## PURPOSE OF THE BILL

The purpose of H.R. 3113 is to require the Secretary of the Interior, the Secretary of Agriculture, and the Assistant Secretary of the Army for Civil Works to digitize and make publicly available geographic information system mapping data relating to public access to Federal land and waters for outdoor recreation.

## BACKGROUND AND NEED FOR LEGISLATION

H.R. 3113 would help enhance access to the nation's outdoor recreational opportunities by digitizing and standardizing mapping information, such as access points and permissible uses, of federal public lands.

Specifically, the bill directs federal land management agencies and the U.S. Army Corps of Engineers to jointly develop and adopt interagency standards to ensure compatibility and interoperability among federal databases for the collection and dissemination of outdoor recreation data related to federal lands. The bill stipulates that maps must be digitized and published with geographic information system (GIS) mapping data that includes:

- federal interests, including easements and rights-of-way, in private land, that are open to public recreational use;
- status information as to whether roads and trails on federal land are open or closed;
- the dates on which such roads and trails are seasonally opened and closed;
- the types of vehicles and recreational uses allowed on each segment of such roads and trails;
- the boundaries of areas on federal land where hunting or recreational shooting is regulated or closed; and
- the boundaries of any portion of a body of water on federal land that is closed to entry, is closed to watercraft, or has horsepower limitations for watercraft.

The bill would require biennial updates to the available data.

Currently, more than 9.52 million acres of land in the American West lack permanent and legal access points for public use, and information on these lands is still kept on paper files. H.R. 3113 would build upon the investments made in the John D. Dingell, Jr. Conservation, Management, and Recreation Act (P.L. 116–9) and the Great American Outdoors Act (P.L. 116–152) to help ensure that hunters, anglers, and all Americans can more easily find information and resources to help facilitate public lands access.

## COMMITTEE ACTION

H.R. 3113 was introduced on May 11, 2021, by Representative Blake Moore (R-UT). The bill was referred to the Committee on Natural Resources, and in addition to the Committee on Agriculture and the Committee on Transportation and Infrastructure. Within the Committee on Natural Resources, the bill was referred to the Subcommittee on National Parks, Forests, and Public Lands and the Subcommittee on Water, Oceans, and Wildlife. On June 8, 2021, the Subcommittee on National Parks, Forests, and Public Lands held a hearing on the bill. On July 14, 2021, the Natural Resources Committee met to consider the bill. The Subcommittees were discharged by unanimous consent. Rep. Moore offered an amendment designated Moore #1. The amendment was agreed to by unanimous consent, and the bill, as amended, was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

## HEARINGS

For the purposes of clause 3(c)(6) of House Rule XIII, the following hearing was used to develop or consider this measure: hearing by the Subcommittee on National Parks, Forests, and Public Lands held on June 8, 2021.

## COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

## COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

U.S. CONGRESS,  
CONGRESSIONAL BUDGET OFFICE,  
*Washington, DC, September 15, 2021.*

Hon. RAÚL M. GRIJALVA,  
*Chairman, Committee on Natural Resources,  
House of Representatives, Washington, DC.*

For this estimate, CBO assumes that the legislation will be enacted by the end of calendar year 2021. Based on historical spending patterns for similar activities and assuming that the authorized amounts will be appropriated each year, CBO estimates that implementing H.R. 3113 would cost \$45 million over the 2021–2026 period.
