SEC. 7. SEVERABILITY.

If any provision of this Act, an amendment made by this Act, or the application of such provision or amendment to any person or circumstance is held to be unconstitutional, the remainder of this Act, the amendments made by this Act, and the application of such provision or amendment to any person or circumstance shall not be affected thereby.

Purpose and Summary

On March 11, 2021, Rep. David Cicilline (D-RI) introduced H.R. 1808, the “Assault Weapons Ban of 2021,” with 187 original cosponsors. This legislation prohibits the sale, manufacture, transfer, or possession of semiautomatic assault weapons and large capacity ammunition feeding devices (also known as “large capacity magazines”). Currently, there are no federal laws that restrict the sale of semiautomatic assault weapons or large capacity ammunition feeding devices.

Reducing the prevalence of these weapons and devices will reduce the lives lost to gun violence and make our communities safer. Semiautomatic assault weapons and large capacity ammunition feeding devices “result in more shots fired, more persons hit, and more wounds inflicted per victim than do attacks with other firearms.”¹ These weapons are designed to inflict wounds that are more lethal and injurious than the wounds inflicted by non-assault weapons. Criminals use large capacity ammunition feeding devices in 1-in-4 gun crimes. Moreover, in mass shootings, the average number of shots fired by a semiautomatic assault weapon with a large capacity ammunition feeding device is 29, but the average number of shots fired by a non-assault weapon without a large capacity ammunition feeding device is 15. For this reason, these weapons are often used when assailants target law enforcement officers as they overwhelm the firepower of a typical police sidearm.

Background and Need for the Legislation

I. THE 1994–2004 ASSAULT WEAPONS BAN

On September 13, 1994, President Bill Clinton signed the Violent Crime Control and Law Enforcement Act of 1994, which contained the Public Safety and Recreational Firearms Use Protection Act (popularly known as the “Federal Assault Weapons Ban of 1994” (FAWB)).² The FAWB made it “unlawful for a person to manufacture, transfer, or possess a semiautomatic assault weapon.”³ The FAWB defined the term “semiautomatic assault weapon” as any of the following weapons, including copies or duplicates: (1) Norinco,

Mitchell, and Poly Technologies Avtomat Kalashnikovs; (2) Action Arms Israeli Military Industries UZI and Galil; (3) Beretta AR70 (SC-70); (4) Colt AR-15; (5) Fabrique National FN/FAL, FN/LAR, and FNC; (6) SWD M-10, M-11, M-11/9, and M-12; (7) Steyr AUG; (8) INTRATEC TEC-9, TEC-DC9, and TEC-22; and (9) “revolving cylinder shotguns, such as (or similar to) the Street Sweeper and Striker 12.”⁴ The FAWB also prohibited semiautomatic rifles, semiautomatic pistols, and semiautomatic shotguns that had two or more military-style features—such as a “grenade launcher” and a “folding or telescoping stock.”⁵ This methodology for determining which unenumerated semiautomatic rifles, semiautomatic pistols, and semiautomatic shotguns constituted prohibited assault weapons is known as the “2-characteristics test.”⁶

The FAWB did not apply to any semiautomatic assault weapons that were lawfully possessed on or before the date of enactment (September 13, 1994).⁷ In addition, to accommodate firearms for shooting sports and self-defense, the FAWB specifically listed 660 models of guns that were exempted from the ban.⁸

The FAWB also amended the U.S. Code to make it “unlawful for a person to transfer or possess a large capacity ammunition feeding device.”⁹ The FAWB defined “large capacity ammunition feeding device” as a “magazine, belt, drum, feed strip, or similar device manufactured after the date of enactment of the Violent Crime Control and Law Enforcement Act of 1994 that has a capacity of, or that can be readily restored or converted to accept, more than 10 rounds of ammunition.”¹⁰ As with the exemption for semiautomatic assault weapons owned on or before the date of enactment, the FAWB created a safe harbor exemption for large capacity ammunition feeding devices that were lawfully owned on or before September 13, 1994.¹¹ Finally, the FAWB allowed for semiautomatic weapons and large capacity ammunition feeding devices for: (1) law enforcement; (2) security for nuclear materials as provided for under the Atomic Energy Act of 1954; (3) retired law enforcement personnel; and (4) semiautomatic weapons authorized by the Secretary of the Army.¹²

Research supports the efficacy of the assault weapons bans for reducing gun violence. Under the 1994–2004 ban, the number of deaths and injuries from mass public shootings was significantly

reduced.¹³ The likelihood of mass shooting deaths also fell by 70% when the FAWB was in effect.¹⁴ Research from the U.S. Department of Justice shows that criminals committed from 32% to 40% fewer gun crimes with assault weapons while the FAWB was in effect.¹⁵

Over time, the FAWB reduced the supply of large capacity ammunition feeding devices.¹⁶ Before the FAWB went into effect, large capacity ammunition feeding devices were used in 14% to 26% of guns crimes.¹⁷ After the FAWB's prohibition of large capacity ammunition feeding devices went into effect, mass shooting fatalities fell by 11% to 15%.¹⁸ In addition, when the large capacity ammunition feeding device ban was in place, there were 77% fewer injuries from guns.¹⁹ Similarly, after states enacted large capacity ammunition feeding device bans, fatalities by guns also fell by 38%.²⁰

While the ban achieved its intended effects in many respects, it was not without its shortcomings. The ban's 2-characteristics test made it fairly easy for the gun manufacturing industry to design firearms that were not prohibited under the ban, yet still functioned similarly to those prohibited assault weapons.²¹ For example, the manufacturer of the TEC-9 merely changed the design of the gun barrel on the TEC-9 and renamed the gun the AB-10 to comply with the FAWB.²² In addition, the FAWB did not prohibit assault weapons that were copycats of the assault weapons that were on the ban list.²³ Finally, individuals were able to retrofit their guns with devices that made the guns functionally indistinguishable from prohibited assault weapons.²⁴

The number of assault weapons and large capacity ammunition feeding devices that were grandfathered in under the FAWB also undermined the effectiveness of the ban.²⁵ When the FAWB went into effect in 1994, there were approximately 1.5 million assault weapons in the United States.²⁶ As might be expected, passage of

the legislation also caused the sale of assault weapons to surge before the FAWB went into effect.²⁷

II. GUN VIOLENCE AFTER THE EXPIRATION OF THE 1994–2004 ASSAULT WEAPONS BAN

Mass shootings have been deadlier since the expiration of the original assault weapons ban in 2004. The number of mass shooting deaths, defined as shootings that resulted in 4 or more deaths not counting the shooter,²⁸ substantially increased after the ban's expiration.²⁹ The total number of mass shooting deaths fell by 22% from the pre-FAWB time period of 1981 to 1993 compared with the FAWB time period of 1994 to 2004.³⁰ The total number of mass shooting deaths increased by 483% from when the FAWB was in force compared with the post-FAWB time period.³¹

Active shooter events tracked by the Department of Justice also became more frequent and more deadly after the ban expired. The Federal Bureau of Investigation (FBI) defines the term “active shooter” “as one or more individuals actively engaged in killing or attempting to kill people in a populated area.”³² The average number of active shooter incidents per year increased by 315% from 2000 to 2004 compared with 2005 to 2021.³³ When the FAWB was in place during the years of 2000 to 2004, the average number of active shooter incidents was 7.4 per year.³⁴ From 2005 to 2021, the average number of active shooter incidents was 23.3 per year.³⁵ The average number of people killed from active shooter incidents per year increased by 312% from the ban years of 2000–2004 compared with the post-ban period of 2005–2021.³⁶ From 2000 to 2004, the average number of people killed from active shooter incidents per year was 22.³⁷ But from 2005 to 2021, the average number of people killed from active shooter incidents was 68.7.³⁸

After the FAWB expired in 2004, the number of guns manufactured annually in the United States surged from approximately 3 million in 2004 to over 11 million in 2020.³⁹ In 2004 there were approximately 9 million FBI background checks for the purchase of

III. THE ASSAULT WEAPONS BAN OF 2022

Similar to the 1994 ban, H.R. 1808, the “Assault Weapons Ban of 2022,” prohibits the sale, manufacture, transfer, or possession of semiautomatic assault weapons and large capacity ammunition feeding devices. The bill avoids some of the shortcomings of the prior ban by using a 1-characteristic test to assess whether certain semiautomatic weapons are prohibited semiautomatic assault weapons, lists specific prohibited weapons, and prohibits copies of those weapons. The prohibition does not apply to the possession, sale, or transfer of any semiautomatic assault weapon lawfully possessed on the date of enactment (a grandfathered semiautomatic assault weapon). H.R. 1808 also allows for the transfer of grandfathered semiautomatic assault weapons through a federal firearms licensee following a background check using the National Instant Criminal Background Check System (NICS). Importantly, the bill requires that semiautomatic assault weapons be securely stored so that they are not accessible to those who are prohibited from possessing them. Finally, H.R. 1808 allows states to use Byrne Justice Assistance Grant funds for voluntary buyback programs for semiautomatic assault weapons and large capacity magazines.

Like its predecessor, the bill is intended to gradually reduce the prevalence of the deadliest tactical weapons, while containing numerous provisions that protect the rights of hunters, gun collectors, farmers, sport shooters, and those who use firearms for self-defense. H.R. 1808 exempts antique and most manually operated firearms and lists more than 2,200 firearms that are not affected by its prohibitions. Like the 1994–2004 ban, it includes exemptions for specific uses such as law enforcement (including retired service weapons), nuclear security, and testing authorized by the Attorney General. It also allows for temporary transfers without a background check for target shooting at a licensed target facility or established range.

Hearings

For the purposes of clause 3(c)(6)(A) of House rule XIII, the following hearing was used to consider H.R. 1808:

On May 20, 2021, the Subcommittee on Crime, Terrorism, and Homeland Security held a hearing on “An Unending Crisis: Essential Steps to Reducing Gun Violence and Mass Shootings.” The Subcommittee heard testimony from:

Committee Votes

In compliance with clause 3(b) of House rule XIII, the following rollcall votes occurred during the Committee's consideration of H.R. 1808:

1. An amendment by Mr. Roy to add an exemption to allow for the possession of a semiautomatic assault weapon by an individual who resides within 10 miles of an international border and is not otherwise prohibited from receiving a firearm was defeated by a rollcall vote of 14 to 24, with 1 Member voting present. Committee Oversight Findings

In compliance with clause 3(c)(1) of House rule XIII, the Committee advises that the findings and recommendations of the Committee, based on oversight activities under clause 2(b)(1) of House Rule X, are incorporated in the descriptive portions of this report.

Committee Estimate of Budgetary Effects

Pursuant to clause 3(d)(1) of House rule XIII, the Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974.

New Budget Authority and Congressional Budget Office Cost Estimate

Pursuant to clause 3(c)(2) of House rule XIII and section 308(a) of the Congressional Budget Act of 1974, and pursuant to clause 3(c)(3) of House Rule XIII and section 402 of the Congressional Budget Act of 1974, the Committee has requested but not received from the Director of the Congressional Budget Office a budgetary analysis and a cost estimate of this bill.

Duplication of Federal Programs

Pursuant to clause 3(c)(5) of House rule XIII, no provision of H.R. 1808 establishes or reauthorizes a program of the federal government known to be duplicative of another federal program.

Performance Goals and Objectives

The Committee states that pursuant to clause 3(c)(4) of House rule XIII, H.R. 1808 would decrease gun violence by restricting the importation, sale, manufacture, transfer, or possession of covered semiautomatic assault weapons and large capacity ammunition feeding devices. H.R. 1808 also requires the Attorney General to establish and maintain a record of semiautomatic assault weapons used in relation to a crime, the nature and circumstances of the crime involved, and the outcome of relevant criminal investigations and proceedings. The Attorney General is directed to make this record available to the general public and to annually submit this record to Congress.

Advisory on Earmarks

In accordance with clause 9 of House Rule XXI, H.R. 1808 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(d), 9(e), or 9(f) of House rule XXI.

Section-by-Section Analysis

The following discussion describes the bill as reported by the Committee.

Sec. 1. Short Title. Section 1 sets forth the short title of the bill as the “Assault Weapons Ban of 2022.”

Sec. 2. Definitions. Section 2 defines a “semiautomatic assault weapon.” A semiautomatic assault weapon includes semiautomatic

rifles that can accept a detachable magazine and have at least one of the following features: (1) a pistol grip; (2) a forward grip; (3) a folding, telescoping, or detachable stock; (4) a grenade launcher; (5) a barrel shroud; or (6) a threaded barrel. It also includes semiautomatic rifles that have a fixed magazine with the capacity to accept more than 15 rounds, except those that use an attached tubular device that only accepts .22 caliber rimfire ammunition.

A “semiautomatic assault weapon” includes parts or combinations of parts that are designed or function to accelerate the rate of fire of a semiautomatic firearm but not convert the semiautomatic firearm into a machinegun.

A “semiautomatic assault weapon” includes semiautomatic pistols that can accept a detachable magazine and have at least one of the following features: (1) a threaded barrel; (2) a second pistol grip; (3) a barrel shroud; (4) the capacity to accept a detachable magazine at some location outside of the pistol grip; (5) a semiautomatic version of an automatic firearm; (6) a maximum manufactured weight of 50 ounces or more when unloaded; or (7) a stabilizing brace or similar component. It also includes semiautomatic pistols with a fixed ammunition feeding device that has the capacity to accept more than 15 rounds.

A “semiautomatic assault weapon” includes semiautomatic shotguns that have the capacity to accept a detachable magazine or have a fixed magazine that has the capacity to accept more than 5 rounds and has at least one of the following (1) a folding, telescoping, or detachable stock; (2) a pistol grip or bird’s head grip; (3) a forward grip; or (4) grenade launcher. It also includes shotguns with a revolving cylinder.

A “semiautomatic assault weapon” includes approximately 200 specifically named semiautomatic firearms and their variants and all belt-fed semiautomatic firearms.

A “semiautomatic assault weapon” includes the frame or receiver of a rifle or shotgun described above.

Section 2 also defines “large capacity ammunition feeding device” to mean a magazine, belt, drum, feed strip, or similar device that has the capacity to accept more than 15 rounds and is not an attached tubular device that only accepts .22 caliber rimfire.

Section 2 also defines barrel shroud; detachable ammunition feeding device; fixed ammunition feeding device; folding, telescoping, or detachable stock; forward grip; permanently inoperable; pistol grip; threaded barrel; qualified law enforcement officer; grandfathered semiautomatic assault weapon; and belt-fed semiautomatic firearm.

Sec. 3. Restrictions on Assault Weapons and Large Capacity Ammunition Feeding Devices. Section 3 makes it unlawful for a person to import, sell, manufacture, transfer, or possess, in or affecting interstate commerce, a semiautomatic assault weapon.

The prohibition does not apply to the possession, sale, or transfer of any semiautomatic assault weapon lawfully possessed on the date of enactment (a grandfathered semiautomatic assault weapon). The prohibition does not apply to firearms that are manually operated by bolt, pump, lever, or slide action, except for shotguns with revolving cylinders. The prohibition does not apply to firearms that have been rendered permanently inoperable, antique firearms, or firearms only capable of firing rimfire ammunition.

The prohibition does not apply to the importation, manufacture, sale, transfer, or possession by the United States; departments or agencies of the United States; states; or departments, agencies, or political subdivisions of a state. The prohibition does not apply to sales, transfers, or possession by qualified law enforcement officers or campus law enforcement officers for purposes of law enforcement, whether on or off duty. The prohibition does not apply to importation, sale, or transfer under title I of the Atomic Energy Act. The prohibition does not apply to possession by law enforcement officers who retired in good standing and are not otherwise prohibited from receiving a firearm, if the firearm was sold or transferred upon retirement, or purchased or obtained for official use before retirement. The prohibition does not apply to the importation, sale, manufacture, transfer, or possession by a licensed manufacturer or licensed importer for testing or experimentation authorized by the Attorney General. Finally, the prohibition does not apply to more than 2,200 specifically-named and listed hunting and sporting firearms.

Section 3 requires the Attorney General to establish, maintain, and submit annually to Congress a record of any semiautomatic assault weapon used in relation to a crime under Federal or State law. This record shall also be available to the general public.

Section 3 makes it unlawful for a person to import, sell, manufacture, transfer, or possess, in or affecting interstate commerce, a large capacity ammunition feeding device. This prohibition does not apply to the importation, manufacture, sale, transfer, or possession by the United States; departments or agencies of the United States; states; or departments, agencies, or political subdivisions of a state. The prohibition does not apply to sales, transfers, or possession by qualified law enforcement officers or campus law enforcement officers for purposes of law enforcement, whether on or off duty. The prohibition does not apply to importation, sale, or transfer under title I of the Atomic Energy Act. The prohibition does not apply to possession by law enforcement officers who retired in good standing and are not otherwise prohibited from receiving ammunition if the ammunition is sold or transferred upon retirement or purchased or obtained for official use before retirement. The prohibition does not apply to the importation, sale, manufacture, transfer, or possession by a licensed manufacturer or licensed importer for testing or experimentation authorized by the Attorney General.

Section 3 makes it unlawful for any person, other than a licensed importer, licensed manufacturer, or licensed dealer, to store or keep a grandfathered semiautomatic assault weapon accessible to an individual prohibited from receiving or possessing a firearm unless the grandfathered semiautomatic assault weapon is carried on the person or locked by a secure gun storage or safety device that the prohibited individual cannot access.

Section 3 requires any semiautomatic assault weapon or large capacity ammunition feeding device manufactured after the date of enactment of this Act to be engraved or cast with both a serial number and the date of manufacture, and any other identification as prescribed by the Attorney General.

Section 3 amends 18 U.S.C. 924 to allow for the seizure and forfeiture of a large capacity ammunition feeding device if it is used in the commission of certain crimes, and to provide for the return

of the device and the awarding of attorney's fees upon acquittal or dismissal of charges.

Sec. 4. Penalties. Section 4 allows for violations of certain provisions of this Act to be punishable by fine, up to 5 years in prison, or both.

Sec. 5. Background Checks for Transfers of Grandfathered Semiautomatic Assault Weapons. Section 5 makes it unlawful to transfer a grandfathered semiautomatic assault weapon to an unlicensed person without first transferring the weapon to a licensed importer, manufacturer, or dealer to conduct a NICS background check. Section 5 exempts temporary possession for target shooting in a licensed target facility or range if the weapon is kept within the premises of the target facility or range and the transferee is not known to be a person prohibited from possessing the weapon.

Sec. 6. Use of Byrne Grants for Buy-Back Programs for Semiautomatic Assault Weapons and Large Capacity Ammunition Feeding Devices. Section 6 allows states and localities to use federal Byrne JAG grant funds to conduct a voluntary buy-back program for grandfathered assault weapons and large capacity ammunition feeding devices.

Sec. 7. Severability. Section 7 provides that if any provision, amendment, or application of the Act is held to be unconstitutional, the remainder of the Act will not be affected.

(A) the term “firearm” does not include the frame or receiver of any such weapon;

(B) the term “major component” means, with respect to a firearm, the barrel, the slide or cylinder, or the frame or receiver of the firearm; and

(i) constructed of, during the 12-month period beginning on the date of the enactment of this subsection, 3.7 ounces of material type 17–4 PH stainless steel in a shape resembling a handgun; and

(ii) suitable for testing and calibrating metal detectors:
Provided, however, That at the close of such 12-month period, and at appropriate times thereafter the Attorney General shall promulgate regulations to permit the manufacture, importation, sale, shipment, delivery, possession, transfer, or receipt of firearms previously prohibited under this subparagraph that are as detectable as a “Security Exemplar” which contains 3.7 ounces of material type 17–4 PH stainless steel, in a shape resembling a handgun, or such lesser amount as is detectable in view of advances in state-of-the-art developments in weapons detection technology.

(3) Under such rules and regulations as the Attorney General shall prescribe, this subsection shall not apply to the manufacture, possession, transfer, receipt, shipment, or delivery of a firearm by a licensed manufacturer or any person acting pursuant to a contract with a licensed manufacturer, for the purpose of examining and testing such firearm to determine whether paragraph (1) applies to such firearm. The Attorney General shall ensure that rules and regulations adopted pursuant to this paragraph do not impair the manufacture of prototype firearms or the development of new technology.

(4) The Attorney General shall permit the conditional importation of a firearm by a licensed importer or licensed manufacturer, for examination and testing to determine whether or not the unconditional importation of such firearm would violate this subsection.

(5) This subsection shall not apply to any firearm which—

(A) has been certified by the Secretary of Defense or the Director of Central Intelligence, after consultation with the Attorney General and the Administrator of the Federal Aviation Ad-

ministration, as necessary for military or intelligence applications; and

(B) is manufactured for and sold exclusively to military or intelligence agencies of the United States.

(C) firearms and ammunition move easily in interstate commerce and have been found in increasing numbers in and around schools, as documented in numerous hearings in both the Committee on the Judiciary the House of Representatives and the Committee on the Judiciary of the Senate;

(D) in fact, even before the sale of a firearm, the gun, its component parts, ammunition, and the raw materials from which they are made have considerably moved in interstate commerce;

(E) while criminals freely move from State to State, ordinary citizens and foreign visitors may fear to travel to or through certain parts of the country due to concern about violent crime and gun violence, and parents may decline to send their children to school for the same reason;

(F) the occurrence of violent crime in school zones has resulted in a decline in the quality of education in our country;

(G) this decline in the quality of education has an adverse impact on interstate commerce and the foreign commerce of the United States;

(H) States, localities, and school systems find it almost impossible to handle gun-related crime by themselves—even States, localities, and school systems that have made strong efforts to prevent, detect, and punish gun-related crime find their efforts unavailing due in part to the failure or inability of other States or localities to take strong measures; and

(I) the Congress has the power, under the interstate commerce clause and other provisions of the Constitution, to enact measures to ensure the integrity and safety of the Nation's schools by enactment of this subsection.

(2)(A) It shall be unlawful for any individual knowingly to possess a firearm that has moved in or that otherwise affects interstate or foreign commerce at a place that the individual knows, or has reasonable cause to believe, is a school zone.

(B) Subparagraph (A) does not apply to the possession of a firearm—

(i) on private property not part of school grounds;

(ii) if the individual possessing the firearm is licensed to do so by the State in which the school zone is located or a political subdivision of the State, and the law of the State or political subdivision requires that, before an individual obtains such a license, the law enforcement authorities of the State or polit-

ical subdivision verify that the individual is qualified under law to receive the license;

(iii) that is—

(I) not loaded; and

(II) in a locked container, or a locked firearms rack that is on a motor vehicle;

(iv) by an individual for use in a program approved by a school in the school zone;

(v) by an individual in accordance with a contract entered into between a school in the school zone and the individual or an employer of the individual;

(vi) by a law enforcement officer acting in his or her official capacity; or

(vii) that is unloaded and is possessed by an individual while traversing school premises for the purpose of gaining access to public or private lands open to hunting, if the entry on school premises is authorized by school authorities.

(3)(A) Except as provided in subparagraph (B), it shall be unlawful for any person, knowingly or with reckless disregard for the safety of another, to discharge or attempt to discharge a firearm that has moved in or that otherwise affects interstate or foreign commerce at a place that the person knows is a school zone.

(B) Subparagraph (A) does not apply to the discharge of a firearm—

(i) on private property not part of school grounds;

(ii) as part of a program approved by a school in the school zone, by an individual who is participating in the program;

(iii) by an individual in accordance with a contract entered into between a school in a school zone and the individual or an employer of the individual; or

(iv) by a law enforcement officer acting in his or her official capacity.

(4) Nothing in this subsection shall be construed as preempting or preventing a State or local government from enacting a statute establishing gun free school zones as provided in this subsection.

(r) It shall be unlawful for any person to assemble from imported parts any semiautomatic rifle or any shotgun which is identical to any rifle or shotgun prohibited from importation under section 925(d)(3) of this chapter as not being particularly suitable for or readily adaptable to sporting purposes except that this subsection shall not apply to—

(1) the assembly of any such rifle or shotgun for sale or distribution by a licensed manufacturer to the United States or any department or agency thereof or to any State or any department, agency, or political subdivision thereof; or

(2) the assembly of any such rifle or shotgun for the purposes of testing or experimentation authorized by the Attorney General.

[(s)(1) Beginning on the date that is 90 days after the date of enactment of this subsection and ending on the day before the date that is 60 months after such date of enactment, it shall be unlawful for any licensed importer, licensed manufacturer, or licensed dealer to sell, deliver, or transfer a handgun (other than the return of a handgun to the person from whom it was received) to an individual who is not licensed under section 923, unless—

[(A) after the most recent proposal of such transfer by the transferee—

[(i) the transferor has—

[(I) received from the transferee a statement of the transferee containing the information described in paragraph (3);

[(II) verified the identity of the transferee by examining the identification document presented;

[(III) within 1 day after the transferee furnishes the statement, provided notice of the contents of the statement to the chief law enforcement officer of the place of residence of the transferee; and

[(IV) within 1 day after the transferee furnishes the statement, transmitted a copy of the statement to the chief law enforcement officer of the place of residence of the transferee; and

[(ii)(I) 5 business days (meaning days on which State offices are open) have elapsed from the date the transferor furnished notice of the contents of the statement to the chief law enforcement officer, during which period the transferor has not received information from the chief law enforcement officer that receipt or possession of the handgun by the transferee would be in violation of Federal, State, or local law; or

[(II) the transferor has received notice from the chief law enforcement officer that the officer has no information indicating that receipt or possession of the handgun by the transferee would violate Federal, State, or local law;

[(B) the transferee has presented to the transferor a written statement, issued by the chief law enforcement officer of the place of residence of the transferee during the 10-day period ending on the date of the most recent proposal of such transfer by the transferee, stating that the transferee requires access to a handgun because of a threat to the life of the transferee or of any member of the household of the transferee;

[(C)(i) the transferee has presented to the transferor a permit that—

[(I) allows the transferee to possess or acquire a handgun; and

[(II) was issued not more than 5 years earlier by the State in which the transfer is to take place; and

[(ii) the law of the State provides that such a permit is to be issued only after an authorized government official has verified that the information available to such official does not indicate that possession of a handgun by the transferee would be in violation of the law;

[(D) the law of the State requires that, before any licensed importer, licensed manufacturer, or licensed dealer completes the transfer of a handgun to an individual who is not licensed under section 923, an authorized government official verify that the information available to such official does not indicate that possession of a handgun by the transferee would be in violation of law;

[(E) the Attorney General has approved the transfer under section 5812 of the Internal Revenue Code of 1986; or

[(F) on application of the transferor, the Attorney General has certified that compliance with subparagraph (A)(i)(III) is impracticable because—

[(i) the ratio of the number of law enforcement officers of the State in which the transfer is to occur to the number of square miles of land area of the State does not exceed 0.0025;

[(ii) the business premises of the transferor at which the transfer is to occur are extremely remote in relation to the chief law enforcement officer; and

[(3) The statement referred to in paragraph (1)(A)(i)(I) shall contain only—

[(A) the name, address, and date of birth appearing on a valid identification document (as defined in section 1028(d)(1)) of the transferee containing a photograph of the transferee and a description of the identification used;

[(B) a statement that the transferee—

[(vii) is not a person who, having been a citizen of the United States, has renounced such citizenship;

[(C) the date the statement is made; and

[(D) notice that the transferee intends to obtain a handgun from the transferor.

[(4) Any transferor of a handgun who, after such transfer, receives a report from a chief law enforcement officer containing information that receipt or possession of the handgun by the transferee violates Federal, State, or local law shall, within 1 business

day after receipt of such request, communicate any information related to the transfer that the transferor has about the transfer and the transferee to—

[(A) the chief law enforcement officer of the place of business of the transferor; and

[(B) the chief law enforcement officer of the place of residence of the transferee.

[(5) Any transferor who receives information, not otherwise available to the public, in a report under this subsection shall not disclose such information except to the transferee, to law enforcement authorities, or pursuant to the direction of a court of law.

[(6)(A) Any transferor who sells, delivers, or otherwise transfers a handgun to a transferee shall retain the copy of the statement of the transferee with respect to the handgun transaction, and shall retain evidence that the transferor has complied with subclauses (III) and (IV) of paragraph (1)(A)(i) with respect to the statement.

[(B) Unless the chief law enforcement officer to whom a statement is transmitted under paragraph (1)(A)(i)(IV) determines that a transaction would violate Federal, State, or local law—

[(i) the officer shall, within 20 business days after the date the transferee made the statement on the basis of which the notice was provided, destroy the statement, any record containing information derived from the statement, and any record created as a result of the notice required by paragraph (1)(A)(i)(III);

[(ii) the information contained in the statement shall not be conveyed to any person except a person who has a need to know in order to carry out this subsection; and

[(iii) the information contained in the statement shall not be used for any purpose other than to carry out this subsection.

[(C) If a chief law enforcement officer determines that an individual is ineligible to receive a handgun and the individual requests the officer to provide the reason for such determination, the officer shall provide such reasons to the individual in writing within 20 business days after receipt of the request.

[(7) A chief law enforcement officer or other person responsible for providing criminal history background information pursuant to this subsection shall not be liable in an action at law for damages—

[(A) for failure to prevent the sale or transfer of a handgun to a person whose receipt or possession of the handgun is unlawful under this section; or

[(B) for preventing such a sale or transfer to a person who may lawfully receive or possess a handgun.

[(8) For purposes of this subsection, the term “chief law enforcement officer” means the chief of police, the sheriff, or an equivalent officer or the designee of any such individual.

[(9) The Attorney General shall take necessary actions to ensure that the provisions of this subsection are published and disseminated to licensed dealers, law enforcement officials, and the public.]

[(t)] (s)(1) Beginning on the date that is 30 days after the Attorney General notifies licensees under section 103(d) of the Brady Handgun Violence Prevention Act that the national instant crimi-

nal background check system is established, a licensed importer, licensed manufacturer, or licensed dealer shall not transfer a firearm to any other person who is not licensed under this chapter, unless—

(A) before the completion of the transfer, the licensee contacts the national instant criminal background check system established under section 103 of that Act;

(B)(i) the system provides the licensee with a unique identification number; or

(ii) subject to subparagraph (C), 3 business days (meaning a day on which State offices are open) have elapsed since the licensee contacted the system, and the system has not notified the licensee that the receipt of a firearm by such other person would violate subsection (g) or (n) of this section, or State, local, or Tribal law; and

(C) in the case of a person less than 21 years of age, in addition to all other requirements of this chapter—

(i) the system provides the licensee with a unique identification number;

(ii) 3 business days (meaning a day on which State offices are open) have elapsed since the licensee contacted the system, and the system has not notified the licensee that cause exists to further investigate a possibly disqualifying juvenile record under subsection (d); or

(iii) in the case of such a person with respect to whom the system notifies the licensee in accordance with clause (ii) that cause exists to further investigate a possibly disqualifying juvenile record under subsection (d), 10 business days (meaning a day on which State offices are open) have elapsed since the licensee contacted the system, and the system has not notified the licensee that—

(I) transferring the firearm to the other person would violate subsection (d) of this section; or

(II) receipt of a firearm by the other person would violate subsection (g) or (n) of this section, or State, local, or Tribal law; and

(D) the transferor has verified the identity of the transferee by examining a valid identification document (as defined in section 1028(d) of this title) of the transferee containing a photograph of the transferee.

(2) If transfer or receipt of a firearm would not violate subsection (d), (g), or (n) (as applicable) or State, local or Tribal law, the system shall—

(A) assign a unique identification number to the transfer;

(B) provide the licensee with the number; and

(C) destroy all records of the system with respect to the call (other than the identifying number and the date the number was assigned) and all records of the system relating to the person or the transfer.

(3) Paragraph (1) shall not apply to a firearm transfer between a licensee and another person if—

(A)(i) such other person has presented to the licensee a permit that—

(I) allows such other person to possess or acquire a firearm; and

- (II) was issued not more than 5 years earlier by the State in which the transfer is to take place; and
- (ii) the law of the State provides that such a permit is to be issued only after an authorized government official has verified that the information available to such official does not indicate that possession of a firearm by such other person would be in violation of law;
- (B) the Attorney General has approved the transfer under section 5812 of the Internal Revenue Code of 1986; or
- (C) on application of the transferor, the Attorney General has certified that compliance with paragraph (1)(A) is impracticable because—
 - (i) the ratio of the number of law enforcement officers of the State in which the transfer is to occur to the number of square miles of land area of the State does not exceed 0.0025;
 - (ii) the business premises of the licensee at which the transfer is to occur are extremely remote in relation to the chief law enforcement officer [(as defined in subsection (s)(8))]; and
 - (iii) there is an absence of telecommunications facilities in the geographical area in which the business premises are located.
- (4) If the national instant criminal background check system notifies the licensee that the information available to the system does not demonstrate that the transfer of a firearm to or receipt of a firearm by such other person would violate subsection (d), (g), or (n) (as applicable) or State local, or Tribal law, and the licensee transfers a firearm to such other person, the licensee shall include in the record of the transfer the unique identification number provided by the system with respect to the transfer.
- (5) If the licensee knowingly transfers a firearm to such other person and knowingly fails to comply with paragraph (1) of this subsection with respect to the transfer and, at the time such other person most recently proposed the transfer, the national instant criminal background check system was operating and information was available to the system demonstrating that transfer of a firearm to or receipt of a firearm by such other person would violate subsection (d), (g), or (n) (as applicable) of this section or State local, or Tribal law, the Attorney General may, after notice and opportunity for a hearing, suspend for not more than 6 months or revoke any license issued to the licensee under section 923, and may impose on the licensee a civil fine of not more than \$5,000.
- (6) Neither a local government nor an employee of the Federal Government or of any State or local government, responsible for providing information to the national instant criminal background check system shall be liable in an action at law for damages—
 - (A) for failure to prevent the sale or transfer of a firearm to a person whose receipt or possession of the firearm is unlawful under this section; or
 - (B) for preventing such a sale or transfer to a person who may lawfully receive or possess a firearm.
- (7) *In this subsection, the term “chief law enforcement officer” means the chief of police, the sheriff, or an equivalent officer or the designee of any such individual.*

(t)(1) Beginning on the date that is 90 days after the date of enactment of the Assault Weapons Ban of 2022, it shall be unlawful for any person who is not licensed under this chapter to transfer a grandfathered semiautomatic assault weapon to any other person who is not licensed under this chapter, unless a licensed importer, licensed manufacturer, or licensed dealer has first taken custody of the grandfathered semiautomatic assault weapon for the purpose of complying with subsection (s). Upon taking custody of the grandfathered semiautomatic assault weapon, the licensee shall comply with all requirements of this chapter as if the licensee were transferring the grandfathered semiautomatic assault weapon from the licensee's inventory to the unlicensed transferee.

(2) Paragraph (1) shall not apply to a temporary transfer of possession for the purpose of participating in target shooting in a licensed target facility or established range if—

(A) the grandfathered semiautomatic assault weapon is, at all times, kept within the premises of the target facility or range; and

(B) the transferee is not known to be prohibited from possessing or receiving a grandfathered semiautomatic assault weapon.

(3) For purposes of this subsection, the term "transfer"—

(A) shall include a sale, gift, or loan; and

(B) does not include temporary custody of the grandfathered semiautomatic assault weapon for purposes of examination or evaluation by a prospective transferee.

(4)(A) Notwithstanding any other provision of this chapter, the Attorney General may implement this subsection with regulations.

(B) Regulations promulgated under this paragraph—

(i) shall include a provision setting a maximum fee that may be charged by licensees for services provided in accordance with paragraph (1); and

(ii) shall not include any provision imposing recordkeeping requirements on any unlicensed transferor or requiring licensees to facilitate transfers in accordance with paragraph (1).

(u) It shall be unlawful for a person to steal or unlawfully take or carry away from the person or the premises of a person who is licensed to engage in the business of importing, manufacturing, or dealing in firearms, any firearm in the licensee's business inventory that has been shipped or transported in interstate or foreign commerce.

(v)(1) It shall be unlawful for a person to import, sell, manufacture, transfer, or possess, in or affecting interstate or foreign commerce, a semiautomatic assault weapon.

(2) Paragraph (1) shall not apply to the possession, sale, or transfer of any semiautomatic assault weapon otherwise lawfully possessed under Federal law on the date of enactment of the Assault Weapons Ban of 2022.

(3) Paragraph (1) shall not apply to any firearm that—

(A) is manually operated by bolt, pump, lever, or slide action, except for a shotgun described in section 921(a)(40)(G);

(B) has been rendered permanently inoperable;

(D) is only capable of firing rimfire ammunition.

(4) Paragraph (1) shall not apply to—

(A) the importation for, manufacture for, sale to, transfer to, or possession by the United States or a department or agency of the United States or a State or a department, agency, or political subdivision of a State, or a sale or transfer to or possession by a qualified law enforcement officer employed by the United States or a department or agency of the United States or a State or a department, agency, or political subdivision of a State, for purposes of law enforcement (whether on or off duty), or a sale or transfer to or possession by a campus law enforcement officer for purposes of law enforcement (whether on or off duty);

(B) the importation for, or sale or transfer to a licensee under title I of the Atomic Energy Act of 1954 for purposes of establishing and maintaining an on-site physical protection system and security organization required by Federal law, or possession by an employee or contractor of such licensee on-site for such purposes or off-site for purposes of licensee-authorized training or transportation of nuclear materials;

(C) the possession, by an individual who is retired in good standing from service with a law enforcement agency and is not otherwise prohibited from receiving a firearm, of a semiautomatic assault weapon—

(i) sold or transferred to the individual by the agency upon such retirement; or

(ii) that the individual purchased, or otherwise obtained, for official use before such retirement;

(D) the importation, sale, manufacture, transfer, or possession of a semiautomatic assault weapon by a licensed manufacturer or licensed importer for the purposes of testing or experimentation authorized by the Attorney General; or

(E) the importation, sale, manufacture, transfer, or possession of a firearm specified in Appendix A to this section, as such firearm was manufactured on the date of introduction of the Assault Weapons Ban of 2022.

(5) For purposes of paragraph (4)(A), the term “campus law enforcement officer” means an individual who is—

(A) employed by a private institution of higher education that is eligible for funding under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.);

(C) authorized by Federal, State, or local law to carry a firearm, execute search warrants, and make arrests; and

(D) recognized, commissioned, or certified by a government entity as a law enforcement officer.

(6) The Attorney General shall establish and maintain, in a timely manner, a record of the make, model, and, if available, date of manufacture of any semiautomatic assault weapon which the Attorney General is made aware has been used in relation to a crime under Federal or State law, and the nature and circumstances of the crime involved, including the outcome of relevant criminal investigations and proceedings. The Attorney General shall annually

submit a copy of the record established under this paragraph to the Congress and make the record available to the general public.

(w)(1) It shall be unlawful for a person to import, sell, manufacture, transfer, or possess, in or affecting interstate or foreign commerce, a large capacity ammunition feeding device.

(2) Paragraph (1) shall not apply to the possession of any large capacity ammunition feeding device otherwise lawfully possessed on or before the date of enactment of the Assault Weapons Ban of 2022.

(3) Paragraph (1) shall not apply to—

(A) the importation for, manufacture for, sale to, transfer to, or possession by the United States or a department or agency of the United States or a State or a department, agency, or political subdivision of a State, or a sale or transfer to or possession by a qualified law enforcement officer employed by the United States or a department or agency of the United States or a State or a department, agency, or political subdivision of a State for purposes of law enforcement (whether on or off duty), or a sale or transfer to or possession by a campus law enforcement officer for purposes of law enforcement (whether on or off duty);

(B) the importation for, or sale or transfer to a licensee under title I of the Atomic Energy Act of 1954 for purposes of establishing and maintaining an on-site physical protection system and security organization required by Federal law, or possession by an employee or contractor of such licensee on-site for such purposes or off-site for purposes of licensee-authorized training or transportation of nuclear materials;

(C) the possession, by an individual who is retired in good standing from service with a law enforcement agency and is not otherwise prohibited from receiving ammunition, of a large capacity ammunition feeding device—

(i) sold or transferred to the individual by the agency upon such retirement; or

(ii) that the individual purchased, or otherwise obtained, for official use before such retirement; or

(D) the importation, sale, manufacture, transfer, or possession of any large capacity ammunition feeding device by a licensed manufacturer or licensed importer for the purposes of testing or experimentation authorized by the Attorney General.

(4) For purposes of paragraph (3)(A), the term “campus law enforcement officer” means an individual who is—

(A) employed by a private institution of higher education that is eligible for funding under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.);

(C) authorized by Federal, State, or local law to carry a firearm, execute search warrants, and make arrests; and

(D) recognized, commissioned, or certified by a government entity as a law enforcement officer.

(x)(1) It shall be unlawful for a person to sell, deliver, or otherwise transfer to a person who the transferor knows or has reasonable cause to believe is a juvenile—

(A) a handgun; or

- (B) ammunition that is suitable for use only in a handgun.
- (2) It shall be unlawful for any person who is a juvenile to knowingly possess—
 - (A) a handgun; or
 - (B) ammunition that is suitable for use only in a handgun.
- (3) This subsection does not apply to—
 - (A) a temporary transfer of a handgun or ammunition to a juvenile or to the possession or use of a handgun or ammunition by a juvenile if the handgun and ammunition are possessed and used by the juvenile—
 - (i) in the course of employment, in the course of ranching or farming related to activities at the residence of the juvenile (or on property used for ranching or farming at which the juvenile, with the permission of the property owner or lessee, is performing activities related to the operation of the farm or ranch), target practice, hunting, or a course of instruction in the safe and lawful use of a handgun;
 - (ii) with the prior written consent of the juvenile's parent or guardian who is not prohibited by Federal, State, or local law from possessing a firearm, except—
 - (I) during transportation by the juvenile of an unloaded handgun in a locked container directly from the place of transfer to a place at which an activity described in clause (i) is to take place and transportation by the juvenile of that handgun, unloaded and in a locked container, directly from the place at which such an activity took place to the transferor; or
 - (II) with respect to ranching or farming activities as described in clause (i), a juvenile may possess and use a handgun or ammunition with the prior written approval of the juvenile's parent or legal guardian and at the direction of an adult who is not prohibited by Federal, State or local law from possessing a firearm;
 - (iii) the juvenile has the prior written consent in the juvenile's possession at all times when a handgun is in the possession of the juvenile; and

 - (B) a juvenile who is a member of the Armed Forces of the United States or the National Guard who possesses or is armed with a handgun in the line of duty;
 - (C) a transfer by inheritance of title (but not possession) of a handgun or ammunition to a juvenile; or
 - (D) the possession of a handgun or ammunition by a juvenile taken in defense of the juvenile or other persons against an intruder into the residence of the juvenile or a residence in which the juvenile is an invited guest.
- (4) A handgun or ammunition, the possession of which is transferred to a juvenile in circumstances in which the transferor is not in violation of this subsection shall not be subject to permanent confiscation by the Government if its possession by the juvenile subsequently becomes unlawful because of the conduct of the juvenile, but shall be returned to the lawful owner when such handgun or ammunition is no longer required by the Government for the purposes of investigation or prosecution.

(5) For purposes of this subsection, the term “juvenile” means a person who is less than 18 years of age.

(6)(A) In a prosecution of a violation of this subsection, the court shall require the presence of a juvenile defendant’s parent or legal guardian at all proceedings.

(B) The court may use the contempt power to enforce subparagraph (A).

(C) The court may excuse attendance of a parent or legal guardian of a juvenile defendant at a proceeding in a prosecution of a violation of this subsection for good cause shown.

(y) PROVISIONS RELATING TO ALIENS ADMITTED UNDER NON-IMMIGRANT VISAS.—

(3) WAIVER.—

(A) CONDITIONS FOR WAIVER.—Any individual who has been admitted to the United States under a nonimmigrant visa may receive a waiver from the requirements of subsection (g)(5), if—

(C) APPROVAL OF PETITION.—The Attorney General shall approve a petition submitted in accordance with this paragraph, if the Attorney General determines that waiving the requirements of subsection (g)(5)(B) with respect to the petitioner—

- (i) would be in the interests of justice; and
- (ii) would not jeopardize the public safety.

(z) SECURE GUN STORAGE OR SAFETY DEVICE.—

(1) IN GENERAL.—Except as provided under paragraph (2), it shall be unlawful for any licensed importer, licensed manufacturer, or licensed dealer to sell, deliver, or transfer any handgun to any person other than any person licensed under this chapter, unless the transferee is provided with a secure gun storage or safety device (as defined in section 921(a)(34)) for that handgun.

(2) EXCEPTIONS.—Paragraph (1) shall not apply to—

(3) LIABILITY FOR USE.—

(A) IN GENERAL.—Notwithstanding any other provision of law, a person who has lawful possession and control of a handgun, and who uses a secure gun storage or safety device with the handgun, shall be entitled to immunity from a qualified civil liability action.

(C) DEFINED TERM.—As used in this paragraph, the term “qualified civil liability action”—

§ 923. Licensing

(a) No person shall engage in the business of importing, manufacturing, or dealing in firearms, or importing or manufacturing ammunition, until he has filed an application with and received a license to do so from the Attorney General. The application shall

be in such form and contain only that information necessary to determine eligibility for licensing as the Attorney General shall by regulation prescribe and shall include a photograph and fingerprints of the applicant. Each applicant shall pay a fee for obtaining such a license, a separate fee being required for each place in which the applicant is to do business, as follows:

- (1) If the applicant is a manufacturer—
 - (A) of destructive devices, ammunition for destructive devices or armor piercing ammunition, a fee of \$1,000 per year;
 - (B) of firearms other than destructive devices, a fee of \$50 per year; or
 - (C) of ammunition for firearms, other than ammunition for destructive devices or armor piercing ammunition, a fee of \$10 per year.
- (2) If the applicant is an importer—
 - (A) of destructive devices, ammunition for destructive devices or armor piercing ammunition, a fee of \$1,000 per year; or
 - (B) of firearms other than destructive devices or ammunition for firearms other than destructive devices, or ammunition other than armor piercing ammunition, a fee of \$50 per year.
- (3) If the applicant is a dealer—
 - (A) in destructive devices or ammunition for destructive devices, a fee of \$1,000 per year; or
 - (B) who is not a dealer in destructive devices, a fee of \$200 for 3 years, except that the fee for renewal of a valid license shall be \$90 for 3 years.

(b) Any person desiring to be licensed as a collector shall file an application for such license with the Attorney General. The application shall be in such form and contain only that information necessary to determine eligibility as the Attorney General shall by regulation prescribe. The fee for such license shall be \$10 per year. Any license granted under this subsection shall only apply to transactions in curios and relics.

(c) Upon the filing of a proper application and payment of the prescribed fee, the Attorney General shall issue to a qualified applicant the appropriate license which, subject to the provisions of this chapter and other applicable provisions of law, shall entitle the licensee to transport, ship, and receive firearms and ammunition covered by such license in interstate or foreign commerce during the period stated in the license. Nothing in this chapter shall be construed to prohibit a licensed manufacturer, importer, or dealer from maintaining and disposing of a personal collection of firearms, subject only to such restrictions as apply in this chapter to dispositions by a person other than a licensed manufacturer, importer, or dealer. If any firearm is so disposed of by a licensee within one year after its transfer from his business inventory into such licensee's personal collection or if such disposition or any other acquisition is made for the purpose of willfully evading the restrictions placed upon licensees by this chapter, then such firearm shall be deemed part of such licensee's business inventory, except that any licensed manufacturer, importer, or dealer who has maintained a firearm as part of a personal collection for one year and who sells or otherwise disposes of such firearm shall record the description of the firearm in a bound volume, containing the name and place of residence and date of birth of the transferee if the transferee is

an individual, or the identity and principal and local places of business of the transferee if the transferee is a corporation or other business entity: *Provided*, That no other recordkeeping shall be required.

(d)(1) Any application submitted under subsection (a) or (b) of this section shall be approved if—

(A) the applicant is twenty-one years of age or over;

(B) the applicant (including, in the case of a corporation, partnership, or association, any individual possessing, directly or indirectly, the power to direct or cause the direction of the management and policies of the corporation, partnership, or association) is not prohibited from transporting, shipping, or receiving firearms or ammunition in interstate or foreign commerce under section 922(g) and (n) of this chapter;

(C) the applicant has not willfully violated any of the provisions of this chapter or regulations issued thereunder;

(D) the applicant has not willfully failed to disclose any material information required, or has not made any false statement as to any material fact, in connection with his application;

(E) the applicant has in a State (i) premises from which he conducts business subject to license under this chapter or from which he intends to conduct such business within a reasonable period of time, or (ii) in the case of a collector, premises from which he conducts his collecting subject to license under this chapter or from which he intends to conduct such collecting within a reasonable period of time;

(F) the applicant certifies that—

(i) the business to be conducted under the license is not prohibited by State or local law in the place where the licensed premise is located;

(ii)(I) within 30 days after the application is approved the business will comply with the requirements of State and local law applicable to the conduct of the business; and

(II) the business will not be conducted under the license until the requirements of State and local law applicable to the business have been met; and

(iii) that the applicant has sent or delivered a form to be prescribed by the Attorney General, to the chief law enforcement officer of the locality in which the premises are located, which indicates that the applicant intends to apply for a Federal firearms license; and

(G) in the case of an application to be licensed as a dealer, the applicant certifies that secure gun storage or safety devices will be available at any place in which firearms are sold under the license to persons who are not licensees (subject to the exception that in any case in which a secure gun storage or safety device is temporarily unavailable because of theft, casualty loss, consumer sales, backorders from a manufacturer, or any other similar reason beyond the control of the licensee, the dealer shall not be considered to be in violation of the requirement under this subparagraph to make available such a device).

(2) The Attorney General must approve or deny an application for a license within the 60-day period beginning on the date it is received. If the Attorney General fails to act within such period, the applicant may file an action under section 1361 of title 28 to compel the Attorney General to act. If the Attorney General approves an applicant's application, such applicant shall be issued a license upon the payment of the prescribed fee.

(e) The Attorney General may, after notice and opportunity for hearing, revoke any license issued under this section if the holder of such license has willfully violated any provision of this chapter or any rule or regulation prescribed by the Attorney General under this chapter or fails to have secure gun storage or safety devices available at any place in which firearms are sold under the license to persons who are not licensees (except that in any case in which a secure gun storage or safety device is temporarily unavailable because of theft, casualty loss, consumer sales, backorders from a manufacturer, or any other similar reason beyond the control of the licensee, the dealer shall not be considered to be in violation of the requirement to make available such a device). The Attorney General may, after notice and opportunity for hearing, revoke the license of a dealer who willfully transfers armor piercing ammunition. The Secretary's action under this subsection may be reviewed only as provided in subsection (f) of this section.

(f)(1) Any person whose application for a license is denied and any holder of a license which is revoked shall receive a written notice from the Attorney General stating specifically the grounds upon which the application was denied or upon which the license was revoked. Any notice of a revocation of a license shall be given to the holder of such license before the effective date of the revocation.

(2) If the Attorney General denies an application for, or revokes, a license, he shall, upon request by the aggrieved party, promptly hold a hearing to review his denial or revocation. In the case of a revocation of a license, the Attorney General shall upon the request of the holder of the license stay the effective date of the revocation. A hearing held under this paragraph shall be held at a location convenient to the aggrieved party.

(3) If after a hearing held under paragraph (2) the Attorney General decides not to reverse his decision to deny an application or revoke a license, the Attorney General shall give notice of his decision to the aggrieved party. The aggrieved party may at any time within sixty days after the date notice was given under this paragraph file a petition with the United States district court for the district in which he resides or has his principal place of business for a de novo judicial review of such denial or revocation. In a proceeding conducted under this subsection, the court may consider any evidence submitted by the parties to the proceeding whether or not such evidence was considered at the hearing held under paragraph (2). If the court decides that the Attorney General was not authorized to deny the application or to revoke the license, the court shall order the Attorney General to take such action as may be necessary to comply with the judgment of the court.

(4) If criminal proceedings are instituted against a licensee alleging any violation of this chapter or of rules or regulations prescribed under this chapter, and the licensee is acquitted of such

charges, or such proceedings are terminated, other than upon motion of the Government before trial upon such charges, the Attorney General shall be absolutely barred from denying or revoking any license granted under this chapter where such denial or revocation is based in whole or in part on the facts which form the basis of such criminal charges. No proceedings for the revocation of a license shall be instituted by the Attorney General more than one year after the filing of the indictment or information.

(g)(1)(A) Each licensed importer, licensed manufacturer, and licensed dealer shall maintain such records of importation, production, shipment, receipt, sale, or other disposition of firearms at his place of business for such period, and in such form, as the Attorney General may by regulations prescribe. Such importers, manufacturers, and dealers shall not be required to submit to the Attorney General reports and information with respect to such records and the contents thereof, except as expressly required by this section. The Attorney General, when he has reasonable cause to believe a violation of this chapter has occurred and that evidence thereof may be found on such premises, may, upon demonstrating such cause before a Federal magistrate judge and securing from such magistrate judge a warrant authorizing entry, enter during business hours the premises (including places of storage) of any licensed firearms importer, licensed manufacturer, licensed dealer, licensed collector, or any licensed importer or manufacturer of ammunition, for the purpose of inspecting or examining—

(i) any records or documents required to be kept by such licensed importer, licensed manufacturer, licensed dealer, or licensed collector under this chapter or rules or regulations under this chapter, and

(ii) any firearms or ammunition kept or stored by such licensed importer, licensed manufacturer, licensed dealer, or licensed collector, at such premises.

(B) The Attorney General may inspect or examine the inventory and records of a licensed importer, licensed manufacturer, or licensed dealer without such reasonable cause or warrant—

(i) in the course of a reasonable inquiry during the course of a criminal investigation of a person or persons other than the licensee;

(ii) for ensuring compliance with the record keeping requirements of this chapter—

(I) not more than once during any 12-month period; or

(II) at any time with respect to records relating to a firearm involved in a criminal investigation that is traced to the licensee; or

(iii) when such inspection or examination may be required for determining the disposition of one or more particular firearms in the course of a bona fide criminal investigation.

(C) The Attorney General may inspect the inventory and records of a licensed collector without such reasonable cause or warrant—

(i) for ensuring compliance with the record keeping requirements of this chapter not more than once during any twelve-month period; or

(ii) when such inspection or examination may be required for determining the disposition of one or more particular firearms in the course of a bona fide criminal investigation.

(D) At the election of a licensed collector, the annual inspection of records and inventory permitted under this paragraph shall be performed at the office of the Attorney General designated for such inspections which is located in closest proximity to the premises where the inventory and records of such licensed collector are maintained. The inspection and examination authorized by this paragraph shall not be construed as authorizing the Attorney General to seize any records or other documents other than those records or documents constituting material evidence of a violation of law. If the Attorney General seizes such records or documents, copies shall be provided to the licensee within a reasonable time. The Attorney General may make available to any Federal, State, or local law enforcement agency any information which he may obtain by reason of this chapter with respect to the identification of persons prohibited from purchasing or receiving firearms or ammunition who have purchased or received firearms or ammunition, together with a description of such firearms or ammunition, and he may provide information to the extent such information may be contained in the records required to be maintained by this chapter, when so requested by any Federal, State, or local law enforcement agency.

(2) Each licensed collector shall maintain in a bound volume the nature of which the Attorney General may by regulations prescribe, records of the receipt, sale, or other disposition of firearms. Such records shall include the name and address of any person to whom the collector sells or otherwise disposes of a firearm. Such collector shall not be required to submit to the Attorney General reports and information with respect to such records and the contents thereof, except as expressly required by this section.

(3)(A) Each licensee shall prepare a report of multiple sales or other dispositions whenever the licensee sells or otherwise disposes of, at one time or during any five consecutive business days, two or more pistols, or revolvers, or any combination of pistols and revolvers totalling two or more, to an unlicensed person. The report shall be prepared on a form specified by the Attorney General and forwarded to the office specified thereon and to the department of State police or State law enforcement agency of the State or local law enforcement agency of the local jurisdiction in which the sale or other disposition took place, not later than the close of business on the day that the multiple sale or other disposition occurs.

(B) Except in the case of forms and contents thereof regarding a purchaser who is prohibited by subsection (g) or (n) of section 922 of this title from receipt of a firearm, the department of State police or State law enforcement agency or local law enforcement agency of the local jurisdiction shall not disclose any such form or the contents thereof to any person or entity, and shall destroy each such form and any record of the contents thereof no more than 20 days from the date such form is received. No later than the date that is 6 months after the effective date of this subparagraph, and at the end of each 6-month period thereafter, the department of State police or State law enforcement agency or local law enforcement agency of the local jurisdiction shall certify to the Attorney General of the United States that no disclosure contrary to this subparagraph has been made and that all forms and any record of

the contents thereof have been destroyed as provided in this subparagraph.

(4) Where a firearms or ammunition business is discontinued and succeeded by a new licensee, the records required to be kept by this chapter shall appropriately reflect such facts and shall be delivered to the successor. Where discontinuance of the business is absolute, such records shall be delivered within thirty days after the business discontinuance to the Attorney General. However, where State law or local ordinance requires the delivery of records to other responsible authority, the Attorney General may arrange for the delivery of such records to such other responsible authority.

(5)(A) Each licensee shall, when required by letter issued by the Attorney General, and until notified to the contrary in writing by the Attorney General, submit on a form specified by the Attorney General, for periods and at the times specified in such letter, all record information required to be kept by this chapter or such lesser record information as the Attorney General in such letter may specify.

(B) The Attorney General may authorize such record information to be submitted in a manner other than that prescribed in subparagraph (A) of this paragraph when it is shown by a licensee that an alternate method of reporting is reasonably necessary and will not unduly hinder the effective administration of this chapter. A licensee may use an alternate method of reporting if the licensee describes the proposed alternate method of reporting and the need therefor in a letter application submitted to the Attorney General, and the Attorney General approves such alternate method of reporting.

(6) Each licensee shall report the theft or loss of a firearm from the licensee's inventory or collection, within 48 hours after the theft or loss is discovered, to the Attorney General and to the appropriate local authorities.

(7) Each licensee shall respond immediately to, and in no event later than 24 hours after the receipt of, a request by the Attorney General for information contained in the records required to be kept by this chapter as may be required for determining the disposition of 1 or more firearms in the course of a bona fide criminal investigation. The requested information shall be provided orally or in writing, as the Attorney General may require. The Attorney General shall implement a system whereby the licensee can positively identify and establish that an individual requesting information via telephone is employed by and authorized by the agency to request such information.

(h) Licenses issued under the provisions of subsection (c) of this section shall be kept posted and kept available for inspection on the premises covered by the license.

(i) Licensed importers and licensed manufacturers shall identify by means of a serial number engraved or cast on the receiver or frame of the weapon, in such manner as the Attorney General shall by regulations prescribe, each firearm imported or manufactured by such importer or manufacturer. *The serial number of any semi-automatic assault weapon manufactured after the date of enactment of the Assault Weapons Ban of 2022 shall clearly show the date on which the weapon was manufactured or made, legibly and conspicuously engraved or cast on the weapon, and such other identification*

as the Attorney General shall by regulations prescribe. A large capacity ammunition feeding device manufactured after the date of enactment of the Assault Weapons Ban of 2022 shall be identified by a serial number and the date on which the device was manufactured or made, legibly and conspicuously engraved or cast on the device, and such other identification as the Attorney General shall by regulations prescribe.

(j) A licensed importer, licensed manufacturer, or licensed dealer may, under rules or regulations prescribed by the Attorney General, conduct business temporarily at a location other than the location specified on the license if such temporary location is the location for a gun show or event sponsored by any national, State, or local organization, or any affiliate of any such organization devoted to the collection, competitive use, or other sporting use of firearms in the community, and such location is in the State which is specified on the license. Records of receipt and disposition of firearms transactions conducted at such temporary location shall include the location of the sale or other disposition and shall be entered in the permanent records of the licensee and retained on the location specified on the license. Nothing in this subsection shall authorize any licensee to conduct business in or from any motorized or towed vehicle. Notwithstanding the provisions of subsection (a) of this section, a separate fee shall not be required of a licensee with respect to business conducted under this subsection. Any inspection or examination of inventory or records under this chapter by the Attorney General at such temporary location shall be limited to inventory consisting of, or records relating to, firearms held or disposed at such temporary location. In any action under this section, the court, in its discretion, may allow the prevailing party a reasonable attorney's fee as part of the costs.

§ 925B. Reporting of background check denials to State authorities

(a) **IN GENERAL.**—If the national instant criminal background check system established under section 103 of the Brady Handgun Violence Prevention Act (34 U.S.C. 40901) (referred to in this section as “NICS”) provides a notice pursuant to [section 922(t)] *section 922(s)* that the receipt of a firearm by a person would violate subsection (g) or (n) of section 922 or State, local, or Tribal law, the Attorney General shall, in accordance with subsection (b) of this section—

(d) **RULE OF CONSTRUCTION.**—Nothing in subsection (a) shall be construed to require a report with respect to a person to be made to the same State authorities that made the original denial determination with respect to the transfer of the firearm.

Minority Views

H.R. 1808, the “Assault Weapon Ban of 2022,” is just House Democrats’ latest assault on the Second Amendment. This bill makes it a crime to knowingly import, sell, manufacture, transfer, or possess a semiautomatic assault weapon or a magazine capable of accepting more than 15 cartridges. Democrats know this unconstitutional bill will not stop violent crime or reduce the likelihood

of mass shootings, but they are obsessed with disarming law-abiding Americans and limiting their Constitutional rights. In fact, during the Judiciary Committee's consideration of H.R. 1808, Democrats rejected several Republican amendments to protect the Second Amendment rights of vulnerable populations.

H.R. 1808 WILL NOT REDUCE VIOLENT CRIME OR MAKE AMERICANS SAFER

H.R. 1808 is not Congress's first attempt at banning so-called "assault weapons." The previous ban, passed in 1994, was ineffective in reducing violent crime. In the Violent Crime Control and Law Enforcement Act, Congress required the Justice Department to examine the effects of the 1994 "assault weapons" ban.¹ The mandated study concluded that "the banned guns were never used in more than a modest fraction of all gun murders" before the ban, and the ban's 10-round limit on new magazines was not a factor in multiple-victim or multiple-wound crimes.² A follow-up study in 2004 concluded that assault weapons and large capacity ammunition feeding devices (LCAFDs) "were used in only a minority of gun crimes prior to the 1994 federal ban," "relatively few attacks involve more than 10 shots fired," and "the ban's effects on gun violence are likely to be small at best and perhaps too small for reliable measurement."³

Every year there are more murders committed using knives or other cutting instruments than with rifles or shotguns. As a part of the Uniform Crime Data (UCR) program, the FBI releases an annual report titled, "Crime in the United States," which provides detailed statistics on firearm-related homicides.⁴ In 2019, 364 homicides were committed with rifles and 200 homicides were committed with shotguns.⁵ By contrast, there were 1,476 homicides with knives or cutting instruments; blunt objects (i.e., clubs, hammer, etc.) accounted for 397 homicides; and "personal weapons" (i.e., hands, fists, feet) accounted for 600 homicides.⁶

H.R. 1808 IS UNCONSTITUTIONAL AND IN VIOLATION OF SUPREME COURT PRECEDENT

H.R. 1808 is in direct violation of Supreme Court precedent. "Semiautomatic assault weapons," as defined in the bill, are nothing more than semiautomatic rifles, shotguns, and pistols with certain cosmetic features or accessories. Millions of these rifles, shotguns, and pistols are lawfully used for sport shooting, hunting, and self-defense. In *District of Columbia v. Heller*, the Supreme Court made clear that the Second Amendment protects firearms "in common use at the time" for "lawful purposes like self-defense."⁷ *Heller*

further held that the “Second Amendment extends, *prima facie*, to all instruments that constitute bearable arms, even those that were not in existence at the time of the founding.”⁸

There is no doubt that the bans in H.R. 1808 concern firearms in the “common use.” Semi-automatic firearms account for 25 percent of the approximately 400 million privately-owned firearms in the United States today and the percentage is rising.⁹ Semi-automatics account for over half of the 10-to-15 million new firearms bought annually.¹⁰ Looking specifically at the AR-15 platform and other similar modern sporting rifles, the National Shooting Sports Foundation (NSSF) estimated that there are over 24 million in circulation today.¹¹ NSSF found that annual production of modern sporting rifles grew from 444,000 in 2010 to 1.3 million in 2015.¹² The AR-15 rifle and other similar modern sporting rifles are undoubtedly in common use and therefore protected by the Second Amendment.

It is the Democrats’ intention to ban commonly used weapons. During the Committee’s markup on H.R. 1808, Representative Dan Bishop asked Chairman Nadler if “it is the point of the bill to ban weapons that are in common use in the United States today,” to which Chairman Nadler stated, “the problem is they are in common use.”¹³

H.R. 1808 EXPLOITS FEAR AND CONFUSION OF FIREARMS CREATED BY GUN CONTROL ADVOCATES

The origins of the “assault weapon” ban can be traced to the goal of gun-control groups to ban handguns. It was only after they realized that those efforts would fail, that they turned their attention to so-called “assault weapons.” In 1988, the Violence Policy Center released a report entitled *Assault Weapons and Accessories in America*. In it, the Center made the following assertions, “[a]ssault weapons—just like armor-piercing bullets, machine guns, and plastic firearms—are a new topic. The weapons’ menacing looks, coupled with the public’s confusion over fully automatic machine guns versus semi-automatic assault weapons—anything that looks like a machine gun is assumed to be a machine gun—can only increase the chance of public support for restrictions on these weapons. In addition, few people can envision a practical use for these weapons.”¹⁴

In 1994, the President of the Second Amendment Foundation noted that, “[o]ne of the key elements of the anti-gun strategy to gull the public into supporting bans on the so-called ‘assault weapons’ is to foster confusion. . . . [T]he public does not know the difference between a full automatic and a semi-automatic firearm.

They have been further hoodwinked by the television charades of people like New York's former Governor Mario Cuomo talking about semiautomatic firearms while the camera shows a full automatic firing.”¹⁵ In a dissent in a 2000 Supreme Court case, Justice Clarence Thomas similarly stated that the term “assault weapon” is “a political term, developed by anti-gun publicists.”¹⁶

H.R. 1808 relies on this misleading rhetoric to arbitrarily ban certain firearms with features that make them appear to be so-called “weapons of war,” while allowing other weapons that are actually used in war. During the Committee's consideration of H.R. 1808, Democrats' confusion about firearms was plainly evident. Democrats confused the uses of a pistol brace and a bump stock—banning a device used by disabled Americans to allow them to safely participate in sport shooting and hunting. Representative Massie noted H.R. 1808's self-contradictory provisions, prohibiting a type of firearm in one section and allowing it a later section.

Democrats Rejected Republican Efforts to Protect the Second Amendment Rights of Americans

During the Committee's business meeting to consider H.R. 1808, Republicans offered several amendments to protect the rights of law-abiding Americans and limit the harms of the Democrat's anti-firearm crusade. Chairman Nadler and the Democrat members of the Committee rejected every single one of the fourteen amendments offered by Republicans.

Republican members offered several amendments to allow vulnerable citizens to defend themselves by exempting certain populations from the prohibitions on semiautomatic assault weapons. These vulnerable populations included (1) victims of domestic violence, (2) victims of human trafficking, (3) residents affected by the Biden border crisis, (4) residents of cities that have defunded their police departments, (5) Supreme Court Justices and their immediate family members, and (6) employees of pregnancy centers. Democrats rejected each amendment, refusing to allow these vulnerable groups of citizens to use firearms they feel are necessary to protect themselves.

Representative Massie offered an amendment that would have removed the Department of Education and Department of Agriculture from the universe of federal agencies that are exempt from the bill's prohibition on “semiautomatic assault weapons.” In opposition to the amendment, Chairman Nadler stated that these federal agencies “have their own security forces who might need assault weapons.”¹⁷ Representative Hank Johnson stated that “so many misfits are in possession of military style assault weapons that we can't disarm our federal government.”¹⁸ Committee Democrats unanimously rejected the amendment.

Representative Mike Johnson offered an amendment to exempt members of the Armed Forces on active duty and veterans from the prohibitions on semiautomatic assault weapons. As Representative Johnson noted, American servicemembers and veterans are required to go through extensive firearms training and are among the most capable and knowledgeable Americans about safe handling of firearms. Although H.R. 1808 includes a exemption for law-enforcement personnel, Committee Democrats unanimously rejected the amendment to similarly exempt American servicemembers and veterans.

Representative Fischbach offered an amendment to provide a rule of interpretation that would have prohibited a “buffer tube, stabilizing brace or similar component that protrudes horizontally behind the pistol grip” from being considered in a list of features that could turn a pistol into a “semiautomatic assault weapon.” This amendment would have allowed disabled Americans to participate safely in sport shooting and hunting. In opposition to this amendment, Representative David Cicilline, the sponsor of H.R. 1808, erroneously stated that a “stabilizing brace . . . turns this weapon into an automatic weapon. It becomes a bump stock. And so, it will allow that to essentially be fired like an automatic weapon.”¹⁹ Not only is Representative Cicilline’s statement a fundamental misunderstanding of the functionality of firearms and firearm accessories, it is also a misunderstanding of how the law works. In 2018, the Trump Administration banned bump stocks through a rulemaking. This amendment, which would have simply clarified how this bill should be interpreted, would do nothing to repeal the existing regulation banning bump stocks. Committee Democrats unanimously rejected Representative Fischbach’s amendment.

CONCLUSION

H.R. 1808 is an unconstitutional ban on millions of commonly owned firearms, including rifles, shotguns, and handguns that are used for sport shooting, hunting, and self-defense. This bill is the Democrats’ latest effort to “do something” about firearms. This bill will do nothing to reduce violent crime or make our communities safer. I oppose this legislation.
