Statement on the Continuing Resolution To Fund the Federal Government

March 8, 2025

The House and Senate have put together, under the circumstances, a very good funding bill ("C.R."). All Republicans should vote (please!) "yes" next week. Great things are coming for America, and I am asking you all to give us a few months to get us through to September so we can continue to put the country's financial house in order. Democrats will do anything they can to shut down our Government, and we can't let that happen. We have to remain united—no dissent; fight for another day when the timing is right. Very important. Make America great again.
