PURPOSE AND SUMMARY

H.R. 7153 reauthorizes the Dr. Lorna Breen Health Care Pro-  
 vider Protection Act, which directs the Secretary of Health and  
 Human Services (HHS) to allocate resources to health care entities

for programs that promote the utilization of mental health and substance use disorder services among health care professionals.

#### BACKGROUND AND NEED FOR LEGISLATION

Health care provider burnout and mental health conditions have been on the rise in recent years and was exacerbated by the COVID-19 pandemic. As of 2022, 42 percent of health care workers reported feeling burned out, which has increased from 32 percent reported in 2018.<sup>1</sup> Additionally, health care workers who reported a hostile work environment were more likely to report having anxiety, depression, burnout and/or suicidal ideation.<sup>2</sup>

Since 2022, Congress has provided \$103 million in funding to 44 organizations<sup>3</sup> to implement evidence-informed strategies that reduce and prevent suicide, burnout, and substance use disorders. This bill would reauthorize the Dr. Lorna Breen Health Care Provider Protection Act, which is aimed at reducing burn out and mental health conditions among health care workers.
