EXTENSION ACT

NOVEMBER 13, 2019.—Committed to the Committee of the Whole House on the
State of the Union and ordered to be printed

Mr. GRIJALVA, from the Committee on Natural Resources,
submitted the following

R E P O R T

[To accompany H.R. 925]

[Including cost estimate of the Congressional Budget Office]

The Committee on Natural Resources, to whom was referred the bill (H.R. 925) to extend the authorization of appropriations for allocation to carry out approved wetlands conservation projects under the North American Wetlands Conservation Act through fiscal year 2024, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

The purpose of H.R. 925 is to extend the authorization of appropriations for allocation to carry out approved wetlands conservation projects under the North American Wetlands Conservation Act through fiscal year 2024.

BACKGROUND AND NEED FOR LEGISLATION

The North American Wetlands Conservation Act (NAWCA) is a partnership-based program that leverages non-federal funds to protect and restore wetlands and associated habitats.¹ NAWCA is one of the most cost-effective conservation programs: each federal dollar invested in NAWCA over the program's lifetime has been matched by more than three dollars from non-federal partners at the local

and state level, including corporations, private landowners, and non-profits.²

This bill would reauthorize NAWCA for five years at \$60 million per year. The authorization for NAWCA expired at the end of FY 2012, but appropriators have continued to fund the program annually, most recently at \$42 million for fiscal year 2019.

COMMITTEE ACTION

H.R. 925 was introduced on January 30, 2019, by Representative Mike Thompson (D-CA). The bill was referred solely to the Committee on Natural Resources, and within the Committee to the Subcommittee on Water, Oceans, and Wildlife. On September 24, 2019, the Subcommittee held a hearing on the bill. On September 25, 2019, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. No amendments were offered, and the bill was adopted and ordered favorably reported to the House of Representatives by a roll call vote of 26 yeas and 9 nays, as follows:

COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

1. *Cost of Legislation and the Congressional Budget Act.* With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, the Committee has received the following estimate for the bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, September 30, 2019.

Hon. RAÚL M. GRIJALVA,
*Chairman, Committee on Natural Resources,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 925, the North American Wetlands Conservation Extension Act.

H.R. 925, North American Wetlands Conservation Extension Act			
As ordered reported by the House Committee on Natural Resources on September 25, 2019			
By Fiscal Year, Millions of Dollars	2020	2020-2024	2020-2029
Direct Spending (Outlays)	0	0	0
Revenues	0	0	0
Increase or Decrease (-) in the Deficit	0	0	0
Spending Subject to Appropriation (Outlays)	15	195	300

Increases on-budget deficits in any of the four consecutive 10-year periods beginning in 2030?	No	Contains intergovernmental mandate?	No
		Contains private-sector mandate?	No

H.R. 925 would authorize the appropriation of \$60 million annually over the 2020–2024 period for the U.S. Fish and Wildlife Service (USFWS) to carry out the North American Wetlands Conservation Act. Under that act, USFWS awards competitive grants for projects to conserve wetlands in the United States, Canada, and Mexico. In 2019, the agency received an appropriation of \$42 million to carry out those activities.

Assuming appropriation of the authorized amounts, and based on historical spending patterns for the program, CBO estimates that implementing H.R. 925 would cost \$195 million over the 2020–2024 period and \$105 million after 2024.

The costs of the legislation (detailed in Table 1) fall within budget function 300 (natural resources and environment).
