

Contents

Chapter 1: Evaluating the Effects of the Tax Cuts and Jobs Act	35
Output and Investment	38
Labor Market Effects	54
International Developments	62
<i>The “Deemed Repatriation” of Accumulated Foreign Earnings</i>	63
<i>Share Repurchases and Capital Distributions</i>	67
Conclusion	75
Chapter 2: Deregulation: Reducing the Burden of Regulatory Costs	77
Principles of Regulation and Regulatory Impact Analysis	81
<i>Public Goods and Private Markets</i>	81
<i>The Process of Doing Regulatory Impact Analysis</i>	82
The Current Regulatory Landscape	83
<i>Federal Regulatory and Deregulatory Actions</i>	83
<i>The Trump Administration’s Regulatory Cost Caps Are Reducing Costs</i>	92
Why More Deregulation?	97
<i>Estimates of the Aggregate Cost of Regulation</i>	97
<i>The Need to Level the Playing Field for Deregulation</i>	100
The Cumulative Economic Impact of Regulation	105
<i>The Effects of Regulation Are Transmitted through Markets</i>	105
<i>The Cumulative Burden I: Within Industry</i>	107
<i>The Cumulative Burden II: Costs along the Supply Chain</i>	109
Lessons Learned: Strengthening the Economic Analysis of Deregulation	113
<i>Diagnosing Market Failure</i>	113
<i>The Costs of Regulatory Actions That Are Correct on Average</i>	115
<i>Examples of the Excess Burdens of Regulatory Actions</i>	116
<i>The Burdens of Nudge Regulatory Actions</i>	119
<i>Expanding Use of Regulatory Impact Analysis</i>	123
Case Studies of Deregulatory Actions and Their Benefits and Costs	126
<i>Case Study 1: Association Health Plans</i>	126
<i>Case Study 2: Short-Term, Limited-Duration Insurance Plans</i>	130
<i>Case Study 3: Specifying the Joint Employer Standard</i>	134
Conclusion	137

Chapter 3: Expanding Labor Force Opportunities for Every American	139
Long-Run Trends in Adult Employment, Labor Force Participation, and Wage Earnings.	142
<i>Employment and Labor Force Participation</i>	142
<i>Wages and Labor Earnings</i>	145
Prime-Age Employment by Gender.	151
<i>Barriers to Work from Child Care Expenses</i>	156
<i>Policies to Reduce Barriers to Work Resulting from Child Care Expenses</i>	162
Prime-Age Employment by Race, Ethnicity, and Education	167
<i>Increasing Workers' Skills and Closing Skill Mismatches</i>	172
<i>Reforming Occupational Licensing</i>	180
Employment Experiences in Rural Areas	183
<i>Policies to Enhance Rural Communities</i>	188
Conclusion	192
Chapter 4: Enabling Choice and Competition in Healthcare Markets	195
Rationales for the Government's Healthcare Interventions That Restrict Competition and Choice	199
<i>Uncertainty, Third-Party Payments, and the Problem of Moral Hazard</i>	200
<i>Asymmetric Information</i>	202
<i>Barriers to Market Entry</i>	203
<i>The Inelastic Demand for Healthcare</i>	204
<i>Healthcare Is Not Exceptional</i>	207
<i>Redistribution and Merit Goods</i>	207
Current Proposals That Decrease Choice and Competition	209
<i>Implications for the Value of the Program and Health Outcomes</i>	210
<i>Economies of Scale and Administrative Costs in Insurance</i>	211
<i>Cross-Country Evidence on the Effects of Universal Healthcare on Health Outcomes and the Elderly</i>	214
<i>The Lower Quality of Universal Coverage, in Terms of Reduced Availability</i>	216
<i>A U.S. Single-Payer System Would Have Adverse Long-Run Effects on Global Health through Reduced Innovation</i>	219
<i>Financing "Medicare for All"</i>	221
The Administration's Actions to Increase Choice and Competition in Health Insurance	223
<i>The Stability of the Nongroup Health Insurance Market</i>	224
<i>Setting the Individual Tax Mandate Penalty to Zero</i>	227
<i>A Cost-Benefit Analysis of Setting the Individual Mandate Tax Penalty to Zero</i>	229
Improving Competition to Lower Prescription Drug Prices.	234
<i>Lowering Prices through Competition</i>	235

<i>The Administration's Efforts to Enhance Generic and Innovator Competition</i>	238
<i>Estimated Reductions in Pharmaceutical Drug Costs from Generic Drug Entry</i>	241
<i>Estimates of the Value of Price Reductions from New Drugs</i>	243
Conclusion	245
Chapter 5: Unleashing the Power of American Energy	247
U.S. Fuel Production Reached Record Levels in 2018	249
<i>U.S. Oil Production Is At an All-Time High</i>	250
<i>The Natural Gas Revolution Rolls On</i>	257
<i>Coal Production Is Recovering after the 2015–16 Slump</i>	261
U.S. Fuels in the Global Marketplace	263
<i>U.S. Oil Exports Are At an Unprecedented High</i>	264
<i>After 60 Years, the U.S. Is Again a Net Exporter of Natural Gas</i>	267
<i>Coal Exports</i>	271
<i>Strategic Value</i>	274
Energy Policy	275
<i>Increasing Access to Production</i>	276
<i>Electricity Generation</i>	277
<i>Deregulation</i>	287
<i>Environmental Implications</i>	289
Conclusion	295
Chapter 6: Ensuring a Balanced Financial Regulatory Landscape	297
The Causes and Consequences of the 2008 Systemic Crisis	298
<i>The Boom/Bust Cycle in Residential Real Estate</i>	299
<i>Implicit Government Support That Undermined Market Discipline</i>	303
<i>An Ineffective and Uncoordinated Regulatory Response</i>	307
<i>The Consequences of the Financial Crisis</i>	309
The Consequences of the Dodd-Frank Act	311
<i>Addressing Systemic Risk</i>	311
<i>Dodd-Frank's Ill-Considered Approach</i>	312
<i>Dodd-Frank's Consequences</i>	314
A More Measured Approach to Financial Regulation	318
<i>Core Principles for Regulating the U.S. Financial System</i>	318
<i>Recommendations for Meeting the Core Principles</i>	318
Conclusion	335
Chapter 7: Adapting to Technological Change with Artificial Intelligence while Mitigating Cyber Threats	339
What Is Artificial Intelligence?	342
<i>Machine Learning</i>	344
<i>Applications of AI Technology</i>	346

Technological Progress and the Demand for Labor	347
<i>A Brief History of Technological Change and Work</i>	347
<i>Effects of Technological Progress on Investment and Wages</i>	349
<i>Trade between People and Machines</i>	352
The Uneven Effects of Technological Change	355
<i>Differential Effects by Occupation and Skill</i>	355
<i>The Scale and Factor-Substitution Effects of an Industry's</i> <i>Technological Progress</i>	355
<i>When Will We See the Effects of AI on the Economy?</i>	358
Cybersecurity Risks of Increased Reliance on Computer Technology	361
<i>Assessing the Scope of the Cyber Threat</i>	361
<i>Potential Vulnerabilities by Industry</i>	365
The Role of Policy	368
<i>Policy Considerations as AI Advances: Preparing for a</i> <i>Reskilling Challenge</i>	368
<i>The Administration's Policies to Promote Cybersecurity</i>	370
<i>The Administration's Policies to Maintain American Leadership</i> <i>in Artificial Intelligence</i>	371
<i>The Administration's Implementation of the National</i> <i>Cyber Strategy</i>	373
<i>Further Artificial Intelligence and Future of Work Policy</i> <i>Considerations</i>	375
Conclusion	378
Chapter 8: Markets versus Socialism	381
The Economics of Socialism	386
<i>The Socialist Economic Narrative: Exploitation Corrected by</i> <i>Central Planning</i>	386
<i>The Role of Incentives in Raising and Spending Money</i>	388
<i>The Economic Consequences of "Free" Goods and Services</i>	391
Socialism's Track Record	392
<i>State and Collective Farming</i>	394
<i>Unintended Consequences</i>	395
<i>Lessons Learned</i>	399
<i>Central Planning in Practice</i>	400
<i>The Case of Venezuela Today: An Industrialized Country with</i> <i>Socialist Policies</i>	401
Economic Freedom and Living Standards in a Broad Cross Section of Countries	403
The Nordic Countries' Policies and Incomes Compared with Those of the United States	406
<i>Measuring Tax Policies in the Nordic Countries</i>	406
<i>Measuring Regulation in the Nordic Countries</i>	411
<i>Income and Work Comparisons with the United States</i>	412

<i>Returns to “Free” Higher Education in the Nordic Countries</i>	417
Socialized Medicine: The Case of “Medicare for All”	419
<i>“Medicare for All” from an International Perspective</i>	420
<i>Effects on Overall Economic Activity</i>	423
Conclusion	425
Chapter 9: Reducing Poverty and Increasing Self-Sufficiency in America . .	427
The Success of the War on Poverty	432
<i>The Elements of a Poverty Measure</i>	433
<i>The Inability of Existing Poverty Measures to Assess the War on Poverty</i>	438
<i>The Full-Income Poverty Measure</i>	448
The Failure to Promote Self-Sufficiency	456
<i>Trends in Self-Sufficiency</i>	456
<i>Work among Nondisabled, Working-Age Recipients of Key Welfare Programs</i>	459
A New War on Poverty	465
<i>The Success of Welfare Reform</i>	466
<i>Lessons from Welfare Reform for Work Requirements in Noncash Programs</i>	468
<i>Complementing Work Requirements with Work Supports and Rewards</i>	477
<i>Benefits for Children</i>	482
Conclusion	483
Chapter 10: The Year in Review and the Years Ahead	485
Output.	489
<i>Consumer Spending</i>	490
<i>Government Purchases</i>	493
<i>Net Exports</i>	493
The Trade Year in Review	495
<i>U.S. Trade Policy in 2018</i>	495
<i>Section 201: Solar Cells and Large Residential Washing Machines</i>	497
<i>Section 232: Steel and Aluminum</i>	499
<i>Section 301: China</i>	502
<i>Trade Agreements</i>	504
<i>Case Study: The Universal Postal Union</i>	507
Policy Developments	511
<i>Fiscal Policy</i>	511
<i>Monetary Policy</i>	512
Productivity	514
Inflation	515
Financial Markets	515

<i>Equity Markets</i>	516
<i>Interest Rates and Credit Spreads</i>	517
The Global Macroeconomic Situation.	520
<i>Developments in 2018.</i>	520
The Outlook	526
<i>GDP Growth during the Next Three Years.</i>	527
<i>GDP Growth over the Longer Term</i>	527
<i>Upside and Downside Forecast Risks</i>	531
Conclusion	532
References.	533

Appendixes

A.	Report to the President on the Activities of the Council of Economic Advisers During 2018	613
B.	Statistical Tables Relating to Income, Employment, and Production	625

Figures

1-1	Adjustment Dynamics to a New Steady-State Capital Output Ratio.	41
1-2	Percentage of NFIB Survey Respondents Planning Capital Expenditures in the Next 3 to 6 Months, 2016–18.	42
1-3	Percentage of NFIB Survey Respondents Reporting That Now Is a Good Time to Expand, 2016–18	42
1-4	Morgan Stanley’s Capex Plans Index, 2016–18	44
1-5	Core Capital Goods Orders, 2012–18	44
1-6	Growth in Real Nonresidential Fixed Investment, 2017:Q4–2018:Q3.	45
1-7	Forecast Errors for Equipment Investment and Price	46
1-8	Structural VAR and Narrative Estimates versus Actual.	49
1-9	Growth in Real GDP, 2012:Q4–2018:Q3	50
1-i	12-Month Percentage Change in National Real Housing Price Indices, 2015–18.	52
1-ii	Four-Quarter Percentage Change in Regional Real Housing Price Indices, 2015–18	53
1-iii	National Home Ownership Rate, 2015–18	53
1-iv	Distribution of Announced Tax Reform Bonuses, 2018	58
1-10	Net Percentage of NFIB Survey Respondents Planning to Raise Worker Compensation in the Next 3 Months, 2016–18	59
1-11	Net Percentage of NFIB Survey Respondents Planning to Increase Employment, 2016–18.	59
1-12	Total Private Job Openings, 2014–18.	60
1-13	Above-Trend Real Labor Compensation and Wage Growth, 2018.	61
1-14	Real U.S. Repatriated Earnings and Share Repurchases, 2015–18	68
1-15	Real Nonfinancial Corporate Share Repurchases, 2010–18	70
1-16	Real Corporate Net Dividends, 2010–18	71

1-17	Real Private Nonresidential Fixed Investment by Noncorporate Businesses, 2012–18	72
1-18	Real Venture Capital Investment, 2012–18	72
1-19	Gross Foreign Sales of U.S. Corporate Stocks, 2013–18	73
1-v	The Tax Cuts and Jobs Act: Farm Estates Exempted from Filing and Paying Estate Taxes, 2016	74
2-1	Economically Significant Final Rules, Presidential Year 1990–2018	84
2-2	OMB-Reviewed Final Rules, by Agency, 2000–2018	89
2-3	Real Annual Costs of Major Rules, Fiscal Years 2000–2019	89
2-4	Cumulative Costs of Major Rules, Fiscal Years 2000–2019	90
2-i	Small Business Optimism Index, 2000–2018	91
2-5	Distorted Allocation of Resources Among Industries	108
2-6	How Industry Regulation Affects the Aggregate Factor Market	111
3-1	Labor Force Participation Rate and Employment-to-Population Ratio, 1950–2018	143
3-2	Adult Population by Age (Years), 1950–2018	144
3-3	Labor Force Participation Rate by Age (Years), 1950–2018	144
3-4	Nominal Weekly Wage Growth Among All Adult Full-Time Wage and Salary Workers, 2010–18	147
3-5	Nonfarm Business Sector Real Output per Hour, 1980–2018	149
3-6	Share of Adults Starting Work Who Were Not in the Labor Force Rather Than Unemployed, 1990–2018	150
3-7	Labor Force Participation Rate and Employment-to-Population Ratio for Prime-Age Adults by Gender, 1950–2018	152
3-8	Labor Force Participation Rates Among Prime-Age Women by Marital and Parental Status, 1982–2018	157
3-9	Child Care Costs as a Percentage of States’ Median Hourly Wage, 2017	161
3-10	Number of States and Average Center-Based Child Care Cost by Minimum Staff-to-Child Ratio and Age Group	165
3-11	Employment-to-Population Ratio for Prime-Age Adults by Race, 1994–2018	168
3-12	Labor Force Participation Rate for Prime-Age Adults by Race, 1972–2018	168
3-i	Employment-to-Population Ratio for Prime-Age Males by Race, 1994–2018	169
3-ii	Employment-to-Population Ratio for Prime-Age Females by Race, 1994–2018	170
3-iii	Rate of Imprisonment, by Gender and Race, 2016	171
3-13	Employment-to-Population Ratio for Prime-Age Adults by Education Level, 1992–2018	173
3-14	Employment Growth by Industry Relative to Total Adult Population Growth, 1979–2018	174
3-15	Job Opening Rates by Industry, Q4:2018	175
3-16	Public Expenditures on Active Labor Market Programs, 2016	177
3-17	Expenditures on Education and Skills Training by Age and Source, 2017	177
3-18	Workers with a Professional License or Certification, by Occupation and Education Level, 2017	182

3-19	Employment-to-Population Ratio for Prime-Age Adults by Geography, 1976–2018	185
3-20	Industry Employment by Geography, 2017	186
3-21	Educational Attainment in Rural versus Urban Areas	187
3-22	Manufacturing Employment Growth, 1980-2018	189
3-23	Goods Producing Employment Growth, 1980-2018	190
4-1	Average Survival from a Cancer Diagnosis, 1983–99	215
4-2	Seniors Who Waited at Least Four Weeks to See a Specialist during the Past Two Years, 2017	218
4-3	Effect of U.S. Drug Price Controls on Global Longevity, Among Those Age 55–59, 2010–60	221
4-4	Premium Costs as a Function of Household Income, 2018	226
4-5	Nominal Gross Premiums per Member per Year for Subsidized Enrollees, 2014–8	227
4-6	Benefits of Setting the Individual Mandate Penalty to Zero	230
4-7	Price of Prescription Drugs Relative to the PCE, 2013–18	236
4-8	Generic Drug Price Relative to Brand Name Price, 1999–2004	237
4-9	New Generic Drug Applications Approved, 2013–18	239
4-10	New Drug Applications and Biologics License Applications Approved, 2013–17	241
4-11	Price Decline Due to Generic Drug Entry	242
4-12	Price Reductions from Brand Name Entry	244
5-1	Energy Content of U.S. Fossil Fuels Production, 1980–2018	250
5-2	U.S. Monthly Crude Oil Production, 1981–2018	252
5-3	Crude Oil Production in the United States, Russia, and Saudi Arabia, 2008–18	252
5-i	OPEC Crude Oil Production vs. Production Targets, 2016–18	255
5-4	U.S. Lower-48 Production versus Hubbert’s 1956 Peak Oil Prediction, 1920–2018	257
5-5	U.S. Natural Gas Trade and Withdrawals, 1940–2018	260
5-6	U.S. Monthly Trade in Natural Gas, 2001–18	261
5-7	U.S. Quarterly Coal Disposition, 2002–18	262
5-8	Changes in AEO Natural Gas Forecast, 2010 versus 2018	263
5-9	U.S. Crude Oil and Finished Product Exports, 2000–2018	265
5-10	U.S. Crude and Petroleum Product Exports, 2000–2018	266
5-11	U.S. Petroleum Trade Balance, 2000–2018	266
5-12	Real U.S. Refiners’ Acquisition Costs and Recessions, 1974–2018	268
5-13	Historic and Projected LNG Export Revenue, 2015–25	271
5-14	Export Prices for U.S. LNG by Destination, 2017	272
5-15	U.S. Quarterly Coal Exports, 2007–18	273
5-16	Iranian Crude Oil Exports, 2016–18	275
5-17	OPEC Spare Production Capacity and Crude Oil Prices, 2001–20	276
5-ii	Northern Alaska, the Arctic National Wildlife Refuge, and the Coastal Plain 1002 Area	279
5-iii	Alaska Crude Oil Production and Arctic National Wildlife Refuge Production Forecasts, 1973–2050	280
5-18	CEA Estimates of Federal Electricity Generation Subsidies by Fuel Type for Fiscal Year 2016	284

5-19	Average Total Cost for Investor-Owned Utilities by Fuel Type, 2007–17 . . .	286
5-20	Energy Intensity of GDP, 1980–2015	289
5-21	Annual World Carbon Dioxide Emissions, 1990–2017	290
5-iv	Sulfur Dioxide Emissions and Rainwater Acidity, 1990–2017	292
5-v	Global Marine Fuel Sulfur Limits, 2005–21	294
6-1	S&P CoreLogic Case-Shiller Home Price Index, National Value, 1996–2011	300
6-2	Increase in S&P CoreLogic Case-Shiller Home Price Index by City, 1996–2006	300
6-i	The Rise in Subprime and Alt-A Loans Leading into the Financial Crisis, 2000–2007	302
6-3	Decrease in S&P CoreLogic Case-Shiller Home Price Index by City, 2006–11	304
6-4	Percentage of U.S. Conventional Subprime Mortgages 90 Days or More Past Due, 2002–16	304
6-5	Share of U.S. Home Mortgage Debt Held by Financial Sectors, 1955–2017	306
6-6	Gross Repurchase Agreement Funding to Banks and Broker-Dealers, 1990–2010	308
6-7	National and Long-Term Unemployment Rate, 2000–2018	310
6-8	Tier 1 Capital Ratios of U.S. G-SIBs, 2001–18	313
6-9	Liquid Assets of U.S. G-SIBs, 2000–18	313
6-10	Average Economic Growth by Expansion Period, 1983–2018	316
6-ii	Consolidation in U.S. Banking and Thrift Industries, 1934–2018	331
6-iii	Share of Industry Assets Held by U.S. Banking Organizations That Became the Four Largest by 2008, 1985–2018	332
