## I. PURPOSE AND BILL SUMMARY

On April 15, 2024, Rep. Stauber, along with Rep. Gluesenkamp Perez, introduced H.R. 7988. The purpose of H.R. 7988, the “Small Business Procurement and Utilization Reform (SPUR) Act,” is to amend the Small Business Act to require the SBA to account for the number of new entrants into the federal procurement space when it grades agencies for use in its Scorecard. The Scorecard assigns agencies a letter grade to determine how well they are meeting their small business contracting goals.

## II. NEED FOR LEGISLATION

Small business participation in federal contracting has declined by nearly half in the last decade. While agencies are graded on the total number and value of small business contracts, they do not factor in small businesses who won a federal contract for the first time. This bill would ensure that agencies are considering first time contract winners, compared to the previous year, and make it clear that increasing small businesses in federal contracting is a priority.

## III. HEARINGS

In the 118th Congress, the Committee one hearing examining the issues covered in H.R. 7988. On February 15, 2024, the Committee held a hearing titled “Leveling the Playing Field: Challenges Facing Small Business Contracting”. Witnesses at the hearing discussed challenges small business experience entering and remaining in the federal contracting space.

## IV. COMMITTEE CONSIDERATION

The Committee on Small Business met in open session, with a quorum being present, on April 17, 2024, and ordered H.R. 7988 reported to the House of Representatives. During the markup no amendments were offered.

## V. COMMITTEE VOTES

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires the Committee to list the recorded votes on the motion to report legislation and amendments thereto. The Committee voted to favorably report H.R. 7988 to the House of Representatives at 11:50 AM.

## VI. SECTION-BY-SECTION OF H.R. 7988

*Section 1—Short title*

This Act may be cited as the “Small Business Procurement and Utilization Reform Act of 2024” or the SPUR Act.

*Section 2—Modifications to Scorecard requirements*

This section requires the SBA to factor in the number of small businesses winning their first federal contract when it grades each agency in the annual SBA Scorecard, including firms owned by service-disabled veterans, women, HUBZone firms, and socially and economically disadvantaged individuals.

Technical changes are made to require SBA to include new entrants as part of the factors that account for 50 percent of an agency’s Scorecard grade.

New entrant is defined as a small business who: has been awarded a prime contract and has not previously been awarded a prime contract. This would only include small businesses who won their very first prime contract with the federal government.

Scorecard is defined as the rating system used by the SBA to evaluate efforts of a federal agency to meet its small business contracting goals.

## VII. CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

Pursuant to clause 3(d)(1) of House rule XIII, the Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974.

**At a Glance****Small Business Legislation**

As ordered reported by the House Committee on Small Business on April 17, 2024

On April 17, 2024, the House Committee on Small Business ordered reported seven bills. This comprehensive document provides estimates for three of those bills.

- Each of the three bills would increase spending subject to appropriation by less than \$500,000.
- None of the bills would affect direct spending or revenues; thus, pay-as-you-go procedures do not apply.
- None of the bills would impose intergovernmental or private-sector mandates.

Details of the estimated costs of each bill are discussed in the text.

Bill	Net Increase or Decrease (-) in the Deficit Over the 2024-2034 Period (Millions of Dollars)	Changes in Spending Subject to Appropriation Over the 2024-2029 Period (Outlays, Millions of Dollars)	Mandate Effects?
H.R. 7988	0	*	No
H.R. 7989	0	*	No
H.R. 8014	0	*	No

\* = between zero and \$500,000.

Summary of legislation: On April 17, 2024, the House Committee on Small Business ordered reported seven pieces of legislation. This document provides estimates for three of those bills. The bills would require the Small Business Administration (SBA) to update regulations for small business contracts awarded in certain areas and prepare reports.

Estimated Federal cost: The bills' costs fall within budget function 370 (commerce and housing credit).

Basis of estimate: For these estimates, CBO assumes that the bills will be enacted late in fiscal year 2024. The estimated costs do not include any interaction effects among the bills. If all three bills were combined and enacted as a single piece of legislation, the estimated costs could be different than the sum of the separate estimates, although CBO expects that any difference would be small.

H.R. 7988 SPUR Act: H.R. 7988 would require the SBA to consider the number of small businesses that secure a first-time federal prime contract when evaluating an agency on its contracting scorecard. A contracting scorecard is a ranking system that evaluates each agency's efforts in meeting goals for awarding contracts to small businesses.

Because the SBA already conducts scorecard evaluations and collects the required information, CBO estimates that implementing the bill would cost less than \$500,000 over the 2024–2029 period. Any spending would be subject to the availability of appropriated funds.

H.R. 7989 ThinkDIFFERENTLY About Disability Employment Act: H.R. 7989 would require the National Council on Disability and the SBA to collaborate on employment and entrepreneurship opportunities for people with disabilities through a Memorandum of Understanding. The bill would require those entities to submit a report to the Congress on the activities carried out under the agreement and recommended opportunities for expansion. CBO estimates that implementing the bill would cost less than \$500,000 over the 2024–2029 period. Any spending would be subject to the availability of appropriated funds.

H.R. 8014 Transparency and Predictability in Small Business Opportunities Act: H.R. 8014 would direct the SBA to disclose and publish on a single website new rules for cancelling certain solicitations, including a justification for the cancellation, the timeframe for reissuing cancelled solicitations, and the availability of similar contracting opportunities. The rules would apply to solicitations for which two or more businesses are eligible.

The SBA already has a website where it posts similar information on solicitations; on that basis, CBO estimates that implementing H.R. 8014 would cost less than \$500,000 over the 2024–2029 period. Any spending would be subject to the availability of appropriated funds.

Pay-As-You-Go considerations: None of the bills would affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

Increase in long-term net direct spending and deficits: None of the bills would increase net direct spending or deficits in any of the four consecutive 10-year periods beginning in 2035.

Mandates: None of the bills contain intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act.

Estimate prepared by: Federal Costs: Kelly Durand; Mandates: Grace Watson.

Estimate reviewed by: Justin Humphrey, Chief, Finance, Housing, and Education Cost Estimates Unit; Kathleen FitzGerald,

Chief, Public and Private Mandates Unit; Christina Hawley Anthony, Deputy Director of Budget Analysis.

Estimate approved by: Phillip L. Swagel, Director, Congressional Budget Office.

#### VIII. NEW BUDGET AUTHORITY, ENTITLEMENT AUTHORITY, AND TAX EXPENDITURES

Pursuant to clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a)(I) of the Congressional Budget Act of 1974, the Committee provides the following opinion and estimate with respect to new budget authority, entitlement authority, and tax expenditures. The Committee does not believe that there will be any additional costs attributable to this legislation.

H.R. 7988 does not direct new spending, but instead reallocates funding independently authorized and appropriated.

#### IX. OVERSIGHT FINDINGS & RECOMMENDATIONS

In accordance with clause 3(c)(1) of rule XIII and clause 2(b)(1) of rule X of the Rules of the House of Representatives, the oversight findings and recommendations of the Committee on Small Business with respect to the subject matter contained in the H.R. 7988 are incorporated into the descriptive portions of this report.

#### X. PERFORMANCE GOALS AND OBJECTIVES

With respect to the requirements of clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, there are no additional performance goals and objectives within H.R. 7988.

#### XI. STATEMENT OF DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, no provision of H.R. 7988 is known to be duplicative of another Federal program, including any program that was included in a report to Congress pursuant to section 21 of Public Law 111–139 or the most recent Catalog of Federal Domestic Assistance.

#### XII. CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, AND LIMITED TARIFF BENEFITS

With respect to clause 9 of rule XXI of the Rules of the House of Representatives, the Committee finds that the bill does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(e), 9(f), or 9(g) of rule XXI of the Rules of the House of Representatives.

#### XIII. FEDERAL MANDATES STATEMENT

The Committee adopts as its own the estimate of Federal mandates prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act.

#### XIV. FEDERAL ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.

XV. APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

XVI. STATEMENT OF CONSTITUTIONAL AUTHORITY

Pursuant to clause 7 of rule XII of the Rules of the House, the Committee finds that the authority for this legislation in Art. I, § 8, cl.1 of the Constitution of the United States.

XVII. CHANGES IN EXISTING LAW, MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italics, and existing law in which no change is proposed is shown in roman):

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italics, and existing law in which no change is proposed is shown in roman):

**SMALL BUSINESS ACT**

\* \* \* \* \*

SEC. 15.

(a) SMALL BUSINESS PROCUREMENTS.—

(1) IN GENERAL.—For purposes of this Act, small business concerns shall receive any award or contract if such award or contract is, in the determination of the Administrator and the contracting agency, in the interest of—

(A) maintaining or mobilizing the full productive capacity of the United States;

(B) war or national defense programs; or

(C) assuring that a fair proportion of the total purchases and contracts for goods and services of the Government in each industry category (as defined under paragraph (2)) are awarded to small business concerns.

(2) INDUSTRY CATEGORY DEFINED.—

(A) IN GENERAL.—In this subsection, the term “industry category” means a discrete group of similar goods and services, as determined by the Administrator in accordance with the North American Industry Classification System codes used to establish small business size standards, except that the Administrator shall limit an industry category to a greater extent than provided under the North American Industry Classification System codes if the Ad-

ministrator receives evidence indicating that further segmentation of the industry category is warranted—

- (i) due to special capital equipment needs;
- (ii) due to special labor requirements;
- (iii) due to special geographic requirements, except as provided in subparagraph (B);
- (iv) due to unique Federal buying patterns or requirements; or
- (v) to recognize a new industry.

(B) EXCEPTION FOR GEOGRAPHIC REQUIREMENTS.—The Administrator may not further segment an industry category based on geographic requirements unless—

- (i) the Government typically designates the geographic area where work for contracts for goods or services is to be performed;
- (ii) Government purchases comprise the major portion of the entire domestic market for such goods or services; and
- (iii) it is unreasonable to expect competition from business concerns located outside of the general geographic area due to the fixed location of facilities, high mobilization costs, or similar economic factors.

(3) DETERMINATIONS WITH RESPECT TO AWARDS OR CONTRACTS.—Determinations made pursuant to paragraph (1) may be made for individual awards or contracts, any part of an award or contract or task order, or for classes of awards or contracts or task orders.

(4) INCREASING PRIME CONTRACTING OPPORTUNITIES FOR SMALL BUSINESS CONCERNS.—

(A) DESCRIPTION OF COVERED PROPOSED PROCUREMENTS.—The requirements of this paragraph shall apply to a proposed procurement that includes in its statement of work goods or services currently being supplied or performed by a small business concern and, as determined by the Administrator—

- (i) is in a quantity or of an estimated dollar value which makes the participation of a small business concern as a prime contractor unlikely;
- (ii) in the case of a proposed procurement for construction, seeks to bundle or consolidate discrete construction projects; or
- (iii) is a solicitation that involves an unnecessary or unjustified bundling of contract requirements.

(B) NOTICE TO PROCUREMENT CENTER REPRESENTATIVES.—With respect to proposed procurements described in subparagraph (A), at least 30 days before issuing a solicitation and concurrent with other processing steps required before issuing the solicitation, the contracting agency shall provide a copy of the proposed procurement to the procurement center representative of the contracting agency (as described in subsection (1)) along with a statement explaining—

- (i) why the proposed procurement cannot be divided into reasonably small lots (not less than economic pro-

duction runs) to permit offers on quantities less than the total requirement;

(ii) why delivery schedules cannot be established on a realistic basis that will encourage the participation of small business concerns in a manner consistent with the actual requirements of the Government;

(iii) why the proposed procurement cannot be offered to increase the likelihood of the participation of small business concerns;

(iv) in the case of a proposed procurement for construction, why the proposed procurement cannot be offered as separate discrete projects; or

(v) why the contracting agency has determined that the bundling of contract requirements is necessary and justified.

(C) ALTERNATIVES TO INCREASE PRIME CONTRACTING OPPORTUNITIES FOR SMALL BUSINESS CONCERNS.—If the procurement center representative believes that the proposed procurement will make the participation of small business concerns as prime contractors unlikely, the procurement center representative, within 15 days after receiving the statement described in subparagraph (B), shall recommend to the contracting agency alternative procurement methods for increasing prime contracting opportunities for small business concerns.

(D) FAILURE TO AGREE ON AN ALTERNATIVE PROCUREMENT METHOD.—If the procurement center representative and the contracting agency fail to agree on an alternative procurement method, the Administrator shall submit the matter to the head of the appropriate department or agency for a determination.

(5) CONTRACTS FOR SALE OF GOVERNMENT PROPERTY.—With respect to a contract for the sale of Government property, small business concerns shall receive any such contract if, in the determination of the Administrator and the disposal agency, the award of such contract is in the interest of assuring that a fair proportion of the total sales of Government property be made to small business concerns.

(6) SALE OF ELECTRICAL POWER OR OTHER PROPERTY.—Nothing in this subsection shall be construed to change any preferences or priorities established by law with respect to the sale of electrical power or other property by the Federal Government.

(7) COSTS EXCEEDING FAIR MARKET PRICE.—A contract may not be awarded under this subsection if the cost of the contract to the awarding agency exceeds a fair market price.

(b) With respect to any work to be performed the amount of which would exceed the maximum amount of any contract for which a surety may be guaranteed against loss under section 411 of the Small Business Investment Act of 1958 (15 U.S.C. 694(b)), the contracting procurement agency shall, to the extent practicable, place contracts so as to allow more than one small business concern to perform such work.

(c)(1) As used in this subsection:

(A) The term "Committee" means the Committee for Purchase from the Blind and Other Severely Handicapped established under the first section of the Act entitled "An Act to create a Committee on Purchases of Blind-made Products, and for other purposes", approved June 25, 1938 (41 U.S.C. 46).

(B) The term "public or private organization for the handicapped" has the same meaning given such term in section 3(e).

(C) The term "handicapped individual" has the same meaning given such term in section 3(f).

(2)(A) During fiscal year 1995, public or private organizations for the handicapped shall be eligible to participate in programs authorized under this section in an aggregate amount not to exceed \$40,000,000.

(B) None of the amounts authorized for participation by subparagraph (A) may be placed on the procurement list maintained by the Committee pursuant to section 2 of the Act entitled "An Act to create a Committee on Purchases of Blind-made Products, and for other purposes", approved June 25, 1938 (41 U.S.C. 47).

(3) The Administrator shall monitor and evaluate such participation.

(4)(A) Not later than ten days after the announcement of a proposed award of a contract by an agency or department to a public or private organization for the handicapped, a for-profit small business concern that has experienced or is likely to experience severe economic injury as the result of the proposed award may file an appeal of the proposed award with the Administrator.

(B) If such a concern files an appeal of a proposed award under subparagraph (A) and the Administrator, after consultation with the Executive Director of the Committee, finds that the concern has experienced or is likely to experience severe economic injury as the result of the proposed award, not later than thirty days after the filing of the appeal, the Administration shall require each agency and department having procurement powers to take such action as may be appropriate to alleviate economic injury sustained or likely to be sustained by the concern.

(5) Each agency and department having procurement powers shall report to the Office of Federal Procurement Policy each time a contract subject to paragraph (2)(A) is entered into, and shall include in its report the amount of the next higher bid submitted by a for-profit small business concern. The Office of Federal Procurement Policy shall collect data reported under the preceding sentence through the Federal procurement data system and shall report to the Administration which shall notify all such agencies and departments when the maximum amount of awards authorized under paragraph (2)(A) has been made during any fiscal year.

(6) For the purpose of this subsection, a contract may be awarded only if at least 75 per centum of the direct labor performed on each item being produced under the contract in the sheltered workshop or performed in providing each type of service under the contract by the sheltered workshop is performed by handicapped individuals.

(7) Agencies awarding one or more contracts to such an organization pursuant to the provisions of this subsection may use multiyear contracts, if appropriate.

(d) For purposes of this section priority shall be given to the awarding of contracts and the placement of subcontracts to small business concerns which shall perform a substantial proportion of the production on those contracts and subcontracts within areas of concentrated unemployment or underemployment or within labor surplus areas. Notwithstanding any other provision of law, total labor surplus area set-asides pursuant to Defense Manpower Policy Number 4 (32A C.F.R. Chapter 1) or any successor policy shall be authorized if the Secretary or his designee specifically determines that there is a reasonable expectation that offers will be obtained from a sufficient number of eligible concerns so that awards will be made at reasonable prices. As soon as practicable and to the extent possible, in determining labor surplus areas, consideration shall be given to those persons who would be available for employment were suitable employment available. Until such definition reflects such number, the present criteria of such policy shall govern.

(e) PROCUREMENT STRATEGIES; CONTRACT BUNDLING.—

(1) IN GENERAL.—To the maximum extent practicable, procurement strategies used by a Federal department or agency having contracting authority shall facilitate the maximum participation of small business concerns as prime contractors, subcontractors, and suppliers, and each such Federal department or agency shall—

(A) provide opportunities for the participation of small business concerns during acquisition planning processes and in acquisition plans; and

(B) invite the participation of the appropriate Director of Small and Disadvantaged Business Utilization in acquisition planning processes and provide that Director access to acquisition plans.

(2) MARKET RESEARCH.—

(A) IN GENERAL.—Before proceeding with an acquisition strategy that could lead to a contract containing consolidated procurement requirements, the head of an agency shall conduct market research to determine whether consolidation of the requirements is necessary and justified.

(B) FACTORS.—For purposes of subparagraph (A), consolidation of the requirements may be determined as being necessary and justified if, as compared to the benefits that would be derived from contracting to meet those requirements if not consolidated, the Federal Government would derive from the consolidation measurably substantial benefits, including any combination of benefits that, in combination, are measurably substantial. Benefits described in the preceding sentence may include the following:

(i) Cost savings.

(ii) Quality improvements.

(iii) Reduction in acquisition cycle times.

(iv) Better terms and conditions.

(v) Any other benefits.

(C) REDUCTION OF COSTS NOT DETERMINATIVE.—The reduction of administrative or personnel costs alone shall not be a justification for bundling of contract requirements unless the cost savings are expected to be substantial in rela-

tion to the dollar value of the procurement requirements to be consolidated.

(3) STRATEGY SPECIFICATIONS.—If the head of a contracting agency determines that an acquisition plan for a procurement involves a substantial bundling of contract requirements, the head of a contracting agency shall publish a notice on a public website that such determination has been made not later than 7 days after making such determination. Any solicitation for a procurement related to the acquisition plan may not be published earlier than 7 days after such notice is published. Along with the publication of the solicitation, the head of a contracting agency shall publish a justification for the determination, which shall include the following information:

(A) The specific benefits anticipated to be derived from the bundling of contract requirements and a determination that such benefits justify the bundling.

(B) An identification of any alternative contracting approaches that would involve a lesser degree of bundling of contract requirements.

(C) An assessment of—

(i) the specific impediments to participation by small business concerns as prime contractors that result from the bundling of contract requirements; and

(ii) the specific actions designed to maximize participation of small business concerns as subcontractors (including suppliers) at various tiers under the contract or contracts that are awarded to meet the requirements.

(4) CONTRACT TEAMING.—

(A) IN GENERAL.—In the case of a solicitation of offers for a bundled or consolidated contract that is issued by the head of an agency, a small business concern that provides for use of a particular team of subcontractors or a joint venture of small business concerns may submit an offer for the performance of the contract.

(B) EVALUATION OF OFFERS.—The head of the agency shall evaluate an offer described in subparagraph (A) in the same manner as other offers, with due consideration to the capabilities of all of the proposed subcontractors or members of the joint venture as follows:

(i) TEAMS.—When evaluating an offer of a small business prime contractor that includes a proposed team of small business subcontractors, the head of the agency shall consider the capabilities and past performance of each first tier subcontractor that is part of the team as the capabilities and past performance of the small business prime contractor.

(ii) JOINT VENTURES.—When evaluating an offer of a joint venture of small business concerns, if the joint venture does not demonstrate sufficient capabilities or past performance to be considered for award of a contract opportunity, the head of the agency shall consider the capabilities and past performance of each member of the joint venture as the capabilities and past performance of the joint venture.

(C) STATUS AS A SMALL BUSINESS CONCERN.—Participation of a small business concern in a team or a joint venture under this paragraph shall not affect the status of that concern as a small business concern for any other purpose.

(5) PAST PERFORMANCE RATINGS OF JOINT VENTURES FOR SMALL BUSINESS CONCERNS.—With respect to evaluating an offer for a prime contract made by a small business concern that previously participated in a joint venture with another business concern (whether or not such other business concern was a small business concern), the Administrator shall establish regulations—

(A) allowing the small business concern to elect to use the past performance of the joint venture if the small business concern has no relevant past performance of its own;

(B) requiring the small business concern, when making an election under subparagraph (A)—

(i) to identify to the contracting officer the joint venture of which the small business concern was a member; and

(ii) to inform the contracting officer what duties and responsibilities the small business concern carried out as part of the joint venture; and

(C) requiring a contracting officer, if the small business concern makes an election under subparagraph (A), to consider the past performance of the joint venture when evaluating the past performance of the small business concern, giving due consideration to the information provided under subparagraph (B)(ii).

(f) CONTRACTING PREFERENCE FOR SMALL BUSINESS CONCERNS IN A MAJOR DISASTER AREA.—

(1) DEFINITION.—In this subsection, the term “disaster area” means the area for which the President has declared a major disaster, during the period of the declaration.

(2) CONTRACTING PREFERENCE.—An agency shall provide a contracting preference for a small business concern located in a disaster area if the small business concern will perform the work required under the contract in the disaster area.

(3) CREDIT FOR MEETING CONTRACTING GOALS.—If an agency awards a contract to a small business concern under the circumstances described in paragraph (2), the value of the contract shall be doubled for purposes of determining compliance with the goals for procurement contracts under subsection (g)(1)(A).

(g)

(1) GOVERNMENTWIDE GOALS.—

(A) ESTABLISHMENT.—The President shall annually establish Governmentwide goals for procurement contracts awarded to small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in accordance with the following:

(i) The Governmentwide goal for participation by small business concerns shall be established at not less than 23 percent of the total value of all prime contract awards for each fiscal year. In meeting this goal, the Government shall ensure the participation of small business concerns from a wide variety of industries and from a broad spectrum of small business concerns within each industry.

(ii) The Governmentwide goal for participation by small business concerns owned and controlled by service-disabled veterans shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(iii) The Governmentwide goal for participation by qualified HUBZone small business concerns shall be established at not less than 3 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(iv) The Governmentwide goal for participation by small business concerns owned and controlled by socially and economically disadvantaged individuals shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(v) The Governmentwide goal for participation by small business concerns owned and controlled by women shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year.

(B) ACHIEVEMENT OF GOVERNMENTWIDE GOALS.—Each agency shall have an annual goal that presents, for that agency, the maximum practicable opportunity for small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to participate in the performance of contracts let by such agency. The Small Business Administration and the Administrator for Federal Procurement Policy shall, when exercising their authority pursuant to paragraph (2), insure that the cumulative annual prime contract goals for all agencies meet or exceed the annual Governmentwide prime contract goal established by the President pursuant to this paragraph.

(2)(A) The head of each Federal agency shall, after consultation with the Administration, establish goals for the participation by small business concerns, by small business concerns owned and controlled by service-disabled veterans, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women in procurement contracts of such agency. Such goals shall separately address prime contract awards and subcontract awards for each category of small business covered.

(B) Goals established under this subsection shall be jointly established by the Administration and the head of each Federal agency and shall realistically reflect the potential of small business concerns, small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to perform such contracts and to perform subcontracts under such contracts.

(C) Whenever the Administration and the head of any Federal agency fail to agree on established goals, the disagreement shall be submitted to the Administrator for Federal Procurement Policy for final determination.

(D) After establishing goals under this paragraph for a fiscal year, the head of each Federal agency shall develop a plan for achieving such goals at both the prime contract and the subcontract level, which shall apportion responsibilities among the agency's acquisition executives and officials. In establishing goals under this paragraph, the head of each Federal agency shall make a consistent effort to annually expand participation by small business concerns from each industry category in procurement contracts and subcontracts of such agency, including participation by small business concerns owned and controlled by service-disabled veterans, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women.

(E) The head of each Federal agency, in attempting to attain expanded participation under subparagraph (D), shall consider—

(i) contracts awarded as the result of unrestricted competition; and

(ii) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 8(a).

## MINORITY VIEWS

The Small Business Administration (SBA) is tasked with ensuring that small businesses are awarded a “fair proportion of the total purchases and contracts for goods and services of the Government in each industry category. . . .” In accordance with this mandate, Congress has imposed a governmentwide goal of awarding at least 23% of all small business eligible Federal prime contracting dollars to small businesses, and provides SBA and federal agencies with certain authorities to help create a level playing field for small businesses to compete in the federal marketplace.

Each agency works to meet both the topline, total small business goal of 23% and additional goals for each of the socio-economic categories: women-owned small businesses (WOSB); small, disadvantaged businesses (SDB); and service-disabled veteran-owned small businesses (SDVOSB); and HUBZone certified small businesses. SBA publishes an annual Small Business Procurement Scorecard that grades each agency on their spending toward the goals and other, weighted criteria. Agencies are annually assigned a “score” for their performance toward the goals for the previous fiscal year.

Each agency’s score consists of its achievements in four areas, and each area is weighted by the percentage shown below:

- Prime contracting dollars: 50% of scorecard grade.
- Subcontracting dollars: 20% of scorecard grade.
- OSDBU compliance requirements: 20% of scorecard grade.
- Number of small business prime contractors: 10% of scorecard grade.<sup>1</sup>

SBA’s FY22 scorecard showed that the federal government awarded 26.5% of federal contract dollars to small businesses, a total of \$162.9 billion.<sup>2</sup> At the same time that the amount of prime contract dollars awarded to small businesses has reached record highs, the number of small businesses in the industrial base has declined dramatically. The data show that the federal government is not retaining current small business government contractors, and new small businesses are not choosing to enter the federal market. The federal government has documented a roughly 40% decrease in the number of small businesses receiving prime contract awards over the past decade.

At the Department of Defense, GAO finds that “contract obligations to small businesses increased from fiscal years 2011 to 2020, while the number of small businesses contracting with DOD de-

clined.”<sup>3</sup> Over a ten-year period, the number of small businesses participating in the defense industrial base declined by over 40 percent. The civilian agencies are seeing a similar decline. An administration analysis of Federal Procurement Data System data found a loss of 49,000 small businesses (or 38% of small businesses) in the Federal supplier base since 2010.<sup>4</sup>

As a result, questions have been raised about how to accurately measure the health of the industrial base, and the scorecard’s weighted priority on prime contract dollars. The scorecard’s criteria includes a year-over-year prime contract comparison goal, yet that is weighted at 10% and counts the award of a contract, not the award of a contract *for the first time*.

This bill is intended to measure and include in the SBA’s methodology for calculating an agency’s score for small business goals, the number of small businesses who are becoming federal government contractors for the first time.
