Remarks Upon Arrival in Eau Claire, Wisconsin

June 5, 2026

So we're in Wisconsin. We have a big crowd.

Again, the job numbers were fantastic today. It's like nobody thought—many times what they thought they'd be. We have factories and plants being built all over our country at a number that we've never had before ever in our history. And we're doing really well.

The situation with Iran seems to be going quite well.

Thank you.

Q. When was the last time you had discussions?

NOTE: The President spoke at 2:22 p.m. on the tarmac at the Chippewa Valley Regional Airport after exiting Air Force One.
