Statement on the Tentative Agreement Between the General Motors Company and the United Auto Workers

October 30, 2023

I applaud the UAW and General Motors for coming together after hard fought, good faith negotiations to reach a historic agreement to provide workers with the pay, benefits, and respect they deserve. With this landmark agreement with GM, the UAW has now reached historic tentative agreements with all of the Big Three American auto makers. This historic tentative agreement rewards the auto workers who have sacrificed so much with the record raises, more paid leave, greater retirement security, and more rights and respect at work. I want to applaud the UAW and GM for agreeing to immediately bring back all of the GM workers who have been walking the picket line on behalf of their UAW brothers and sisters.

This historic contract is a testament to the power of unions and collective bargaining to build strong middle class jobs while helping our most iconic American companies thrive. The final word on these tentative agreements will ultimately come from UAW members themselves in the days and weeks to come.
