**Letter to Congressional Leaders on United States Military Operations in Iraq**  
*January 25, 2024*

*Dear Mr. Speaker: (Dear Madam President:)*

As I have reported previously, militia groups affiliated with Iran's Islamic Revolutionary Guard Corps (IRGC) have perpetrated a series of attacks against United States personnel and facilities in Iraq and Syria. These attacks, including the recent attack on Al-Asad Air Base by Iran-affiliated militia groups, have caused injuries to United States personnel and Coalition forces operating alongside United States forces and have placed their lives under grave threat.

Previously, in response to these attacks and the threat of future attacks, at my direction, United States forces have conducted targeted strikes against facilities in Iraq and Syria used by the IRGC and IRGC-affiliated groups.

On the night of January 23, 2024, at my direction, United States forces conducted discrete strikes against facilities in Iraq used by IRGC-affiliated militia groups for training, logistics support, and other purposes. The strikes were taken to degrade militias' capabilities and deter future attacks and were conducted in a manner designed to limit the risk of escalation and avoid civilian casualties. I directed the strikes in order to protect and defend our personnel and assets who are in Iraq conducting military operations pursuant to the 2001 Authorization for Use of Military Force (Public Law 107–40). The strikes were intended to degrade and disrupt Iran and Iran-affiliated militia groups from conducting or supporting further attacks on United States personnel and facilities.

I directed this military action consistent with my responsibility to protect United States citizens both at home and abroad and in furtherance of United States national security and foreign policy interests, pursuant to my constitutional authority as Commander in Chief and Chief Executive and to conduct United States foreign relations and in accordance with the 2001 Authorization for Use of Military Force (Public Law 107–40) and the Authorization for Use of Military Force Against Iraq (Public Law 107–243). The United States took this necessary and proportionate action consistent with international law and in the exercise of the United States' inherent right of self-defense as reflected in Article 51 of the United Nations Charter. The United States stands ready to take further action, as necessary and appropriate, to address further threats or attacks.

I am providing this report as part of my efforts to keep the Congress fully informed, consistent with the War Powers Resolution (Public Law 93–148). I appreciate the support of the Congress in this action.

Sincerely,

JOSEPH R. BIDEN JR.
