Committee Consideration

On Saturday, September 25, 2021, the Committee met in open session and ordered the bill, H.R. 5376 favorably reported, without amendment, by a roll call vote of 20 ayes to 17 noes, a quorum being present.

Committee Oversight Findings and Recommendations

Clause 3(c)(1) of rule XIII of the Rules of the House of Representatives requires the report of a committee on a measure to contain oversight findings and recommendations required pursuant to Clause (2)(b)(1) of rule X. The Committee on the Budget has examined its activities over the past session and has determined that there are no specific oversight findings in the text of the reported bill.

Committee Estimate of Budgetary Effects

Pursuant to 3(c)(2) of rule XIII of the Rules of the House of Representatives, the Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974. The required matter is included in the report language for each title of the legislative recommendations submitted by the appropriate instructed committees and reported to the House by the Committee on the Budget. The Committee has requested but not received from the Director of the Congressional Budget Office a cost estimate for the consolidated provisions.
New Budget Authority and Cost Estimate Prepared by the Congressional Budget Office

Pursuant to clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, and pursuant to clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has requested but not received a statement as to whether these consolidated provisions contain any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.

Federal Mandates Statement

Section 423 of the Congressional Budget and Impoundment Control Act of 1974 requires a statement of whether the provisions of the reported bill include unfunded mandates. Duplication of Federal Programs

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, no provision of the legislation is known to be duplicative of another Federal program, including any program that was included in a report to Congress pursuant to section 21 of Public Law 111–139 or the most recent Catalog of Federal Domestic Assistance.

Statement of General Performance Goals and Objectives

This bill is reported pursuant to Title II of S. Con. Res. 14, the Concurrent Resolution on the Budget for Fiscal Year 2022. Pursuant to Clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the goals and objectives of this bill are to close the gaps in our economy and society with investments in crucial priorities, including education, child care, paid family and medical leave, affordable housing, and investments in improving public health to create good jobs to ensure American competitiveness and prosperity for generations to come. Invest in children and families, education, toward an inclusive and strong economic recovery.

In accordance with Clause 9 of rule XXI of the Rules of the House of Representatives, the bill does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in Clause 9(e), 9(f), or 9(g) of rule XXI of the Rules of the House of Representatives.

Section–by–Section Analysis

This matter is included in the report language for each title of the legislative recommendations submitted by the appropriate instructed committees and reported to the House by the Committee on the Budget.

Changes in Existing Law Made by the Bill, as Reported

Clause 3(e) of rule XIII of the Rules of the House of Representatives requires that each report of a committee on a bill or joint resolution contain the text of statutes that are proposed to be repealed and a comparative print of that part of the bill proposed to be amended whenever the bill repeals or amends any statute. A comparative print of changes in existing law made by the reconciliation bill reported by the Committee on the Budget has been requested but not received.

Views of Committee Members

Clause 2(c) of rule XIII of the Rules of the House of Representatives requires each report by a committee on a public matter to include any additional, minority, supplemental, or dissenting views submitted pursuant to Clause 2(l) of rule XI by one or more members of the committee. In addition, this report includes views from members of committees submitting reconciliation recommendations pursuant to Title II of S. Con. Res. 14 under the appropriate titles or subtitles of this report. The Minority Views of members of the Committee on the Budget are as follows:
MINORITY VIEWS

Committee approval of this bill is misguided and misleading. After failing for months to adopt a budget in a timely manner, Democrats moved quickly when it suited their agenda to adopt a fiscal year (FY) 2022 budget resolution solely to trigger the reconciliation process to enact a partisan, reckless tax and spending spree, which currently calls for $4.3 trillion in new spending, $2.1 trillion in tax increases, and will increase the federal debt by $2.4 trillion (including $200 billion in net interest). Estimated, because at the date of consideration by the Committee on the Budget, only four of the 13 cost estimates were available equating to only one percent of the bill having been scored by the Congressional Budget Office (CBO). Due to the nature of the reconciliation process, the role of the Budget Committee, and Senate procedures, this bill will likely be radically amended, disregarding the numerous hours of work across the 13 House authorizing committees and Members. For example, it has been confirmed that major provisions in this bill, such as granting amnesty to millions of illegal immigrants, violate the Senate's Byrd Rule. Additionally, as many as six of the 13 House authorizing committees have spent more than authorized by their respective reconciliation instructions. In other words, the bill considered by the Budget Committee is disingenuous and clearly an attempt by Congressional Democrats to abuse the process and push through an agenda in a nontransparent way that will ultimately be rewritten by Democrat Leadership after the Budget Committee markup in an effort to buy off votes for a bill harmful to the American people.

It is also disconcerting that Democrats decided to use the reconciliation process to push through a massive tax and spending bill before first addressing the current budget crisis facing the nation—the debt limit. The debt limit suspension expired on August 1, 2021 and the U.S. Department of the Treasury projects extraordinary measures will be exhausted by mid-to-late October. Instead of addressing the debt limit to avoid default—an imminent threat—Democrats are focused entirely on enacting a bill, as currently drafted and considered by the Budget Committee, that adds $4.3 trillion in new spending, $2.1 trillion in tax increases, and will increase the federal debt by $2.4 trillion. This is why Committee Republicans offered a motion to postpone the markup by 48 hours—to provide Congressional Democrats additional time to draft the amendment needed to the FY 2022 budget resolution to include reconciliation instructions to address the debt limit. Before the Budget Committee's markup, Ranking Member Smith also sent a letter to Chairman Yarmuth requesting that the Committee use its markup as an opportunity to also amend the FY 2022 budget resolution to address the debt limit through the reconciliation process.
This letter and Committee Republicans’ motion to postpone were an effort to ensure Democrats have the necessary tools to address the current crisis facing them, given they are the controlling party of government, before enacting trillions of dollars in new spending. Unfortunately, Democrats rejected this motion to postpone.

Democrats are not only failing to utilize the budget process to address the debt limit but are acting quickly to enact the most expensive piece of legislation in American history, in a rash and non-transparent manner. CBO has yet to publish a comprehensive cost estimate of this legislation, leaving the Budget Committee, which serves as the House of Representatives’ scorekeeper, unable to determine whether the legislation complies with the FY 2022 budget resolution’s reconciliation instructions. In fact, 99 percent of the bill’s cost was not scored by CBO at the time of the markup. Moreover, there is bipartisan and bicameral support for Congressional Democrats to pause consideration of this legislation until a comprehensive analysis is provided on the actual budgetary and economic impacts of this legislation.

The lack of a complete cost estimate has deprived this Committee and Members of Congress a full accounting of this legislation’s proposed spending and tax increases. This bill is the most expensive piece of legislation in the history of the United States—its price tag amounts to five times America’s annual defense budget, eight times the cost of building the interstate highway system, nearly five times annual Medicare spending to support seniors, 40 times the annual amount invested in veterans’ health care, and more than the gross domestic products (GDPs) of Canada and Mexico combined. This bill, combined with annual government funding and the $1.9 trillion Biden Bailout Bill enacted earlier this year, would increase yearly government spending by more than 73 percent each year for the next 10 years. This bill, if enacted, would bring total new spending approved within the past 18 months to more than the total combined wages of the American people. Upon enactment, Democrats will have added $13 trillion in new spending since they took control of the U.S. House of Representatives in 2019.

America currently faces an inflation crisis driven by Washington’s reckless spending. The prices of goods and services have increased seven percent on an annualized basis since Joe Biden became President, the highest since Carter-era policies. It is a serious disservice to policymakers and the American people to debate legislation without first confirming the impact the bill will have on inflation, a tax on all Americans. This is particularly true given the bill as considered by the Budget Committee calls for an additional $4.3 trillion in new spending and will increase the federal debt by $2.4 trillion, which will likely sustain, or even exacerbate, the current inflation crisis. An additional $2.1 trillion in taxes will also lead to higher prices, as part of these taxes will undoubtedly be passed on to consumers in the prices they pay for goods and services.

Not only is the spending magnitude of this bill unprecedented, but the spending priorities are seriously misguided. A vast majority of the spending in this bill consists of the Democrats’ far-left wish list items. These include: $7.5 billion to create a Civilian Climate Corps to promote the Green New Deal; $2 billion for job training
in “climate change” careers; more than $150 million on “species protection;” $4 million for the President to establish an “environmental justice initiative;” $27.5 billion for a new climate financing “green bank;” $6.8 billion in housing grants available to felons convicted of domestic violence or hate crimes; more than $100 billion for amnesty to 10 million illegal immigrants—making them eligible for benefits; and countless tax breaks and handouts to the wealthy, including, but not limited to, $42.3 billion in tax credits for the wealthy to purchase electric vehicles, $28,000 in taxpayer-funded paid leave benefits for households making $500,000 a year, $1,200 average monthly child care subsidy for a family of four making $200,000 a year, and $10,000 more in Obamacare premium tax credits for families making more than $200,000 per year than for families making $50,000 per year.

This bill includes historic tax increases on Americans totaling $2.1 trillion. This is the largest tax increase in American history and would lead to the highest sustained tax burden as a share of the economy. The policies included in this bill break President Biden’s promise to not raise taxes on families making less than $400,000 per year. The nonpartisan Joint Committee on Taxation (JCT) released an analysis confirming that this legislation will in fact increase the tax burden on low- and middle-income Americans. It contains $1.1 trillion in new taxes on American families and small businesses, including $54.3 billion in tax increases on grieving families with an enhanced death tax, a $78 billion tax hike on America’s small businesses by limiting the 20 percent small business deduction, and a $96.8 billion tax increase on low- and middle-income Americans with 77 percent of the regressive tobacco tax falling on individuals making less than $100,000 a year.

This bill creates approximately $1 trillion in new taxes on American job creators to drive jobs overseas, which JCT has confirmed will overwhelmingly hit low- and middle-income Americans with two-thirds of the tax increase falling on them. The combined federal-state tax rate would make the tax burden on America’s main street businesses higher than Europe or communist China.

Committee Republicans offered 16 motions to instruct, to stand up for federalism, transparency, communities in need, American taxpayers, the sanctity of life, and working families in general, including:

- A motion offered by Representative Smith (MO) to cancel handouts and tax cuts for the wealthy.
- A motion offered by Representative Kelly (MS) to protect the agriculture industry from a new methane fee.
- A motion offered by Representative McClintock (CA) to stop amnesty for illegal immigrants.
- A motion offered by Representative Grothman (WI) to put American students first.
- A motion offered by Representative Smucker (PA) to protect America’s farmers and small businesses from ruinous tax hikes.
- A motion offered by Representative Jacobs (NY) to help tenants stay in their homes while preserving affordable housing.
- A motion offered by Representative Burgess (TX) to protect access to life-saving treatments, cures, and medical innovation.
A motion offered by Representative Cline (VA) to uphold President Biden's pledge that no American earning less than $400,000 will shoulder the burden of the tobacco tax.

A motion offered by Representative Carter (GA) to ensure states' rights in administering their health care programs.

A motion offered by Representative Boebert (CO) to prioritize funding for combatting wildfires and hurricane relief instead of earmarks for Speaker Pelosi and other Democrat pet projects.

A motion offered by Representative Donalds (FL) to stop the weaponization of the Internal Revenue Service (IRS) to target American taxpayers.

A motion offered by Representative Feenstra (IA) to provide CBO time to analyze the remaining 99 percent of the Democrats' proposal that has yet to be scored and ensure Congress and the American people have a clear understanding of the true impact of the legislation.

A motion offered by Representative Good (VA) to prevent taxpayer dollars from being used to fund abortion services.

A motion offered by Representative Hinson (IA) to prevent subsidies for the wealthy to purchase luxury electric vehicles.

A motion offered by Representative Obernolte (CA) to focus Congressional attention on how to reduce spending.

A motion offered by Representative Miller (WV) to prevent tax increases on Americans making less than $400,000 per year.

None of these motions were adopted, but several received bipartisan support, including motions that would protect America's farmers and small businesses from ruinous tax hikes, ensure that no American earning less than $400,000 will shoulder the burden of the tobacco tax, and stop the weaponization of the IRS in targeting American taxpayers. Additionally, there was bipartisan opposition to the bill in the Budget Committee. With a government shutdown approaching in less than a week, now is the time for Congressional Democrats to refocus their priorities and put forth policies and solutions that will help American families and address the many crises this country is facing.

“(b) STATE SHARE.—
“(1) FORMULA.—
“(A) IN GENERAL.—The State share of a grant under this subpart for each award year shall be the amount needed to pay the applicable percent described in subparagraph (B) of the median resident community college tuition and fees in all States, not weighted for enrollment, per student (based on full-time equivalent enrollment) determined in accordance with subsection (a)(1)(A)(i) for all eligible students enrolled in a community college operated or controlled by the State for such award year.

“(E) Special rule for outlying areas and territories.—

“(i) In general.—If the Secretary determines that requiring an outlying area or territory to provide a State share in accordance with this subsection would represent a substantial hardship for the outlying area or territory, the Secretary may reduce or waive the State share for such area or territory. If the Secretary so reduces or waives the amount of the State share of an outlying area or territory, the Secretary shall increase the applicable percent used to calculate the Federal share for such area or territory, in proportion to the reduction in the applicable percent used to calculate such State share.

“(A) any financial aid that is provided from State funds to an eligible student and that—

“(i)(I) is not awarded predominantly on the basis of merit, including programs awarded on the basis of predicted or actual academic performance or assessments; and

“(2) ADJUSTMENT OF GRANT AMOUNT.—For each year for which a State or eligible Tribal College or University receives a grant under this subpart, the Secretary shall, once final enrollment data for such year are available—

(3) ALLOTMENTS.—For each State described in paragraph (2), the Secretary shall allot for the State an amount that bears the same relationship to the funds reserved under subsection (b)(2)(F) as the number of low-income young children in the State bears to the total of all such children in States described in paragraph (2).

(4) APPLICATION.—To receive a grant from the corresponding State allotment under this subsection, an eligible locality shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require. (2) WAIVER.—The Secretary, in collaboration with the Secretary of Education, may waive the requirements of paragraph (1) if—
   (A) the Secretaries determine that a waiver would be appropriate due to a precipitous decline in the financial resources of a State as a result of unforeseen economic hardship, or a natural disaster, that has necessitated across-the-board reductions in State services during the 5-year period preceding the date of the determination, including for early childhood education programs; or
   (B) due to the circumstance of a State requiring reductions in specific programs, including early childhood education, the State presents to the Secretaries a justification and demonstration why other programs could not be reduced and how early childhood education programs in the State will not be disproportionately harmed by such State reductions.

(h) SUPPLEMENT NOT SUPPLANT.—Funds received under this section shall be used to supplement and not supplant other Federal, State, and local public funds expended on early childhood education programs in the State.

(i) NONDISCRIMINATION PROVISIONS.—The following provisions of law shall apply to any program or activity that receives funds provided under this section:
