Statement on the Women's Suffrage National Monument Location Act
January 5, 2025

Yesterday I was proud to sign into law the Women's Suffrage National Monument Location Act, authorizing the placement of a monument honoring the women's suffrage movement on the National Mall. In addition to commemorating the ratification of the 19th Amendment, the Women's Suffrage National Monument will recognize the generations of women who fought to ensure an equal voice for women in our democracy and honor the leaders who fought for the enfranchisement of all women long after the 19th Amendment was ratified. Vice President Harris and I are committed to defending equal rights for all Americans, to strengthening the Federal Government's recognition of women's contributions to our Nation's history, and to inspiring the next generation to create a more equal future for all.

NOTE: The statement referred to H.R.1318, which was approved January 4, 2025, and assigned Public Law No. 118-226.
