Page 7, after line 5, insert the following new paragraph:

(9) The Paris Agreement has driven innovation in developing
cleaner, more reliable, and more affordable forms of energy,
demonstrating that addressing climate change and providing
affordable energy to American consumers are not mutually ex-
clusive. The Paris Agreement encouraged the United States to
develop a Mid-Century Strategy for Deep Decarbonization,
which was submitted on November 16, 2016. The Mid-Century
Strategy for Deep Decarbonization stated that “energy effi-
ciency improvements enable the energy system to provide the
services we need with fewer resources and emissions. Over the
past several years, the United States has demonstrated that
programs and standards to improve the energy efficiency of
buildings, appliances and vehicles can cost-effectively cut car-
bon pollution and lower energy bills, while maintaining signifi-
cant support from U.S. industry and consumers.”
