

*Administration of Donald J. Trump, 2020*

**Statement on Signing a Memorandum on an Order Under the Defense Production Act of 1950 Regarding the Purchase of Ventilators**

*April 2, 2020*

Today I have issued an order under the Defense Production Act to more fully ensure that domestic manufacturers can produce ventilators needed to save American lives. My order to the Secretary of Health and Human Services and the Secretary of Homeland Security will help domestic manufacturers like General Electric, Hill-Rom, Medtronic, ResMed, Royal Philips, and Vyaire Medical secure the supplies they need to build ventilators needed to defeat the virus. I am grateful to these and other domestic manufacturers for ramping up their production of ventilators during this difficult time. Today's order will save lives by removing obstacles in the supply chain that threaten the rapid production of ventilators.
