PART 3130—MINERAL OIL POLYMERS
[General Preference Order M-258]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of mineral oil polymers for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3130.1 *General Preference Order M-258—(a) Definitions.* (1) "Mineral oil polymers" means the resinous product produced by the polymerization of mixtures of unsaturated hydrocarbons (either the solid resin or solvent extended product) and does not include polystyrene, polyisobutylene, polyethylene, butadiene, or the copolymers of such materials.

(2) "Producer" means any person who produces or refines mineral oil polymers, and includes any person who has mineral oil polymers produced for him pursuant to toll agreement.

(3) "Distributor" means any purchaser of mineral oil polymers from any person for purpose of resale as mineral oil polymers.

(b) *Restrictions on deliveries and use.* (1) Subject to paragraph (c) hereof, no producer or distributor shall deliver or use mineral oil polymers, and no person shall accept delivery of mineral oil polymers from a producer or distributor, except as specifically authorized or directed by the Director General for Operations.

(2) Authorizations or directions with respect to deliveries to be made or accepted in each month, beginning with December, 1942, will so far as practicable be issued by the Director General for Operations prior to the commencement of such month, but the Director General for Operations may at any time (including the period prior to December 1, 1942), at his discretion and notwithstanding the provisions of paragraph (c) hereof, issue directions with respect to deliveries to be made or accepted, or with respect to the use or uses which may or may not be made of material to be delivered or then on hand.

(3) Each person specifically authorized to accept delivery of mineral oil polymers shall use such material for the purpose authorized, and only for such purpose, except as otherwise specifically directed.

(4) Producers who prepare oil products from mineral oil polymers shall be

considered users and must receive authorization for such use.

(c) *Small order exemption.* No specific authorization shall be required for:

(1) Acceptance of delivery by any person in any one calendar month of 50 pounds or less of mineral oil polymers in the aggregate; provided that such person has not been specifically authorized to accept delivery of any quantity of such material during such month;

(2) The delivery by any producer or distributor to any person who shall certify to him in writing that he is entitled pursuant to paragraph (c) hereof to accept delivery;

(3) The use by any producer in any calendar month of 50 pounds or less of mineral oil polymers in the aggregate.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of mineral oil polymers during any calendar month, beginning with December, 1942 (except as provided in paragraph (c) hereof), whether for his own consumption or resale, shall file application therefor on or before the 15th day of the month preceding the month for which authorization for delivery is requested. Applications by producers for authorization to use shall be filed in the same manner. Others (specify)

(vi) In Column 4, specify ultimate use of product (for example, if the "primary product" called for by Columns 3, 20 and 22 is "core oil", the "ultimate use of product" might be "aircraft engine cylinders"), and also specify in each case whether your customer is Army, Navy, other government agency, Lend-Lease, or commercial customer.

(vii) Remarks in Column 10 may, if necessary, be extended on the reverse side of the sheet. Include in remarks quantity of mineral oil polymers used in manufacture for preparation of primary products in corresponding period of year 1941. If requirements have increased appreciably, state reasons.

(2) Each producer or distributor seeking authorization to make delivery of mineral oil polymers during any calendar month beginning with December, 1942, shall file application on or before the 20th day of the month preceding the month for which authorization is requested.
