RE P O R T

[To accompany H.R. 2427]

[Including cost estimate of the Congressional Budget Office]

The Committee on Natural Resources, to whom was referred the bill (H.R. 2427) to amend the Chesapeake Bay Initiative Act of 1998 to reauthorize the Chesapeake Bay Gateways and Watertrails Network, having considered the same, report favorably thereon with an amendment and recommend that the bill as amended do pass.

The amendment is as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.
This Act may be cited as the “Chesapeake Bay Gateways and Watertrails Network Reauthorization Act of 2019”.

SEC. 2. REAUTHORIZATION OF CHESAPEAKE BAY GATEWAYS AND WATERTRAILS NETWORK.
Section 502(c) of the Chesapeake Bay Initiative Act of 1998 (54 U.S.C. 320101 note; Public Law 105–312) is amended by striking “2019” and inserting “2025”.

PURPOSE OF THE BILL

The purpose of H.R. 2427 is to amend the Chesapeake Bay Initiative Act of 1998 to reauthorize the Chesapeake Bay Gateways and Watertrails Network.

BACKGROUND AND NEED FOR LEGISLATION

The Chesapeake Bay Gateways and Watertrails Network (Network) is a state, local, and federal partnership established by the
Chesapeake Bay Initiative Act of 1998 to help the National Park Service (NPS) and its partners connect people to the Chesapeake Bay and its tributaries. The Network is comprised of a system of more than 170 sites throughout the Chesapeake Bay Watershed that highlight historical interactions between people and the Chesapeake Bay area.

Since its establishment, the Network has been critical for expanding public access to the Chesapeake Bay and supports enhanced interpretation, education, youth employment, and recreation associated with the Chesapeake Bay and its tributaries. Of the 11,684 miles of shoreline in the Chesapeake Bay, 98% is privately owned—limiting opportunities for the public to enjoy and experience the region’s natural, cultural, and historic resources.

H.R. 2427 seeks to ensure that this vital program continues to promote public access to the region by extending the authorization of the Chesapeake Bay Gateways and Watertrails Network from 2019 to 2025. The Network, originally authorized through 2003, has been reauthorized several times.

COMMITTEE ACTION

H.R. 2427 was introduced on May 1, 2019, by Representative John Sarbanes (D–MD). The bill was referred solely to the House Committee on Natural Resources, and within the Committee to the Subcommittee on National Parks, Forests, and Public Lands. The Subcommittee held a hearing on the bill on May 22, 2019. On June 19, 2019, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. Chair Raul Grijalva (D–AZ) offered an amendment that was agreed to by voice vote. No additional amendments were offered, and the bill, as amended, was ordered favorably reported to the House of Representatives by voice vote.

HEARINGS

For the purposes of section 103(i) of H. Res. 6 of the 116th Congress—the following hearing was used to develop or consider H.R. 2427: legislative hearing by the Subcommittee on National Parks, Forests, and Public Lands held on May 22, 2019.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

- Contains private-sector mandate? No

H.R. 2427 would authorize the appropriation of $3 million annually for the National Park Service's (NPS's) Chesapeake Bay Gateways and Watertrails Network grant program from 2020 through 2025. Under current law, that authorization expires at the end of 2019. In 2018 and 2019, the NPS allocated about $2 million each year for the program. Assuming appropriation of the authorized amounts, CBO estimates that implementing H.R. 2427 would cost $13 million over the 2019–2024 period and $5 million after 2024.

The costs of the legislation (detailed in Table 1) fall within budget function 300 (natural resources and environment).
