[1] End-use categories beginning 1978 are not strictly comparable with data for earlier periods. See *Survey of Current Business,* June 1988.

Note.—Data are on an international transactions basis and exclude military.

In June 1990, end-use categories for goods exports were redefined to include reexports; beginning with data for 1978, reexports (exports of foreign goods) are assigned to detailed end-use categories in the same manner as exports of domestic goods.
