The resolution provides that at any time through the legislative day of Friday, July 30, 2021, the Speaker may entertain motions offered by the Majority Leader or a designee that the House suspend the rules with respect to multiple measures that were the object of motions to suspend the rules on the legislative days of July 26 or 27, 2021, and on which the yeas and nays were ordered and further proceedings postponed. EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of the bill includes:

- Section 306 of the Congressional Budget Act, which prohibits consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee.
- Clause 10 of rule XXI, which prohibits consideration of a measure that has a net effect of increasing the deficit or reducing the surplus over the five- or 10-year period

The waiver of all points of order against the provisions of the bill, as amended, includes:

- Clause 2(a) of rule XXI, which prohibits unauthorized appropriations or legislative provisions in an appropriations bill.
- Clause 2(c) of rule XXI, which prohibits consideration of amendments to an appropriations bill if it changes existing law.

The waiver of all points of order against the amendments printed in part B of this report or against amendments en bloc described in section 3 of the resolution includes a waiver of clause 2(c) of rule XXI, which requires that limitation amendments be offered at the end of the bill. The waiver is necessary because the limitation amendments printed in this report will be offered at the end of each division. It should be noted that sponsors of such amendments

complied with Rules Committee guidance when drafting amendments to the end of divisions rather than the end of the bill.
