PURPOSE AND SUMMARY

H.R. 522, the “Deliver for Veterans Act” was introduced by Rep. James Moylan of Guam on January 15, 2023. The bill, as amended, would cover the expenses incurred during the shipping of vehicles adapted for use by individuals with disabilities. Specifically, this bill would add the cost of shipping the vehicle to the disabled veteran as an expense covered by the Department of Veterans Affairs (VA).

Finally, the bill would also provide an offset for the cost of these program changes by extending current rates for VA home loan funding fees.

BACKGROUND AND NEED FOR LEGISLATION

*Section 1: Short title*

This Act may be cited as the “Deliver for Veterans Act.”

*Section 2: Eligibility for Department of Veterans Affairs coverage of costs associated with delivery of an adaptive vehicle*

Under current law, a veteran who has a disability rating related to their service that prevents them from driving can apply for a special allowance that would help the veteran buy or change a vehicle and make it drivable for them. This special allowance comes in two forms, either a one-time payment to help a veteran buy a specially equipped vehicle, or an adaptive equipment grant to change a vehicle for the veteran. VA usually pays the vehicle’s seller directly, but on occasion the veteran is reimbursed. Finally, to be eligible for this benefit, veterans with a service-connected disability must have specific disabilities, such as loss or permanent loss of use of hands, feet, permanent decreased vision in eyes, a severe burn injury, or Amyotrophic Lateral Sclerosis. In 2022, VA spent \$86,297,000 on automobile grants.

In the past, after a veteran has been approved for the benefit and VA has purchased the vehicle, VA has also covered the cost of shipping vehicles for disabled veterans, but that provision was eliminated due to budget constraints. As a result, disabled veterans are forced to pay out-of-pocket for the cost of shipping a vehicle to their location. The Committee believes this can be a significant financial burden, especially for those who live in remote locations, outside of the continental United States, or in a territory overseas. The cost of shipping a vehicle could also exceed the value of the ve-

hicle itself, making it nearly impossible for veterans to access the transportation they need. Currently, VA may pay the lesser of \$24,115, adjusted annually for inflation or the full price associated with the vehicle. To address this issue, this section would reinstate the provision to cover shipping costs for disabled veterans. The Committee believes this would help alleviate the financial burden on veterans and ensure that they have access to the transportation they need to live independently and participate fully in their communities.

*Section 3: Modification of certain housing loan fees*

Under current law, veterans who take advantage of the VA Home Loan Program pay a small fee that can be rolled into their monthly mortgage payments. This section would cover the costs of the other section of this bill by extending the current rates for VA home loan funding fees by a few days to November 20, 2031. Extending the funding fee increases a veteran's monthly cost by about \$5 on top of the monthly mortgage. Disabled veterans do not pay the funding fee and would not be affected by this extension of the home loan fees. The Committee believes this short-term extension of current funding fee rates is a reasonable way to cover the costs associated with the other sections of this bill.

SUBCOMMITTEE CONSIDERATION

On November 15, 2023, the Subcommittee on Economic Opportunity held a markup on the legislation included H.R. 522. There were no amendments to this bill at the Subcommittee level. A mo-

tion by Mr. Levin to report H.R. 522 was favorably forwarded to the full committee.

#### COMMITTEE CONSIDERATION

On December 5, 2023, the full Committee met in open markup session, a quorum being present, and ordered H.R. 522, as amended, to be reported favorably to the House of Representatives by voice vote. During consideration of the bill, the following amendments were considered:

An amendment in the nature of a substitute offered by Chairman Bost added section three of the amended bill which would cover the expenses incurred during the delivery of automobiles for eligible disabled veterans and would extend current rates for VA home loan funding fees to pay for programs in the bill. The amendment in the nature of a substitute was approved by voice vote.

A motion by Mr. Deluzio to report H.R. 522, as amended, favorably to the House of Representatives was agreed to by voice vote.

#### COMMITTEE VOTES

In compliance with clause 3(b) of rule XIII of the Rules of the House of Representatives, no recorded votes were taken on amendments or in connection with ordering H.R. 522, as amended, reported to the House.

#### COMMITTEE OVERSIGHT FINDINGS

In compliance with clause 3(c)(1) of rule XIII and clause (2)(b)(1) of rule X of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in the descriptive portions of this report.

#### STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

In accordance with clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the Committee's performance goals and objectives of H.R. 522, as amended, are to allow VA to cover the cost of shipping a vehicle that has been retrofitted for a disabled veteran to that veteran.

#### EARMARKS AND TAX AND TARIFF BENEFITS

H.R. 522, as amended, does not contain any Congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI of the Rules of the House of Representatives.

#### COMMITTEE COST ESTIMATE

The Committee adopts as its own the Congressional Budget Office cost estimate on this measure.

	< \$5 billion	<b>Mandate Effects</b>

H.R. 522 would make changes to automobile grant and home loan programs administered by the Department of Veterans Affairs (VA). The costs of both programs are paid from mandatory appropriations. CBO estimates that enacting the bill would decrease net direct spending by \$1 million over the 2024–2033 period.

Auto Grants. VA provides grants to purchase automobiles for veterans who have specified service-connected disabilities that usually impair their mobility. Under current law, the amount of the grant is capped at the lesser of the total purchase price of the automobile or \$25,603 in 2024 and adjusted for inflation in subsequent years. H.R. 522 would authorize VA to also include the cost of shipping to deliver the automobile to the veteran, subject to the maximum amount for such grants.

On the basis of data provided by VA, CBO estimates that grants provided over the 2024–2033 period will be about \$1,100 less than the maximum amount allowed, on average. CBO expects that the average shipping cost would meet or exceed the difference between the average and maximum grant amounts; thus, grants for vehicles with shipping costs would be for the maximum amount. CBO estimates that half of grantees would incur shipping costs that would be paid under the bill, increasing direct spending by \$11 million over the 2024–2033 period.

Homes Loan Fees. H.R.522 would increase the fees that VA charges borrowers for its loan guarantees. VA provides loan guarantees to lenders that allow eligible borrowers to obtain better loan terms—such as lower interest rates or smaller down payments—to purchase, construct, improve, or refinance a home. VA typically pays lenders up to 25 percent of the outstanding mortgage balance if a borrower's home is foreclosed upon. Those payments, net of fees paid by borrowers and recoveries by lenders, constitute the subsidy cost for the loan guarantees.<sup>1</sup>

<sup>1</sup>Under the Federal Credit Reform Act of 1990, the subsidy cost of a loan guarantee is the net present value of estimated payments by the government to cover defaults and delinquencies,

Continued

Under current law, the rates for most of the fees that borrowers pay to VA for loans guaranteed after November 15, 2031, will drop from a weighted average of about 2.4 percent to about 1.2 percent of the loan amount. The bill would extend the higher rates through November 20, 2031, thereby reducing the subsidy cost of loans guaranteed during that period. Using information from VA, CBO estimates that extending the higher rates would decrease direct spending by \$12 million over the 2024–2033 period.

The costs of the legislation, detailed in Table 1, fall within budget function 700 (veterans benefits and services).

#### FEDERAL MANDATES STATEMENT

Section 423 of the Congressional Budget and Impoundment Control Act (as amended by Section 101(a)(2) of the Unfunded Mandate Reform Act, P.L. 104–4 is inapplicable to H.R. 522, as amended.

#### ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act would be created by H.R. 522, as amended.

#### APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that H.R. 522, as amended, does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

#### STATEMENT ON DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, the Committee finds that no provision of H.R. 522, as amended, would establish or reauthorize a program of the

interest subsidies, or other expenses offset by any payments to the government, including origination or other fees, penalties, and recoveries on defaulted loans. Such subsidy costs are calculated by discounting those expected cash flows using the rate on Treasury securities of comparable maturity. The resulting estimated subsidy costs are recorded in the budget when the loans are disbursed or modified. A positive subsidy indicates that the loan results in net outlays from the Treasury; a negative subsidy indicates that the loan results in net receipts to the Treasury.

Federal Government known to be duplicative of another Federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111–139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

#### SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

##### *Section 1. Short title*

This section would establish the short title of the bill as “Deliver for Veterans Act.”

##### *Section 2. Eligibility for Department of Veterans Affairs coverage of costs associated with delivery of an adaptive vehicle*

This section would amend 38 U.S.C § 3902(a). The proposed amendment would strike the phrase “by paying the total purchase price of the automobile or other conveyance” and replace it with the following: “by paying the total purchase price of the automobile or other conveyance, and the total shipping price to deliver the automobile or other conveyance to the veteran.” Under this section, certain disabled veterans and members of the Armed Forces would be eligible for an automobile without incurring the cost of shipping as long as the total price of the vehicle is less than \$24,115.12.

##### *Section 3. Modification of certain housing loan fees*

This section would provide funding for these programs included in the bill by extending current VA home loan funding fee rates as established in 38 U.S.C. § 3729, from November 15, 2031, to November 20, 2031.
