241. *Hours of duty.* a. Registrars shall keep all registration places open during the hours specified in the Presidential proclamation, and during those hours there must be at least one registrar always on duty.

b. All persons waiting to register at the closing hour specified in the Presidential proclamation shall be registered.

242. *Procedure for interviewing registrant.* a. Only one registrant shall be permitted to approach the registration table at any one time.

b. The registrar shall first determine the color of Registration Card (Form 1) to be used. To determine this, the registrar will ask the registrant the date of his birth. If the registrant was born on or before October 16, 1919, the registrar will use a white Registration Card (Form 1). If the registrant was born on or after October 17, 1919, the registrar will use the distinctive color of Registration Card (Form 1) designated for registration of the particular age group to which the registrant belongs, for example, in the Second Registration those registrants who were born on or after October 17, 1919 and on or before July 1, 1920 will be registered on melon colored Registration Cards (Form 1) and in each succeeding registration a new and distinctive color will be used, thus making it easy to keep the Registration Cards of the registrants of each new age group separated from those of the older age groups.

c. The registrar shall then ask the registrant to answer the questions in the order numbered on the card, and each answer shall be entered by the registrar in the proper space. If the registrant's answer to any question is not clear, the question shall be explained carefully and asked again.

d. The registrar shall be patient and take plenty of time. The registrar shall

enter into no argument with the registrant. Proceedings shall not be rushed.

243. *Need for careful work in making out registration card.* All entries on the Registration Card must be made by the registrar and shall be in ink, clear and readable. Two kinds of questions are asked: (1) those on the front of the card, answers to which are given by the registrant and written down by the registrar, and (2) those on the back, which are both answered and written down by the registrar. The registrar shall not permit anyone other than himself to write on the Registration Card except when the registrant signs the completed card. In an unusual case, a registrant may insist on making a special notation on the Registration Card before he will sign it. The registrar should explain to such a registrant that his notation will have no legal effect and that the registrant will be given a full opportunity to make any claim he desires at a later time. If the registrant still insists on making a special notation, he may be permitted to do so. He shall limit such notation to the margin of the Registration Card and shall in no event write on any portion of the card designed for normal entries.

244. *Serial number; order number.* The spaces on the Registration Card for serial number and order number shall be left blank.

245. *Instructions concerning answers on front of registration card.* a. *Question 1, Name of the registrant.* The registrar shall ask the registrant to spell out his full name (including full middle name). If the registrant has no given name but only initials, or has only an initial for a middle name this may be shown thus:

J. B. (initials only) Thompson
John B. (initial only) Thompson

As the registrant spells out his name the registrar shall record it on a scrap of paper and then ask the registrant to verify it and, if possible, give some identification showing it to be his true name. When satisfied that the registrant's name on the scrap of paper is correct, the registrar shall carefully print the name on line 1 of the Registration Card. Remember this is the record upon which all subsequent Selective Service records are based and it is extremely important that the name be legible.

b. *Question 2, Place of residence.* The registrar shall then ask the registrant the place of his residence. The registrant, in describing the place of his residence, shall identify its location. Where a street number is used he shall give each number separately and spell out the name of the street. In every case he shall give the name of the town, township, village or city, and the county and state in which it is located. No R. F. D. number shall be sufficient unless it is supplemented by more particular information showing where the registrant's residence is located on the R. F. D. route. As the registrant gives the numbers and spells the names constituting

the place of his residence, the registrar shall record them on a scrap of paper and then have the registrant verify the description as written. The registrant shall be permitted to determine what place he desires to give as his residence when he is not located in the same place all of the time. The registrar shall make no effort to dictate or interfere with this choice. However, the registrant shall be carefully advised by the registrar that the place he gives as his residence will, once and for all, determine the local board which has jurisdiction over him and that after he is registered that jurisdiction will never be changed. For the same reason the registrar should be very careful to satisfy himself that the place he has recorded on the scrap of paper clearly describes the location of the registrant's place of residence. When the registrar is satisfied that it is correct, he shall very carefully print the description of the place of the registrant's residence on line 2 of the Registration Card. The local board for the area in which the residence of the registrant (the place described on line 2 of the Registration Card) is located will always have jurisdiction of the registrant. It is therefore important that the description of the place of residence be printed legibly and that it be as complete as possible.

c. *Question 3, Mailing address if other than place described on line 2.* The registrar shall ask the registrant if his mailing address and the description of the place of his residence entered on line 2 are the same. If they are, the registrar shall write in the word "same" on line 3. If they are not, the registrar shall secure and enter the registrant's present mailing address on line 3 of the Registration Card, using the same method and the same care as was used in securing and entering the place of residence on line 2. Remember the mailing address is very important because it is the address to which all notices to the registrant will be sent.

d. *Questions 4, 5, 6, 7, 8, 9, and 10.* In a similar manner the registrar shall ask the registrant for the answers to questions 4, 5, 6, 7, 8, 9, and 10 and with the same care check each answer before entering it on the Registration Card (Form 1).

e. In making all entries on the Registration Card (Form 1) remember the importance of legibility and thoroughness. This record is the foundation upon which all Selective Service records are built, and an error, or an illegible entry, can cause great trouble both to the registrant and those whose duty it is to administer the Selective Training and Service Act of 1940.

246. *Instructions concerning answers on back of registration card.* After the registrant has answered all questions and the registrar has entered his answers on the front of the card, and before the registrant signs the Registration Card, it shall be turned over and the registrar's report on the back shall be completed.

The registrar shall indicate the race, color of eyes, color of hair, and complexion of the registrant by a check mark (✓), and shall record an estimate of his height, in feet and inches, and his weight, in pounds. If the registrant has any obvious physical characteristics which will aid in identification, these shall be recorded by the registrar in the space provided therefor. If he has no such obvious physical characteristics, the registrar shall write the word "none" in such space.

247. *Registrant's signature.* a. When the provisions of paragraphs 245 and 246 have been carried out, the registrar shall have the registrant verify the correctness of the entries.

b. The registrant should then sign his name, exactly as he usually signs it, in the proper place on the front of the Registration Card in the space provided for his signature. If he cannot sign his name, he should make his mark, and the registrar shall then write in after the mark the words "the mark of _____

(name of registrant) made in my presence" and shall sign his own name thereunder, followed by the word "Registrar."

c. If the registrant is unable or refuses to sign the Registration Card, or to make a mark in lieu of such signature, the registrar shall sign such registrant's name and indicate that he has done so by signing his own name, followed by the word "Registrar," beneath the name of such registrant, and the act of the registrar in so doing shall have the same force and effect as if such registrant had signed the Registration Card, and such registrant shall thereby be registered.

248. *Warning to report change of address.* At this point, the registrar shall instruct the registrant that he must keep in touch with his local board, and especially that he must report immediately to the local board if he wishes notices sent to some address other than that indicated by the answer on line 3 of the Registration Card.

249. *Certification by registrar.* a. After the Registration Card is signed, the registrar shall note, in the space provided therefor on the back thereof, the registrant's answers which he believes to be incorrect or false, if any. If he does not believe any of the registrant's statements to be incorrect or false, he shall write the words "None to my knowledge" in such space. It is the sworn duty of the registrar to report on the Registration Card any statements of the registrant he believes to be incorrect or false.

b. The registrar shall then sign the certification and fill in the local board number, city or county and State, and the date of registration on the back of the Registration Card. The registrar should then carefully check the completed Registration Card to be sure every question is correctly answered and that all the answers are complete and legible.

250. *Registration certificate.* After the Registration Card (Form 1) is completed and signed, the registrar shall

prepare, from information taken from the Registration Card, the Registration Certificate (Form 2) and give it to the registrant. The registrar shall never fill out the Registration Certificate (Form 2) until after completely finishing the Registration Card (Form 1). The registrant shall be warned that he must have his Registration Certificate in his personal possession at all times and that, upon request, he must exhibit it to any law enforcement officer, any Selective Service official of National Headquarters or of a State Headquarters, or any member of the local board or board of appeal.

251. *Interpreters.* Registrars may accept the gratuitous assistance of such interpreters as are necessary, provided such interpreters shall first be sworn to correctly interpret the questions asked by the registrar and the answers given by the registrant.

252. *Recalcitrants.* If a registrant refuses to cooperate or is inclined to evade, refuse to answer, or to answer falsely, his attention should be called to the penal provision of the Selective Training and Service Act of 1940. If he is still refractory, witnesses should be called, and after the penalty of the law has been explained again to him in the presence and hearing of witnesses, a full opportunity should be given him to reconsider his actions and answer the questions. If he is still refractory, his name and the names of the witnesses should be noted and the case immediately reported to the chairman of the local board, who may report the case to the United States District Attorney. The registration should not be obstructed or delayed. Persons attempting to obstruct or delay it should be dealt with promptly and firmly.

253. *Report.* When the registration is completed, each registrar and each special registrar must immediately prepare and sign a written report of the number of completed registrations in the form shown below.

The undersigned hereby certifies that he was duly sworn to perform the duties of a registrar or special registrar, and that the number of persons registered by him was

Place where registration was conducted:

(Address)

Signature

The report shall be delivered to the chairman of the local board as soon as possible after registration is completed.

254. *Disposition of registration cards and registration certificates.* a. The completed Registration Cards shall be tied in a neat package by the registrar or special registrar. He shall mark on the wrapper:

(Number of) completed Registration Cards delivered by _____ to the

(Name of registrar or special registrar) Chairman of Local Board No. _____, of _____, State of _____

b. All unused Registration Cards and Registration Certificates shall be tied into another package.

c. All Registration Cards and Registration Certificates which have been spoiled and not completed, and are unfit for further use, shall be fastened into a third package.

d. As soon as possible after registration is completed, each registrar and each special registrar shall deliver:

(1) the marked package of completed Registration Cards,

(2) the package of unused Registration Cards and Registration Certificates, and

(3) the package of spoiled Registration Cards and Registration Certificates to the chairman of the local board, who shall give him a receipt therefor.

SECTION XIV—MISCELLANEOUS PROVISIONS RELATED TO REGISTRATION

<i>Paragraph</i>	
Registration before a local board after the day fixed for registration	261
Registration by superintendent or warden	262
Registrant must have Registration Certificate in his personal possession	263
Duplicate Registration Certificate	264

261. *Registration before a local board after the day fixed for registration.* Wherever in these Regulations it is provided that a person required to register may present himself for and submit to registration before a local board after the day fixed for his registration by Presidential proclamation, any member or the chief clerk of the local board to which he presents himself may perform the duties of registrar, and such person shall be registered and a Registration Certificate issued to him.

262. *Registration by superintendent or warden.* a. When an inmate of an insane asylum, jail, penitentiary, reformatory, or similar institution is registered on the day he leaves such institution, the superintendent or warden shall perform the duties of the registrar.

b. In filling out the Registration Card and the Registration Certificate the superintendent or warden, acting in his capacity as registrar, shall be careful not to indicate that the inmate was registered in an institution or by an official thereof. If the inmate does not have a permanent place of residence or an address where he intends to be or where he can be located, the address of the local board of the area in which the institution is located shall be entered on line 2 of the Registration Card. Under no circumstances shall the address of the institution be given as the place of residence or as the mailing address of the inmate who is being registered.

c. If the inmate is unable or refuses to sign his name or make his mark, the superintendent or warden acting as registrar shall sign such inmate's name and indicate that he has done so by signing his own name, followed by the word "registrar" beneath the name of such

inmate, and the act of the superintendent or warden acting as registrar in so doing shall have the same force and effect as if such inmate had signed his name to the Registration Card, and such inmate shall thereby be registered.

d. The superintendent or warden acting as registrar shall then (1) explain to the registrant his obligations under the Selective Training and Service Act of 1940, (2) prepare and sign the Registration Certificate, entering on the line commencing "Registrar for Local Board" the number of the local board of the area in which the institution is located, and (3) give the Registration Certificate to the inmate.

e. The superintendent or warden shall then mail the Registration Card (Form 1) to the Governor of the State in which the place of residence described on line 2 of such card is located, with a receipt therefor to be executed and returned to him. The Governor, through the State Director of Selective Service, shall forward such Registration Card to the local board having jurisdiction of the place of residence described on line 2 thereof.

f. The registrant receiving a Registration Certificate (Form 2) issued by the superintendent or warden may exchange it for a Registration Certificate issued by the local board having jurisdiction of the place of residence described on line 2 of his Registration Card (Form 1), provided such local board has in its records the original Registration Card (Form 1) of such registrant. Upon the request of a registrant for such an exchange and the delivery to it of the Registration Certificate issued by a superintendent or warden, the local board shall write "Canceled" across the face thereof, shall file such certificate, and shall issue a new Registration Certificate to the registrant. The date of registration entered on the new Registration Certificate shall be the same as that shown on the "Canceled" certificate.

263. *Registrant must have registration certificate in his personal possession.* The registrant must have his Registration Certificate in his personal possession at all times and, upon request, must exhibit it to any law enforcement officer, any Selective Service official of National Headquarters or of a State Headquarters, or any member of the local board or board of appeal. The failure of a registrant to have such Registration Certificate in his personal possession or to exhibit it upon request of any person authorized by this paragraph to make such request shall constitute a violation of these Regulations and, in addition, shall be *prima facie* evidence of his failure to register.

264. *Duplicate registration certificate.* A duplicate Registration Certificate may be issued to a registrant by the local board having jurisdiction of the registrant upon written application, made on DSS Form 14, and the presentation of proof satisfactory to the local board that

the Registration Certificate of the registrant has been lost, mislaid, stolen, or destroyed and that the registrant has made a diligent search for the Registration Certificate and has been unable to find it. If the local board issues a duplicate Registration Certificate to the registrant, it shall mark it "Duplicate" and note the issuance of such Registration Certificate upon the application which shall be filed in the registrant's cover sheet.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION AND CIVILIAN SUPPLY

PART 1306—IRON AND STEEL

CIVILIAN ALLOCATION PROGRAM FOR PIG IRON, FERRO-ALLOYS, STEEL INGOTS AND CASTINGS, AND ALL CARBON AND ALLOY STEEL PRODUCTS

The current demand for deliveries of pig iron, ferro-alloys, steel ingots and castings, and all carbon and alloy steel products (herein referred to as the products), under Defense Orders and for civilian purposes, is greater than the ability of producers to deliver the same in the required amounts upon delivery dates scheduled. For this reason deliveries of the products are being delayed and orders therefor rejected. To assure deliveries under Defense Orders and other orders for necessary non-defense purposes when scheduled and to assure that such orders are not rejected, the Priorities Division, Office of Production Management, has issued General Steel Preference Delivery Order. In view thereof, it is necessary, after military defense requirements are satisfied, to provide for the equitable allocation of the products among competing civilian demands.

Accordingly, pursuant to and under the authority vested in me by Executive Order No. 8734,¹ particularly section 2 (a) thereof, and pending the formulation of a more detailed program in this regard, the following program for the equitable allocation of the products among competing civilian demands is announced for the interim period.

§ 1306.26 *Factors affecting allocation.* Insofar as the Director of Priorities, pursuant to the General Steel Preference Order,² particularly § 936.1 (c) and (d) thereof, will make allocations among competing civilian demands, the Director will be guided by general or specific policies and programs formulated by the Administrator. The following factors, among other relevant factors, are to be taken into consideration in making such allocations:

(a) The need to provide adequately for civilian uses essential to the public welfare.

(b) The degree of hardship upon labor or business resulting from the failure to obtain deliveries when scheduled or from the rejection of orders.

(c) The past rates of consumption of the products by users thereof.

(d) The objective of achieving an equitable division of supplies of the products among all users.

(e) The availability of substitutes for the particular uses for which the products are sought.

(f) The policy of the Administrator to refuse allocation to any person who, in the conduct of his business, discriminates against defense orders. (Executive Order No. 8734)

§ 1306.27 *Definitions.* The terms used in this Order, except as otherwise indicated, shall be defined as they are defined in the General Steel Preference Order. (Executive Order No. 8734)

Issued this 4th day of June, 1941.

LEON HENDERSON,
Administrator.

Whereas said section 21 also provides that whoever fails to file any report as required by the Commission shall forfeit to the United States the sum of \$100 for each day of such default, and whoever willfully falsifies, destroys, mutilates or alters such report or willfully files a false report shall be guilty of a misdemeanor and subject, upon conviction to a fine of not more than \$1,000 or imprisonment for not more than one year, or to both such fine and imprisonment; and

Whereas the aforesaid hearing was adjourned by me on May 26, 1941, for the purpose of taking further evidence with respect to the recommendations of the Special Industry Committee for Puerto Rico for minimum wage rates in the Miscellaneous Handwork Division of the Needlework Industries in Puerto Rico at some place in the United States:

Now, therefore, notice is hereby given that:

I. The adjourned aforesaid hearing will be resumed on June 12, 1941, at 10:00 a. m. in Room 3139, Department of Labor Building, Constitution Avenue and 14th Street, Washington, D. C. before me, for the purpose of taking evidence on the question of whether the minimum wage rates recommended by the Special Industry Committee for Puerto Rico for the Miscellaneous Handwork Division of the Needlework Industries in Puerto Rico shall be approved.

II. The recommendations of the Special Industry Committee for Puerto Rico for minimum wage rates in the Miscellaneous Handwork Division of the Needlework Industries in Puerto Rico are as follows:

(a) Wages at a rate not less than 12½ cents an hour shall be paid under Section 6 of the Act by every employer to each of his employees in the miscellaneous handwork division of the needlework industries who is engaged in hand sewing operations, and who is engaged in commerce or in the production of goods for commerce.

NOTICE OF HEARING ON THE APPLICATION OF G. ELFENBEIN, INCORPORATED, OF NEW YORK CITY TO EMPLOY LEARNERS AT LESS THAN THE APPLICABLE MINIMUM WAGE RATE IN THE MANUFACTURE OF "MELES" (DIAMONDS OF ONE-QUARTER OF A KARAT OR LESS), AND TO CONSIDER WAGE RATES FOR APPRENTICES IN THE DIAMOND INDUSTRY IN PUERTO RICO

Whereas G. Elfenbein, Incorporated, a company engaged in the manufacture of meles (diamonds one-quarter of a karat and less) in New York City has filed an application for a special certificate authorizing the employment of 70 learners in the occupations of diamond cutting, sawing and lopping, for a learning period of one year, at the following wage rates: \$3.00 per week for the first six months and an increase of \$1.00 per week for each succeeding week up to and including the fifty-second week at which time the learners will be paid a wage of \$29.00 per week; (with the understanding that any learner certificate issued by the Wage and Hour Division would cover only that portion of the training period during which the learner is paid less than the minimum of 30 cents an hour or such higher minimum as may be made applicable by a wage order); and

Whereas, the Diamond Workers' Protective Union of America, Brooklyn, New York, has filed a memorandum in opposition to the application of G. Elfenbein, Incorporated, on the grounds that such application, if granted, would break down present apprenticeship standards in the industry approved by the Federal Committee on Apprenticeship, and for other reasons and

Whereas, the United Diamond Manufacturers Association has joined with the Union in its memorandum of opposition to the aforesaid application.

Now, therefore, pursuant to § 522.5 B 3 of the Learner Regulations, notice is hereby given that a public hearing will be held on June 27, 1941, beginning at 10 a. m. at the U. S. Court House, Foley Square, New York, New York, before Mr. Oscar W. Ross, Examiner, Hearings Branch, as Presiding Officer, for the purpose of receiving evidence on the following and other questions:

FEDERAL REGISTER, Friday, June 6, 1941

1. Whether a learner certificate should issue upon the application of G. Elfenbein, Incorporated.

2. If such a certificate should issue, what terms should it contain?

and

Whereas special certificates have been issued authorizing the employment of apprentices in the diamond cutting industry in Puerto Rico for an apprenticeship period of three years at wage rates of \$3.00 a week for the first three months, \$3.50 a week for the second three months, \$4.00 a week for the third three months, \$5.00 a week for the fourth three months, \$6.00 a week for the fifth three months, \$7.00 a week for the sixth three months, \$8.00 a week for the seventh three months, \$9.00 a week for the eighth three months, \$10.00 a week for the ninth three months, \$11.00 a week for the tenth three months, and \$12.00 a week for the eleventh three months (the apprenticeship agreements continue with a provision for the payment of \$13.00 a week for the twelfth three months); and

Whereas the Diamond Workers' Protective Union of America has objected to these wage rates and alleges that by reason of such rates an inequitable situation has been created "which threatens the wage scale of the diamond industry in the United States" and has petitioned for a public hearing for the purpose of considering this subject; and

Whereas it has been deemed advisable to hold a hearing on this question at the same time and place as the hearing on the application of G. Elfenbein, Incorporated:

Now, therefore, notice is hereby given that evidence will be taken on the question of what, if any, adjustment should be made in wage rates for apprentices in the diamond industry in Puerto Rico at 10 a. m., in the U. S. Court House, Foley Square, New York, New York, on June 27, 1941.

Any interested person wishing to appear at this hearing may do so by filing notice of intention and the approximate time required with Mr. Oscar W. Ross, Examiner, Hearings Branch, Wage and Hour Division, United States Department of Labor, Washington, D. C., prior to June 25, 1941, or if unable to appear may file briefs and arguments pertaining to this hearing by July 7, 1941.

Signed at Washington, D. C., this 5th day of June 1941.

Administrator.
