance authority

This section amends section 6(a)(2) of the Act to raise the Agency’s aggregate loan, guarantee and insurance authority from its

current \$135 billion cap to \$175 billion, by \$10 billion in fiscal year 2020, and by \$5 billion in each fiscal year from 2020 through 2026.

Section 6. Office of Minority and Women Inclusion

Subsection (a) amends section 3(i) of the Act to formally establish an office of Minority and Women Inclusion at the agency, and provides for its duties and responsibilities. These include developing standards for increased participation of minority-owned and women-owned businesses in agency's activities and enhancing outreach activities for increased Agency support for socially and economically disadvantaged small business concerns, as defined by the Small Business Act.

Subsection (b) requires that the agency's annual report include a report from the Office of Minority and Women Inclusion.

Section 7. Support for the United States territories

Subsection (a) adds a new subsection (n) to section 3 of the Act, which establishes a new Office of Territorial Exporting. The functions of the Office include promoting the export of goods and services from U.S. Territories, increasing outreach to businesses in the territories, and increasing the total amount of loans, guarantees, and insurance provided by the Agency benefitting the territories. The new subsection (n) also provides that one member of the staff shall be responsible for liaising with Puerto Rico and the United States Virgin Islands, and another member of the staff shall be responsible for liaising with the United States territories of Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa.

Subsection (b) that the Agency's annual report include a report on the steps taken by the Agency in the territories.

Section 8. Alternative procedures during quorum lapse

Subsection (a) adds a new subparagraph (B) to section 3(c)(6) of the Act to provide for procedures for approving transactions that come before the Agency's Board. In the absence of a quorum for 90 consecutive days, the new subparagraph (B) establishes a temporary Board consisting of the Agency's Board members, the U.S. Trade Representative, the Secretary of the Treasury and the Secretary of Commerce, which would have the authority to approve transactions that come before the Board. The temporary board would not have authority to change or amend Agency policies, procedures, bylaws or guidelines.

Subsection (b) provides that the amendments made by this section would have no force or effect after the 10-year period that begins with the date of the enactment of this Act.

Section 9. Strengthening support for U.S. small business

Subsection (a) amends section 2(b)(1) of the Act to provide that it is the policy of the United States to encourage the participation in international commerce of small business, including women-owned businesses, minority-owned businesses, veteran-owned businesses, businesses owned by persons with disabilities, and businesses in rural areas, and start-up businesses.

Subsection (b) requires the Agency to prepare and submit to Congress a comprehensive outreach plan to ensure that small business

owners are aware of financing options available to them through the Agency. It also amends section 2(b)(1)(E) of the Act to require implementation of the plan.

Subsection (c) provides that unutilized authorizations of insurance authorities shall be excluded from calculating the small business threshold.

Subsection (d) amends section 2(b)(1)(E)(v) of the Act to increase the small business threshold from 25 percent to 30 percent, effective on October 1, 2028.

Section 10. Enhancing flexibility to respond to predatory export financing by China

This section amends the Act to provide more autonomy to the Agency and U.S. exporters in responding to China's predatory export credit practices through the Tied Aid Credit Fund, which can be used to offer special terms when a U.S. exporter is confronted by a subsidized offer from China when bidding for a capital project. EXIM has only authorized three matching tied aid offers since the Tied Aid Credit Program was established in 2001. EXIM has had difficulty using this fund because it first must have proof that the other country is subsidizing its export financing, and then it has to gain approval from an interagency process led by the Treasury Department, which has historically strongly opposed the use of subsidized export credit financing. This provision would deem the requirement for credible evidence of subsidized foreign export credit financing met in the case of exports supported by official financing from China.

Section 11. Restriction on financing for certain entities

This section adds a new section 2(1) to the Act that prohibits the Board of Directors from approving a transaction subject to approval of the Board when the end user, obligor, or lender is known to the Agency to be:

- (1) The People's Liberation Army of the People's Republic of China.
- (2) The Ministry of State Security of the People's Republic of China.
- (3) Included on the Denied Persons List or the Entity List maintained by the Bureau of Industry and Security of the Department of Commerce.
- (4) Included on the Arms Export Control Act debarred list maintained by the Directorate of Defense Trade Controls of the Department of State.
- (5) Any person who has paid a criminal fine or penalty pursuant to a conviction or settlement agreement with the Department of Justice for a violation of the Foreign Corrupt Practices Act in the preceding 3 years.
- (6) A person who, in the preceding 3 years, appeared on the Annual Intellectual Property Report to Congress by the Intellectual Property Enforcement Coordinator in the Executive Office of the President, if the person was convicted in any court.

Section 12. Prohibitions on financing for certain persons involved in sanctionable activities

This section adds a new section 2(m) of the Act that prohibits the Board of Directors from approving a transaction subject to approval of the Board unless the person receiving the Agency's support certifies that neither the person nor any other person owned or controlled by the person engages in any activity in contravention of any United States law, regulation, or order applicable to the person concerning the following:

- (1) trade and economic sanctions, including an embargo;
 - (2) the freezing or blocking of assets of designated persons;
- or
- (3) other restrictions on exports, imports investment, payments, or other transactions targeted at particular persons or countries.

Section 13. Promoting renewable energy exports, environmental and social standards, and accountability

Subsection (a) amends Section 2(b)(1)(C) of the Act to establish an office within the Agency responsible for supporting exports related to renewable energy, energy efficiency, and energy storage.

Subsection (b) amends section 11(a) of the Act, which provides for the Agency's environmental policy and procedures. The amendments made by this section require procedures for notification and consultation with communities potentially impacted by an Agency supported project at least 60 days ahead of a vote. The amended procedures also include requirement for analysis of environmental and social impacts, including worker impacts and anticipated health impacts of the proposed activity and potential alternatives and mitigation measures. The amended procedures also require the Board of Directors to conduct a review every three years of the Agency's environmental and social due diligence procedures to ensure that project guidelines are consistent with limiting greenhouse gas emissions and that to the maximum extent possible, the Board operates consistently with multilateral environmental agreements to which the United States is party to.

Subsection (b) also codifies Agency practice and imposes new practices by requiring the Agency to:

1. Operate consistent with the OECD Arrangement on Officially Supported Export Credits;
2. Make publicly available estimated amounts of carbon dioxide emissions from pending Category A and B fossil fuel projects and work with other export credit agencies to encourage similar disclosure;
3. Advocate within the OECD and other multilateral institutions for full reporting of carbon dioxide emissions associated with projects;
4. Undertake periodic review with stakeholders to ensure appropriate methodologies for estimating and calculating carbon dioxide emissions from certain projects; and,
5. Develop and maintain measures to increase financing support for technologies that reduce carbon dioxide emissions, in particular:

- a. encouraging foreign buyers to seek out commercially viable technology to reduce the carbon dioxide levels of a project;
- b. develop initiatives to finance project development that reduce or mitigate carbon dioxide emissions;
- c. coordinate with Treasury to advocate in international fora to increase incentives for low to net zero carbon dioxide-emitting projects and develop a common methodology for evaluating the social cost of carbon; and
- d. encourage other export credit agencies, and other relevant international lending institutions that are involved in export financing, to adopt similar carbon dioxide policies that include transparency in methodology and stakeholder involvement.

With respect to the changes made to section 11(a) of the Act, the Committee intends paragraphs (6)(A) and (6)(B) to direct the Agency only to provide increased financing support for technologies that will reduce the life cycle emissions over the projected life of the project when compared to the no project alternative.

Subsection (c) amends section 11(c) of the Act to provide that the Agency's annual report congress include a summary of its activities under the new subsections (a) and (b).

Subsection (d) provides that the Agency shall have a goal to ensure that not less than 5 percent of the applicable amount of Agency activities is made available each fiscal year for the financing of renewable energy, energy efficiency and energy storage technology exports.

Subsection (e) provides a Sense of Congress that urges the Agency to work with all stakeholders to establish an independent accountability mechanism, which can help decrease risk and provide stability for successful and sustainable business enterprise. Such a mechanism at the Agency should have two functions. One would be to provide a conflict resolution process for affected people seeking to solve problems with activities supported by the Agency. The purpose of this function is to allow complainants and the Agency client to enter into a structured dialogue with the help of an Agency mediator. This approach can address existing complaints about real, perceived, or potential harm from Agency activities, as well as prevent such harm from escalating or occurring at all. The second function would be compliance review, where a complainant may seek an independent review of the Agency's operation to determine whether the Agency has violated its own policies and procedures. Further, the mechanism should operate independently of Agency management, in a transparent manner with a public registry of complaints and clear rules of procedure. Independent accountability mechanisms are different from Offices of Inspector General, which focus on financial problems, such as fraud, waste and abuse, and internal economy, efficiency and effectiveness. The Committee views an independent accountability mechanism at the Agency as a good governance tool that would decrease project risk to the Agency and its clients, and help ensure successful project outcomes.

Section 14. Reinsurance program

This section amends section 51008 of the Fixing Americas Surface Transportation Act to make the reinsurance program author-

ized by that section permanent and increases the total amount authorized from 1,000,000,000 to \$2,000,000,000. The amendments made by this section also require that the agency to pursue appropriate objectives to reduce risk and costs to the Agency and provide for biennial reports through 2029 to assess the use of the program.

Section 15. Information technology systems

This section amends section 3(j) of the Act to authorize that the Agency may use up to 1.25 percent of its surplus to upgrade its information technology systems during fiscal years 2020 to 2029, and caps those expenditures at \$40,000,000.

Section 16. Administratively determined pay

This section amends section 3 of the Act by adding a new subsection (o), which authorizes the Agency to provide administratively-determined pay for up to 35 employees, capped at a rate of basic pay for level III of the Executive Schedule.

STATEMENT OF OVERSIGHT FINDINGS AND RECOMMENDATIONS OF
THE COMMITTEE

In compliance with clause 3(c)(1) of rule XIII and clause 2(b)(1) of rule X of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in the descriptive portions of this report.

STATEMENT OF PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause (3)(c) of rule XIII of the Rules of the House of Representatives, the goals of H.R. 4863 are to provide for a more stable operating environment for the Agency, including authorizing the operations of the agency through September 30, 2029.

NEW BUDGET AUTHORITY AND CBO COST ESTIMATE

Pursuant to clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the *Congressional Budget Act of 1974*, and pursuant to clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the *Congressional Budget Act of 1974*, the Committee has received the following partial estimate for H.R. 4863 from the Director of the Congressional Budget Office relating to direct spending, revenue effects and applicability of pay-as-you-go procedures.

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, November 4, 2019.

Re Direct Spending and Revenue Effects of H.R. 4863, the United States Export Finance Agency Act of 2019.

Hon. MAXINE WATERS,
*Chairwoman, Committee on Financial Services,
House of Representatives, Washington, DC.*

DEAR MADAM CHAIRWOMAN: The Congressional Budget Office has completed an initial review of H.R. 4863, the United States Export Finance Agency Act of 2019, as ordered reported by the House Committee on Financial Services on October 31, 2019. CBO estimates that enacting the bill would not affect direct spending or revenues; thus, statutory pay-as-you-go procedures do not apply.

CBO is reviewing the bill for effects on spending subject to appropriation and will provide that estimate as soon as possible.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Sunita D'Monte.

Sincerely,

PHILLIP L. SWAGEL,
Director.

Enclosure.

COMMITTEE COST ESTIMATE

Clause 3(d)(1) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison of the costs that would be incurred in carrying out H.R. 4863. However, clause 3(d)(2)(B) of that rule provides that this requirement does not apply when the committee has included in its report a timely sub-

mitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the *Congressional Budget Act*. While the Committee has received a partial cost estimate from the Congressional Budget Office providing that H.R. 4863 does not increase direct spending or increase the budget, the Committee has not received a timely estimate regarding H.R. 4863's effects on spending subject to appropriations. The Committee has reviewed CBO's estimate for the Export-Import Bank Reauthorization Act of 2015, which provided estimates for the FY2016–2020 time period. Based on this estimate and informal consultations with CBO and other interested entities, the Committee estimates that the reauthorization of U.S. Export Finance Agency by H.R. 4863 would reduce spending subject to appropriation. Given the reduced activity caused by the lack of a quorum and its impact on appropriations through fiscal year 2018, the Committee estimates that the budgetary effect of new loans and guarantees issued by the bank during the FY2020–2024 will, at a minimum, offset the administrative expenses of such activity and the additional requirements in H.R. 4863.

UNFUNDED MANDATE STATEMENT

Pursuant to Section 423 of the *Congressional Budget and Impoundment Control Act* (as amended by Section 101(a)(2) of the *Unfunded Mandates Reform Act*, Pub. L. 104–4), the Committee adopts as its own the estimate of federal mandates regarding H.R. 4863, as amended, prepared by the Director of the Congressional Budget Office.

ADVISORY COMMITTEE

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.

APPLICATION OF LAW TO THE LEGISLATIVE BRANCH

Pursuant to section 102(b)(3) of the *Congressional Accountability Act*, Pub. L. No. 104–1, H.R. 4863, as amended, does not apply to terms and conditions of employment or to access to public services or accommodations within the legislative branch.

EARMARK STATEMENT

In accordance with clause 9 of rule XXI of the Rules of the House of Representatives, H.R. 4863 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as described in clauses 9(e), 9(f), and 9(g) of rule XXI.

DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, the Committee states that no provision of H.R. 4863 establishes or reauthorizes a program of the Federal Government known to be duplicative of another federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111–139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

CHANGES TO EXISTING LAW

EXPORT-IMPORT BANK ACT OF 1945

* * * * *

SEC. 2. (a)(1) There is hereby created a corporation with the name Export-Import Bank of the United States which shall be an agency of the United States of America. The objects and purposes of the Bank shall be to aid in financing and to facilitate exports of goods and services, imports, and the exchange of commodities and services between the United States or any of its territories or insular possessions and any foreign country or the agencies or nationals of any such country, and in so doing to contribute to the employment of United States workers. The Bank's objective in authorizing loans, guarantees, insurance, and credits shall be to contribute to maintaining or increasing employment of United States workers. In connection with and in furtherance of its objects and purposes, the Bank is authorized and empowered to do a general banking business except that of circulation; to receive deposits; to purchase, discount, rediscount, sell, and negotiate, with or without its endorsement or guaranty, and to guarantee notes, drafts, checks, bills of exchange, acceptances, including bankers' acceptances, cable transfers, and other evidences of indebtedness; to guarantee, insure, co-insure, reinsure against political and credit risks of loss; to purchase, sell, and guarantee securities but not to purchase with its funds any stock in any other corporation except that it may acquire any such stock, through the enforcement of any lien or pledge or otherwise to satisfy a previously contracted indebtedness to it; to accept bills and drafts drawn upon it; to issue letters of credit; to purchase and sell coin, bullion, and exchange; to borrow and to lend money; to perform any act herein authorized in participation with any other person, including any individual, partnership, corporation, or association; to adopt, alter, and use a corporate seal, which shall be judicially noticed; to sue and to be sued, to complain and to defend in any court of competent jurisdiction; to represent itself or to contract for representation in all legal and arbitral proceedings outside the United States; and the enumeration of the foregoing powers shall not be deemed to exclude other powers necessary to the achievement of the objects and purposes of the Bank. The Bank shall be entitled to the use of the United States mails in the same manner and upon the same conditions as the executive departments of the Government. The Bank is authorized to publish or arrange for the publications of any documents, reports, con-

tracts, or other material necessary in connection with or in furtherance of its objects and purposes without regard to the provisions of section 501 of title 44, United States Code, whenever the Bank determines that publication in accordance with the provisions of such section would not be practicable. Subject to regulations which the Bank shall issue pursuant to section 553 of title 5, United States Code, the Bank may impose and collect reasonable fees to cover the costs of conferences and seminars sponsored by, and publications provided by, the Bank, and may accept reimbursement for travel and subsistence expenses incurred by a director, officer, or employee of the Bank, in accordance with subchapter I of chapter 57 of title 5, United States Code. Amounts received under the preceding sentence shall be credited to the fund which initially paid for such activities and shall be offset against the expenses of the Bank for such activities. The Bank is hereby authorized to use all of its assets and all moneys which have been or may thereafter be allocated to or borrowed by it in the exercise of its functions. Net earnings of the Bank after reasonable provision for possible losses shall be used for payment of dividends on capital stock. Any such dividends shall be deposited into the Treasury as miscellaneous receipts.

(2) In order for the Bank to be competitive in all of its financing programs with countries whose exports compete with United States exports, the Bank shall establish a program that—

(A) provides medium-term financing where necessary to be fully competitive—

(i) at rates of interest to the customer which are equal to rates established in international agreements;

(ii) in amounts up to 85 percent of the total cost of the exports involved; and

(iii) with principal amounts of not more than \$25,000,000; and

(B) enables the Bank to cooperate fully with the Secretary of Commerce and the Administrator of the Small Business Administration to develop a program for purposes of disseminating information (using existing private institutions) to small business concerns regarding the medium-term financing provided under this paragraph.

(3) ENHANCEMENT OF MEDIUM-TERM PROGRAM.—To enhance the medium-term financing program established pursuant to paragraph (2), the Bank shall establish measures to—

(A) improve the competitiveness of the Bank's medium-term financing and ensure that its medium-term financing is fully competitive with that of other major official export credit agencies;

(B) ease the administrative burdens and procedural and documentary requirements imposed on the users of medium-term financing;

(C) attract the widest possible participation of private financial institutions and other sources of private capital in the medium-term financing of United States exports; and

(D) render the Bank's medium-term financing as supportive of United States exports as is its Direct Loan Program.

(b)(1)(A) It is the policy of the United States to foster expansion of exports of manufactured goods, agricultural products, and other

goods and services, thereby contributing to the promotion and maintenance of high levels of employment and real income, a commitment to reinvestment and job creation, and the increased development of the productive resources of the United States. To meet this objective in all its programs, the Export-Import Bank is directed, in the exercise of its functions, to provide guarantees, insurance, and extensions of credit at rates and on terms and other conditions which are fully competitive with the Government-supported rates and terms and other conditions available for the financing of exports of goods and services from the principal countries whose exporters compete with United States exporters, including countries the governments of which are not members of the Arrangement (as defined in section 10(h)(3)). The Bank shall, in cooperation with the export financing instrumentalities of other governments, seek to minimize competition in Government-supported export financing and shall, in cooperation with other appropriate United States Government agencies, seek to reach international agreements to reduce government subsidized export financing.

(B) It is further the policy of the United States that loans made by the Bank in all its programs shall bear interest at rates determined by the Board of Directors, consistent with the Bank's mandate to support United States exports at rates and on terms and conditions which are fully competitive with exports of other countries, and consistent with international agreements. For the purpose of the preceding sentence, rates and terms and conditions need not be identical in all respects to those offered by foreign countries, but should be established so that the effect of such rates, terms, and conditions for all the Bank's programs, including those for small businesses and for medium-term financing, will be to neutralize the effect of such foreign credit on international sales competition. The Bank shall consider its average cost of money as one factor in its determination of interest rates, where such consideration does not impair the Bank's primary function of expanding United States exports through fully competitive financing. The Bank may not impose a credit application fee unless (i) the fee is competitive with the average fee charged by the Bank's primary foreign competitors, and (ii) the borrower or the exporter is given the option of paying the fee at the outset of the loan or over the life of the loan and the present value of the fee determined under either such option is the same amount. It is also the policy of the United States that the Bank in the exercise of its functions should supplement and encourage, and not compete with, private capital; that the Bank, in determining whether to provide support for a transaction under the loan, guarantee, or insurance program, or any combination thereof, shall consider the need to involve private capital in support of United States exports as well as the cost of the transaction as calculated in accordance with the requirements of the Federal Credit Reform Act of 1990; that the Bank shall accord equal opportunity to export agents and managers, independent export firms, export trading companies, and small commercial banks in the formulation and implementation of its programs; that the Bank should give emphasis to assisting new and small business entrants in the agricultural export market, and shall, in cooperation with other relevant Government agencies, including the Commodity Credit Corporation, develop a program of

education to increase awareness of export opportunities among small agribusinesses and cooperatives, that loans, so far as possible consistent with the carrying out of the purposes of subsection (a) of this section, shall generally be for specific purposes, and, in the judgment of the Board of Directors, offer reasonable assurance of repayment; and that in authorizing any loan or guarantee, the Board of Directors shall take into account any serious adverse effect of such loan or guarantee on the competitive position of United States industry, the availability of materials which are in short supply in the United States, and employment in the United States, and shall give particular emphasis to the objective of strengthening the competitive position of United States exporters and thereby of expanding total United States exports. Only in cases where the President, after consultation with the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate, determines that such action would be in the national interest where such action would clearly and importantly advance United States policy in such areas as international terrorism (including, when relevant, a foreign nation's lack of cooperation in efforts to eradicate terrorism), nuclear proliferation, the enforcement of the Foreign Corrupt Practices Act of 1977, the Arms Export Control Act, the International Emergency Economic Powers Act, or the Export Administration Act of 1979, environmental protection and human rights (such as are provided in the Universal Declaration of Human Rights adopted by the United Nations General Assembly on December 10, 1948) (including child labor), should the Export-Import Bank deny applications for credit for nonfinancial or noncommercial considerations. Each such determination shall be delivered in writing to the President of the Bank, shall state that the determination is made pursuant to this section, and shall specify the applications or categories of applications for credit which should be denied by the Bank in furtherance of the national interest.

[(C) Consistent with the policy of section 501 of the Nuclear Non-Proliferation Act of 1978 and section 119 of the Foreign Assistance Act of 1961, the Board of Directors shall name an officer of the Bank whose duties shall include advising the President of the Bank on ways or promoting the export of goods and services to be used in the development, production, and distribution of non-nuclear renewable energy resources, disseminating information concerning export opportunities and the availability of Bank support for such activities, and acting as a liaison between the Bank and the Department of Commerce and other appropriate departments and agencies.]

(C) OFFICE OF FINANCING FOR RENEWABLE ENERGY, ENERGY EFFICIENCY AND ENERGY STORAGE.—The President of the Agency shall establish an office whose functions shall be to promote the export of goods and services to be used in the development, production, and distribution of renewable energy resources, and energy efficiency and energy storage technologies, and disseminate information concerning export opportunities and the availability of Agency support for such activities, to increase the total amount of loans, guarantees, and insurance provided by the Agency to support exports related to renewable energy, energy efficiency, and energy storage.

(D) It is further the policy of the United States to foster the delivery of United States services in international commerce. In exercising its powers and functions, the Bank shall give full and equal consideration to making loans and providing guarantees for the export of services (independently, or in conjunction with the export of manufactured goods, equipment, hardware or other capital goods) consistent with the Bank's policy to neutralize foreign subsidized credit competition and to supplement the private capital market.

(E)(i) **(I) It is further the policy of the United States to encourage the participation of small business in international commerce.** *(I) It is further the policy of the United States to encourage the participation of small business (including women-owned businesses, minority-owned businesses, veteran-owned businesses, businesses owned by persons with disabilities, and businesses in rural areas) and start-up businesses in international commerce, and to educate such businesses about how to export goods using the United States Export Finance Agency.*

(II) In exercising its authority, the Bank shall develop a program which gives fair consideration to making loans and providing guarantees for the export of goods and services by small businesses.

(ii) It is further the policy of the United States that the Bank shall give due recognition to the policy stated in section 2(a) of the Small Business Act that "the Government should aid, counsel, assist, and protect, insofar as is possible, the interests of small business concerns in order to preserve free competitive enterprise".

(iii) In furtherance of this policy, the Board of Directors shall designate an officer of the Bank who—

(I) shall be responsible to the President of the Bank for all matters concerning or affecting small business concerns; and

(II) among other duties, shall be responsible for advising small business concerns of the opportunities for small business concerns in the functions of the Bank, with particular emphasis on conducting outreach and increasing loans to socially and economically disadvantaged small business concerns (as defined in section 8(a)(4) of the Small Business Act), small business concerns (as defined in section 3(a) of the Small Business Act) owned by women, and small business concerns (as defined in section 3(a) of the Small Business Act) employing fewer than 100 employees, and for maintaining liaison with the Small Business Administration and other departments and agencies in matters affecting small business concerns.)

(iv) The Director appointed to represent the interests of small business under section 3(c) of this Act shall ensure that the Bank carries out its responsibilities under clauses (ii) and (iii) of this subparagraph and that the Bank's financial and other resources are, to the maximum extent possible, appropriately used for small business needs.

(v) To assure that the purposes of clauses (i) and (ii) of this subparagraph are carried out, the Bank shall make available, from the aggregate loan, guarantee, and insurance authority available to it, an amount to finance exports directly by small business concerns (as defined under section 3 of the Small Business Act) which shall be not less than **[25]** 30 percent of such authority for each fiscal year. From the amount made available under the preceding sen-

tence, it shall be a goal of the Bank to increase the amount made available to finance exports directly by small business concerns referred to in section 3(i)(1). *For the purpose of calculating the amounts of authority required under this clause, the Agency shall, with respect to insurance, exclude unutilized authorizations that terminated during the fiscal year.*

(vi) The Bank shall utilize the amount set-aside pursuant to clause (v) of this subparagraph to offer financing for small business exports on terms which are fully competitive with regard to interest rates and with regard to the portion of financing which may be provided, guaranteed, or insured. Financing under this clause (vi) shall be available without regard to whether financing for the particular transaction was disapproved by any other Federal agency.

(vii)(I) The Bank shall utilize a part of the amount set aside pursuant to clause (v) to provide lines of credit or guarantees to consortia of small or medium size banks, export trading companies, State export finance agencies, export financing cooperatives, small business investment companies (as defined in section 103 of the Small Business Investment Act of 1958), or other financing institutions or entities in order to finance small business exports.

(II) Financing under this clause (vii) shall be made available only where the consortia or the participating institutions agree to undertake processing, servicing, and credit evaluation functions in connection with such financing.

(III) To the maximum extent practicable, the Bank shall delegate to the consortia or other financing institutions or entities the authority to approve financing under this clause (vii).

(IV) In the administration of the program under this clause (vii), the Bank shall provide appropriate technical assistance to participating consortia and may require such consortia periodically to furnish information to the Bank regarding the number and amount of loans made and the creditworthiness of the borrowers.

(viii) In order to assure that the policy stated in clause (i) is carried out, the Bank shall promote small business exports and its small business export financing programs in cooperation with the Secretary of Commerce, the Office of International Trade of the Small Business Administration, and the private sector, particularly small business organizations, State agencies, chambers of commerce, banking organizations, export management companies, export trading companies and private industry.

(ix) The Bank shall provide, through creditworthy trade associations, export trading companies, State export finance companies, export finance cooperatives, and other multiple-exporter organizations, medium-term risk protection coverage for the members and clients of such organizations. Such coverage shall be made available to each such organization under a single risk protection policy covering its members or clients. Nothing in this provision shall be interpreted as limiting the Bank's authority to deny support for specific transactions or to disapprove a request by such an organization to participate in such coverage.

(x) The Bank shall implement technology improvements that are designed to improve small business outreach, including allowing customers to use the Internet to apply for the Bank's small business programs.

(xi) *After consultation with the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate, the Agency shall implement the outreach plan referred to in section 9(b)(1) of the United States Export Finance Agency Act of 2019.*

(F) Consistent with international agreements, the Bank shall urge the Foreign Credit Insurance Association to provide coverage against 100 per centum of any loss with respect to exports having a value of less than \$100,000.

(G) Participation in or access to long-, medium-, and short-term financing, guarantees, and insurance provided by the Bank shall not be denied solely because the entity seeking participation or access is not a bank or is not a United States person.

(H)(i) It is further the policy of the United States to foster the development of democratic institutions and market economies in countries seeking such development, and to assist the export of high technology items to such countries.

(ii) In exercising its authority, the Bank shall develop a program for providing guarantees and insurance with respect to the export of high technology items to countries making the transition to market based economies, including eligible East European countries (within the meaning of section 3 of the Support For East European Democracy (SEED) Act of 1989).

(iii) As part of the ongoing marketing and outreach efforts of the Bank, the Bank shall, to the maximum extent practicable, inform high technology companies, particularly small business concerns (as such term is defined in section 3 of the Small Business Act), about the programs of the Bank for United States companies interested in exporting high technology goods to countries making the transition to market based economies, including any eligible East European country (within the meaning of section 3 of the Support For East European Democracy (SEED) Act of 1989).

(iv) In carrying out clause (iii), the Bank shall—

(I) work with other agencies involved in export promotion and finance; and

(II) invite State and local governments, trade centers, commercial banks, and other appropriate public and private organizations to serve as intermediaries for the outreach efforts.

(I) The President of the Bank shall undertake efforts to enhance the Bank's capacity to provide information about the Bank's programs to small and rural companies which have not previously participated in the Bank's programs. Not later than 1 year after the date of enactment of this subparagraph, the President of the Bank shall submit to Congress a report on the activities undertaken pursuant to this subparagraph.

(J) The Bank shall implement an electronic system designed to track all pending transactions of the Bank.

(K) The Bank shall promote the export of goods and services related to renewable energy sources, *energy efficiency, and energy storage. It shall be a goal of the Bank to ensure that not less than 5 percent of the applicable amount (as defined in section 6(a)(2)) is made available each fiscal year for the financing of renewable energy, energy efficiency, and energy storage technology exports.*

(L) The Bank shall require an applicant for assistance from the Bank to disclose whether the applicant has been found by a court

of the United States to have violated the Foreign Corrupt Practices Act of 1977, the Arms Export Control Act, the International Emergency Economic Powers Act, or the Export Administration Act of 1979 within the preceding 12 months, and shall maintain, in cooperation with the Department of Justice, for not less than 3 years a record of such applicants so found to have violated any such Act.

(M) Not later than 2 years after the date of the enactment of the Export-Import Bank Reform and Reauthorization Act of 2015, the Bank shall implement policies—

(i) to accept electronic documents with respect to transactions whenever possible, including copies of bills of lading, certifications, and compliance documents, in such manner so as not to undermine any potential civil or criminal enforcement related to the transactions; and

(ii) to accept electronic payments in all of its programs.

(2) PROHIBITION ON AID TO MARXIST-LENINIST COUNTRIES.—

(A) IN GENERAL.—The Bank in the exercise of its functions shall not guarantee, insure, extend credit, or participate in the extension of credit—

(i) in connection with the purchase or lease of any product by a Marxist-Leninist country, or agency or national thereof; or

(ii) in connection with the purchase or lease of any product by any other foreign country, or agency or national thereof, if the product to be purchased or leased by such other country, agency, or national is, to the knowledge of the Bank, principally for use in, or sale or lease to, a Marxist-Leninist country.

(B) MARXIST-LENINIST COUNTRY DEFINED.—

(i) IN GENERAL.—For purposes of this paragraph, the term “Marxist-Leninist country” means any country that maintains a centrally planned economy based on the principles of Marxism-Leninism, or is economically and militarily dependent on any other such country.

(ii) SPECIFIC COUNTRIES DEEMED TO BE MARXIST-LENINIST.—Unless otherwise determined by the President in accordance with subparagraph (C), the following countries are deemed to be Marxist-Leninist countries for purposes of this paragraph:

(I) Democratic People’s Republic of Korea.

(II) Democratic Republic of Afghanistan.

(III) People’s Republic of China.

(IV) Republic of Cuba.

(V) Socialist Republic of Vietnam.

(VI) Tibet.

(C) PRESIDENTIAL DETERMINATION THAT A COUNTRY HAS CEASED TO BE MARXIST-LENINIST.—If the President determines that any country on the list contained in subparagraph (B)(ii) has ceased to be a Marxist-Leninist country (within the definition of such term in subparagraph (B)(i)), such country shall not be treated as a Marxist-Leninist country for purposes of this paragraph after the date of such determination, unless the President subsequently determines that such country has again become a Marxist-Leninist country.

(D) PRESIDENTIAL DETERMINATION RELATING TO FINANCING IN THE NATIONAL INTEREST.—

(i) IN GENERAL.—Subparagraph (A) shall not apply to guarantees, insurance, or extensions of credit by the Bank to a country, agency, or national described in clause (i) or (ii) of subparagraph (A) (in connection with transactions described in such clauses) if the President determines that such guarantees, insurance, or extensions of credit are in the national interest.

(ii) SEPARATE DETERMINATION FOR CERTAIN TRANSACTIONS.—The President shall make a separate determination under clause (i) for each transaction described in clause (i) or (ii) of subparagraph (A) for which the Bank would extend a loan in an amount equal to or greater than \$50,000,000.

(iii) REPORT OF CLAUSE (i) DETERMINATIONS TO CONGRESS.—Any determination by the President under clause (i) shall be reported to the Congress not later than the earlier of—

(I) the end of the 30-day period beginning on the date of such determination; or

(3) Except as provided by the fourth sentence of this paragraph, no loan or financial guarantee or general guarantee or insurance facility or combination thereof (i) in an amount which equals or exceeds \$100,000,000, or (ii) for the export of technology, fuel, equipment, materials, or goods or services to be used in the construction, alteration, operation, or maintenance of nuclear power, enrichment, reprocessing, research, or heavy water production facilities, shall be finally approved by the Board of Directors of the Bank, unless in each case the Bank has submitted to the Congress with respect to such loan, financial guarantee, or combination thereof, a detailed statement describing and explaining the transaction, at least 25 days of continuous session of the Congress prior to the date of final approval. For the purpose of the preceding sentence, continuity of a session of the Congress shall be considered as broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain shall be excluded in the computation of the 25 day period referred to in such sentence. Such statement shall contain—

- (A) in the case of a loan or financial guarantee—

If the Bank submits a statement to the Congress under this paragraph and either House of Congress is in an adjournment for a period which continues for at least ten days after the date of submission of the statement, then any such loan or guarantee or combination thereof may, subject to the second sentence of this paragraph, be finally approved by the Board of Directors upon the termination of the twenty-five-day period referred to in the first sentence of this paragraph or upon the termination of a thirty-five-calendar-day period (which commences upon the date of submission of the statement), whichever occurs sooner.

- (4)(A) If the Secretary of State determines that—
 - (i) any country that has agreed to International Atomic Energy Agency nuclear safeguards materially violates, abrogates, or terminates, after October 26, 1977, such safeguards;
 - (ii) any country that has entered into an agreement for cooperation concerning the civil use of nuclear energy with the United States materially violates, abrogates, or terminates, after October 26, 1977, any guarantee or other undertaking to the United States made in such agreement;

then the Secretary of State shall submit a report to the appropriate committees of the Congress and to the Board of Directors of the Bank stating such determination and identifying each country or person the Secretary determines has so acted.

(B)(i) If the Secretary of State makes a determination under subparagraph (A)(v) with respect to a foreign person, the Congress urges the Secretary to initiate consultations immediately with the government with primary jurisdiction over that person with respect to the imposition of the prohibition contained in subparagraph (C).

(ii) In order that consultations with that government may be pursued, the Board of Directors of the Bank shall delay imposition of the prohibition contained in subparagraph (C) for up to 90 days if the Secretary of State requests the Board to make such delay. Following these consultations, the prohibition contained in subparagraph (C) shall apply immediately unless the Secretary determines and certifies to the Congress that that government has taken specific and effective actions, including appropriate penalties, to terminate the involvement of the foreign person in the activities described in subparagraph (A)(v). The Board of Directors of the Bank shall delay the imposition of the prohibition contained in subparagraph (C) for up to an additional 90 days if the Secretary requests the Board to make such additional delay and if the Secretary determines and certifies to the Congress that that government is in the process of taking the actions described in the preceding sentence.

(iii) Not later than 90 days after making a determination under subparagraph (A)(v), the Secretary of State shall submit to the appropriate committees of the Congress a report on the status of consultations with the appropriate government under this subparagraph, and the basis for any determination under clause (ii) that such government has taken specific corrective actions.

(D) The prohibition in subparagraph (C) shall not apply to approvals to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to a country with respect to which a determination is made under clause (i), (ii), (iii), or (iv) of subparagraph (A) regarding any specific event described in such clause if the President determines and certifies in writing to the Congress not less than 45 days prior to the date of the first approval following the determination that it is in the national interest for the Bank to give such approvals.

(E) The prohibition in subparagraph (C) shall not apply to approvals to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to or by a person with respect to whom a determination is made under clause (v) of subparagraph (A) regarding any specific event described in such clause if—

(i) the Secretary of State determines and certifies to the Congress that the appropriate government has taken the corrective actions described in subparagraph (B)(ii); or

(ii) the President determines and certifies in writing to the Congress not less than 45 days prior to the date of the first approval following the determination that—

(I) reliable information indicates that—

(aa) such person has ceased to aid or abet any non-nuclear-weapon state to acquire any nuclear explosive

device or to acquire unsafeguarded special nuclear material; and

(bb) steps have been taken to ensure that the activities described in item (aa) will not resume; or

(II) the prohibition would have a serious adverse effect on vital United States interests.

The Bank shall not guarantee, insure, or extend credit, or participate in the extension of credit in connection with the purchase of any product, technical data, or other information by a national or agency of any nation if the President determines that any such transaction would be contrary to the national interest.

(iv) the President determines, in accordance with subparagraph (C), that the sale is in the national interest of the United States; and

(v) the Bank determines that, notwithstanding the provision of a guarantee or insurance for the sale, not more than 5 percent of the guarantee and insurance authority available to the Bank in any fiscal year will be used by the Bank to support the sale of defense articles or services.

(C) In determining whether a sale of defense articles or services would be in the national interest of the United States, the President shall take into account whether the sale would—

(i) be consistent with the anti-narcotics policy of the United States;

(ii) involve the end use of a defense article or service in a major illicit drug producing or major drug-transit country (as defined in section 481(e) of the Foreign Assistance Act of 1961); and

(iii) be made to a country with a democratic form of government.

(D)(i) The Board shall not give approval to guarantee or insure a sale of defense articles or services unless—

(I) the President determines, in accordance with subparagraph (C), that it is in the national interest of the United States for the Bank to provide such guarantee or insurance;

(II) the President determines, after consultation with the Assistant Secretary of State for Human Rights and Humanitarian Affairs, that the purchasing country has complied with all restrictions imposed by the United States on the end use of any defense articles or services for which a guarantee or insurance was provided under subparagraph (B), and has not used any such defense articles or services to engage in a consistent pattern of gross violations of internationally recognized human rights; and

(III) such determinations have been reported to the Speaker and the Committee on Financial Services of the House of Representatives, and to the Committee on Banking, Housing, and Urban Affairs and the Committee on Foreign Relations of the Senate, not less than 25 days of continuous session of the Congress before the date of such approval.

(ii) For purposes of clause (i), continuity of a session of the Congress shall be considered as broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain shall be excluded in the computation of the 25-day period referred to in such clause.

(E) The provision of a guarantee or insurance under subparagraph (B) shall be deemed to be the provision of security assistance for purposes of section 502B of the Foreign Assistance Act of 1961 (relating to governments which engage in a consistent pattern of gross violations of internationally recognized human rights).

(F) To the extent that defense articles or services for which a guarantee or insurance is provided under subparagraph (B) are used for a purpose other than anti-narcotics purposes, they may be

used only for those purposes for which defense articles and defense services sold under the Arms Export Control Act (relating to the foreign military sales program) may be used under section 4 of such Act.

(G) As used in subparagraphs (B), (C), (D), and (F), the term “defense articles or services” means articles, services, and related technical data that are designated as defense articles and defense services pursuant to sections 38 and 47(7) of the Arms Export Control Act and listed on the United States Munitions List (part 121 of title 22 of the Code of Federal Regulations).

(H) Once in each calendar quarter, the Bank shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate, and the Committee on Financial Services of the House of Representatives on all instances in which the Bank, during the reporting quarter, guaranteed, insured, or extended credit or participated in an extension of credit in connection with any credit sale of an article, service, or related technical data described in subparagraph (G) that the Bank determined would not be put to a military use or described in subparagraph (I)(i). Such report shall include a description of each of the transactions and the justification for the Bank’s actions.

(I)(i) Subparagraph (A) shall not apply to a transaction involving defense articles or services if—

(I) the Bank determines that—

(aa) the defense articles or services are nonlethal; and

(bb) the primary end use of the defense articles or services will be for civilian purposes; and

(II) at least 15 calendar days before the date on which the Board of Directors of the Bank gives final approval to Bank participation in the transaction, the Bank provides notice of the transaction to the Committees on Financial Services and on Appropriations of the House of Representatives and the Committees on Banking, Housing, and Urban Affairs and on Appropriations of the Senate.

(ii) Not more than 10 percent of the loan, guarantee, and insurance authority available to the Bank for a fiscal year may be used by the Bank to support the sale of defense articles or services to which subparagraph (A) does not apply by reason of clause (i) of this subparagraph.

(iii) Not later than September 1 of each fiscal year, the Comptroller General of the United States, in consultation with the Bank, shall submit to the Committees on Financial Services and on Appropriations of the House of Representatives and the Committees on Banking, Housing, and Urban Affairs and on Appropriations of the Senate a report on the end uses of any defense articles or services described in clause (i) with respect to which the Bank provided support during the second preceding fiscal year.

(7) In no event shall the Bank have outstanding at any time in excess of 7½ per centum of the limitation imposed by section 7 of this Act for such guarantees, insurance, credits or participation in credits with respect to exports of defense articles and services to countries which, in the judgment of the Board of Directors of the Bank, are less developed.

(8) The Bank shall supplement but not compete with private capital and the programs of the Commodity Credit Corporation to en-

sure that adequate financing will be made available to assist the export of agricultural commodities, except that, consistent with section 2(b)(1)(A) of this Act, the Bank in assisting any such export transactions shall, in cooperation with the export financing instrumentalities of other governments, seek to minimize competition in Government-supported export financing, and shall, in cooperation with other appropriate United States Government agencies, seek to reach international agreements to reduce Government subsidized export financing. In order to carry out the purposes of this subsection, the Bank shall consult with the Secretary of Agriculture and where the Secretary of Agriculture has recommended against Bank financing of the export of a particular agricultural commodity, shall take such recommendation into consideration in determining whether to provide credit or other assistance for any export sale of such commodity, and shall consider the importance of agricultural commodity exports to the United States export market and the Nation's balance of trade in deciding whether or not to provide assistance under this subsection.

(9)(A) The Board of Directors of the Bank shall, in consultation with the Secretary of Commerce and the Trade Promotion Coordinating Committee, take prompt measures, consistent with the credit standards otherwise required by law, to promote the expansion of the Bank's financial commitments in sub-Saharan Africa under the loan, guarantee, and insurance programs of the Bank.

(B)(i) The Board of Directors shall establish and use an advisory committee to advise the Board of Directors on the development and implementation of policies and programs designed to support the expansion described in subparagraph (A).

(ii) The advisory committee shall make recommendations to the Board of Directors on how the Bank can facilitate greater support by United States commercial banks for trade with sub-Saharan Africa.

(iii) The advisory committee shall terminate on the date on which the authority of the Bank expires under section 7.

(C) The Bank shall include in the annual report to the Congress submitted under section 8(a) a separate section that contains a report on the efforts of the Bank to—

(i) improve its working relationships with the African Development Bank, the African Export-Import Bank, and other institutions in the region that are relevant to the purposes of subparagraph (A) of this paragraph; and

(ii) coordinate closely with the United States Foreign Service and Foreign Commercial Service, and with the overall strategy of the United States Government for economic engagement with Africa pursuant to the African Growth and Opportunity Act.

(D) Consistent with the requirement that the Bank obtain a reasonable assurance of repayment in connection with each transaction the Bank supports, the Bank shall, in consultation with the entities described in subparagraph (C), seek to qualify a greater number of appropriate African entities for participation in programs of the Bank.

(10)(A) The Bank shall not, without a specific authorization by law, guarantee, insure, or extend credit (or participate in the extension of credit) to—

- (i) assist specific countries with balance of payments financing; or
- (ii) assist (as the primary purpose of any such guarantee, insurance, or credit) any country in the management of its international indebtedness, other than its outstanding obligations to the Bank.

(B) Nothing contained in subparagraph (A) shall preclude guarantees, insurance, or credit the primary purpose of which is to support United States exports.

(11) PROHIBITION RELATING TO ANGOLA.—The Bank may not guarantee, insure, or extend (or participate in the extension of) credit in connection with any export of any good (other than food or an agricultural commodity) or service to the People's Republic of Angola until the President certifies to the Congress that free and fair elections have been held in Angola in which all participants were afforded free and fair access, and that the government of Angola—

(A) is willing, and is actively seeking, to achieve an equitable political settlement of the conflict in Angola, including free and fair elections, through a mutual cease-fire and a dialogue with the opposition armed forces;

(C) has demonstrated progress in its respect for, and protection of—

(i) the freedom of the press;

(ii) the freedom of speech;

(iii) the freedom of assembly;

(iv) the freedom of association (including the right to organize for political purposes);

(v) internationally recognized worker rights; and

(vi) other attributes of political pluralism and democracy.

The President shall include in each report made pursuant to this paragraph a detailed statement with respect to each of the conditions set forth in this paragraph. This paragraph shall not be construed to impose any requirement with respect to Angola that is more restrictive than any requirement imposed by this section generally on all other countries.

(12) PROHIBITION RELATING TO RUSSIAN TRANSFERS OF CERTAIN MISSILE SYSTEMS.—If the President of the United States determines that the military or Government of the Russian Federation has transferred or delivered to the People's Republic of China an SS-N-22 missile system and that the transfer or delivery represents a significant and imminent threat to the security of the United States, the President of the United States shall notify the Bank of

the transfer or delivery as soon as practicable. Upon receipt of the notice and if so directed by the President of the United States, the Board of Directors of the Bank shall not give approval to guarantee, insure, extend credit, or participate in the extension of credit in connection with the purchase of any good or service by the military or Government of the Russian Federation.

(13) PROHIBITION ON ASSISTANCE TO DEVELOP OR PROMOTE CERTAIN RAILWAY CONNECTIONS AND RAILWAY-RELATED CONNECTIONS.—The Bank shall not guarantee, insure, or extend (or participate in the extension of) credit in connection with the export of any good or service relating to the development or promotion of any railway connection or railway-related connection that does not traverse or connect with Armenia and does traverse or connect Baku, Azerbaijan, Tbilisi, Georgia, and Kars, Turkey.

(c)(1) The Bank shall charge fees and premiums commensurate, in the judgment of the Bank, with risks covered in connection with the contractual liability that the Bank incurs for guarantees, insurance, coinsurance, and reinsurance against political and credit risks of loss.

(2) The Bank may issue such guarantees, insurance, coinsurance, and reinsurance to or with exporters, insurance companies, financial institutions, or others, or groups thereof, and where appropriate may employ any of the same to act as its agent in the issuance and servicing of such guarantees, insurance, coinsurance, and reinsurance, and the adjustment of claims arising thereunder.

(3) TRANSFERABILITY OF GUARANTEES.—

(A) IN GENERAL.—With respect to medium-term and long-term obligation insured or guaranteed by the Bank after the date of the enactment of the Export-Import Bank Act Amendments of 1986, the Bank shall authorize the unrestricted transfer of such obligations by the originating lenders or their transferees to other lenders without affecting, limiting, or terminating the guarantee or insurance provided by the Bank.

(B) GUARANTEE COVERAGE.—For the guarantee program provided for in this subsection, the Bank may provide up to 100 percent coverage of the interest and principal if the Board of Directors determines such coverage to be necessary to ensure acceptance of Bank guarantees by financial institutions for any transaction in any export market in which the Bank is open for business.

(d)(1) In carrying out its responsibilities under this Act, the Bank shall work to ensure that United States companies are afforded an equal and nondiscriminatory opportunity to bid for insurance in connection with transactions assisted by the Bank.

(2) COMPETITIVE OPPORTUNITY FOR INSURANCE COMPANIES.—In the case of any long-term loan or guarantee of not less than \$25,000,000, the Bank shall seek to ensure that United States insurance companies are accorded a fair and open competitive opportunity to provide insurance against risk of loss in connection with any transaction with respect to which such loan or guarantee is provided.

(3) RESPONSIVE ACTIONS.—If the Bank becomes aware that a fair and open competitive opportunity is not accorded to any United States insurance company in a foreign country with respect to which the Bank is considering a loan or guarantee, the Bank—

(A) may approve or deny the loan or guarantee after considering whether such action would be likely to achieve competitive access for United States insurance companies; and

(B) shall forward information regarding any foreign country that denies United States insurance companies a fair and open competitive opportunity to the Secretary of Commerce and to the United States Trade Representative for consideration of a recommendation to the President that access by such country to export credit of the United States should be restricted.

(4) NOTICE OF APPROVAL.—If the Bank approves a loan or guarantee with respect to a foreign country notwithstanding information regarding denial by that foreign country of competitive opportunities for United States insurance companies, the Bank shall include notice of such approval and the reason for such approval in the report on competition in officially supported export credit required under subsection (b)(1)(A).

(5) DEFINITIONS.—For purposes of this section—

(A) the term “United States insurance company”—

(i) includes an individual, partnership, corporation, holding company, or other legal entity which is authorized (or in the case of a holding company, subsidiaries of which are authorized) by a State to engage in the business of issuing insurance contracts or reinsuring the risk underwritten by insurance companies; and

(ii) includes foreign operations, branches, agencies, subsidiaries, affiliates, or joint ventures of any entity described in clause (i); and

(B) the term “fair and open competitive opportunity” means, with respect to the provision of insurance by a United States insurance company, that the company—

(i) has received notice of the opportunity to provide such insurance; and

(ii) has been evaluated for such opportunity on a non-discriminatory basis.

(e) LIMITATION ON ASSISTANCE WHICH ADVERSELY AFFECT THE UNITED STATES.—

(1) IN GENERAL.—The Bank may not extend any direct credit of financial guarantee for establishing or expanding production of any commodity for export by any country other than the United States, if—

(A) the Bank determines that—

(i) the commodity is likely to be in surplus on world markets at the time the resulting commodity will first be sold; or

(ii) the resulting production capacity is expected to compete with United States production of the same, similar, or competing commodity; and

(B) the Bank determines that the extension of such credit or guarantee will cause substantial injury to United States producers of the same, similar, or competing commodity.

In making the determination under subparagraph (B), the Bank shall determine whether the facility that would benefit from the extension of a credit or guarantee is reasonably likely to produce a commodity in addition to, or other than, the com-

modity specified in the application and whether the production of the additional commodity may cause substantial injury to United States producers of the same, or a similar or competing, commodity.

(2) OUTSTANDING ORDERS AND PRELIMINARY INJURY DETERMINATIONS.—

(A) ORDERS.—The Bank shall not provide any loan or guarantee to an entity for the resulting production of substantially the same product that is the subject of—

(i) a countervailing duty or antidumping order under title VII of the Tariff Act of 1930; or

(ii) a determination under title II of the Trade Act of 1974.

(B) AFFIRMATIVE DETERMINATION.—Within 60 days after the date of the enactment of this paragraph, the Bank shall establish procedures regarding loans or guarantees provided to any entity that is subject to a preliminary determination of a reasonable indication of material injury to an industry under title VII of the Tariff Act of 1930. The procedures shall help to ensure that these loans and guarantees are likely to not result in a significant increase in imports of substantially the same product covered by the preliminary determination and are likely to not have a significant adverse impact on the domestic industry. The Bank shall report to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate on the implementation of these procedures.

(C) COMMENT PERIOD.—The Bank shall establish procedures under which the Bank shall notify interested parties and provide a comment period of not less than 14 days (which, on request of any affected party, shall be extended to a period of not more than 30 days) with regard to loans or guarantees reviewed pursuant to subparagraph (B) or (D).

(D) CONSIDERATION OF INVESTIGATIONS UNDER TITLE II OF THE TRADE ACT OF 1974.—In making any determination under paragraph (1) for a transaction involving more than \$10,000,000, the Bank shall consider investigations under title II of the Trade Act of 1974 that have been initiated at the request of the President of the United States, the United States Trade Representative, the Committee on Finance of the Senate, or the Committee on Ways and Means of the House of Representatives, or by the International Trade Commission on its own motion.

(E) ANTI-CIRCUMVENTION.—The Bank shall not provide a loan or guarantee if the Bank determines that providing the loan or guarantee will facilitate circumvention of an order or determination referred to in subparagraph (A).

(3) EXCEPTION.—Paragraphs (1) and (2) shall not apply in any case where, in the judgment of the Board of Directors of the Bank, the short- and long-term benefits to industry and employment in the United States are likely to outweigh the short- and long-term injury to United States producers and employment of the same, similar, or competing commodity.

(4) DEFINITION.—For purposes of paragraph (1)(B), the extension of any credit or guarantee by the Bank will cause substantial injury if the amount of the capacity for production established, or the amount of the increase in such capacity expanded, by such credit or guarantee equals or exceeds 1 percent of United States production.

(5) DESIGNATION OF SENSITIVE COMMERCIAL SECTORS AND PRODUCTS.—Not later than 120 days after the date of the enactment of this Act, the Bank shall submit a list to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, which designates sensitive commercial sectors and products with respect to which the provision of financing support by the Bank is deemed unlikely by the President of the Bank due to the significant potential for a determination that such financing support would result in an adverse economic impact on the United States. The President of the Bank shall review on an annual basis thereafter the list of sensitive commercial sectors and products and the Bank shall submit an updated list to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives of such sectors and products.

(6) FINANCIAL THRESHOLD DETERMINATIONS.—For purposes of determining whether a proposed transaction exceeds a financial threshold under this subsection or under the procedures or rules of the Bank, the Bank shall aggregate the dollar amount of the proposed transaction and the dollar amounts of all loans and guarantees, approved by the Bank in the preceding 24-month period, that involved the same foreign entity and substantially the same product to be produced.

(7) PROCEDURES TO REDUCE ADVERSE EFFECTS OF LOANS AND GUARANTEES ON INDUSTRIES AND EMPLOYMENT IN UNITED STATES.—

(A) CONSIDERATION OF ECONOMIC EFFECTS OF PROPOSED TRANSACTIONS.—If, in making a determination under this paragraph with respect to a loan or guarantee, the Bank conducts a detailed economic impact analysis or similar study, the analysis or study, as the case may be, shall include consideration of—

- (ii) the views of the public and interested parties.

In addition, the Bank shall

seek comments on the economic effects from the Department of Commerce, the Office of Management and Budget, the Committee on Banking, Housing, and Urban Affairs of the Senate, and the Committee on Financial Services of the House of Representatives.

(VII) the value of the transaction.

(iii) **PROCEDURE REGARDING MATERIALLY CHANGED APPLICATIONS.**—

(I) **IN GENERAL.**—If a material change is made to an application for a loan or guarantee from the Bank after a notice with respect to the intent described in clause (i) is published under this subparagraph, the Bank shall publish in the Federal Register a revised notice of the intent, and shall provide for a comment period, as provided in clauses (i) and (ii).

(II) **MATERIAL CHANGE DEFINED.**—As used in subclause (I), the term “material change”, with respect to an application, includes—

(aa) a change of at least 25 percent in the amount of a loan or guarantee requested in the application; and

(C) **REQUIREMENT TO ADDRESS VIEWS OF ADVERSELY AFFECTED PERSONS.**—Before taking final action on an application for a loan or guarantee to which this section applies, the staff of the Bank shall provide in writing to the Board of Directors the views of any person who submitted comments pursuant to subparagraph (B).

(D) **PUBLICATION OF CONCLUSIONS.**—Within 30 days after a party affected by a final decision of the Board of Directors with respect to a loan or guarantee makes a written request therefor, the Bank shall provide to the affected party a non-confidential summary of the facts found and conclusions reached in any detailed economic impact analysis or similar study conducted pursuant to subparagraph (B) with respect to the loan or guarantee, that were submitted to the Board of Directors.

(E) MAINTENANCE OF DOCUMENTATION.—The Bank shall maintain documentation relating to economic impact analyses and similar studies conducted under this subsection in a manner consistent with the Standards for Internal Control of the Federal Government issued by the Comptroller General of the United States.

(F) RULE OF INTERPRETATION.—This paragraph shall not be construed to make subchapter II of chapter 5 of title 5, United States Code, applicable to the Bank.

(G) REGULATIONS.—The Bank shall implement such regulations and procedures as may be appropriate to carry out this paragraph.

(f) AUTHORITY TO DENY APPLICATION FOR ASSISTANCE BASED ON FRAUD OR CORRUPTION BY PARTY INVOLVED IN THE TRANSACTION.—In addition to any other authority of the Bank, the Bank may deny an application for assistance with respect to a transaction if the Bank has substantial credible evidence that any party to the transaction or any party involved in the transaction has committed an act of fraud or corruption in connection with the transaction.

(g) PROCESS FOR NOTIFYING APPLICANTS OF APPLICATION STATUS.—The Bank shall establish and adhere to a clearly defined process for—

(1) acknowledging receipt of applications;

(2) informing applicants that their applications are complete or, if incomplete or containing a minor defect, of the additional material or changes that, if supplied or made, would make the application eligible for consideration; and

(h) RESPONSE TO APPLICATION FOR FINANCING; IMPLEMENTATION OF ONLINE LOAN REQUEST AND TRACKING PROCESS.—

(1) **IN GENERAL.**—Except as provided in this Act, the Bank may not—

TIED AID CREDIT PROGRAM AND FUND

SEC. 10. (a) FINDINGS.—The Congress finds that—

(1) tied aid and partially untied aid credits offered by other countries are a predatory method of financing exports because of their market-distorting effects;

(2) these distortions have caused the United States to lose export sales, with resulting losses in economic growth and employment;

(3) these practices undermine market mechanisms that would otherwise result in export purchase decisions made on the basis of price, quality, delivery, and other factors directly related to the export, where official financing is not subsidized and would be a neutral factor in the transaction.

(4) support of commercial exports by donor countries with tied aid and partially untied aid credits impedes the growth of developing countries because it diverts development assistance funds from essential developmental purposes;

(5) the Bank has, at a minimum, the following two tasks—

(A)(i) first, the Bank should match foreign export credit agencies and aid agencies when they engage in tied aid outside the confines of the Arrangement and when they exploit loopholes, such as untied aid;

(ii) such matching is needed to provide the United States with leverage in efforts at the OECD to reduce the overall level of export subsidies;

(iii) only through matching foreign export credit offers can the Bank buttress United States negotiators in their

efforts to bring these loopholes within the disciplines of the Arrangement; and

(iv) in order to bring untied aid within the discipline of the Arrangement, the Bank should consider initiating highly competitive financial support when the Bank learns that foreign untied aid offers will be made; and

(B) second, the Bank should support United States exporters when the exporters face foreign competition that is consistent with the Arrangement and the Subsidies Code of the World Trade Organization, but which places United States exporters at a competitive disadvantage; and

(6) there should be established in the Bank a tied aid program to target the export markets of those countries, including those that are not a party to the Arrangement, which make extensive use of tied aid or partially untied aid credits for, or untied aid used to promote exports as if it were tied aid, commercial advantage for the purposes of—

(A) enforcing compliance with the existing Arrangement restricting the use of tied aid and partially untied aid credits for commercial purposes; and

(B) facilitating efforts to negotiate, establish, and enforce new or revised comprehensive international arrangements effectively restricting the use of tied aid and partially untied aid credits, or untied aid used to promote exports as if it were tied aid, for commercial purposes; and

(C) promoting compliance with Arrangement rules among foreign export credit agencies that are not a party to the Arrangement;

and such program should be used aggressively for such purposes.

(b) ESTABLISHMENT OF TIED AID CREDIT PROGRAM.—

(1) IN GENERAL.—The Bank shall establish a tied aid credit program under which grants shall be made from funds available in the Tied Aid Credit fund established under subsection (c)—

(A) to supplement the financing of a United States export when there is a reasonable expectation that predatory financing will be provided by another country for a sale by a competitor of the United States exporter with respect to such export and with special attention to matching tied aid and partially untied aid credits extended by other governments—

(i) in violation of the Arrangement; or

(ii) in cases in which the Bank determines that United States trade or economic interests justify the matching of tied aid credits extended in compliance with the Arrangement, including grandfathered cases;

(B) to supplement the financing of United States exports to foreign markets which are actual or potential export markets for any country which the Bank determines—

(i) engages in predatory official export financing through the use of tied aid or partially untied aid credits, and impedes negotiations or violates agreements on tied aid to eliminate the use of such credits for commercial purposes; or

(ii) engages in predatory financing practices that seek to circumvent international agreements on tied aid; or

(C) to supplement the financing of United States exports under such other circumstances as the Bank may determine to be appropriate for carrying out the purposes of this section.

(2) ADMINISTRATION OF PROGRAM.—The tied aid credit program shall be administrated by the Bank—

(A) in consultation with the Secretary and in accordance with the principles, process, and standards developed pursuant to paragraph (5) of this subsection and the purposes described in subsection (a)(5);

(B) in cooperation with United States exporters and private financial institutions or entities, and in consultation with other Federal agencies, as appropriate; and

(C) in consultation with the National Advisory Council on International Monetary and Financial Policies.

(3) COORDINATION WITH OTHER EXPORT FINANCING.—Under the tied aid credit program, the Bank may combine grants from the Tied Aid Credit Fund with—

(A) any guarantee, insurance, or other extension of credit provided by the Bank under this Act;

(B) any export financing provided by any private financial institution or other entity; and

(C) any other type of export financing,

in such manner and under such terms as the Bank determines to be appropriate, including combinations of export financing in the form of blended financing and parallel financing.

(4) INFORMATION ON COUNTRIES WHICH ENGAGE IN OFFICIAL PREDATORY EXPORT FINANCING AND IMPEDE NEGOTIATIONS.—In order to assist the Bank to make the most efficient use of funds available for supplemental financing under paragraph (1)(B), the United States Trade Representative and the Secretary of Commerce may provide information on principal sectors and key markets of countries described in paragraph (1)(B) to the Bank, the Secretary and the National Advisory Council on International Monetary and Financial Policies. The Bank shall also request and take into consideration the views of the private sector on principal sectors and key markets of countries described in paragraph (1)(B).

(5) PRINCIPLES, PROCESS, AND STANDARDS GOVERNING USE OF THE FUND.—

(A) IN GENERAL.—The Secretary and the Bank jointly shall develop a process for, and the principles and standards to be used in, determining how the amounts in the Tied Aid Credit Fund could be used most effectively and efficiently to carry out the purposes of subsection (a)(6).

(B) CONTENT OF PRINCIPLES, PROCESS, AND STANDARDS.—

(i) CONSIDERATION OF CERTAIN PRINCIPLES AND STANDARDS.—In developing the principles and standards referred to in subparagraph (A), the Secretary and the Bank shall consider administering the Tied Aid Credit Fund in accordance with the following principles and standards:

(I) The Tied Aid Credit Fund should be used to leverage multilateral negotiations to restrict the scope for aid-financed trade distortions through new multilateral rules, to police existing rules, and to seek compliance by those countries that are not a party to the Arrangement.

(II) The Tied Aid Credit Fund will be used to counter a foreign tied aid credit confronted by a United States exporter when bidding for a capital project.

(III) Credible information about an offer of foreign tied aid will be required before the Tied Aid Credit Fund is used to offer specific terms to match such an offer. In cases where information about a specific offer of foreign tied aid (or untied aid used to promote exports as if it were tied aid) is not available in a timely manner, or is unavailable because the foreign export credit agency involved is not subject to the reporting requirements under the Arrangement, then the Bank may decide to use the Tied Aid Credit Fund based on credible evidence of a history of such offers under similar circumstances or other forms of credible evidence. *The requirement that there be credible evidence of a history of a foreign export credit agency making offers not subject to the Arrangement is deemed met in the case of exports likely to be supported by official financing from the People's Republic of China, unless the Secretary of the Treasury has reported to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate that China is in substantial compliance with the Arrangement.*

(IV) The Tied Aid Credit Fund will be used to enable a competitive United States exporter to pursue further market opportunities on commercial terms made possible by the use of the Fund.

(V) Each use of the Tied Aid Credit Fund will be in accordance with the Arrangement unless a breach of the Arrangement has been committed by a foreign export credit agency.

(VI) The Tied Aid Credit Fund may only be used to defend potential sales by United States companies to a project that is environmentally sound.

(VII) The Tied Aid Credit Fund may be used to preemptively counter potential foreign tied aid offers without triggering foreign tied aid use.

(ii) PROCESS.—In handling individual applications involving the use or potential use of the Tied Aid Credit Fund the following process shall exclusively apply pursuant to subparagraph (A):

(I) The Bank shall process an application for tied aid in accordance with the principles and

standards developed pursuant to subparagraph (A) and clause (i) of this subparagraph.

(II) Twenty days prior to the scheduled meeting of the Board of Directors at which an application will be considered (unless the Bank determines that an earlier discussion is appropriate based on the facts of a particular financing), the Bank shall brief the Secretary on the application and deliver to the Secretary such documents, information, or data as may reasonably be necessary to permit the Secretary to review the application to determine if the application complies with the principles and standards developed pursuant to subparagraph (A) and clause (i) of this subparagraph.

(III) The Secretary may request a single postponement of the consideration by the Board of Directors of the application for up to 14 days to allow the Secretary to submit to the Board of Directors a memorandum objecting to the application.

(IV) Case-by-case decisions on whether to approve the use of the Tied Aid Credit Fund shall be made by the Board of Directors, except that the approval of the Board of Directors (or a commitment letter based on that approval) shall not become final (except as provided in subclause (V)), if the Secretary indicates to the President of the Bank in writing the Secretary's intention to appeal the decision of the Board of Directors to the President of the United States and makes the appeal in writing not later than 20 days after the meeting at which the Board of Directors considered the application.

(V) The Bank shall not grant final approval of an application for any tied aid credit (or a commitment letter based on that approval) if the President of the United States, after consulting with the President of the Bank and the Secretary, determines within 30 days of an appeal by the Secretary under subclause (IV) that the extension of the tied aid credit would materially impede achieving the purposes described in subsection (a)(6). If no such Presidential determination is made during the 30-day period, the approval by the Bank of the application (or related commitment letter) that was the subject of such appeal shall become final.

(C) INITIAL PRINCIPLES, PROCESS, AND STANDARDS.—As soon as is practicable but not later than 6 months after the date of the enactment of this paragraph, the Secretary and the Bank shall submit to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a copy of the principles, process, and standards developed pursuant to subparagraph (A).

(D) TRANSITIONAL PRINCIPLES AND STANDARDS.—The principles and standards set forth in subparagraph (B)(i) shall govern the use of the Tied Aid Credit Fund until the principles, process, and standards required by subparagraph (C) are submitted.

(E) UPDATE AND REVISION.—The Secretary and the Bank jointly should update and revise, as needed, the principles, process, and standards developed pursuant to subparagraph (A), and, on doing so, shall submit to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a copy of the principles, process, and standards so updated and revised.

(6) RECONSIDERATION OF DECISIONS.—

(A) IN GENERAL.—Taking into consideration the time sensitivity of transactions, the Board of Directors of the Bank shall expeditiously pursuant to paragraph (2) reconsider a decision of the Board to deny an application for the use of the Tied Aid Credit Fund if the applicant submits the request for reconsideration within 3 months of the denial.

(B) PROCEDURAL RULES.—In any such reconsideration, the applicant may be required to provide new information on the application.

(c) TIED AID CREDIT FUND.—

(1) IN GENERAL.—There is hereby established within the Bank a fund to be known as the “Tied Aid Credit Fund” (hereinafter in this section referred to as the “Fund”), consisting of such amounts as may be appropriated to the Fund pursuant to the authorization contained in subsection (e).

(2) EXPENDITURES FROM FUND.—Amounts in the Fund shall be available for grants made by the Bank under the tied aid credit program established pursuant to subsection (b) and to reimburse the Bank for the amount equal to the concessionality level of any tied aid credits authorized by the Bank.

(d) CONSISTENCY WITH ARRANGEMENT.—Any export financing involving the use of a grant under the tied aid credit program shall be consistent with the procedures established by the Arrangement, as in effect at the time such financing is approved.

(e) AUTHORIZATION.—There are authorized to be appropriated to the Fund such sums as may be necessary to carry out the purposes of this section. Such sums are authorized to remain available until expended.

(f) NONREVIEWABILITY.—No action taken under this section shall be reviewable by any court, except for abuse of discretion.

(1) IN GENERAL.—The Bank, in consultation with the Secretary, shall submit an annual report on tied aid credits to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.

(2) CONTENTS OF REPORTS.—Each report required under paragraph (1) shall contain a description of—

(b) LIMITATIONS ON AMOUNT OF RISK-SHARING.—

(1) PER CONTRACT OR OTHER ARRANGEMENT.—The aggregate amount of liability the Bank may transfer through risk-sharing pursuant to a contract or other arrangement entered into under subsection (a) may not exceed **[\$1,000,000,000]** *\$2,000,000,000*.

(2) PER YEAR.—The aggregate amount of liability the Bank may transfer through risk-sharing during a fiscal year pursuant to contracts or other arrangements entered into under subsection (a) during that fiscal year may not exceed *\$10,000,000,000*.

[(c) ANNUAL REPORTS.—Not later than 1 year after the date of the enactment of this Act, and annually thereafter through 2019, the Bank shall submit to Congress a written report that contains a detailed analysis of the use of the pilot program carried out under subsection (a) during the year preceding the submission of the report.

(2) Including larger exposures where the possibility of default raises overall portfolio risk for the Agency.

(3) Excluding transactions from the pool that are covered by first-loss protection.

(4) Excluding transactions from the pool that are collateralized at a rate greater than standard market practice.

(5) Diversifying reinsurance pools by industry and other appropriate factors.

MINORITY VIEWS

Committee Republicans support American businesses of all size that fuel our economy and create jobs. We also recognize the challenges of competing in a 21st century global market that has changed dramatically over the last decade. Committee Republicans understand that in order to compete in the global market, American exporters need tools and resources to be competitive. H.R. 3407, the Waters McHenry bipartisan bill, would provide American exporters with such tools and resources.

Rather than pursue a bipartisan path, Committee Democrats forced the Chair to abandon this agreement and instead move H.R. 4863, a partisan bill that has no chance of moving in the Senate or being enacted into law.

H.R. 4863 does nothing to address China's growing dominance in the global market nor does it ensure that the Export Import Bank will implement the needed reforms to ensure that it operates effectively. In fact, the bill received bipartisan opposition in Committee.

Republican Substitute

During the markup, Representative Rigglesman offered and Committee Republicans supported unanimously an amendment that would have restored the Waters-McHenry agreement. This is significant given that Ex-Im's previous reauthorization in 2015 produced nearly equal levels of support and opposition among Republican Members. Unlike the actual text of H.R. 4863, the Republican substitute serves as a blueprint for a future bipartisan reauthorization of the Ex-Im Bank.

The Republican alternative to H.R. 4863 would have provided long-term certainty to Ex-Im, focused the Bank on the technological exports of the future, strengthened its accountability to the public, and aligned Ex-Im more effectively with the national security interests of the United States. In particular, the Republican substitute would have accomplished the following:

- (1) Reauthorize the Bank for seven years and gradually raise its overall authority to \$175 billion
- (2) Starting in fiscal year 2023, raise the minimum level of Bank support for U.S. small business exports from 25 percent to 30 percent
- (3) Strengthen debarment penalties for fraud and corruption
- (4) Require the Secretary of the Treasury to redouble U.S. efforts to negotiate the global reduction of export subsidies
- (5) Improve Ex-Im's lender-of-last-resort documentation and economic impact analyses
- (6) Devote 20 percent of Ex-Im's assistance to prioritize cutting-edge technologies (including biotechnology, wireless communications, and semiconductors) and to neutralize Chinese export subsidies for any goods or services

(7) Prohibit large authorizations of Ex-Im assistance benefiting companies owned or controlled by the Chinese government, if those companies are involved in the following:

- Chinese military and intelligence operations
- China's Belt and Road Initiative
- Human rights abuses and corruption
- Intellectual property theft and illicit technology transfer

The fact that this substitute amendment garnered unanimous Republican support highlights that the bipartisan agreement reached between Chairwoman Waters and Ranking Member McHenry represented a commonsense, reform-minded reauthorization around which Ex-Im's supporters and skeptics alike can coalesce. Instead of pursuing this path, Democrats chose to delete reforms from its bill, allowing Ex-Im assistance to be channeled to the Chinese government, and opening the Bank up to future abuse by administrations serving narrow environmental interests.

H.R. 4863 represents a missed opportunity to legislate responsibly and will fail to secure a long-term reauthorization for Ex-Im. By pursuing a partisan approach, Committee Democrats do a disservice to the Bank and to American exporters. Instead of celebrating the passage of bipartisan legislation that could become law, the Democrat's failure necessitates a discussion on how to ensure that the Bank's authorities do not lapse on November 21, 2019. To that end, Republicans stand ready to work with Democrats once this unnecessarily partisan exercise concludes.
