PURPOSE AND SUMMARY

H.R. 498 amends title V of the Public Health Service Act to require the Assistant Secretary for Substance Abuse and Mental Health Services Administration (SAMHSA) to coordinate 9–8–8 lifeline cybersecurity protections with the Chief Information Secu-

riety Officer of the Department of Health and Human Services (HHS). It also requires the 9–8–8 lifeline administrator and local call centers to report cybersecurity vulnerabilities and incidents to SAMHSA immediately.

BACKGROUND AND NEED FOR LEGISLATION

The 9–8–8 Lifeline suffered a cybersecurity attack in December 2022 and was proactively taken offline for several hours due to the attack. It is unknown how many individuals were negatively impacted by the outage, but we do know that individuals in emotional distress or suicidal crisis were unable to utilize the lifeline for hours. This legislation was introduced in direct response to the cyberattack in an effort to prevent future incidents.
